EMERALD PACKAGING, INC. EMPLOYEES' 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

August 31, 2021

Note 1 - Description of Plan:

The following description of the Emerald Packaging, Inc. (the "Company") Employees' 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution and profit sharing plan established on September 1, 1966, and was subsequently amended and restated on September 1, 2015. The Plan provides benefits for eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is the Plan administrator and retains the services of a third party to assist in the administration of the Plan. Through April 16, 2021, the Plan's trustee and third party administrator was Wells Fargo Bank, N.A. ("Wells Fargo"). Effective April 17, 2021 and through August 31, 2021, the Plan's trustee and third party administrator is Principal Trust Company ("Principal")

Eligibility - Effective January 1, 2016 all eligible employees of the Company are eligible to participant in the Plan on their hire date. Eligibility requirements exclude employees who are non-resident aliens.

The Plan includes an automatic enrollment provision whereby newly hired employees will be automatically enrolled into the Plan on the next first day of the month following their hire date. Those automatically enrolled have their deferrals initially set at 2% and are subject to a 1% elective deferral increase each January 1st until the percentage reaches a maximum of 10% elective deferral. The employee may elect not to participate in the Plan.

Participant contributions - Each year, participants may elect to contribute up to 100% of their compensation subject to the maximum allowed under section 401(k) of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make "catch-up" contributions, subject to statutory limits. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Participants direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investment options daily. Deferrals consist of pre-tax 401(k) contributions and Roth 401(k) contributions.

Note 1 - Description of Plan (continued):

Employer contributions - The Company may, at their sole discretion, make employer matching, and profit sharing contributions at the option of the Company's management. For the year ended August 31, 2021, the Company made total discretionary matching contributions of approximately $200,000 and profit sharing contributions of approximately $9,000. For the year ended August 31, 2021, approximately $9,000 of Plan forfeitures were allocated to participants as nonelective profit sharing contributions.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's matching and profit sharing contributions, and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Some Plan investments are units of funds managed by the trustee. Therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting - Participants must complete at least 1,000 hours of service during a vesting computation period to receive credit for a year of service, which measures a twelve consecutive month period of service based on the plan year. The Plan provides a six-year graded vesting schedule, which provides for 20% vesting after two years of credited service with increases of 20% each year thereafter until fully vested.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the current prime lending rate, plus 2%. Loan terms range from one to five years, but may not exceed five years except for loans used for a purchase of a primary residence, which may be repaid over a longer period of up to fifteen years. Participants may not have more than one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions.

Note 1 - Description of Plan (continued):

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In service distributions of a participant's vested account balance are permitted providing the participant has attained age 59 and ½, hardship (safe harbor), disability, and deemed severance distributions are permitted, however a participant may not receive an in-service withdrawal from Roth deferrals. In addition, a participant may not receive an in-service distribution upon attaining age 59 and ½ unless the participant is 100% vested in the distributing account, this limitation does not apply to distributions for deemed severance of employment. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account or installments only if the participant is subject to lifetime required minimum distributions. Unless otherwise instructed by the participant, participants with vested account balances of $1,000 or less upon separation will receive a lump sum cash payout.

Forfeitures - Forfeitures are retained in the Plan and will be used to pay administrative expenses and to allocate to participants as additional discretionary nonelective contributions. Forfeitures remaining in the Plan as of August 31, 2021 and 2020 were approximately $9,000 and $114,400, respectively. For the year ended August 31, 2021, approximately $44,000 of Plan forfeitures were allocated to participants as employer contributions. Additionally, approximately $67,000 of plan forfeitures were reallocated to participants to correct a prior year vesting calculation.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Company. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2 - Significant accounting policies:

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 2 - Significant accounting policies (continued):

Investment valuation and income recognition - The Plan's investments are stated at fair value. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The collective trust funds are composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust funds, the issuer reserves the right to require 12 months notification in order to ensure that the securities liquidations will be carried out in an orderly business manner.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investments companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities that the entity has the ability to access;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value calculation may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair value (continued):

The following table represents the fair value hierarchy for the Plan's financial assets measured at fair market value on a recurring basis as of August 31, 2021 (Level 1 inputs are defined above):

	Fair Value Measurements Using Input Type	
	Level 1	Total
Mutual fund accounts	$ 12,475,604	$ 12,475,604
Investments measured at net asset value (a)	-	5,825,656
Total investments measured at fair value	$ 12,475,604	$ 18,301,260

The following table represents the fair value hierarchy for the Plan's financial assets measured at fair market value on a recurring basis as of August 31, 2020:

	Fair Value Measurements Using Input Type	
	Level 1	Total
Mutual fund accounts	$ 9,798,260	$ 9,798,260
Investments measured at net asset value (a)	-	6,317,977
Total investments measured at fair value	$ 9,798,260	$ 16,116,237

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4 - Investments:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent accountants did not perform any auditing procedures with respect to this information certified by Wells Fargo and Principal, the trustees of the Plan, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The following information, included in the financial statements and supplemental schedule was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of August 31, 2021 and 2020.

- Notes receivable from participants as shown in the Statement of Net Assets Available for Benefits as of August 31, 2021 and 2020.

- Investment income and other income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.

- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of August 31, 2021.

Note 5 - Party-in-interest transactions:

At August 31, 2021, the Plan did not hold investments available for benefits in Principal mutual funds or common collective trust funds. Principal serves as the plan's trustee and third party administrator. Wells Fargo served as the Plan's trustee and third party administrator through April 16, 2021 and for the year ended August, 31, 2020. At August 31, 2020, the Plan held for investment approximately $6,318,000 in Wells Fargo common collective trust funds.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Income tax status:

The prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Subsequent to receiving this opinion letter, the prototype plan was amended. The Plan administrator believes that the amended prototype plan, as adopted by the Company, is operating in compliance with the requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
