The Plan was last amended September 1, 2018. The Plan covers all employees of Redneck, Inc (the "Company") and certain affiliated businesses, who are age eighteen or older. Employees may begin deferring 30 days following employment. Company matching and qualified non-elective contributions are discretionary. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Participants may contribute a portion of their annual compensation, as defined by the Plan document, by way of salary reductions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants have their deferral rates automatically escalated by 1 percent annually up to 10 percent. The Company makes discretionary non-elective contributions to participants who have at least one year of service and 1,000 hours. During the years ended August 31, 2021 and 2020, the discretionary non-elective contribution was equal to 100 percent of the first 2 percent and 50 percent of the next 2 percent of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company. During the year ended August 31, 2021 the Company did not make a profit sharing contribution to the Plan. Contributions are subject to certain IRS limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRA's. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts - Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN – CONTINUED

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after six years of continuous service. The non-vested balance is forfeited upon termination of service.

If a participant dies, becomes disabled, or reaches the normal retirement age of 65 while employed by the Company, his or her interest in the Company's contributions becomes 100% vested without regard to his or her years of continuous service.

Notes receivable from participants - The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of the loan shall be $1,000. The maximum amount of a participant's loan is determined by the available loan balances restricted to the lesser of $50,000 or one half of the value of the participant's vested account balance (as of the valuation date immediately preceding the date on which such loan is approved). All loans are secured by the pledge of the participant's vested account balance, not to exceed the balances of the loans, and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings. The loans will bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator.

Notes receivable from participants are measured at their unpaid principal balance. If a participant terminates employment, the loan is immediately due. A loan is considered to be in default if a participant fails to make all or any part of a required loan repayment by the end of the calendar quarter following the quarter in which such payment was due. Outstanding loan balances in default will be treated as outstanding for the purposes of determining any future loan amounts. In the event of default, the outstanding balance of the loan, including accrued interest, will be treated as a deemed distribution subject to federal income tax.

Forfeited accounts - Participants who terminate their employment and are less than 100% vested in their employer account will forfeit the non-vested portion. Forfeitures are reallocated to participants in the following plan year. The forfeited non-vested account balance was $110,759 and $85,705 at August 31, 2021 and 2020, respectively. $153,006 of forfeitures were reallocated to participants on April 1, 2020.

Payment of benefits - Participants are eligible for distributions from the Plan upon attaining the normal retirement age, or upon death, disability or termination of employment. The Plan allows for in-service distributions for hardship distributions subject to Plan provisions. If a participant terminated employment and the participant's account balance does not exceed $5,000, the Plan administrator will authorize the benefit payment without the participant's consent.

NOTE 1: DESCRIPTION OF PLAN – CONTINUED

Investment options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, as well as a stable value collective trust fund, as investment options for participants.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of accounting - Effective January 1, 2022, the Plan has merged with the Dexter 401(k) Retirement Plan. As of December 31, 2021, the Plan has transferred all assets out and, accordingly, revalued its assets to the amounts expected to be collected during liquidation.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Revenue sharing - The Plan participates in a revenue sharing agreement with certain providers. During the years ended August 31, 2021 and 2020, the Plan received $29,847 and $26,305, respectively, which were offset against investment advisory fees. The net fees are included in administrative expenses in the financial statements.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Subsequent events - Management has evaluated subsequent events through June 8, 2022, the date which the financial statements were available to be issued.

NOTE 3: CERTIFIED INFORMATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2530.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of assets available for benefits as of August 31, 2021 and 2020, the schedule of assets held for investment purposes as of August 31, 2021, and the related investment activity reflected in the statements of changes in assets available for benefits for the years ended August 31, 2021 and 2020.

NOTE 4: PARTY-IN INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association, or relatives of such persons. Certain plan investments are shares of investments managed by, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan and, therefore, these transactions qualify as party-in interest transactions. The Plan incurs expenses related to general administration and record keeping. The plan sponsor pays a portion of these expenses and certain accounting and auditing fees relating to the Plan.

NOTE 5: PLAN TERMINATION

The Company is 100% owned by Dexter Axle Company. Effective January 1, 2022, the Plan was merged with and restated to read identically to the Dexter 401(k) Retirement Savings Plan and simultaneously the assets of Redneck, Inc Employees' 401(k) Profit Sharing Plan were transferred to and merged with the assets of the Dexter 401(k) Retirement Savings Plan.

As of December 31, 2021, all assets have been transferred out of the plan.

NOTE 6: TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014, on the Plan received from the Internal Revenue Service indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The Plan has been amended since receiving the opinion letter.

NOTE 6: TAX STATUS – CONTINUED

However the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 7: SEPARATED PARTICIPANTS

At August 31, 2021 and 2020, the vested account balances of all terminated employees was $4,616,008 and $3,755,466, respectively.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes would materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 9: FAIR VALUE MEASUREMENTS – CONTINUED

Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 31, 2021 and 2020.

Mutual funds:

Valued at the daily closing price reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund:

A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 9: FAIR VALUE MEASUREMENTS – CONTINUED

The preceding methods described may produce a fair calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, with in the fair value hierarchy, the plan's assets at fair value as of August 31, 2021 and 2020:

Assets at Fair Value as of August 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	$20,725,755	-	-	$20,725,755
Total assets in the fair value hierarchy	20,725,755	-	-	20,725,755
Investments measured at net asset value [(a)]	-	-	-	717,166
Investments at fair value	$20,725,755	-	-	$21,442,921

Assets at Fair Value as of August 31, 2020

	Level 1	Level 2	Level 3	Total

Investments measured at net asset value [(a)]	-	-	-	477,481

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of assets available for benefits.

NOTE 9: FAIR VALUE MEASUREMENTS – CONTINUED

Investments Measured using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of as of August 31, 2021 and 2020, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

August 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund	$ 717,166	n/a	Daily	90 days

August 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund	$ 477,481	n/a	Daily	90 days

NOTE 10: EXTRAORDINARY CIRCUMSTANCES

The COVID-19 outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has negatively impacted the world economy. As a result, the Plan's investment portfolio experienced unusual volatility during 2020. However, because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of gains or losses that will be recognized in subsequent periods cannot be determined. The extent to which COVID-19 may impact the Plan's financial statements is uncertain and no adjustments relating to the effects of this pandemic have been made.
