INDEPENDENT AUDITOR'S REPORT

To the Pension and Savings Plans Committee as Administrator of the
NOVA Chemicals Inc. Savings Plan for U.S. Employees

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the NOVA Chemicals Inc. Savings Plan for U.S. Employees (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (collectively, 2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (Qualified Institution).

Management has obtained a certification from a Qualified Institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these 2021 Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the 2021 Financial Statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a Qualified Institution agrees to or is derived from, in all material respects, the information prepared and certified by the trustee, an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institution. In our report dated June 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide for a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

(All amounts in U.S. dollars, unless otherwise noted)

1. Description of the Plan

The following description of the NOVA Chemicals Inc. Savings Plan for U.S. Employees (the "Plan") provides only general information. Participants should refer to the Plan Document and the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established by NOVA Chemicals Inc. (the "Company") to provide employees of the Company with the opportunity to save for their future financial needs. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

Employees are eligible to participate in the Plan on the date of hire. On October 30, 2020, the Company divested its Expendable Styrenics business to Styropek USA, Inc. ("Styropek"). As part of this transaction, all active employees of the Company's Beaver Valley and Painesville sites transferred to BVPV Styrenics LLC ("BVPV"). As the timelines associated with the divestiture prevented Styropek from establishing its own 401(k) plan for the transferred employees on closing, BVPV was added as a participating Company under the Plan on October 30, 2020. As a result, the Plan became a multiple employer plan for the year ended December 31, 2020. The Company and Styropek agreed that the transferred employees could continue to participate in the Plan until Styropek adopted a new defined contribution plan for the benefit of such transferred employees.

Styropek established its own 401(k) plan for BVPV employees, the BVPV Styrenics LLC Savings Plan for U.S. Employees, effective May 3, 2021. The Plan was amended effective May 3, 2021 to remove BVPV as a participating Company under the Plan. A total of \$42,420,970 was transferred to the BVPV Styrenics LLC Savings Plan for U.S. Employees on May 3, 2021 and July 29, 2021 with respect to the transferred BVPV employees. The Plan is no longer a multiple employer plan subsequent to the date of the amendment.

Contributions

Participants may make voluntary contributions to the Plan through payroll deductions of not less than one percent (1%) or more than one hundred percent (100%) of their pre-tax total pay, with such contributions not exceeding \$19,500 in total, per year, in calendar years 2021 and 2020. Additionally, participants age 50 and older may make "catch-up" contributions not to exceed \$6,500 annually, for calendar years 2021 and 2020. On the date of hire, employees are eligible for a Company Basic contribution of three percent (3%) of total pay, and a Company Matching contribution equal to the participant's voluntary savings contribution to a maximum of six percent (6%) of total pay. All participant contributions are subject to contribution limitations as determined by the Internal Revenue Service ("IRS"). Participants may also rollover into the Plan amounts representing distributions from other qualified retirement plans or individual retirement accounts. Contributions and any investment earnings are not taxable until withdrawn.

Voluntary contributions, Company contributions and employee rollovers are directed by the individual participants to investment choices offered under the Plan. Participants who do not select new investment options are defaulted to the Schwab Target Index fund with the maturity date closest to the participant's 65th birthday.

The Plan includes an automatic enrollment policy. Under this policy, an eligible employee's deferral rate is initially set at 3% of eligible compensation and increases annually by 1% up to a maximum of 6%, unless the eligible employee elects a different percentage or elects to cease making deferral contributions.

Participant Accounts, Vesting and Distributions

Each participant's account is credited with the voluntary savings, Company Basic and Company Matching contributions and the participant's account earnings. Each participant is, at all times, one hundred percent (100%) vested in voluntary savings and Company Matching contributions and participant account earnings thereon. Employees hired on or before December 31, 2007 are one hundred percent (100%) vested in Company Basic contributions. Employees hired on or after January 1, 2008 are vested in Company Basic contributions after three (3) years of service. Forfeitures are used to reduce future Company contributions. Upon termination of employment, participants may receive the value of their account. Distributions are made in lump-sum payments.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act allowed Plan participants affected by COVID-19 to access assets in their accounts for a limited period of time. In 2020, the Plan elected to adopt features of the CARES Act to allow participants impacted by COVID-19 to withdraw up to \$100,000 as a Coronavirus-Related Distribution with no early withdrawal penalty for participants younger than age 59 1/2 until December 30, 2020 and to pay the taxes associated with such withdrawal over a three-year period. Coronavirus-Related Distributions can be repaid to the Plan over a three-year period.

Notes Receivable from Participants

Notes receivable from participants represent loans that are available to all active participants, enabling them to borrow a loan amount, when added to the outstanding balance of all other loans from plans maintained by the Company or an affiliated company, that does not exceed the lesser of: (a) \$50,000 (reduced by the highest outstanding balance of loans made under the

Plan during the preceding 12-month period) or (b) one-half of the total value of the participant's account determined as of a valuation date coincident with or immediately preceding the date on which the loan is approved, provided that in no event shall the maximum loan amount exceed the total value of the participant's account.

The loans bear interest at a rate commensurate with prevailing rates as determined by the Plan administrator. Loans bear interest at rates of prime plus two percent (prime + 2%), are secured by the assets in the participant's account and must be repaid within five years or greater for the purchase of a primary residence. Interest rates on outstanding participant loans are currently 5.25% to 7.50%.

In 2020, the Plan elected to adopt features of the CARES Act to allow participants to request a loan up to the lesser of 100% of their available account balance or \$100,000 until September 22, 2020 and to delay scheduled loan repayments on new and existing loans due between March 27, 2020 and December 31, 2020 through December 31, 2020 with the term of the loan extended by the length of the suspension period.

Administration

The Company is the designated administrator of the Plan. The Company may delegate its administrative responsibilities to another person or persons, but shall remain the named fiduciary under ERISA.

Trustee

The investments are held under the terms of a trust agreement with Charles Schwab Trust Bank.

Termination Provisions

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions and terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. Generally Accepted Accounting Principles ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Investment contracts held by the Plan are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

As of December 31, 2021 and 2020, the Plan invests in the New York Life Anchor Acct IV, a group annuity contract. It is reported at contract value, which represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefit payments are recorded as distributed.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest which approximates fair value. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document. Interest income on notes receivable from participants is recorded when it is earned.

Administrative Costs

All investment management fees are paid from the Plan's assets. All other administrative costs are paid by the Plan sponsor with the exception of the origination fee for loans, which are paid directly by the participant.

Subsequent Events

Management has evaluated subsequent events for the Plan through June 17, 2022, the date that the financial statements were available to be issued.

3. Investments and Certification by the Trustee (Unaudited)

Management has elected the method of annual reporting permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank, a qualified institution, has certified that the following information included in the accompanying financial statements and the ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Interest (including interest on notes receivable from participants), dividends and net appreciation of investments as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- Investment information included in the schedule of assets (held at end of the year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of management, the Plan's independent auditor did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statement and ERISA-required supplemental schedule.

4. Fair Value Measurement

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 *Fair Value Measurement and Disclosures* defines fair value, provides the framework for measuring fair value and expands disclosure about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: (i) quoted prices for similar assets or liabilities in active markets; (ii) quoted prices for identical or similar assets or liabilities in inactive markets, (iii) inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value measurement hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Shares of registered investment companies: Valued based on net asset values reported on the active market and shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, even though the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Financial assets at fair value					
December 31, 2021					
(U.S. dollars)	Level 1	Level 2	Level 3	Not Classified	Total
Shares of registered investment companies	\$141,672,541	\$ —	\$ —	\$ —	\$141,672,541
Total investments, at fair value	\$141,672,541	\$ —	\$ —	\$ —	\$141,672,541

Financial assets at fair value					
December 31, 2020					
(U.S. dollars)	Level 1	Level 2	Level 3	Not Classified	Total
Shares of registered investment companies	\$170,538,513	\$ —	\$ —	\$ —	\$170,538,513
Total investments, at fair value	\$170,538,513	\$ —	\$ —	\$ —	\$170,538,513

5. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

6. Income Tax Status

The Plan has received a determination letter from the IRS dated February 4, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving its determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2018.

7. Related-Party Transactions

Certain Plan investments are managed by the trustee of the Plan. Transactions in these investments are exempt from the party-in-interest transaction prohibition.
