NOTE 1 DESCRIPTION OF PLAN

The following description of Merry X-Ray Chemical Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's Sponsor is Merry X-Ray Chemical Corporation (the Company, Plan Sponsor, or the Employer).

GENERAL

The Plan, initially effective September 1, 1992, is a single-employer, defined contribution plan covering all employees of the Company who have completed one year (1,000 hours) of service by the next plan entry date. An eligible employee may enter the Plan on the first day of each plan year quarter following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Contributions to the Plan are as follows:

1) Participant contributions - Participants may contribute 1% to 100% of their eligible pre-tax compensation, as defined by the Plan, up to the Internal Revenue Service (IRS) annual maximum limit of $19,500 and $19,000 ($25,500 and $25,000 for participants age 50 or older) for 2020 and 2019, respectively.

2) Rollover contributions - The Plan allows for the participants in a former employer's qualified plan to contribute direct rollovers to this plan. During the years ended December 31, 2020 and 2019, $2,778,181 and $923,001, respectively, of rollovers were received.

3) Matching contributions - The Company is eligible to make discretionary matching contributions that are allocated as a percentage of the participant's elective deferrals. During the years ended December 31, 2020 and 2019, matching contributions of $339,521 and $582,769, respectively, were made by the Company.

4) Non-elective contributions - The Company may decide to make a non-elective contribution to the Plan, although the Company is not required to do so. The non-elective contribution, if made, will be allocated pro-rata to eligible participants, as defined, based on their compensation to total compensation of all such participants for the plan year. During the years ended December 31, 2020 and 2019, no non-elective contributions were made by the Company.

5) Qualified non-elective employer contributions – The Company may make qualified non-elective employer contributions. The Company may contribute on behalf of a select group or groups of non-highly compensated participants eligible for an allocation, a contribution equal to the amount, if any, as necessary to satisfy the actual deferral percentage limitation and/or contribution percentage limitation. Qualified non-elective employer contributions shall be allocated to each member of each select group in either a flat dollar amount, a pro rate percentage of compensation, or a pro rata percentage of elective contributions. The determination of the group and number of non-highly

compensated employees to receive an allocation of qualified non-elective employer contributions and the method of allocation will be determined by the Company each plan year.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and the Plan earnings, and charged with any fees related to distributions. Allocations are based on participant earnings, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

VESTING

Participants are immediately vested in their elective contributions and qualified non-elective employer contributions plus actual earnings thereon. Vesting in the Company's non-elective employer contributions and matching contributions is based on years of continuous service as follows:

Years of vesting service	Vesting percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

INVESTMENT OPTIONS

Upon enrollment into the Plan, participants may direct their account balances in any investment alternatives approved by the trustee, including mutual funds and the guaranteed income fund. All earnings and losses on the directed investments are credited directly to the participants' accounts.

PAYMENT OF BENEFITS

Vested benefits are payable in one lump-sum distribution of the entire account balance or in a single sum payment of a portion of the account balance.

For purposes of determining whether or not a withdrawal is being used to provide benefits in accordance with the Plan document, the term "benefits" is limited to amounts becoming payable to the participant due to:

(A) termination of employment
(B) retirement
(C) disability
(D) death
(E) hardship
as defined in the plan document.

Withdrawals for reasons other than those listed above are allowed but may be subject to certain charges and adjustments.

In the event of a mandatory distribution greater than $1,000, but no more than $5,000, in accordance with the payment provisions of the Plan, if the Participant does not elect to have such distributions paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly under any form of payment allowed under the Plan, then the distribution will be paid in a direct rollover to an individual retirement plan designated by the plan administrator. Mandatory distributions of $1,000 or less will be paid in cash as directed by the plan administrator, unless the Participant elects a direct rollover or elects to receive the distribution under another form permitted by the Plan.

NOTES RECEIVABLE FROM PARTICIPANTS

The participants may borrow money from the Plan provided it is adequately secured. They may use up to 50% of their vested balance as security for the loan. All loans must bear a reasonable rate of interest. Participants can borrow no more than the lesser of $50,000 or 50% of their vested account balance reduced by their highest outstanding loan balance during the previous 12 months. In addition, no loan in an amount less than $1,000 will be made.

FORFEITED ACCOUNTS

In the event that non vested accounts are forfeited, such accounts are used to pay administrative fees. Any remaining forfeitures are used to reduce matching contributions and non-elective employer contributions. At December 31, 2020 and 2019, the forfeiture account balance totaled $38,068 and $17,216, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements have been prepared using the accrual method in conformity with generally accepted accounting principles (GAAP) in the United States of America.

Use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investments valuation and income recognition - Investments are maintained in mutual funds and in a fixed annuity contract and are stated at values certified by the institution that holds the Plan's assets as an investment manager and are under the custody of the Plan's trustee. Quoted market prices are used to value investments at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Investment contract with insurance company - Investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Fair value measurement - The Plan follows accounting standards consistent with the Financial Accounting Standards Board (FASB) Codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Classification and measurement of financial instruments - The Plan follows Accounting Standards Update (ASU) 2016-01 "Recognition and Measurement of Financial Assets and Financial Liabilities." This ASU amends certain aspects of current guidance on the recognition, measurement and disclosure of financial instruments. Among other changes, this ASU requires most equity investments to be measured at fair value. Additionally, the ASU eliminates the requirement to disclose the method and significant assumptions used to estimate the fair value for instruments not recognized at fair value in the Plan's financial statements.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits - Benefits are recorded when paid.

Income taxes - The pension plan is tax exempt under the Internal Revenue Code Section 401(a) and consequently pays no income tax.

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. The plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

The Plan follows accounting standards for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition and measurement of a tax position taken or to be taken in a tax return. As of December 31, 2020 and 2019, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 3 ADMINISTRATIVE EXPENSES

All expenses incident to the administration, termination or protection of the Plan, including, but not limited to, legal, accounting and Custodian fees, shall be paid by the Company or, if not paid by the Company, shall be paid by the administrator from the Plan assets. A participant's account balance will be

charged with certain fees and expenses. Certain investment related expenses are included as a reduction of investment return and are not separately reflected. In addition, the Company provides administrative services to the Plan at no cost to the Plan.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all employees to account balances accrued to the date of the termination are fully vested and non-forfeitable.

NOTE 5 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Company has obtained certification from Great-West Trust Company, LLC (the Trustee) that all of the information provided to the Company by the Trustee is complete and accurate. The Trustee certification applies to substantially all of the Plan's investment assets, transactions, and supplemental schedules. The Trustee reports such information primarily on a cash basis while the accompanying financial statements and supplemental schedules are presented on an accrual basis. Therefore, certain amounts reflected in the financial statements and supplemental schedules may differ from the information certified by the Trustee.

The following is information prepared and certified at December 31, 2020 and 2019 by the trustee:

Investments, at fair value	2020	2019
Mutual funds	$ 33,531,067	$ 28,779,060
Investments, at contract value		
Fixed annuity contract	3,469,433	2,752,442
Other		
Forfeitures/asset holding account	38,068	17,216
Notes from participants	167,401	96,780
	$ 37,205,969	$ 31,645,498
Investment income:

Interest and dividends	1,409,413	1,205,907
Interest income on notes receivable from participants	8,116	2,357
	$ 4,650,640	$ 5,634,180

During 2020 and 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) changed in value by $3,233,111 and $4,425,916, respectively.

NOTE 6 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a benefit-responsive investment contract with Great-West Trust Company, LLC for its fixed annuity contract. The trustees maintain Plan contributions in unallocated accounts which are part of the general assets of the trustees. The contract is included in the financial statements at contract value as reported to the Plan by the trustees. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Total contract value at December 31, 2020 and 2019 for the investment contract was $3,469,433 and $2,752,442, respectively, and is included in investments in the accompanying statements of net assets available for benefits.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on the rate in effect when money is deposited in the account and may not be less than 1%. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the trustees. Such events may include but are not limited to the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of an event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable. The investment contract does not permit Great-West Trust Company, LLC to terminate the agreement prior to the scheduled maturity date.

NOTE 7 FAIR VALUE MEASUREMENT

The Company follows the methods of fair value measurement to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Mutual funds: Mutual fund shares are based on the unit value as determined from the daily price traded on an active market, dividends declared, and capital gains and are classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial assets carried at fair value at December 31, 2020 are classified below in one of the three categories described above. The table below presents the balances of assets measured at fair value on a recurring basis:

	Level 1	Level 2	Level 3	Total
Assets				
Mutual funds	$ 33,531,067	$ -	$ -	$ 33,531,067

Financial assets carried at fair value at December 31, 2019 are classified below in one of the three categories described above. The table below presents the balances of assets measured at fair value on a recurring basis:

	Level 1	Level 2	Level 3	Total
Assets				
Mutual funds	$ 28,779,060	$ -	$ -	$ 28,779,060

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in mutual funds and insurance contracts managed by Great-West Trust Company, LLC, the trustee of the Plan, which qualifies these transactions as party-in-interest transactions. The Company also pays certain administrative fees of the Plan, which are not reimbursed. In addition, the Company provides administrative services to the Plan at no cost to the Plan.

NOTE 10 SELF-CORRECTION OF OPERATIONAL FAILURES

During 2020, the Company identified operational failures relating to its inadequate fidelity bond coverage for the 2020, 2019, 2018, 2017 and 2016 plan years. In June 2020, the Company obtained a fidelity bond that satisfies ERISA's bonding requirements.

During 2020, the Company identified operational failures relating to the improper calculation of participant deferral and related employer matching contributions on several manual checks for the 2017 plan year. The Company and the Plan administrator have corrected these issues under the IRS Employee Plans Compliance Resolution System's Self-Correction Program. In November 2020, the Company remitted to the Plan $166, representing 50% of the missed participant deferrals, $166, representing 100% of the missed employer matching contributions, and $58, representing related lost earnings, on behalf of the affected participants.

During 2020, the Company identified operational failures relating to the improper calculation of participant deferral and related employer matching contributions on several manual checks for the 2016 plan year. The Company and the Plan administrator have corrected these issues under the IRS Employee Plans Compliance Resolution System's Self-Correction Program. In November 2020, the Company remitted to the Plan $362, representing 50% of the missed participant deferrals, $338, representing 100% of the missed employer matching contributions, and $172, representing related lost earnings, on behalf of the affected participants.

Based on such actions, Plan management and the Company believe the operational failures will not cause the Plan to be disqualified by the IRS and that the self-corrective actions allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTE 11 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
