Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Timex Group USA, Inc. Pension Plan for Salaried Employees, which comprise the statements of net assets available for benefits as of August 31, 2021 and December 31, 2020, and the related statements of changes in net assets available for benefits for the period ended August 31, 2021 and for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of August 31, 2021 and December 31, 2020 and for the period ended August 31, 2021 and for the year ended December 31, 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of Plan

The following description of the Timex Group USA, Inc. Pension Plan for Salaried Employees (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) Merger

Effective August 31, 2021, the Plan was merged into the Timex Group USA, Inc. Savings Plan for Salaried Employees (the "Savings Plan"), including all assets and liabilities held and maintained under the Plan with respect to the terminated vested participants. At the time of the merger, 434 participants from the Plan (many who are already participants of the Savings Plan) with net assets of \$43,322, were transferred into the Savings Plan.

(b) General

The Plan was a defined contribution plan covering U.S. salaried employees of Timex Group USA, Inc. and certain affiliated entities (collectively, the "Company") who had one year of service and were age twenty-one or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Employee Benefits Committee has oversight responsibility for the Plan.

(c) Contributions

Effective September 1, 2020, the Plan Document was amended whereby there would be no more Company contributions to the Plan for benefits earned after December 31, 2019. Also, no additional participants hired after December 31, 2016 could enter the Plan.

The Company contributed annually to the Plan a percentage of compensation based upon the participant's age and full years of service as of the end of the plan year as followed:

	Contribution	
	Percentage of compensation up to social security wage base	Percentage of compensation in excess of social security wage base
Less than five years of service	5.0 %	10.0 %
Five or more years of service and an attained age of:		
Less than 45	5.0	10.0
45–54	7.0	12.7
55 or more	9.0	14.7

Participants were not required to make contributions to the Plan. Participants were allowed to make rollover contributions to the Plan from other qualifying plans.

(d) Participant Accounts

Each participant's account reflected the participant's interest in the various investments of the Plan and the source of the interest. Participants were permitted to direct their respective amounts into any or all of the funds which the Plan had available, subject to certain restrictions described in the Plan. The amount of benefits available to each participant depended on the value of the participant's own account. Participant accounts are maintained by T. Rowe Price Trust Company (the "Trustee").

(e) Vesting and Forfeitures

Participants were immediately vested in their rollover and voluntary contributions, plus actual earnings or losses thereon. The Company contributions, plus actual earnings or losses thereon, were 100% vested upon completion of three years of service. All nonvested forfeitures were used to reduce the contribution of the Company. For the eight months ended August 31, 2021 and the year ended December 31, 2020, the Company's contribution was reduced by nonvested forfeitures of \$0 and \$0, respectively. The nonvested forfeiture amount outstanding at August 31, 2021 and December 31, 2020 was \$0 and \$0, respectively.

(f) Payment of Benefits

At termination of employment, a participant could have elected either to receive benefits currently or to defer receipt up to the later of attaining normal retirement age or two years after termination. Distributions were subject to age 72 regulations for participants born after July 1, 1949, as defined by the Setting Every Setting Every Community Up for Retirement Enhancement (SECURE) Act. Distributions made to former participants who are not age 59-1/2 could have been subject to an early withdrawal penalty. Actual payment of the benefits may either be in the form of a single premium annuity, or if the participant elected, be in the form of a lump-sum distribution. A participant could have designated a person or persons to whom benefits under the Plan are to be paid if the participant died before receiving all of such benefits. The amount in a participant's account could not have been withdrawn prior to termination of employment.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan were prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements and the additions and deductions during the periods reported in the financial statements. Actual results could differ from those estimates.

PENSION PLAN FOR SALARIED EMPLOYEES

Notes to Financial Statements
August 31, 2021 and December 31, 2020
(In thousands of U.S. dollars)

(c) Trust Funds

Under the terms of the Trust Agreement between T. Rowe Price Trust Company and the Plan, the Trustee managed funds on behalf of the Plan. The Trustee's primary responsibilities included payment of benefits and transferring funds in conjunction with the investment managers and the Plan Administrator.

(d) Valuation of Investments and Income Recognition

Investments were reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net realized and unrealized (depreciation) appreciation included the Plan's gains and losses on investments bought and sold, as well as held during the year, and is recorded in the accompanying statement of changes in net assets available for benefits. The cost basis of investments used in the determination of realized and unrealized gains and losses on investments was determined through use of the average cost method.

(e) Payment of Benefits

Benefits were recorded when paid.

(f) Administrative Expenses

Certain costs of administering the Plan, such as personnel salaries, fringe benefits and trustee and recordkeeper fees, are absorbed by the Company and, accordingly, were not included as administrative expenses of the Plan. Administrative expenses paid by the Plan primarily related to investment advisory.

(3) Investment Information Certified by the Trustee (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by T. Rowe Price Trust Company (the "Trustee") as complete and accurate. Substantially all investment information disclosed in the accompanying financial statements, including investments held, net realized and unrealized appreciation in fair value of investments, interest, and dividends were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee. This certified information has not been audited by independent accountants.

(4) Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a three-level fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy are as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2021 and December 31, 2020.

Mutual funds: Valued at the closing price on the active market on which the individual funds are traded.

The methods described above may have produced a fair value calculation that may not have been indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believed its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

Notes to Financial Statements
August 31, 2021 and December 31, 2020
(In thousands of U.S. dollars)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of August 31, 2021 and December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
August 31, 2021:				
Mutual funds	\$ <u>—</u>	<u>—</u>	<u>—</u>	<u>—</u>
December 31, 2020:				
Mutual funds	\$ <u>35,791</u>	<u>—</u>	<u>—</u>	<u>35,791</u>

There were no transfers between levels during the period ended August 31, 2021 and the year ended December 31, 2020.

(5) Group Annuity Contract with New York Life Insurance Company

The Plan had a traditional fully benefit-responsive investment contract with New York Life Insurance Company (New York Life) totaling \$6,419 for 2020. New York Life was obligated to guarantee principal and accumulated interest to the Plan through a group annuity contract. New York Life maintained the contributions in a pooled separate account, which primarily invests in fixed income securities. The crediting rate is subject to change daily.

This contract met the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants could have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on New York Life's ability to meet its financial obligations. New York Life's ability to meet its contractual obligations could have been affected by future economic and regulatory developments. There were no reserves against contract value for credit risk of New York Life or otherwise.

Certain events could have limited the ability of the Plan to transact at contract value with New York Life. Such events include (1) Plan termination, (2) layoffs, (3) early retirement programs, or (4) bankruptcy of the Company. The Plan Administrator did not believe that any events were probable of occurring that would limit the ability of the Plan to transact at contract value with either New York Life or the participants.

In addition, certain events could have allowed New York Life to terminate the contract with the Plan and settle at an amount different from contract value. For instance, if the Plan had requested to terminate the contract without twelve months advance written notice, the Plan's contract balance could have been subjected to a market value adjustment in which New York Life will pay a single sum equal to the Plan's balance projected for a two-year period at the contract crediting rate in effect on the stated termination date and discounted back to the stated termination date.

(6) Plan Termination

Although the Company had not expressed any intent to terminate the Plan, it could have done so at any time. In the event of Plan termination, participants would have become 100% vested in their employer contributions. See note 1 for information related to the Plan merging with another plan.

(7) Risks and Uncertainties

The Plan provided for various investment options. Investments were exposed to various risks, such as interest rate, credit risk, and overall market risk, including global events, such as the coronavirus pandemic. Due to the level of risk associated with certain investments, it was possible that changes in the values of investments could have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Federal Income Taxes

The trust established under the Plan to hold the Plan's assets was qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment was exempt from income taxes. The Plan had obtained a favorable tax determination letter dated March 25, 2011 from the Internal Revenue Service. The Plan has been amended since receiving the determination letter, however, the Plan Administrator and the Plan's tax counsel believed that the Plan was currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan Sponsor was not aware of any source of action or series of events that have occurred that would adversely affect the qualified status of the Plan.

U.S. GAAP required plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator had analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2021 and December 31, 2020, there was no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(9) Related Party Transactions and Party in Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any party providing fiduciary services for the Plan, any party rendering services to the Plan, the employer and certain others. Certain investments of the Plan were in funds managed by T. Rowe Price Trust Company and therefore these were considered party-in-interest investments. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Any direct or indirect expenses paid for by the Plan, as described in Note 1, were considered party-in-interest transactions.

(10) Subsequent Events

The Plan Administrator has evaluated subsequent events through June 9, 2022, which represents the date the financial statements were available to be issued and noted no other subsequent events that would have impacted the Plan's financial statements.
