Independent Auditors' Report

To the Plan Administrator and Participants
SMARTRAC Technology Fletcher, Inc. 401(k) Plan
Fletcher, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of SMARTRAC Technology Fletcher, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of SMARTRAC Technology Fletcher, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SMARTRAC Technology Fletcher, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SMARTRAC Technology Fletcher, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SMARTRAC Technology Fletcher, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Plan Merger

The Plan merged into a related plan effective December 31, 2021. See Note 1 for additional information.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of SMARTRAC Technology Fletcher, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021

1. Description of Plan

The following description of the SMARTRAC Technology Fletcher, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor plan under Section 401(k) of the Internal Revenue Code covering all employees of SMARTRAC Technology Fletcher ("the Company") who are 18 years of age, except employees covered by a collective bargaining agreement, leased employees, and foreign national employees exempt from U.S. tax. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective on March 2, 2020, the Company was acquired by Avery Dennison Corporation.

In September 2021, Plan management decided to merge the Plan into the Plan of their parent company, Avery Dennison Corporation. The Plan merger was effective December 31, 2021.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes safe harbor matching contributions equal to 100 percent of the first 3 percent and 50 percent of the next 2 percent of participants' eligible plan compensation which is deferred to the Plan. Upon meeting eligibility requirements, employees are automatically enrolled into the Plan with contribution deferrals equal to 5 percent of eligible compensation, unless they elect otherwise. The Company may also make additional discretionary matching contributions; however, no additional discretionary matching contributions were made in 2021. The Company also made discretionary 5 percent profit-sharing contributions each pay period to those employees who were at least 18 years of age, with one year of service, under a new comparability-one group per participant formula. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and Company profit-sharing contributions as well as allocations of plan earnings. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a collective investment trust fund under Ascensus.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Employees become 25% vested each year after 2 years of service and are fully vested after 5 years of service in the Company's additional discretionary matching contributions. Employees become 20% vested each year after 2 years of service and are fully vested after 6 years of service in the Company's profit-sharing contributions.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Participants may have up to 2 outstanding loans, which are secured by the balance in the participant's account and bear interest at the prime rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, full disability, retirement or due to other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. In-service withdrawals may be taken at age 59 ½ from fully vested accounts. The Plan also allows distributions for reasons of hardship.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested account balances totaled \$0 and \$43,666, respectively. Forfeited accounts may be used to reduce future administrative expenses or employer contributions. Forfeitures of \$72,580 and \$190 were used to offset employer contributions and pay for Plan expenses, respectively, during 2021.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. During 2021, deemed loans amounted to \$3,791.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Plan recordkeeping and advisory fees are also included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Unaudited Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, LLC, as agent of Ascensus Trust Company ("Ascensus"), has certified that the following data included in the accompanying financial statements is complete and accurate.

<i>December 31,</i>	2021	2020
Mutual funds	\$ -	\$ 9,949,593
Collective investment trust	\$ -	\$ 383,522
Notes receivable from participants	\$ -	\$ 177,435

<i>Year Ended December 31,</i>	2021
Net appreciation in fair value of investments	\$ 1,023,310
Interest and dividend income	\$ 191,947
Interest income on notes receivable from participants	\$ 6,782

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information in the financial statements and supplemental schedule.

Notes to Financial Statements December 31, 2021

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021 and 2020.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust – The collective investment trust fund is valued at the NAV of units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021

The following table presents the fair value of the Plan's assets as of December 31, 2020. There were no Plan assets remaining as of December 31, 2021.

Assets at Fair Value as of December 31, 2020					
	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total	
Investments subject to the fair value hierarchy:					
Mutual funds	\$ 9,949,593	\$ -	\$ -	\$ 9,949,593	
Total investments subject to the fair value hierarchy	\$ 9,949,593	\$ -	\$ -	9,949,593	
Investments not subject to the fair value hierarchy:					
Collective investment trust				383,522	
Total investments, at fair value				\$ 10,333,115	

5. Investments that Trade at NAV as a Practical Expedient

The following table sets forth additional disclosures of the investments whose fair value are estimated using net asset value per share (or its equivalent) as of December 31, 2020. There were no Plan assets remaining as of December 31, 2021.

Fair Value Estimated Using Net Asset Value per Share December 31, 2020					
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Collective Investment Trust- Stable Value	\$ 383,522	\$ -	Daily	None	None

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Plan has received an opinion letter dated March 31, 2014, that the Plan document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). From time to time amendments are made, however, the Plan Administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2021 and 2020 to Form 5500:

<i>December 31,</i>	2021	2020
Net assets available for benefits per the financial statements	\$ -	\$ 10,583,683
Less employee contributions receivable	-	(35,487)
Less employer contributions receivable	-	(37,646)
Net assets available for benefits per the Form 5500	\$ -	\$ 10,510,550

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

<i>Year Ended December 31,</i>	2021
Changes in net assets available for benefits before transfer per the financial statements	\$ 244,902
Less current year employee contributions receivable paid into Avery Dennison Plan	(11,506)
Less current year employer contributions receivable paid into Avery Dennison Plan	(13,151)
Plus prior year employee contributions receivable	35,487
Plus prior year employer contributions receivable	37,646
Changes in net assets available for benefits before transfer per the Form 5500	\$ 293,378

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

SMARTRAC Technology Fletcher, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021

10. Related Party Transactions and Party in Interest Transactions

Certain Plan investments shares of mutual funds managed by Ascensus. Ascensus is the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. The Plan's custodian is The Vanguard Group, Inc. ("Vanguard"). Fees paid to Vanguard by the Plan totaled \$14,297 in 2021. Maxus Solutions, the third party administrator was paid \$12,506 by the Plan in 2021. The Plan also paid \$23,125 in investment advisory fees to Kestra Advisory Services. These transactions qualify as party-in-interest transactions.

11. Non-Exempt Transactions

During the plan year ended December 31, 2020, employee withholdings amounting to \$300,024, were not remitted within the appropriate time by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company remitted the contributions during the 2020 plan year. Lost earnings were remitted in October 2021.

12. Subsequent Events

The Plan has evaluated subsequent events through June 1, 2022, the date the financial statements were available to be issued.
