NOTE 1 - DESCRIPTION OF PLAN

The following description of Orion Industries, Ltd. Cross-Tested Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan was established on February 1, 1992, and was most recently amended effective January 1, 2020. The amendment removed the requirement for the plan sponsor to make a 3% non-elective safe harbor contribution.

GENERAL

The Plan is a defined contribution plan covering substantially all nonunion employees, including leased employees, of Orion Industries, Ltd. and its related entities (collectively the "Company"). Employees are eligible upon reaching age 21 and completing 1,000 hours of service. Effective January 1, 2019, Atlas Employment Services Inc. employees are no longer eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

CARES ACT

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted, which included provisions, which among others, provide temporary relief for those retirement plan participants affected by the coronavirus disease ("COVID-19"). Participants who met certain criteria could take a penalty-free hardship withdrawal, borrow from their accounts at higher limits and suspend making payments on their participant loans until 2021. During the period between March 27, 2020 and September 22, 2020, participants impacted by COVID-19 (as defined in the Plan document) could borrow from their account up to the lesser of $100,000 or the vested account balance and could suspend loan repayments due during that period until January 2021.

The CARES Act also removed the 10% early withdrawal penalty for a coronavirus-related distribution up to $100,000 made during 2020. Participants who took a coronavirus-related distribution could spread the income over a three-year period for income tax purposes or avoid income taxes if the distribution is repaid with the three-year period following the distribution. The voluntary adoption of this provision by the Plan was effective March 27, 2020. As of December 31, 2020, the Plan has not been formally amended, as a formal amendment is not required until the plan year ended December 31, 2022. The Plan intends to formally adopt the amendment upon a future restatement of the Plan, prior to this date.

The Consolidated Appropriations Act of 2021 provided similar withdrawal exemptions and extended the timeline for penalty-free distributions through June 25, 2021.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS

Each year, participants may contribute up to the maximum amount allowable, not to exceed the limits of the Internal Revenue Code ("IRC"), as pre-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options. For 2020, the Company made a safe-harbor contribution of 3% of employee compensation for all eligible employees. The safe-harbor contribution for 2020 was $181,278. The Company did not make any discretionary contribution for 2020.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe-harbor and discretionary contributions, (b) investment earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions and the Company’s safe-harbor contributions, plus actual earnings thereon. Vesting in the Company’s discretionary contributions portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate equal to one percentage point over the prime interest rate as determined on the date of the loan. Participants may have two outstanding loans at any time. Principal and interest is paid ratably through payroll deductions over a term of up to five years, or 15 years if used for the purchase of a principal residence.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PAYMENT OF BENEFITS

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount. Hardship distributions are permitted if certain criteria are met. In addition, in-service withdrawals are allowed only for participants who are employees after attainment of age 59 ½.

FORFEITED ACCOUNTS

Forfeitures may be used to pay plan expenses or reduce future Company contributions. There were $23,600 of forfeitures used to reduce employer's safe-harbor contributions for the year ended December 31, 2020. As of December 31, 2020 and 2019, forfeited nonvested accounts totaled $22,550 and $12,317 respectively.

OTHER INCOME

The Plan receives revenue sharing payments from an institutional money market deposit account held with TD Bank USA, N.A., party-in-interest, in which certain Plan assets are invested. The revenue sharing payments are recognized when earned. No amounts were earned for the year ended December 31, 2020.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to investment advisory services provided and for the administration of notes receivable from participants and distributions are charged directly to the participant’s account and are included in administrative expenses.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through May 23, 2022, the date the financial statements were available to be issued. During June 2021, the Plan Sponsor was acquired by Electrisola, Inc. An investment steering committee took over oversight of the Plan and is operating as the Trustee of the Plan. No other events requiring recognition or disclosure in the financial statements were identified.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, such auditing procedures with respect to the information certified by TD Ameritrade Trust Company and AdvisorTrust Company, the custodians of the Plan, as of December 31, 2020 and 2019 and for the year ended December 31, 2020, except for comparing the information included in the Plan's financial statements and supplemental schedule.

AdvisorTrust Company, the custodian of the Plan, has certified to the completeness and accuracy of certain investments supplied to plan management and reflected in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2020 and the related investment activity reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the period May 23, 2020 to December 31, 2020, and the information reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2020. TD Ameritrade Trust Company, the previous custodian of the Plan, has certified to the completeness and accuracy of investments supplied to plan management and reflected in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2019 and the related investment activity for the period January 1, 2020 to May 22, 2020.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019. There were no transfers between levels of the fair value hierarchy during the years ended December 31, 2020 and 2019.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash, Interest-Bearing
Valued based on yields currently available on comparable accounts.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2020 and 2019. As required by the fair value measurements and disclosures topic, these assets are classified in their entirety based on the lowest level input that is significant to the fair value measurement. The plan's management assessment of the significance of a particular input to the fair value measurement requires judgment and may affect their placement within the fair value hierarchy levels.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the DOL's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. AdvisorTrust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan allows participants to take loans from their accounts in the Plan. These notes receivable from participants qualify as party-in-interest transactions and totaled $166,259 and $142,010 at December 31, 2020 and 2019, respectively. Fees paid by the Plan for the investment management services and administrative expenses qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the Company's discretionary contribution portion of their accounts.

NOTE 7 - TAX STATUS

The underlying volume submitter plan has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the form of the volume submitter plan is qualified under Section 401 of the IRC and, therefore, the related trust is exempt from taxation. In accordance with Revenue Procedure 2011-49, 2011-44 I.R.B. 608, the Plan Sponsor has determined that they are eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic which continues to spread throughout the United States and the world, triggering volatility in financial markets and a significant negative impact on the global economy. While it is reasonably possible that COVID-19 could have a negative effect on the fair value of the Plan's investments and results of its operations, the specific impact to the Plan, participants, and Plan Sponsor is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 9 - PROHIBITED OR NON-EXEMPT TRANSACTIONS

During the year ended December 31, 2020, the Company failed to timely remit participant contributions totaling $15,638 to the Plan pursuant to 29 CFR 2510.3-102 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Additionally, the Company had previously failed to timely remit participant contributions totaling $26,959 from 2017 to 2019. Under the regulation, amounts paid by a Plan participant or withheld by an employer from a participant's wages for contribution to the Plan are Plan assets on the earliest date they can reasonably be segregated from the Company's general assets. As a result, the Company has engaged in a non-exempt prohibited transaction under ERISA Section 406. The Company has not yet remitted the lost participant earnings related to 2017 and 2019 contributions. During 2020, the Company corrected the $15,638 of 2020 contributions.
