Report of Independent Auditors

Hess Corporation Employee Benefit Plans Committee and
Participants in the Hess Corporation Employees' Savings Plan

Opinion

We have audited the financial statements of Hess Corporation Employees' Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HESS CORPORATION
EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Hess Corporation (the "Company") Employees' Savings Plan (the "Plan") is provided for general information only. For more information, participants should refer to the summary plan description, which can be obtained from the Company's Benefits Center.

General: The Plan is a defined contribution plan covering all eligible United States (U.S.) based employees of the Company. Employees are eligible to enroll in the plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Hess Corporation Employee Benefits Plan Committee is the Plan administrator. Fidelity Management Trust Company ("Trustee") is the Plan's trustee, and Fidelity Workplace Services is the Plan's recordkeeper.

Contributions: Each participating employee may contribute from 1% to 50% of their eligible compensation on a before-tax, Roth, or after-tax basis to the Plan. Newly hired or rehired participants who do not opt out or elect to contribute a different rate of eligible compensation within a 30-day period are automatically enrolled in the Plan at a before-tax contribution rate of 6% of eligible compensation. The Company makes matching contributions equal to 133% of employee contributions that do not exceed 6% of eligible compensation. Total contributions made by employees on a before-tax basis and as Roth contributions are subject to IRS annual limits (2021: \$19,500; 2020: \$19,500). Total contributions, including before-tax, Roth, and after-tax employee contributions, and employer matching contributions, are subject to the lesser of the IRS annual limit (2021: \$58,000, 2020: \$57,000) or 100% of the annual compensation of the employee. At the election of each participating employee, individual contributions and the employer matching contributions are invested in one or more of the Plan's available mutual funds with varying investment objectives, or in the Hess Corporation common stock fund.

In the year an employee reaches age 50, and all years thereafter, an employee is eligible to make an additional before-tax or Roth "catch-up" contribution to the Plan that is not eligible for matching employer contributions.

Vesting: Participants are immediately fully vested in their contributions, the employer's matching contributions, and earnings on investments.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and the Plan's investment earnings. Contributions are invested in the Plan's funds based on the allocation percentages designated by the participant in increments of 1% of the amount contributed. A participant may change investment designations for future contributions or reallocate existing investments to different funds on a daily basis.

Hess Corporation Common Stock Fund: The fund invests in the common stock of Hess Corporation, which is traded on the New York Stock Exchange (NYSE) under the ticker symbol HES. Approximately 1% of this fund is invested in short-term investment funds to manage the short-term liquidity needs of the fund.

Notes Receivable from Participants: Participants may borrow from their account balance, including amounts contributed by the Company, a minimum of \$500 up to a maximum of \$50,000. Participants may have two concurrent loans. The total of the loans cannot exceed the lesser of \$50,000 or 50% of the participant's account balance. The participant's account balance serves as collateral for the loans. There are no allowances for credit losses on participant loans. Loans are repaid by participants in equal installments over a period of not more than five years, or not more than 30 years if borrowed for the purpose of acquiring a principal residence. Interest on loans is charged at a rate of 1% above the prime rate determined at the time the loan is made. A loan set-up fee of \$50 is charged to participants when they borrow from the Plan. If a participant terminates employment with the Company, they may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant.

Rollovers from Other Plans: Employees may deposit an eligible rollover distribution made by a qualified plan of another employer or from an individual retirement account whose assets were derived solely from the rollover from a qualified plan of another employer. Rollovers are accepted in cash only and are invested according to the participant's current fund elections for contributions. An employee who is not contributing to the Plan must elect investment options at the time of the rollover. The current market values of amounts rolled over to the Plan can be withdrawn in whole or in part at any time.

HESS CORPORATION
EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

Payment of Benefits: Upon a withdrawal or distribution, the market value of an employee's investments in the Plan's mutual funds, reduced for any outstanding loan balances, is paid in cash. The employee's investments in the Hess Corporation common stock fund are distributed either in shares of common stock of Hess Corporation (plus the cash equivalent of any fractional shares) or in cash, depending upon the employee's election.

Voluntary complete or partial withdrawals from before-tax and Roth contributions are permitted only on or after attainment of age 59 ½, except in the case of hardship. Except for hardship withdrawals and rollover contributions, only employee after-tax contributions and employer contributions made prior to January 1, 2002 are eligible for withdrawal by active employees under age 59 ½. Terminated employees may withdraw their entire balance at any time, except for balances of \$1,000 or less, which are automatically distributed in a lump sum upon termination of employment. Employees may elect direct rollovers of the taxable portion of their distributions to an individual retirement account, individual retirement annuity or a qualified plan of another employer. Distributions from the Plan that are not rolled over are generally subject to federal income tax withholding at 20% and may be subject to an additional 10% early withdrawal tax.

The Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act which, in accordance with section 2202(a) of the CARES Act, allowed eligible participants to take a distribution of up to \$100,000 from the Plan between April 1, 2020 and December 31, 2020. Participants have the option to repay the Plan's distribution over a three-year period beginning on the day after the distribution.

Expenses: The Plan's expenses represent costs to administer the Plan and include recordkeeping, legal and accounting services. Administrative fees related to participant-directed transactions such as employee loans and certain investment fund redemptions are charged directly to participant accounts. Expenses that are paid by the Company are excluded from these financial statements.

Party-in-interest: Funds that qualify as party-in-interest transactions include shares in the money market fund managed by the Trustee and the Hess Corporation common stock fund. Notes receivable from participants also qualify as party-in-interest transactions. All of these transactions are exempt from ERISA's prohibited transaction rules.

2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements for the Plan have been prepared in conformity with U.S. generally accepted accounting principles (U.S. GAAP) on the accrual basis of accounting.

Valuation of Investments: The Plan's investments are stated at fair value in accordance with Accounting Standards Codification Topic 820, Fair Value Measurement (ASC 820). Mutual funds are valued at the quoted market price, which represents the net asset value of shares held by the Plan at year-end. These mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. Hess Corporation common stock is valued based on the closing market price on the NYSE at year-end. See Note 3, Fair Value Measurements.

Notes Receivable from Participants: Notes receivable from participants are stated at their outstanding principal balances plus any accrued interest.

Interest and Dividend Income: Interest and dividend income is recorded in participant accounts as earned. Dividends are recorded on the ex-dividend date.

Sale of Investments: Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/depreciation in the fair value of investments includes gains and losses realized on investments bought and sold, as well as changes in the fair value of investments held during the year. Gains or losses on sales of Hess Corporation common stock and mutual funds in the Plan are based on average cost.

Benefit Payments: Distributions of benefits to participants are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan invests in various mutual funds and in Hess Corporation common stock. Investment securities are exposed to various risks, such as overall market volatility, commodity prices, interest rates, foreign exchange rates, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

3. Fair Value Measurements

The provisions of ASC 820 establish a hierarchy for the inputs used to measure fair value based on the source of the input, which generally range from quoted prices for identical instruments in a principal trading market (Level 1) to estimates determined using related market data (Level 3). Measurements derived indirectly from observable inputs or from quoted prices from markets that are less liquid are considered Level 2. Multiple inputs may be used to measure fair value; however, the level of fair value for each financial asset presented below is based on the lowest level of any significant input.

The following table provides the fair value hierarchy of the Plan's financial assets:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2021				
Mutual funds	\$ 827,317,948	\$ —	\$ —	\$ 827,317,948
Hess Corporation common stock fund	126,529,840	—	—	126,529,840
Total assets at fair value	<u>\$ 953,847,788</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 953,847,788</u>
December 31, 2020				
Mutual funds	\$ 719,033,870	\$ —	\$ —	\$ 719,033,870
Hess Corporation common stock fund	116,366,422	—	—	116,366,422
Total assets at fair value	<u>\$ 835,400,292</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 835,400,292</u>

Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan. Hess Corporation common stock values are based on the closing market price on the NYSE, which is the primary exchange on which the stock is traded.

4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, the net assets of the Plan may be distributed to participants in accordance with the Plan's provisions and applicable law.

5. Tax Status

The Plan received its most recent determination letter from the Internal Revenue Service dated January 9, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and therefore the Plan is exempt from taxation. The Plan was amended and restated subsequent to the receipt of the determination letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan, as amended and restated, is being operated in compliance with the applicable requirements of the Code, and therefore believes the Plan is qualified and remains tax exempt under the Code.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by regulatory authorities; however, there are currently no open audits for any tax periods.

Report of Independent Auditors

Hess Corporation Employee Benefit Plans Committee and
Participants in the Hess Corporation Employees' Savings Plan

Opinion

We have audited the financial statements of Hess Corporation Employees' Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2021, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HESS CORPORATION
EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Hess Corporation (the "Company") Employees' Savings Plan (the "Plan") is provided for general information only. For more information, participants should refer to the summary plan description, which can be obtained from the Company's Benefits Center.

General: The Plan is a defined contribution plan covering all eligible United States (U.S.) based employees of the Company. Employees are eligible to enroll in the plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Hess Corporation Employee Benefits Plan Committee is the Plan administrator. Fidelity Management Trust Company ("Trustee") is the Plan's trustee, and Fidelity Workplace Services is the Plan's recordkeeper.

Contributions: Each participating employee may contribute from 1% to 50% of their eligible compensation on a before-tax, Roth, or after-tax basis to the Plan. Newly hired or rehired participants who do not opt out or elect to contribute a different rate of eligible compensation within a 30-day period are automatically enrolled in the Plan at a before-tax contribution rate of 6% of eligible compensation. The Company makes matching contributions equal to 133% of employee contributions that do not exceed 6% of eligible compensation. Total contributions made by employees on a before-tax basis and as Roth contributions are subject to IRS annual limits (2021: \$19,500; 2020: \$19,500). Total contributions, including before-tax, Roth, and after-tax employee contributions, and employer matching contributions, are subject to the lesser of the IRS annual limit (2021: \$58,000, 2020: \$57,000) or 100% of the annual compensation of the employee. At the election of each participating employee, individual contributions and the employer matching contributions are invested in one or more of the Plan's available mutual funds with varying investment objectives, or in the Hess Corporation common stock fund.

In the year an employee reaches age 50, and all years thereafter, an employee is eligible to make an additional before-tax or Roth "catch-up" contribution to the Plan that is not eligible for matching employer contributions.

Vesting: Participants are immediately fully vested in their contributions, the employer's matching contributions, and earnings on investments.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and the Plan's investment earnings. Contributions are invested in the Plan's funds based on the allocation percentages designated by the participant in increments of 1% of the amount contributed. A participant may change investment designations for future contributions or reallocate existing investments to different funds on a daily basis.

Hess Corporation Common Stock Fund: The fund invests in the common stock of Hess Corporation, which is traded on the New York Stock Exchange (NYSE) under the ticker symbol HES. Approximately 1% of this fund is invested in short-term investment funds to manage the short-term liquidity needs of the fund.

Notes Receivable from Participants: Participants may borrow from their account balance, including amounts contributed by the Company, a minimum of \$500 up to a maximum of \$50,000. Participants may have two concurrent loans. The total of the loans cannot exceed the lesser of \$50,000 or 50% of the participant's account balance. The participant's account balance serves as collateral for the loans. There are no allowances for credit losses on participant loans. Loans are repaid by participants in equal installments over a period of not more than five years, or not more than 30 years if borrowed for the purpose of acquiring a principal residence. Interest on loans is charged at a rate of 1% above the prime rate determined at the time the loan is made. A loan set-up fee of \$50 is charged to participants when they borrow from the Plan. If a participant terminates employment with the Company, they may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant.

Rollovers from Other Plans: Employees may deposit an eligible rollover distribution made by a qualified plan of another employer or from an individual retirement account whose assets were derived solely from the rollover from a qualified plan of another employer. Rollovers are accepted in cash only and are invested according to the participant's current fund elections for contributions. An employee who is not contributing to the Plan must elect investment options at the time of the rollover. The current market values of amounts rolled over to the Plan can be withdrawn in whole or in part at any time.

HESS CORPORATION
EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

Payment of Benefits: Upon a withdrawal or distribution, the market value of an employee's investments in the Plan's mutual funds, reduced for any outstanding loan balances, is paid in cash. The employee's investments in the Hess Corporation common stock fund are distributed either in shares of common stock of Hess Corporation (plus the cash equivalent of any fractional shares) or in cash, depending upon the employee's election.

Voluntary complete or partial withdrawals from before-tax and Roth contributions are permitted only on or after attainment of age 59 ½, except in the case of hardship. Except for hardship withdrawals and rollover contributions, only employee after-tax contributions and employer contributions made prior to January 1, 2002 are eligible for withdrawal by active employees under age 59 ½. Terminated employees may withdraw their entire balance at any time, except for balances of \$1,000 or less, which are automatically distributed in a lump sum upon termination of employment. Employees may elect direct rollovers of the taxable portion of their distributions to an individual retirement account, individual retirement annuity or a qualified plan of another employer. Distributions from the Plan that are not rolled over are generally subject to federal income tax withholding at 20% and may be subject to an additional 10% early withdrawal tax.

The Plan adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act which, in accordance with section 2202(a) of the CARES Act, allowed eligible participants to take a distribution of up to \$100,000 from the Plan between April 1, 2020 and December 31, 2020. Participants have the option to repay the Plan's distribution over a three-year period beginning on the day after the distribution.

Expenses: The Plan's expenses represent costs to administer the Plan and include recordkeeping, legal and accounting services. Administrative fees related to participant-directed transactions such as employee loans and certain investment fund redemptions are charged directly to participant accounts. Expenses that are paid by the Company are excluded from these financial statements.

Party-in-interest: Funds that qualify as party-in-interest transactions include shares in the money market fund managed by the Trustee and the Hess Corporation common stock fund. Notes receivable from participants also qualify as party-in-interest transactions. All of these transactions are exempt from ERISA's prohibited transaction rules.

2. Summary of Significant Accounting Policies

Basis of Accounting: The accompanying financial statements for the Plan have been prepared in conformity with U.S. generally accepted accounting principles (U.S. GAAP) on the accrual basis of accounting.

Valuation of Investments: The Plan's investments are stated at fair value in accordance with Accounting Standards Codification Topic 820, Fair Value Measurement (ASC 820). Mutual funds are valued at the quoted market price, which represents the net asset value of shares held by the Plan at year-end. These mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value and to transact at that price. Hess Corporation common stock is valued based on the closing market price on the NYSE at year-end. See Note 3, Fair Value Measurements.

Notes Receivable from Participants: Notes receivable from participants are stated at their outstanding principal balances plus any accrued interest.

Interest and Dividend Income: Interest and dividend income is recorded in participant accounts as earned. Dividends are recorded on the ex-dividend date.

Sale of Investments: Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/depreciation in the fair value of investments includes gains and losses realized on investments bought and sold, as well as changes in the fair value of investments held during the year. Gains or losses on sales of Hess Corporation common stock and mutual funds in the Plan are based on average cost.

Benefit Payments: Distributions of benefits to participants are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan invests in various mutual funds and in Hess Corporation common stock. Investment securities are exposed to various risks, such as overall market volatility, commodity prices, interest rates, foreign exchange rates, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

3. Fair Value Measurements

The provisions of ASC 820 establish a hierarchy for the inputs used to measure fair value based on the source of the input, which generally range from quoted prices for identical instruments in a principal trading market (Level 1) to estimates determined using related market data (Level 3). Measurements derived indirectly from observable inputs or from quoted prices from markets that are less liquid are considered Level 2. Multiple inputs may be used to measure fair value; however, the level of fair value for each financial asset presented below is based on the lowest level of any significant input.

The following table provides the fair value hierarchy of the Plan's financial assets:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total assets at fair value	<u>\$ 835,400,292</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 835,400,292</u>

Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan. Hess Corporation common stock values are based on the closing market price on the NYSE, which is the primary exchange on which the stock is traded.

4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, the net assets of the Plan may be distributed to participants in accordance with the Plan's provisions and applicable law.

5. Tax Status

The Plan received its most recent determination letter from the Internal Revenue Service dated January 9, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and therefore the Plan is exempt from taxation. The Plan was amended and restated subsequent to the receipt of the determination letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan, as amended and restated, is being operated in compliance with the applicable requirements of the Code, and therefore believes the Plan is qualified and remains tax exempt under the Code.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by regulatory authorities; however, there are currently no open audits for any tax periods.
