NOTE 1: DESCRIPTION OF PLAN

The following description of the Kenneth Fox Supply Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan is a safe harbor defined contribution plan covering all full-time employees of the following companies (collectively, the "Company" and "Employer" and "Plan sponsor"):

Kenneth Fox Supply Company
Fox Solutions, LLC

The original effective date of the Plan was September 1, 1997. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Individual Trustees are L. Keith Fox and Aaron D. Fox.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act of 2020 (the "CARES Act") was passed by Congress. The CARES Act, among other things, includes several temporary relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved changes to the Plan to temporarily (i) add COVID-19-related distributions of up to $100,000 for eligible participants, (ii) permit employees to repay COVID-19 related distributions within three years of the date of distribution, (iii) increase the limit on Plan loans for eligible participants to the maximum permitted under the CARES Act, (iv) suspend payments on Plan loans otherwise due in 2021 for eligible participants, and (v) suspend required minimum distributions for 2021. These temporary CARES Act provisions expired at the end of December 31, 2020. The Plan will be amended to reflect these changes prior to the December 31, 2022 deadline.

Plan assets are held and managed by John Hancock Life Insurance Company (U.S.A.)(the "Custodian"), which invests contributions and Plan earnings, makes investment transactions and provides certain recordkeeping services. Loren D. Stark Company acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Eligibility

Employees may become a participant of the Plan when they have reached 90 days of service and are age 21 or older. An eligible employee may enter the Plan on the next semi-annual entry date of March 1 or September 1 after all entry requirements have been met.

Participants are eligible for a discretionary nonelective profit sharing contribution determined by the Employer each year. To be eligible for the discretionary profit sharing contribution, employees must be employed on the last day of the Plan year and must have completed a year of service. A year of service is considered complete if, at the end of the Plan year, at least 1,000 hours of service have been completed.

Contributions

Each year, participants may contribute up to the maximum allowable limit of $19,500 in 2021 of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($6,500 in 2021). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions).

The Plan is a safe harbor plan and the Company makes an annual safe harbor contribution equal to 100% of the elective deferral on the first 3% of compensation and 50% of elective deferral amounts over 3% (up to 5%) of compensation that a participant contributes to the Plan. Employee and Employer contributions are invested according to employee investment elections. The Employer may also elect to make a discretionary nonelective profit sharing contribution determined by the Employer each year to eligible participants as described above.

During the year ended August 31, 2021, the Company made a $221,592 safe harbor contribution. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, Plan earnings, and an allocable portion of the Plan's forfeitures. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment into the Plan, participants direct their salary deferral contributions to selected investments as made available. These investment options are more fully described in the Plan's literature. Participants may change their investment options periodically.

Vesting

Each participant is 100% vested in his or her voluntary contribution account plus actual earnings thereon. Safe harbor contributions are immediately 100% vested. Employer matching contributions and nonelective profit sharing contributions are discretionary contributions and are vested according to the following schedule:

Vesting Schedule

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through weekly payroll deductions. Participants can only have one loan outstanding.

The CARES Act permitted plans to be amended to allow participants who were affected by COVID-19 to elect to defer loan payments that would have been due between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was reamortized and included any interest accrued during the period of delay. The Plan will execute a formal Plan amendment within the timeframe required under the CARES Act.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant will become 100% vested in their account balance and will receive a lump-sum distribution or may elect to receive a delayed distribution. No annuities are allowed under the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

During 2020, the CARES Act provided distribution options to allow for coronavirus-related distributions (CRD) in which qualified participants are permitted to take a CRD of up to $100,000 from the Plan, with repayment terms of up to three years. The Plan also waived minimum distribution requirements for any distribution required to be made in 2020. The Plan will execute a formal Plan amendment within the timeframe required under the CARES Act.

Forfeitures

Forfeiture accounts can be used to pay Plan administrative expenses or used to reduce Employer contributions (matching and profit sharing). At August 31, 2021 and 2020, there were no forfeited non-vested accounts.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan sponsor to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements, contract value, and NAV.

The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 31, 2021 or 2020.

If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributing participant balances are deducted from the benefit payment made to the participant. Other fees for recordkeeping are deducted from the investment return of participant accounts and are a percentage of participant account balances. During the year ended August 31, 2021, expenses of $46,450 were paid by the Plan and allocated to participant accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Subsequent events have been evaluated through the date that the financial statements were available to be issued, May 23, 2022, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (Unaudited)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Custodian under such regulation:

a) Total investments, at fair value, included in the statements of net assets available for benefits at August 31, 2021 and 2020;
b) Investment income and interest income from notes receivable information included in the statement of changes in net assets available for benefits for the year ended August 31, 2021;
c) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*;
d) Notes receivable from participants, included in the statements of net assets available for benefits at August 31, 2021 and 2020.
e) All information included in the supplemental schedule of assets (held at end of year) as of August 31, 2021.

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

NOTE 4: FAIR VALUE MEASUREMENTS (Unaudited) (Continued)

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
  - observable; or
  - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2021 and 2020.

Pooled Separate Accounts (PSA): Investments in pooled separate accounts are represented by a "unit of account" and per unit values, whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using NAV as a practical expedient. Accordingly, these NAV based investments have been excluded from the fair value hierarchy leveling.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the PSAs measured at fair value based on NAV per share as of August 31, 2021 and 2020, respectively. The PSAs are maintained by investment companies and hold investments in accordance with a stated set of fund objectives.

Year-End	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
August 31, 2021	**$ 6,567,923**	**$ -**	**Daily**	**Daily**
August 31, 2020	$ 5,287,438	$ -	Daily	Daily

NOTE 5: TAX STATUS

The Plan has adopted a prototype standardized plan and the prototype sponsor has received an opinion letter on the acceptability of the form of the Plan dated March 31, 2014, indicating the Plan is a qualified plan meeting the applicable requirements of applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in pooled separate accounts were managed by John Hancock Life Insurance Company, the custodian of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Administrative expenses paid by the Plan to John Hancock for the year ended August 31, 2021 amounted to $44,530. The plan uses a third party administrator, Loren D. Stark Company, for certain plan administration and ERISA compliance matters. Administrative expenses paid by the Plan to Loren D. Stark Company for the year ended August 31, 2021 amounted to $1,920. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Plan sponsor enters into other transactions for professional services related to the Plan. Such transactions are paid directly from the Plan sponsor and are not paid by the Plan assets.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
