Note 1: PLAN DESCRIPTION

The following description of Pac-Van, Inc. Retirement Plan (the Plan), is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Summary Plan Description.

(a) General

The Plan is a defined contribution retirement savings plan, established January 1, 1977. The Plan is sponsored by the Employer for the benefit of its full-time employees and those of General Finance Corporation, Lone Star Tank Rental, and Southern Frac, LLC, affiliates of Pac-Van, Inc. The Plan has automatic enrollment of 5% after the employees have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may elect to contribute to the Plan the maximum amount of annual compensation prescribed under the Internal Revenue Code. Effective May 15, 2019, the Plan sponsor made an adoption agreement to increase automatic enrollment from 4% to 5% for eligible Plan participants. The Employer matched 20% of each participant's pretax contributions up to a maximum of 6% of eligible compensation for those participants employed by Pac-Van, Inc., General Finance Corporation, Lone Star Tank Rental, and Southern Frac, LLC.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Employer's contribution, if applicable, Plan earnings, an allocation of administrative expenses, and charged with withdrawals, if applicable. Allocations are based on participant earnings or contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

(d) Vesting

Participants are 100% vested in rollover contributions and salary deferrals and earnings thereon. Participants become fully vested in Employer matching contributions after six years of service at a rate of 20% per year beginning with the participant's second year of service. In addition, a participant becomes fully vested upon death, disability or attainment of normal or early retirement age, currently defined as 65 and 59½ years of age, respectively.

(e) Plan Benefits

The benefits to which a participant is entitled are the benefits that can be provided from the participant's individual accounts. Benefits are payable upon retirement or upon total and permanent disability, employment termination, hardships, or death.

(f) Forfeited Accounts

At September 30, 2021 and December 31, 2020, forfeited non-vested account balances totaled $-0- and $26,797, respectively. These accounts will be used to reduce future employer contributions. For the Plan nine months ended September 30, 2021 and year ended December 31, 2020, forfeitures of $17,900 and $28,006 were used, respectively, to reduce employer contributions.

Note 1: PLAN DESCRIPTION (continued)

(g) Plan Merger

On May 27, 2021, United Rentals (North America), Inc. completed the acquisition of General Finance Corporation and all its affiliates, which included Pac-Van, Inc. As of the completion of this acquisition, United Rentals (North America), Inc. became the sponsor of the Plan and on September 30, 2021, the Plan in its entirety was merged into the United Rentals 401(k) Investment Plan.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies followed by Pac-Van, Inc. Retirement Plan (the Plan) are listed below:

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. The Plan adopted ASU 2016-01, Financial Instruments, during 2019 and applied it retrospectively. The adoption of this standard did not have a material impact on the recording of investments. Accordingly, no cumulative effect adjustment to opening retained earnings was deemed necessary.

The Plan also adopted ASU 2018-13, Fair Value Measurements, during 2020 and applied it retrospectively. The adoption of this standard did not have a material impact on the recording of investments. Accordingly, no cumulative effect adjustment to opening retained earnings was deemed necessary.

(c) Risks and Uncertainties

The Plan provides for certain investment options. Investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level or risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

Administrative expenses may be paid by the Employer or the Plan, at the Employer's discretion.

(g) Subsequent Events

Management has evaluated subsequent events through May 25, 2022, the date that the financial statements were available to be issued.

Note 3: INVESTMENTS

Investments held by the Plan were as follows:

	September 30, 2021	December 31, 2020
Investments at fair value:		
Mutual funds / ETFs	$ -	$ 19,328,091
Common stocks	-	200,143
Money market fund	-	700,840
Cash equivalents	-	9,433
	$ -	$ 20,238,507

The Plan's investments, (including investments bought, sold, and held during the year) appreciated by $1,534,303 and $2,036,074 for the nine months ended September 30, 2021 and year ended December 31, 2020, respectively.

Interest and dividends reported by the Trustee for the nine months ended September 30, 2021 and year ended December 31, 2020 were $555,340 and $953,893, respectively.

Note 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4: FAIR VALUE MEASUREMENTS (continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments, apply to investments held directly by the Plan. There have been no changes in the methodologies used at September 31, 2021 or December 31, 2020.

Mutual funds, exchange traded funds (ETFs), common stock, money market fund, and cash equivalents: The fair values of mutual funds, ETFs, common stock, the money market fund, and cash investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value are summarized below:

	Fair Value Measurements at Reporting Date			
	Level 1	Level 2	Level 3	Total

Notes to Financial Statements

September 30, 2021 and December 31, 2020

Note 5: TAX STATUS

In a letter dated March 31, 2014, the Internal Revenue Service (IRS) has determined and informed that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC, and, therefore, believe that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2021 and December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to examination for a period of three years from the date the Form 5500 was filed.

Note 6: PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. All professional fees for the administration and audit of the Plan are paid by the Plan or the Employer. The Plan invested in mutual funds, a money market fund, and a self-directed brokerage account holding mutual funds, common stock, and cash equivalents managed by Fidelity Investments as of September 30, 2021 and December 31, 2020, and as such, these investments qualify as party-in-interest investments.

Note 7: INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of September 30, 2021 and December 31, 2020, and Note 3; and the related investment activity reflected in the statements of changes in net assets available for benefits for the nine months ended September 30, 2021 and year ended December 31, 2020.

Note 8: PLAN MERGER

In May of 2021, United Rentals (North America), Inc. closed on its business acquisition merger of General Finance Corporation and its affiliates, including Pac-Van. It was approved to transfer the assets of the Plan into the United Rentals 401(k) Investment Plan (United Rentals Plan) for all eligible employees and participants. The Plan's assets were transferred into the United Rentals Plan on September 30, 2021 as recorded in "Transfer to United Rentals 401(k) Investment Plan" in the Statement of Changes in Net Assets Available for Benefits.
