INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
American Psychiatric Association Pension Plan
Washington, D.C.

Opinion

We have audited the accompanying financial statements of the American Psychiatric Association Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (liquidation basis) as of November 18, 2021 and December 31, 2020, and the related statements of change in net assets available for benefits and change in accumulated plan benefits (liquidation basis) for the period January 1, 2021 through November 18, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (liquidation basis) as of November 18, 2021 and December 31, 2020, and the changes in its net assets available for benefits and change in its accumulated plan benefits (liquidation basis) for the period January 1, 2021 through November 18, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 6 to the financial statements, the Board of Directors of the Plan approved a plan of liquidation during 2019, and management determined liquidation was imminent in 2020 and 2021. As a result, the Plan financial statements are prepared on the liquidation basis of accounting for the period January 1, 2021 through November 18, 2021 and the year ended December 31, 2020. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

MEMBER OF CPAMERICA INTERNATIONAL, AN AFFILIATE OF CROWE GLOBAL
MEMBER OF THE AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS' PRIVATE COMPANIES PRACTICE SECTION

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Reportable Transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMERICAN PSYCHIATRIC ASSOCIATION PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (LIQUIDATION BASIS) FOR THE PERIOD JANUARY 1, 2021 TO NOVEMBER 18, 2021

1. DESCRIPTION OF THE PLAN

The following is a brief description of the American Psychiatric Association Pension Plan (the Plan) and is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General -

The Plan was a defined benefit pension plan covering substantially all employees of the American Psychiatric Association (the Association) and American Psychiatric Publishing, Inc., a former related entity, hired prior to September 1, 2000. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was established January 1, 1989 by the Association in recognition of the contributions made to its successful operation by its employees and for the exclusive benefit of its eligible employees. The Plan was amended and restated January 1, 1997, amended on September 1, 2000, to close the Plan for all newly hired employees, and amended again in January 2002.

On December 31, 2013, the Plan was further amended to freeze all future benefit accruals for highly-compensated participants, effective January 1, 2013 and for all other participants, effective January 1, 2015. During the year ended December 31, 2019, the Board of Directors voted to terminate the Plan. See Note 6 for further discussion.

Eligibility -

Regular full-time and part-time employees who began employment at the Association before September 1, 2000, who completed at least one year or 1,000 hours of service during a Plan year prior to September 1, 2000, were eligible to participate in the Plan.

Participant accounts -

Under the Plan provisions, amounts are credited by the Association to the participants' hypothetical accounts. The accounts were allocated compensation credits and investment credits at the end of every quarter. The compensation credits were allocated based on a percentage of the participants' certified compensation as defined in the Plan document for that particular quarter. The applicable percentage was based on the participant's age, plus years of credit service (as defined in the Plan document) at the end of the quarter. Age and credited service were determined in whole years at the end of the quarter. Participants' hypothetical accounts also receive investment credits at the end of every quarter. The amount of the investment credit was tied to the average of the annual yields on 30-year treasury securities and was adjusted quarterly.

Pension benefits -

Eligible employees were entitled to monthly pension benefits beginning at the normal retirement age of 65. The benefit was generally equal to 0.52% of the participant's average monthly compensation, multiplied by the number of years of the participant's service since February 1, 1985. Average monthly compensation was the participant's average compensation received during the last five complete plan years.

Upon retirement, employees could elect to receive the value of their benefits under four separate payment terms: (1) life annuity with no payments after death, (2) a 50% joint and contingent annuity, (3) a 100% joint and contingent annuity or (4) life annuity with payments guaranteed for 120 months in the event of early death. The Plan also provided for early retirement.

AMERICAN PSYCHIATRIC ASSOCIATION PENSION PLAN

NOTES TO FINANCIAL STATEMENTS (LIQUIDATION BASIS) FOR THE PERIOD JANUARY 1, 2021 TO NOVEMBER 18, 2021

1. DESCRIPTION OF THE PLAN (Continued)

Pension benefits (continued) -

Benefits payable to a participant's retiring prior to age 65, but not earlier than age 60, and completion of five years of service, are equal to the participant's accrued benefit reduced by 5/9 of 1% for each month benefits commenced prior to age 65.

Death benefits -

If a participant died after five years of service, but before their normal retirement date, the participant's spouse received a retirement benefit for life. The benefit equaled the amount which would have been paid to the spouse had the participant lived to age 60, then retired under the 50% joint and survivor annuity option, and then immediately died. There was no provision for disability benefits.

Vesting -

Participants are 100% vested in the Plan.

Administration -

The general administration of the Plan and the responsibility for carrying out the provisions of the Plan is placed with the Plan Administrator. The appointment of this position is made by the Board of Trustees of the Association. The Custodian held all funds and investments owned by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting -

The accompanying financial statements are prepared on the liquidation basis of accounting and in accordance with FASB ASC 960, *Plan Accounting - Defined Benefit Pension Plans*.

The liquidation basis of accounting is required when liquidation is deemed imminent. As discussed in Note 6, the Plan elected to terminate and was ultimately approved by the PBGC and IRS, and therefore the criteria for imminent liquidation has been met. Under the liquidation basis of accounting, assets are measured and presented at their net realizable values, which is the amount expected to be collected in settling or disposing the assets. Liabilities are stated at their estimated settlement amounts. Estimates for future costs expected to be incurred during the liquidation period, including costs to dispose of assets are required to be accrued. In addition, any income, including dividends and interest, expected to be earned and collected on investments during the liquidation period are required to be recorded. These requirements were adopted for presenting the 2020 financial statements, and assets were distributed during 2021, and accordingly, no assets remain at the end of the reporting period.

Use of estimates -

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

AMERICAN PSYCHIATRIC ASSOCIATION PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (LIQUIDATION BASIS)
FOR THE PERIOD JANUARY 1, 2021 TO NOVEMBER 18, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Actuarial cost method -

The actuarial cost method used for the valuation of accumulated Plan benefits was the unit credit cost method. This method matched a pro-rata portion of the actual pension benefits expected to be paid in the future to the period of service over which it was accrued. There are no remaining accumulated Plan benefits as of November 18, 2021.

Funding requirements -

The Employee Retirement Security Act of 1974 requires that a "funding standard account" be maintained to determine whether plan contributions meet minimum requirements. There was no funding requirement for the Plan period under audit.

Administrative fees -

The Plan's fees are paid by either the Plan or the Association, as provided by the Plan document. Fees that are paid directly by the Association are excluded from these financial statements. Certain fees incurred in connection with the general administration of the Plan, which are paid by the Plan, are recorded as deductions in the accompanying Statement of Change in Net Assets Available for Plan Benefits.

In addition, certain investment-related expenses are included as a reduction in net depreciation in fair value of investments in the accompanying Statement of Change in Net Assets Available for Plan Benefits.

Payment of benefits -

Benefit payments to participants are recorded upon distribution. During the period January 1, 2021 through November 18, 2021 the Plan distributed all assets to participants who had the option of electing a lump sum payment or annuity payments under the purchase (transfer) of annuity contracts.

3. INVESTMENT INCOME

During the period January 1, 2021 through November 18, 2021, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) as follows:

Equity mutual funds	\$ 97,666
Fixed income mutual funds	(121,738)
Interest and dividends	<u>73,894</u>
TOTAL INVESTMENT INCOME	<u>\$ 49,822</u>

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS AND THE CHANGES THEREIN

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered.

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS AND THE CHANGES THEREIN (Continued)

Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' average compensation during the five consecutive years of service with the highest compensation. Benefits payable under all circumstances - retirement, death and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an actuary from Milliman, Inc., and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The Plan terminated in 2020 with final distributions of assets in 2021, and accordingly, there was no accumulated plan benefits for the reporting period January 1, 2021 through November 18, 2021.

5. FUNDING POLICY

Funding of the Plan was computed by using the Unit Credit Cost Method, which determines the appropriate level of contribution and spreads the cost of all participants' benefits over their respective employment lives. Actuarial gain and loss is the difference between the expected and actual Unfunded Actuarial Accrued Liability.

The Plan's funding policy is to make contributions to the Plan in amounts actuarially necessary to fund the benefits provided under the Plan; but the Association does not guarantee to do so.

The Association's contributions to the Plan for the period January 1, 2021 through November 18, 2021, were to fund the termination and final settlements of the Plan, which meet the minimum funding requirements of ERISA.

6. PLAN TERMINATION

During the year ended December 31, 2019, the Board of Directors voted to terminate the Plan. In a letter dated October 26, 2020, the PBGC and IRS approved the termination of the Plan with a proposed termination date of April 30, 2020.

The net assets of the Plan were allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in order indicated:

- i. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years or that employees eligible to retire for that three year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination;
- ii. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. Government agency, up to the applicable limitations as discussed below;
- iii. All other vested benefits (vested benefits not insured by the PBGC); and
- iv. All non-vested benefits.

6. PLAN TERMINATION (Continued)

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions.

However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, except those benefit improvements recently granted which are guaranteed on a phase-in basis.

However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single life annuity and are at least 65 years old at the time of retirement or Plan termination, whichever comes later. For younger annuitants, or for those who elect to receive their benefits in a form other than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

7. INCOME TAX STATUS

On January 1, 2020, the Plan submitted an application to the IRS for a determination of the Plan's continued qualified status as of the Plan's termination. On October 22, 2020, the IRS issued a favorable determination of the Plan's tax status that applies to the proposed termination date of April 30, 2020.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 18, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through April 26, 2022, the date the financial statements were issued.
