INDEPENDENT AUDITORS' REPORT

The Trustees and Board of Directors of
Fresh Sausage Specialists ESOP
Harrison, OH

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Fresh Sausage Specialists ESOP, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits (in liquidation) as of December 31, 2021, and the related statement of changes in net assets available for benefits (in liquidation) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Fresh Sausage Specialists ESOP's 2021 financial statements (in liquidation) performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in the Certified Investments note to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Fresh Sausage Specialists ESOP and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fresh Sausage Specialists ESOP's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fresh Sausage Specialists ESOP's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fresh Sausage Specialists ESOP's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplementary Schedule Required by ERISA

The supplementary schedule, as noted in the table of contents, referred to as "supplementary information" is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We have audited the statement of net assets available for benefits (in liquidation) of Fresh Sausage Specialists ESOP as of December 31, 2020 and the related statement of changes in net assets available for benefits (in liquidation) for the year ended December 31, 2020 (not presented herein), and in our report dated August 26, 2021, we expressed an unmodified opinion on those financial statements.

FRESH SAUSAGE SPECIALISTS ESOP NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Fresh Sausage Specialists ESOP provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

The Edelmann Provision Company dba Fresh Sausage Specialists (the Company) established the Fresh Sausage Specialists ESOP (the Plan) effective as of January 1, 2016. The Plan operated as a leveraged employee stock ownership plan (ESOP) and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code (IRC) of 1986, as amended and subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was administered by the Board of Directors. Greatbanc Trust Company was the Plan's Trustee.

The Plan purchased Company common stock using the proceeds of a loan from the Company and held the Company stock in a trust established under the Plan. When the Plan made debt payments, an appropriate percentage of stock became allocated to eligible participants' accounts in accordance with applicable regulations under the IRC.

The borrowing was collateralized by the unallocated shares of common stock and was guaranteed by the Company. The lender had no rights against the shares once they were allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2021 and 2020 (in liquidation) and for the year ended December 31, 2021 (in liquidation), present separately the assets and liabilities and changes therein pertaining to the accounts of employees with vested rights that are fully allocated.

General

The Plan was a defined contribution plan covering substantially all employees of the Company who had one year of service, which included having worked at least 1,000 hours, were employed on the last working day of the plan year and were age twenty-one or older. Employees had the opportunity to become a participant on the first "entry date", January 1 or July 1 of each year, once that employee satisfied those requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As discussed in the Plan termination note to the financial statements, the Plan was terminated effective October 30, 2020. The following is a description of the Plan prior to termination.

Employer Contributions

Prior to Plan termination, the Company was obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equaled the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. In addition, the Company could make discretionary cash contributions from year to year. The Board of Directors made all of the discretionary decisions on a year-to-year basis at their sole discretion. The Plan did not allow participant contributions.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Prior to Plan termination, each participant's account was credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who were eligible employees of the Company as of the last day of the plan year would receive an allocation. Allocations were based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings were allocated to each participant's account based on the ratio of the participant's account balances.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)**Vesting**

Prior to Plan termination, participants began vesting upon the completion of the second year of service, and a participant was 100% vested after six years of credited service. If a participant attained normal retirement age or was determined totally disabled, all amounts in the affected participant's account became fully vested. Upon termination of the Plan, all participants became 100% vested.

Forfeitures

Prior to Plan termination, if a participant was not fully vested on their termination date, the non-vested amount of their account was forfeited. Forfeitures on non-vested account balances were allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year.

Payment of Benefits

Prior to Plan termination, distributions on account of death, disability, or retirement were made in a lump sum in the Plan year following the event. Distributions for other separations from service would commence no later than the sixth Plan year following the separation from service and were made in five annual installments. The amount to be distributed was based upon the account valuation date immediately preceding the distribution. Distributions were made in cash or, if a participant elected, in the form of Company common stock plus cash for any fractional share of common stock.

Prior to the Plan termination, if a participant's account balance was less than \$10,000, the benefit was paid in a lump sum payment upon termination.

Prior to Plan termination, under the provisions of the Plan, the Company was obligated to repurchase participant shares, which had been distributed under the terms of the Plan, if the shares were not publicly traded or if the shares were subject to trading limitations. During 2021, there was no repurchase of stock from former participants required.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements.

Put Option

Prior to Plan termination, the employer stock that was held by the Plan and its participants and was not readily tradable on an established market, or subject to trading limitations, included a put option under Federal income tax regulations. The put option was a right to demand that the Company buy any shares of its stock distributed to participants for which there was no market. The put price was representative of the fair market value of the stock. The Company could pay for the purchase with interest over a period of five years. The purpose of the put option was to ensure that the participant had the ability to ultimately obtain cash.

Diversification

Prior to Plan termination, diversification was offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which were more diversified. Participants who were at least age 55 with at least 10 years of participation in the Plan could elect to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant could diversify up to 25% of the shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changed to 50%. Participants who elected to diversify received a cash distribution. The election to diversify was made subsequent to year-end based upon the shares of employer stock in the participant's account at year end.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)**Voting Rights**

Prior to Plan termination, each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustee prior to the time that such rights were to be exercised. The Trustee was not permitted to vote any allocated share for which instructions had not been given by a participant. The Trustee was required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

As a result of the Plan's termination, the financial statements of the Plan were prepared on the liquidation basis of accounting as of December 31, 2021 and 2020, and for the year ended December 31, 2021.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payments of Benefits

Payments of benefits are recorded when paid.

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2021 and 2020 included \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated June 22, 2018, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. The Plan has been amended since receiving this opinion letter. However, the Plan administrator believes the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit nor has it been contacted by any taxing authority.

Subsequent Event

The Plan has evaluated subsequent events through May 11, 2022, which is the date the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

On October 29, 2020, the Plan adopted an amendment to formally terminate the Plan effective October 30, 2020. As of the date of termination, participation in the Plan was frozen and ceased entirely upon distribution of the assets of the Plan. In addition, all employer contributions or allocations to a participant's account ceased as of termination date. Participants became 100% vested in their account balances. Final distributions from the Plan to participants were made in two lump sum payments in compliance with the Code. During 2021, the participants and beneficiaries received 50% of their account balance in the first lump sum payment. The remaining account balance was distributed upon the Plan Sponsor receiving a determination letter from the IRS.

NOTE 4 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at either December 31, 2021 or 2020.

Money Market Funds - Valued at the daily closing price as reported by the fund.

The preceding method described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2020.

<u>December 31, 2020 (In Liquidation)</u>	<u>Investments at Fair Value</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money Market Funds	\$ 24,059,114	\$ -	\$ -	\$ 24,059,114
Total Assets in the Fair Value Hierarchy	\$ 24,059,114	\$ -	\$ -	\$ 24,059,114

NOTE 5 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-related supplementary schedule, including investments held at December 31, 2021, and interest and dividend income for the year ended December 31, 2021 was obtained by management and agreed to or derived from information certified as complete and accurate by Greatbanc Trust Company, the trustee of the Plan.

NOTE 6 - FORFEITURES

For the years ended December 31, 2021 and 2020, forfeitures of terminated non-vested account balances of \$-0- and no shares of stock and \$6 and 151 shares of stock, respectively, were allocated to remaining participants. As of December 31, 2021 and 2020, there were no unallocated forfeitures.

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan was invested in Company common stock. This was a related-party and party-in-interest transaction. As described in the Description of the Plan note, the Company paid some Plan expenses.

Certain Plan investments were managed by Greatbanc Trust Company. Greatbanc Trust Company was the trustee and record-keeper and Crowe LLP was the third-party-administrator for the Plan. Therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. Fees paid by the Plan to the trustee are included in administrative expenses. The Company paid directly any other fees related to the Plan's operations.

NOTE 8 - LOAN PAYABLE

Prior to Plan termination, in 2017, the Plan entered into a \$45,967,020 term loan agreement with the sponsoring Company. The proceeds of the loan were used to purchase Company common stock. Unallocated shares were collateral for the loan. Shares were released from collateral and allocated to participants as payments of principal and interest were made. The number of shares released in any year was the number of shares held as collateral, times the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments. This resulted in 5,919 shares being released and allocated for the plan year ended December 31, 2020.

Due to the Plan's termination in 2020, 158,035 shares of stock were returned to the Company to fully repay the ESOP loan and 91,552 shares of stock were sold.
