NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Jack Doheny Companies, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Jack Doheny Companies, Inc. (the “Company”). Participation in the Plan is discretionary for all eligible employees who have attained the age 21. Employees are automatically eligible to participate in the Plan beginning the month following date of hire. The Plan was established by the Company on August 1, 1995, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”) was signed into law December 29, 2019, and the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was signed into law on March 27, 2020. These laws include several relief provisions available to tax-qualified retirement plans and their participants. The implementation of the provisions is at the discretion of plan management. Some of the significant provisions under the CARES Act allow qualified individuals to take coronavirus-related distributions and loans, as defined in the CARES Act, of up to \$100,000 during 2020; provide relief of loan repayment by allowing a one-year deferral of loan repayments due between March 27, 2020 and December 31, 2020; provide a temporary suspension for 2020 required minimum distributions and delay the commencement date for required minimum distributions.

The Plan has elected to adopt the temporary provisions of the CARES Act in accordance with applicable law and Internal Revenue Service (“IRS”) guidance.

Effective April 1, 2021, the Plan merged into another qualified plan, Trion Solutions, Inc. 401(k) Profit Sharing Plan. Accordingly, all assets, participants, and their related account balances were transferred to the plan on June 30, 2021. The total amount transferred on June 30, 2021 was \$15,795,374. This does not constitute a plan termination.

Trustee

Principal Trust Company is the Plan’s trustee. Principal Trust Company invests all participant and employer contributions, as well as earnings thereon, pursuant to the terms of the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Contributions

The Plan allows participants to elect to defer a portion of their compensation up to 100%, including any catch-up contributions for participants who have attained age 50, not to exceed the maximum amounts allowed for by the Internal Revenue Code and the plan documents. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions, including their employer contribution, into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The amount of the participant's deferred compensation is treated as a participant elective contribution, allocated to that participant's elective account, and is 100% vested at the time of contribution. Any portion of this contribution can be elected by the participant as a Roth contribution.

The Company provides for a safe harbor employer contribution to the Plan up to 3% of participants' eligible compensation plus 50% of salary deferral contributions from 3% to 5% of pay for the payroll period.

The Company may also make a discretionary contribution in an amount as determined by the Company's board of directors. There were no discretionary contributions made during 2021. Contributions are accumulated and invested as directed by the participants in a trust fund held by the trustee.

Participant Accounts

Each participant's account is credited with an allocation of (a) the Company's discretionary matching contribution; (b) the Company's discretionary contribution; (c) the participants' voluntary contributions, transfer contributions, and rollover contributions; (d) forfeitures of terminated participants' non-vested accounts; and (e) Plan earnings. The accounts are charged for any withdrawals, distributions, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

The Plan provides that participants have no vested interest in the Company contributions until they have completed two years of service, at which time they become 50% vested. Vesting increases by 25% each year up to 100% after four years of plan participation and service. An employee is considered to have completed one (1) year of service for purposes of vesting upon the completion of 1,000 hours of service at any time during a plan year.

NOTES TO FINANCIAL STATEMENTS
June 30, 2021 and December 31, 2020

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting (Continued)

Participants are fully vested immediately with respect to employee contributions, rollovers, and earnings thereon.

Participants are immediately 100% vested in Company discretionary matching and discretionary contributions upon reaching retirement age, death, or disability, prior to termination of employment.

Forfeitures

Forfeitures are used to pay Plan expenses. Any remaining forfeitures will be used to reduce employer contributions. If any forfeitures remain, they are to be allocated to participants. At June 30, 2021 and December 31, 2020, forfeited account balances totaled \$-0- and \$11,539, respectively. During the period of January 1, 2021 to June 30, 2021, forfeitures in the amount of \$9,044 were used to pay Plan expenses, and \$1,813 were used to reduce employer contributions. The remaining forfeitures were transferred to the Trion Solutions, Inc. 401(k) Profit Sharing Plan.

Payment of Vested Benefits

Participants, or their beneficiaries, are entitled to receive the entire amount of their interest in the Plan upon retirement, death, disability, employment termination, reaching the age of 65 or qualifying for a hardship distribution, as defined in the Plan. Early retirement is not permitted. On termination of service, a participant receives a lump-sum amount equal to the vested balance of a participant's account. At June 30, 2021, there were no requested distributions that had not been paid as of the Plan year end.

Notes Receivable from Participants

Other than as defined in the CARES Act provisions, participants may borrow from their fund accounts at minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the vested balance in the participant's account. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. The term of such loans may not exceed 5 years, except in the case of a loan for the purchase of a principal residence which may not exceed 10 years. Participants may only have one outstanding loan at a time, with a maximum of two loans taken in a 12 month period. Principal and interest is paid ratably through payroll deductions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of certain accounting policies followed in the preparation of the financial statements.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The stable value collective trust and the pooled separate accounts are valued at net asset value ("NAV") per share or its equivalent of the funds, which are based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices. See Note 4 for additional discussion of fair value measures.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2021 and December 31, 2020. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

June 30, 2021 and December 31, 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with the corresponding reduction to contributions. The Plan had no excess contributions payable at June 30, 2021 and December 31, 2020.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the plan sponsor. Expenses paid by the plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and participant distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in the fair value of investments. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

Subsequent Events

The plan administrator has performed a review of events subsequent June 30, 2021 through April 7, 2022, the date the financial statements were available to be issued and has determined that there are no material events that have occurred during this period.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at June 30, 2021 and December 31, 2020, and net appreciation in the fair value of investments, interest and dividends for the period January 1, 2021 to June 30, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company (the custodian of the Plan).

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

JACK DOHENY COMPANIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
June 30, 2021 and December 31, 2020

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts and stable value collective trust fund: Valued at the NAV of units held by the Plan at year end. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the particular fund will sell the investment for an amount different from the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2020. There were no plan assets as of June 30, 2021.

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,427,733	\$ -	\$ -	\$ 14,427,733
Total assets in the fair value hierarchy	14,427,733	-	-	14,427,733
Investments measured at NAV ^(a)	-	-	-	557,936
Total assets at fair value	<u>\$ 14,427,733</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,985,669</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset per share practical expedient as of December 31, 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund - Putnam	\$ 540,451	N/A	Daily	N/A
Stable Value Fund (75) ^(a)				
Pooled separate accounts ^(a)	<u>17,485</u>	N/A	30 Days	N/A
	<u>\$ 557,936</u>			

(a) The fair value of the investments in this class have been estimated using the NAV of the Plan's ownership interest in the fund.

NOTE 5 – TAX STATUS

The Plan uses a prototype plan sponsored by Principal Life Insurance Company. The IRS has determined and informed the plan sponsor by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan itself is not required to and has not received a determination letter from the IRS.

JACK DOHENY COMPANIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
June 30, 2021 and December 31, 2020

NOTE 5 – TAX STATUS (Continued)

Although the Plan has been amended since receiving this letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of June 30, 2021 and December 31, 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan is subject to examination by the IRS for the statutory period.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. During the period January 1, 2021 to June 30, 2021, there were direct fees of \$15,446 paid to the trustee of the Plan. During the period of January 1, 2021 to June 30, 2021 and the year ended December 31, 2020, there were transactions involving the investment of plan assets in investment funds managed by Principal Trust Company, a party-in-interest as defined in Section 3(14) of ERISA. Indirect fees paid by the Plan for investment management services are included in the net appreciation in the fair value of investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in employer contributions. See Note 1 for additional discussion regarding the Plan's merger.

JACK DOHENY COMPANIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
June 30, 2021 and December 31, 2020

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of the COVID-19 pandemic, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, causing substantial fluctuations in the value of the Plan's investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:
