Independent Auditor's Report

To the Plan Administrator of the Liquidity Services, Inc. 401k Profit Sharing Plan:

Opinion

We have audited the financial statements of the Liquidity Services, Inc. 401k Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the Financial Statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors whose report dated June 17, 2021, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2020 supplemental schedule were fairly stated in all material respects in relation to the financial statements as a whole.

Liquidity Services, Inc. 401k Profit Sharing Plan
Notes to the Financial Statements
As of December 31, 2021 and 2020, and for the Year Ended December 31, 2021

1. Description of Plan

General

The following description of the Liquidity Services, Inc. 401k Profit Sharing Plan (the Plan) provides only general information. Liquidity Services, Inc. (the Company or LSI) is the plan sponsor. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all US employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (Code) as amended by the Tax Reform Act of 1986 and subsequent legislation. Except for the exclusions noted within the Basic Plan Document No. 17 and Adoption Agreement No. 001, all U.S. employees age eighteen and older are eligible to contribute to the Plan beginning on the first of the month following the date of hire.

Transfer of Assets to the Plan

On November 1, 2021, the Company acquired Bid4Assets, Inc. (Bid4Assets). As a result, employees of Bid4Assets became eligible to participate in the Plan beginning on January 1, 2022, at which time participants were able to rollover their previous plan account balances and/or participant loan balances into the Plan.

Contributions

Participants may contribute, on a pre-tax or after-tax basis, up to 75% of their eligible earnings up to the maximum amount allowable by the Code (\$19,500 for 2021 and 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions from other qualified plans are permitted. Participants direct the investment of their contribution into various investment options offered by the Plan.

During the Plan year ended December 31, 2020, through April 2020, the plan was a safe harbor 401(k) plan. Employer safe harbor matching contributions were equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation, contributed to the Plan as deferral contributions. Participants 100% vested in these employer safe harbor matching contributions when they were made. Participants were given written notice describing their rights and obligations under the Plan generally 30 days to 90 days prior to the beginning of Plan years for which contributions were made. The Company was also allowed to make discretionary non-elective contributions. No such contributions were made through April 2020.

On April 20, 2020, and effective starting with the first payroll in May 2020, the Company changed its employer contributions from a safe harbor matching program to discretionary matching contributions and qualified non-elective contributions ("QNEC"). Included in Employer contributions receivable as of December 31, 2021, are \$907,596 and \$17,474, related to discretionary profit sharing and QNEC contributions, respectively. To be eligible to receive a discretionary match for the Plan year ended December 31, 2020, a participant must have contributed to the Plan during the Plan year. For Plan years beyond 2020, a participant must contribute to the Plan during the Plan year and be an active employee on the last day of the Plan year.

During the year ended December 31, 2021, the Plan implemented an auto-enrollment provision whereby all new eligible employees are automatically enrolled in the Plan during the first of the month following 30 days of service unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 5% of eligible compensation and their contributions invested in the Target Date Fund that corresponds most closely with the year the participant will turn age 65, until changed by the participant.

Liquidity Services, Inc. 401k Profit Sharing Plan
Notes to the Financial Statements (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and the allocations of the Plan's earnings. The Plan's earnings are allocated to each participant in the ratio that each such participant's account balance for each fund bears to the total balance in that fund of all eligible participants on the date of each such allocation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's Safe Harbor matching contributions plus actual earnings thereon, and such amounts are nonforfeitable. Participants are fully vested in the Company's non-elective discretionary contributions after three years. In the event the company has an annual discretionary match, those matches will vest 100% after one year of service. If someone already has one year of service at the time of the discretionary matching contribution, their match will vest immediately.

Payment of Benefits

On termination of service due to death, total disability, or retirement, a participant's account shall be distributed in a lump-sum payment equal to the value of the participant's account balance. Upon reaching age 59 ½, participants are permitted to withdraw upon request all or any portion of their account balance. On termination of employment, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Subject to certain restrictions, participants may also withdraw from their account for financial hardships. Upon distribution of benefits to a participant, any unvested amounts are forfeited to the Plan and may be used to reduce future Company contributions or pay for plan expenses. As of December 31, 2021 and 2020, the balance of forfeited funds was \$1,559 and \$716, respectively. Forfeitures used to reduce Company contributions for 2021 and 2020, were \$0 and \$1,523, respectively. Forfeitures used to pay for administrative expenses for 2021 and 2020, were \$41 and \$0, respectively. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must provide representation of insufficient cash or sufficient assets reasonably available to satisfy the financial need.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which allowed participants who were currently receiving required minimum distributions the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ended on December 31, 2020.

Investment Funds

At December 31, 2021 and 2020, all Plan investments were held by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

Company Stock Fund

The Plan invests in common stock of the Company through its Company Stock Fund. The Company Stock Fund allows real time stock processing and may also hold cash in order to process transactions, although this is expected to be a small percentage of the fund.

The Plan limits the amount a participant can invest in the Company Stock Fund to 30% to encourage diversification of participants' accounts. In addition, a participant may not transfer amounts from other investment funds into the Company Stock

Liquidity Services, Inc. 401k Profit Sharing Plan
Notes to the Financial Statements (continued)

Fund to the extent the transfer would result in more than 30% of the participant's total account balance being invested in the Company Stock Fund.

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the Company prior to the time that such rights may be exercised.

Participant Loans

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000, or 50% of their account balance, per the provisions set forth in the Plan document. Participants may have no more than one loan at a time. Loans are issued with repayment terms that do not exceed 60 months, are secured by the balance in the participant's account, and bear interest at the prime rate as reported by Thomson Reuters plus 1%. In the event the loan proceeds are to be applied to the purchase of the applicant's primary residence, the loan duration may exceed five years.

Under the CARES Act, participants could request a delay of note repayments for amounts otherwise due between March 27, 2020 and December 31, 2020, with the unpaid interest being re-amortized across the remainder of the loan and payments re-commencing in January 2021.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue the Company's contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as professional and loan fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Liquidity Services, Inc. 401k Profit Sharing Plan
Notes to the Financial Statements (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Mutual funds and Company stock are valued based on quoted market prices in an active market. See Note 3 *Fair Value Measurements*, for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses generally consist of record keeping and Fidelity Management Trust Company fees. Substantially all of the Plan's administrative expenses are paid by the employee. Administrative expenses included in the Statement of changes in net assets available for benefits are expenses that have been specifically identified as expenses of the Plan.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in markets that are not active;
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs to the valuation methodology are unobservable inputs for the asset or liability (i.e., supported by little or no market activity) and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

We value our mutual funds, common trust funds and company stock held at fair value using the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds and company stock that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Common trust funds are also valued based upon their daily net asset value and can be traded daily. The mutual funds, common trusts and company stock held by the Plan are actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other markets participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Investment Risks

The Plan provides for investments in various investment securities, which are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balance and the amounts reported in the statement of net assets available for benefits.

6. Parties-in-interest Transactions

The Plan holds mutual funds managed by Fidelity Management Trust Company, the trustee and record keeper for the Plan. The Plan also holds common stock of the Company. At December 31, 2021, the Plan held shares of the Company valued at \$448,713. At December 31, 2020, the Plan held shares of the Company valued at \$632,800. No dividends were received from shares of the Company during the year ended December 31, 2021. These transactions qualify as parties-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

Notes to the Financial Statements (continued)

7. Subsequent Events

The Plan has evaluated subsequent events through June 16, 2022, the date the financial statements were available to be issued.

Independent Auditor's Report

To the Plan Administrator of the Liquidity Services, Inc. 401k Profit Sharing Plan:

Opinion

We have audited the financial statements of the Liquidity Services, Inc. 401k Profit Sharing Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the Financial Statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors whose report dated June 17, 2021, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2020 supplemental schedule were fairly stated in all material respects in relation to the financial statements as a whole.

Notes to the Financial Statements
As of December 31, 2021 and 2020, and for the Year Ended December 31, 2021

1. Description of Plan

General

The following description of the Liquidity Services, Inc. 401k Profit Sharing Plan (the Plan) provides only general information. Liquidity Services, Inc. (the Company or LSI) is the plan sponsor. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all US employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (Code) as amended by the Tax Reform Act of 1986 and subsequent legislation. Except for the exclusions noted within the Basic Plan Document No. 17 and Adoption Agreement No. 001, all U.S. employees age eighteen and older are eligible to contribute to the Plan beginning on the first of the month following the date of hire.

Transfer of Assets to the Plan

On November 1, 2021, the Company acquired Bid4Assets, Inc. (Bid4Assets). As a result, employees of Bid4Assets became eligible to participate in the Plan beginning on January 1, 2022, at which time participants were able to rollover their previous plan account balances and/or participant loan balances into the Plan.

Contributions

Participants may contribute, on a pre-tax or after-tax basis, up to 75% of their eligible earnings up to the maximum amount allowable by the Code (\$19,500 for 2021 and 2020). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions from other qualified plans are permitted. Participants direct the investment of their contribution into various investment options offered by the Plan.

During the Plan year ended December 31, 2020, through April 2020, the plan was a safe harbor 401(k) plan. Employer safe harbor matching contributions were equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation, contributed to the Plan as deferral contributions. Participants 100% vested in these employer safe harbor matching contributions when they were made. Participants were given written notice describing their rights and obligations under the Plan generally 30 days to 90 days prior to the beginning of Plan years for which contributions were made. The Company was also allowed to make discretionary non-elective contributions. No such contributions were made through April 2020.

On April 20, 2020, and effective starting with the first payroll in May 2020, the Company changed its employer contributions from a safe harbor matching program to discretionary matching contributions and qualified non-elective contributions ("QNEC"). Included in Employer contributions receivable as of December 31, 2021, are \$907,596 and \$17,474, related to discretionary profit sharing and QNEC contributions, respectively. To be eligible to receive a discretionary match for the Plan year ended December 31, 2020, a participant must have contributed to the Plan during the Plan year. For Plan years beyond 2020, a participant must contribute to the Plan during the Plan year and be an active employee on the last day of the Plan year.

During the year ended December 31, 2021, the Plan implemented an auto-enrollment provision whereby all new eligible employees are automatically enrolled in the Plan during the first of the month following 30 days of service unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 5% of eligible compensation and their contributions invested in the Target Date Fund that corresponds most closely with the year the participant will turn age 65, until changed by the participant.

Notes to the Financial Statements (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and the allocations of the Plan's earnings. The Plan's earnings are allocated to each participant in the ratio that each such participant's account balance for each fund bears to the total balance in that fund of all eligible participants on the date of each such allocation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's Safe Harbor matching contributions plus actual earnings thereon, and such amounts are nonforfeitable. Participants are fully vested in the Company's non-elective discretionary contributions after three years. In the event the company has an annual discretionary match, those matches will vest 100% after one year of service. If someone already has one year of service at the time of the discretionary matching contribution, their match will vest immediately.

Payment of Benefits

On termination of service due to death, total disability, or retirement, a participant's account shall be distributed in a lump-sum payment equal to the value of the participant's account balance. Upon reaching age 59 ½, participants are permitted to withdraw upon request all or any portion of their account balance. On termination of employment, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Subject to certain restrictions, participants may also withdraw from their account for financial hardships. Upon distribution of benefits to a participant, any unvested amounts are forfeited to the Plan and may be used to reduce future Company contributions or pay for plan expenses. As of December 31, 2021 and 2020, the balance of forfeited funds was \$1,559 and \$716, respectively. Forfeitures used to reduce Company contributions for 2021 and 2020, were \$0 and \$1,523, respectively. Forfeitures used to pay for administrative expenses for 2021 and 2020, were \$41 and \$0, respectively. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must provide representation of insufficient cash or sufficient assets reasonably available to satisfy the financial need.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which allowed participants who were currently receiving required minimum distributions the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ended on December 31, 2020.

Investment Funds

At December 31, 2021 and 2020, all Plan investments were held by Fidelity Management Trust Company (Fidelity), the trustee of the Plan.

Company Stock Fund

The Plan invests in common stock of the Company through its Company Stock Fund. The Company Stock Fund allows real time stock processing and may also hold cash in order to process transactions, although this is expected to be a small percentage of the fund.

The Plan limits the amount a participant can invest in the Company Stock Fund to 30% to encourage diversification of participants' accounts. In addition, a participant may not transfer amounts from other investment funds into the Company Stock

Liquidity Services, Inc. 401k Profit Sharing Plan
Notes to the Financial Statements (continued)

Fund to the extent the transfer would result in more than 30% of the participant's total account balance being invested in the Company Stock Fund.

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the Company prior to the time that such rights may be exercised.

Participant Loans

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000, or 50% of their account balance, per the provisions set forth in the Plan document. Participants may have no more than one loan at a time. Loans are issued with repayment terms that do not exceed 60 months, are secured by the balance in the participant's account, and bear interest at the prime rate as reported by Thomson Reuters plus 1%. In the event the loan proceeds are to be applied to the purchase of the applicant's primary residence, the loan duration may exceed five years.

Under the CARES Act, participants could request a delay of note repayments for amounts otherwise due between March 27, 2020 and December 31, 2020, with the unpaid interest being re-amortized across the remainder of the loan and payments re-commencing in January 2021.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue the Company's contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as professional and loan fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Liquidity Services, Inc. 401k Profit Sharing Plan
Notes to the Financial Statements (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Mutual funds and Company stock are valued based on quoted market prices in an active market. See Note 3 *Fair Value Measurements*, for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses generally consist of record keeping and Fidelity Management Trust Company fees. Substantially all of the Plan's administrative expenses are paid by the employee. Administrative expenses included in the Statement of changes in net assets available for benefits are expenses that have been specifically identified as expenses of the Plan.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in markets that are not active;
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals);
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs to the valuation methodology are unobservable inputs for the asset or liability (i.e., supported by little or no market activity) and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

We value our mutual funds, common trust funds and company stock held at fair value using the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds and company stock that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. Common trust funds are also valued based upon their daily net asset value and can be traded daily. The mutual funds, common trusts and company stock held by the Plan are actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other markets participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Investment Risks

The Plan provides for investments in various investment securities, which are exposed to various risks such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balance and the amounts reported in the statement of net assets available for benefits.

6. Parties-in-interest Transactions

The Plan holds mutual funds managed by Fidelity Management Trust Company, the trustee and record keeper for the Plan. The Plan also holds common stock of the Company. At December 31, 2021, the Plan held shares of the Company valued at \$448,713. At December 31, 2020, the Plan held shares of the Company valued at \$632,800. No dividends were received from shares of the Company during the year ended December 31, 2021. These transactions qualify as parties-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

7. Subsequent Events

The Plan has evaluated subsequent events through June 16, 2022, the date the financial statements were available to be issued.
