We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Manitowoc Company, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Manitowoc Company, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Manitowoc Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Manitowoc Company, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

Plan Description

The following description of The Manitowoc Company, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all salaried and hourly employees of participating companies of The Manitowoc Company, Inc. (the “Company”). Participating companies include the Company and all U.S. subsidiaries and affiliates of the Company, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company Retirement Plan Committee (the “Committee”) is responsible for oversight of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Board of Directors.

In 2021, the Company acquired substantially all of the assets of two businesses. Employees of the acquired businesses were allowed to rollover their assets and outstanding loans from legacy plans into the Plan. These transfers totaled approximately \$4,319,046, and included approximately \$351,642 of loan transfers, which are included as rollovers in the accompanying financial statements.

Contributions

Employees are automatically entered into the Plan after meeting the applicable eligibility requirements, with a deferral of 5% of their compensation unless they affirmatively elect an alternative deferral amount or elect not to participate in the Plan. Participants may elect to change this deferral to an alternative amount by electing a deferral between 0% to 75% of eligible compensation up to a maximum contribution subject to limitations established by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan allows direct rollovers from other qualified plans. Rollovers are not matched.

The Company contributes to non-union employees a matching contribution at the safe harbor match of 100% of the first 3% and 50% of the next 2% of contributed pay, which vests immediately. In addition, the Company contributes to certain union employees a matching contribution at the safe harbor match of 100% of the first 3% of contributed pay. The Company also provides an annual non-elective contribution to union employees and may also provide a discretionary profit-sharing contribution to non-union employees. In 2021 the Company made a profit-sharing contribution of \$1,859,268. In addition, in 2021, the Company made a non-elective contribution of \$267,524 on behalf of union employees. Total annual employer contributions to a participant’s account are limited to the lesser of 100% of the participant’s compensation for the year or the maximum contribution allowable under IRS regulations.

Participants’ Accounts

Each participant’s account is credited with the participant’s contributions, the Company’s contributions, an allocation of plan earnings/losses, and is reduced for participant’s withdrawals, investment expenses (based on account balances and participant investment elections), and an allocation of recordkeeping and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

All employee contributions, the Company matching contributions, and associated earnings are immediately vested.

Discretionary profit-sharing and non-elective contributions vest at a rate of 20% per year, with participants becoming fully vested after five years of service. Participants who leave the Company because of normal retirement, disability, or death are considered to be 100% vested.

Voting Rights on The Manitowoc Company, Inc. Common Stock ("Company Stock")

Voting rights for all Participants who own Company Stock in their account shall be determined in accordance with Code Section 409(e)(2). As provided under Code Section 409(e)(2), each Participant in the Plan is entitled to direct the Trustee as to the manner in which to vote all whole shares of Company Stock which are entitled to vote and are allocated in the account of such Participant. As required under ERISA, the Trustee shall vote all such shares in accordance with those instructions. Votes representing fractional shares of stock shall be voted in the same ratio, and for and against each issue, as the applicable vote directed by Participants with respect to whole shares of stock. Shares of Company Stock owned by the Plan, but not voted by the Participant to whose account such shares have been allocated shall be voted by the Trustee in its absolute discretion.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at prime plus 1%. Interest rates on existing loans within the Plan as of December 31, 2021, ranged from 4.25% to 7.00%. Notes are repaid through payroll deductions over a period not to exceed five years.

On April 16, 2020, the Retirement Plan Committee approved expansion of plan loan provisions under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") to permit higher loan limits (the lesser of \$100,000 or 100% of their vested balance) and a deferment of loan repayments until December 31, 2020.

Payment of Benefits

Plan benefits are available at normal retirement age (age 65), disability retirement, death, and termination of employment with vested interests. Benefits are payable in one lump sum, direct rollover, partial withdrawals, or installment payments. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½. Distributions may be made as soon as administratively feasible.

Forfeitures

As of December 31, 2021 and 2020, the forfeited non-vested account totaled \$103,878 and \$16,759 respectively. This account can be used to reduce future employer contributions. During 2021 and 2020, employer contributions were reduced by \$110,915 and \$0, respectively, from forfeited non-vested accounts. Forfeitures can also be used to offset plan expenses. During 2021 and 2020, forfeitures used to offset plan expenses were \$52,549 and \$70,273, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and trustee. See Note 3, "Fair Value Measurement," for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, and the participant has reached a distributable event, the participant loan balance is reduced, and a benefit payment is recorded.

Administrative Expenses

Administrative expenses, investment consulting, legal, and audit fees incurred by the Plan are paid from the assets of the Plan. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

3. Fair Value Measurement

Accounting Standards Codification ("ASC") Topic 820-10 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC Topic 820-10 classifies the inputs used to measure fair value into the following hierarchy:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities

Level 2 Unadjusted quoted prices in active markets for similar assets or liabilities, or

Unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or

Inputs other than quoted prices that are observable for the asset or liability

Level 3 Unobservable inputs for the asset or liability

The fair value measurement level within the fair value hierarchy of an asset or liability is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2021 and 2020.

Mutual funds: Mutual funds consist of publicly traded funds of registered investment companies. The fair value of these investments is determined by the underlying securities of the mutual funds and valued as Level 1 within the valuation hierarchy.

Company Stock: The Manitowoc Company, Inc common stock is based on the unadjusted quoted market price. The fair value of the stock is classified as Level 1 within the valuation hierarchy.

Common/collective trust funds: Valued at the net asset value ("NAV") of units held by the Plan at year-end, provided by the administrator of the fund. The NAV is based on the value of the underlying assets of the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

Fair Value Measurements as of December 31, 2021				
	(Level 1)	(Level 2)	(Level 3)	Fair value as of December 31, 2021

Total investments	\$ 155,966,407	\$ —	\$ —	\$ 305,314,222

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share as of December 31, 2020:

Investment	Fair Value	Fair Value Estimated Using Net Asset Value Per Share as of December 31, 2020			Redemption Notice Period

- (b) The objective of the Managed Income Portfolio II is to preserve the principal investment while earning a level of interest income that is consistent with principal preservation.

5. Party-in-Interest Transactions

Transactions involving the Company Stock and notes receivable from participants are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of ERISA regulations.

As of December 31, 2021 and 2020, the Plan held 604,812 and 681,005 shares of the Company Stock, respectively. The Company did not declare a dividend in 2021 and 2020.

Transactions involving investments administered by Fidelity, the Plan trustee, are considered party-in-interest transactions. These transactions are not, however, considered prohibited under ERISA regulations. As outlined in Note 2, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited under ERISA regulations.

6. Plan Termination

The Company intends to continue the Plan indefinitely; however, the Company reserves the right to terminate the Plan at any time. In the event of termination, all amounts credited to participants' accounts shall become 100% vested and distributed to participants in accordance with the Plan's provisions.

7. Tax-Exempt Status of the Plan

On March 31, 2014, the IRS declared that the Plan is qualified pursuant to Section 401 of the IRC. Plan management believes any amendments and events since the effective date of the last IRS determination letter do not affect the qualified status of the Plan. Accordingly, the Plan is exempt from federal and state income taxes under current provisions of their respective laws.

8. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
