Independent Auditors' Report

Plan Administrator
Bank First Retirement Plan
Manitowoc, Wisconsin

Opinion

We have audited the accompanying financial statements of the Bank First Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Bank First Retirement Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bank First Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank First Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bank First Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bank First Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BANK FIRST RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - Description of Plan

The following description of the Bank First Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan (most recently amended and restated January 1, 2020) established by Bank First Corporation for the benefit of eligible employees of its wholly-owned subsidiary, Bank First, N.A. (collectively referred to as "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), the employee savings regulations under Section 401(k), and the employee stock ownership plan regulations under Section 4975(e)(7), of the Internal Revenue Code. Employees are eligible to participate in the Plan upon attaining 18 years of age and three months of service. Temporary employees and individuals the Employer regards as independent contractors are not eligible to participate in the Plan.

Contributions - Participants may elect to contribute a portion of their compensation to the Plan, not to exceed the amount allowed by the Internal Revenue Service ("IRS"). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may elect to have any portion, or all, of their contributions designated as Roth 401(k) contributions. The Plan includes a provision for automatic pretax elective deferral contributions. The provision applies when an employee first becomes eligible to make elective deferral contributions. The automatic deferral rate is 4% of compensation with automatic yearly increases of 1% (to a maximum of 10%). Employees have the right to change their deferral percentage or to elect not to make contributions.

The Company may elect to make a matching contribution to eligible participants. The discretionary match for 2021 and 2020 was 35% of employee contributions to the Plan, up to 3.5% of participants' eligible compensation. Matching contributions were \$569,331 and \$556,176 for the years ended December 31, 2021 and 2020, respectively. The Company may also make a profit sharing contribution to the Plan as approved annually by the Company's Board of Directors Compensation Committee. Profit sharing contributions were \$644,192 and \$648,420 for the years ended December 31, 2021 and 2020, respectively.

Participant Accounts - Each participant's account is credited with the participant's contribution, Company matching contributions, and allocations of (a) Company profit sharing contributions, (b) Plan earnings, and (c) administrative expenses. Allocations of Company profit sharing contributions are based on the proportion that each participant's compensation bears to the total of all participants. Allocations of Plan earnings are based on the proportion that each participant's account bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants have the ability to direct employee and Company contributions to investment options offered by the Plan.

Vesting - Participants are fully vested in the value of their accounts created by their own contributions and Company matching contributions. Vesting in the Employer Contribution Account balance (profit sharing) is based on years of continuous service. A participant is 100 percent vested at the time of death, attainment of normal retirement age, disability, or after six years of credited service with the Company.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 1 - Description of Plan (Continued)

Participant Loans - Participant loans are not allowed in this Plan.

Payments of Benefits - On termination of service, a participant whose vested account balance does not exceed \$5,000 will receive a lump sum distribution of the vested amount. Participants whose vested account balance exceeds \$5,000, may elect when to receive as benefits the entire vested amount credited to their accounts as of that date as a single lump sum distribution. Certain withdrawals are permitted during employment, as defined in the Plan. Account balances will be distributed in cash or shares of Company stock, as determined by the Plan administrator, unless a participant requests a distribution of their account balance in shares of Company stock (with fractional shares being paid in cash).

Voting Rights - Participants are entitled to instruct the trustee as to how to vote the Company stock allocated to his or her account. The Plan administrator will direct the trustee how to vote the unallocated Company stock and the allocated Company stock for which no voting instructions have been received.

Administrative Expenses - All administrative expenses may be paid out of the Plan unless paid by the Company. Expenses were paid by both the Plan and the Company during 2021.

Forfeited Accounts - At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$109,023 and \$29,120, respectively. These amounts will be allocated to remaining participant accounts as additional profit sharing contributions. \$29,944 from forfeited nonvested accounts was allocated to participants during the year ended December 31, 2021.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of a termination, all participants will immediately become 100% vested in their accounts for all sources of contributions and distributed in accordance with the Plan's provisions.

NOTE 2 - Summary of Significant Accounting Policies

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements and supplemental schedule is as follows:

Basis of Accounting and Presentation - The financial statements of the Plan are prepared using the accrual method of accounting and are presented in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) as codified by the Financial Accounting Standards Board.

Risks and Uncertainties – The Plan, at the direction of its participants, invests in various investment securities. The Plan's investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

NOTE 3 - Concentrations

The Plan's investments that represented 10 percent or more of the Plan's net assets available for benefits as of December 31, 2021 and 2020 are as follows:

	DECEMBER 31,	
	<u>2021</u>	<u>2020</u>

* Bank First Corporation	\$ 24,571,045	\$ 23,788,201

* Represents party-in-interest

BANK FIRST RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

NOTE 4 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Quoted market prices in active markets for identical assets or liabilities that a company has the ability to access at the measurement date.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 – Significant unobservable inputs for the asset or liability, which are typically based on an entity's own assumption, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Interest-bearing cash: Valued at cost which approximates fair value based on the variability of the crediting interest rate on these funds.
- Common stock: Common stock within the Plan was valued at the closing price reported on the active market on which the individual securities are traded.
- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common collective fund and pooled separate funds: Valued at the NAV of shares held by the Plan at year-end, provided by the administrator of the fund. The NAV is based on the value of the underlying assets of the fund minus its liabilities, and then divided by the number of shares outstanding. The NAV's share price is quoted on a private market that is not actively traded; however, the share price is based on underlying investments which are traded on an active market. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

NOTE 5 - Tax Status

The Plan obtained its most recent determination letter on April 21, 2015, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving this determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 6 - Transactions with Related Parties and Parties-in-Interest

Fees for legal and professional services rendered to the Plan may be paid for by the Company at its discretion. The Plan invests in a certain common trust fund that is managed by the Plan custodian. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Bank First Corporation serves as the Plan Sponsor. The Plan had the following transactions with Bank First Corporation common stock for the years ended December 31:

	2021	2020
Purchase of stock:		
Number of shares	18,858	13,644
Value of shares on transaction dates	\$ 1,341,197	\$ 820,844
In-kind transfers of stock out of Plan:		
Number of shares	8,252	52,409
Value of shares on transaction dates	\$ 572,111	\$ 3,071,907
Sales of stock:		
Number of shares	37,500	20,275
Value of shares on transaction dates	\$ 2,609,972	\$ 1,275,744

At December 31, 2021 and 2020, the Plan held 340,131 shares (all shares allocated to participants) and 366,989 shares (all shares allocated to participants), respectively of Bank First Corporation common stock.
