Report of Independent Auditors

The Plan Administrator
GAF, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the GAF, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 (referred to as the “supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated July 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan Administrator
GAF, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the GAF, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2021 (referred to as the “supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor’s Report on the 2020 Financial Statements

We were engaged to audit the financial statements of the Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the investment information certified by a qualified institution. In our report dated July 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on those financial statements, and (b) the form and content of the information included in those financial statements other than that derived from the certified investment information, were presented in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

GAF, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Plan Description

The following plan description is provided for general information purposes only. Participants of the GAF, LLC 401(k) Plan (the Plan) should refer to the Plan document for a more detailed and complete description of the Plan's provisions.

General

The Plan is sponsored by GAF, LLC (the Company, GAF, or the Plan Sponsor) and is a participant-directed defined contribution plan covering eligible employees of the Company and each of its affiliates that is a participating employer of the Plan. The Plan was established on January 1, 1983 and was most recently amended and restated effective January 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Automatic Enrollment

The Plan's eligible participants are automatically enrolled at a pre-tax deferral percentage of 6%, unless the participant makes an affirmative election to the contrary within 30 days of eligibility.

The pre-tax deferral percentages are automatically increased annually by 1% until the percentage reaches 15%.

Contributions

Participants determine into which investment funds made available under the Plan their individual contributions are directed. Contributions may be allocated to any combination of the investment funds in multiples of 1%. Participants are also permitted to change the allocation among investment funds for their future and previous contributions. Such changes are subject to certain Plan limitations.

Under the terms of the Plan, allowable contributions are outlined as follows:

Elective Contributions

Participants may elect to contribute up to 75% of their annual compensation, as defined, and contribute such amounts to the Plan as pre-tax or as Roth after-tax salary reduction contributions. In addition, participants may elect to automatically increase their rate of contribution to the Plan annually by 1%, 2% or 3% of their compensation, as defined.

GAF, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

In order to satisfy the nondiscrimination requirements of Section 401(k) of the Internal Revenue Code of 1986 (the Code), contributions are limited to the extent necessary so that the actual deferral percentage for the highly compensated group is in compliance with the limitations, as defined, by the Code. In addition, pre-tax contributions and Roth after-tax contributions were limited to a maximum of \$19,500 for 2021 and 2020, plus a “catch-up” contribution up to 10% of annual compensation, as defined, up to a maximum of \$6,500 for 2021 and 2020 for participants who have attained the age of 50 as of December 31 in such calendar year. Furthermore, in order to satisfy the rules of Section 415 of the Code, in no event shall the annual additions, as defined, exceed the lesser of \$58,000 and \$57,000 for 2021 and 2020, respectively, or 100% of a participant’s compensation, as defined.

Voluntary Contributions

Participants may elect to make voluntary after-tax contributions to the Plan, which shall not exceed 10% of their compensation, as defined, for the Plan year.

Employer Contributions

In accordance with the Plan, the Company makes matching contributions for each participant equal to 66-2/3% of each participant’s pre-tax and/or Roth after-tax contributions but not in excess of 4% of the participant’s eligible earnings for the Plan year, as defined. Additionally, for each Plan year, the employer contributes a non-matching contribution equal to 3% of each participant’s eligible earnings, as defined.

Eligibility

Generally, salaried and hourly employees who are not covered by a collective bargaining agreement are eligible to participate in the Plan immediately upon employment.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer’s contribution portion of the accounts of certain employees of the Company who are transferees in from other plans is based on years of continuous service, as defined. All other employees of the Company are vested immediately in the employer’s contributions. For 2021 and 2020, forfeitures used to reduce employer matching and basic contributions were \$77,084

GAF, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

and \$94,449, respectively. As of December 31, 2021 and 2020, forfeitures available to be used to reduce future employer matching and basic contributions or to pay reasonable expenses of Plan administration were \$422,522 and \$184,194, respectively.

Participant Accounts

Each participant's account reflects the participant's contributions and an allocation of the employer's contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers

Participants may elect to roll over amounts from other qualified plans or individual retirement accounts into this Plan upon submitting a Rollover Contribution form to Vanguard Fiduciary Trust Company (the Trustee or Vanguard).

Transfers from Other Qualified Plans

Participants may elect to transfer amounts from other qualified plans into the Plan as follows:

- (a) Participants who have an interest in another qualified employee benefit plan (as described in Section 401(a) of the Code) may transfer the lump-sum value of their accrued benefits directly into the Plan.
- (b) Participants may contribute amounts which were received from a qualified employee benefit plan in which they previously participated and which are permitted to be contributed to the Plan in accordance with the Code.

Payment of Benefits

Participants may withdraw funds from their vested account in the event of retirement, death, termination, or hardship withdrawal, as defined. In addition, upon attainment of 59½ years of age, participants may withdraw all or any portion of their remaining participant account balance in the Plan. Upon termination of employment or death of a participant, the vested account balance will be distributed to a participant or beneficiary either in the form of a lump-sum payment, rollover, or periodic installments. If the value of a participant's vested account balance exceeds \$5,000, the participant or beneficiary may elect to defer distribution in accordance with Plan provisions.

GAF, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

Hardship Withdrawals

The Plan allows a participant who has not attained the age of 59½ the ability to withdraw all or part of their vested participant account, except that portion which represents earnings on elective contributions, but only upon determination by the plan administrator that the participant has suffered an immediate and heavy financial need, as defined in the Plan. Such withdrawal shall not exceed the amount necessary to meet the immediate and heavy financial need.

Notes Receivable from Participants (Participant Loans)

The Plan allows participants to borrow against their aggregate balance outstanding in the Plan. Total loans to a participant cannot exceed the lesser of 50% of the participant's account balance based upon the most recent valuation up to a maximum amount of \$50,000 (reduced by the highest outstanding loan balance in the previous 12 months). The minimum amount of any loan granted to a participant shall be at least \$1,000, and the interest rate for each loan is based on prevailing market rates at the time the loan is approved. Loans are required to be repaid within five years, unless used to purchase or acquire a qualified dwelling. Loans are offset against the participant's account and the related portion does not share in any income, expenses, gains, or losses (other than the interest on the loan) which are realized by the Plan. The entire unpaid principal amount of the loan will become immediately due either upon the participant's termination of employment or a default in payment of either principal or interest. In the event of a default in payment, if the outstanding loan balance is not paid in full, it is treated as a deemed distribution, for which the participant is required to pay taxes and penalties.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. The CARES Act defined a qualified individual as a participant who had COVID-19 or experienced financial impact as a result of COVID-19. As part of the provisions of the CARES Act, the following amendments were signed:

- Temporary Increase in Plan Loan Limit: For loans taken by qualified individuals from March 27, 2020 through September 23, 2020, the maximum loan limit was increased to the lesser of 100% of the participant's account up to a maximum amount of \$100,000.
- Temporary Loan Repayment Suspension: Qualified individuals could have their repayments from March 27, 2020 through December 31, 2020 delayed up to one year. Non-qualified individuals could delay payments from April 1, 2020 through July 14, 2020.

GAF, LLC 401(k) Plan

Notes to Financial Statements (continued)

1. Plan Description (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue or terminate the Plan at any time subject to the provisions of ERISA. In the event that such termination occurs, all amounts credited to participant accounts will become 100% vested. The net assets of the Plan would then be distributed to the participants in lump-sum form.

2. Summary of Significant Accounting Policies

Following is a summary of the significant accounting policies of the Plan:

Basis of Accounting

Accounting records of the Plan are maintained on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The fair value of the Plan's interest in the GAF Materials Corporation Capital Accumulation Plan's Master Trust (the Master Trust) (see Note 3) is based on the beginning of year value of the Plan's interest in the trust plus contributions and investment income or loss less distributions and administrative expenses.

The Master Trust's investments in money market, common stocks, bonds, balanced and commingled funds are stated at fair value. Quoted market prices are used to value such investments. Securities transactions are recorded on the trade date (the day the order to buy or sell is executed).

The Master Trust holds assets in the Vanguard Retirement Savings Trust III (the Trust), which is a guaranteed investment trust that holds investment contracts issued by high-quality insurance companies and banks as rated by Vanguard (the adviser to the trust's sponsor). This asset is valued as discussed in "Fair Value Measurements."

GAF, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Purchases and sales transactions are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Capital gains and losses are included in dividend income.

Fair Value Measurements

The accounting guidance on fair value measurements and disclosures establishes a valuation hierarchy that prioritizes the inputs used to measure fair value based on three defined levels or criteria. The hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the reporting entity's market assumptions. The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 – Quoted prices for identical instruments in active markets;
- Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable; and
- Level 3 – Instruments whose significant inputs are unobservable and for which estimates of fair value are determined using related market data.

The following is a description of the valuation methodology used for the assets measured at fair value at December 31, 2021 and 2020:

Common Stocks, Bonds, Balanced and Commingled Funds: Valued at the closing price reported on the active market.

Money Market Fund: Valued at quoted NAV of shares held by the Plan at year-end reported on the active market.

Guaranteed Investment Trust: Valued at the NAV of units held by the Master Trust at year end. NAV is based on the value of the underlying securities. NAV was assessed as having a readily determinable fair value at December 31, 2021 and 2020.

GAF, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2021, the Plan held no investments classified as Level 2 or Level 3. The following table provides the fair value hierarchy of the Master Trust investments as of December 31, 2021:

	<u>Level 1</u>
Common stock funds	\$ 407,090,116
Money market funds	468,213
Bond funds	70,331,379
Balanced funds	368,360,288
Guaranteed investment trust	80,367,466
Total investments	<u>\$ 926,617,462</u>

As of December 31, 2020, the Plan held no investments classified as Level 2 or Level 3. The following table provides the fair value hierarchy of the Master Trust investments as of December 31, 2020:

	<u>Level 1</u>

Total investments	<u>\$ 784,309,913</u>

GAF, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the IRS) dated September 27, 2016, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the plan has been amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Administrative Expenses

Expenses attributable to the management and investment of each investment fund shall be charged against the respective fund. As provided by the Plan, administrative expenses are paid by either the Plan or the Company. In 2021 and 2020, as provided by the Plan, administrative expenses were paid by the Plan and the Company. Expenses paid directly by the Company are not included in the Statement of Changes in Net Assets Available for Benefits of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

GAF, LLC 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable From Participants (Participant Loans)

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued and unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

3. Investments

The Master Trust includes the investment assets of the Plan and the GAF, LLC Union Capital Accumulation Plan. The investment balances of each individual plan in the Master Trust are directly reflective of the participants' individual account balances.

4. Information Certified by the Trustee

All investment information disclosed in the accompanying financial statements and supplemental schedule including the Plan's share of investments in the Master Trust, notes receivable from participants, the Plan's interest in the investment income of the Master Trust, and interest income on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, previously defined as the Trustee of the Plan.

5. Parties-In-Interest Transactions

Certain Plan investments are managed by the Trustee and are considered parties-in-interest. All investment transactions with such parties-in-interest qualify as party-in-interest transactions and are exempt from the prohibited transactions rules. Fees incurred by the Plan for the investment management services include administrative services.

6. Subsequent Events

The Company evaluated subsequent events for the Plan through June 10, 2022, the date the financial statements were available to be issued.
