Independent Auditor's Report

To the Plan Advisory Committee
DOWL LLC Retirement Savings and Investment Plan
Anchorage, Alaska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DOWL LLC Retirement Savings and Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agree to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of *Schedule H, Line 4i - Schedule of Assets (Held at End of Year)* is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DOWL LLC Retirement Savings and Investment Plan

Notes to Financial Statements

1. Plan Description

The following description of the DOWL LLC Retirement Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the Comprehensive Plan Document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan began January 1, 1985 and was restated in its entirety effective August 23, 2021. The Plan is a defined contribution Plan that covers all employees of DOWL LLC (Company or Employer) who have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan. The amount of elective contributions that may be made per year is limited by the Internal Revenue Code. Participants may also elect to contribute Roth deferrals (post-tax contributions) to the Plan, which are separately accounted for as are the gains and losses attributed to those deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants can also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan also contains an automatic enrollment feature. Employees are subject to automatic enrollment and have 30 days after their hire date to enroll or decline participation in the Plan. Upon enrollment in the Plan, initial deferral rate is set at 5% of eligible compensation with automatic annual increase rate of 1% until the deferral rate reaches 8%.

The Plan provides for discretionary employer matching and profit-sharing contributions. For the year ended December 31, 2021, the employer matched 20% of the amount a participant contributed to the Plan for both traditional and ROTH 401(k) contributions and also contributed a fixed profit-sharing deposit equal to 3% of eligible employee's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer's contributions, an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from participant's vested account.

DOWL LLC Retirement Savings and Investment Plan

Notes to Financial Statements

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of credited service as follows:

<i>Completed Years of Service</i>	<i>Percentage Vested</i>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeited Accounts

Forfeitures of terminated participants' nonvested balances are first used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions. Unallocated forfeitures totaled \$29,559 and \$32,025 at December 31, 2021 and 2020, respectively. In 2021, \$17,355 was used to pay administrative expenses incurred and \$200,169 was used to reduce employer contributions to the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. Up to 50% of the participant's vested account balance may be used as collateral for any loan. All loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate shall remain fixed throughout the duration of the loan. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service for any reason including due to death, disability, or retirement, the Plan permits the participant, or his or her beneficiary, to receive benefits under the Plan. Benefits may be distributed in a single lump sum or partial withdrawals. Participants with vested account balances in excess of \$5,000 require written authorization for distribution. Participants with vested account balances of \$1,000 or less are automatically distributed to participants in one lump-sum, while those with account balances ranging from \$1,000 to \$5,000 will be rolled over to an individual retirement account designated by the Plan. For purposes of determining whether a written authorization is required, a participant's rollover balance will be taken into account. Financial hardship withdrawals are not permitted, as defined in the Plan agreement.

Participants with assets from the former HKM Associates or OBEC Consulting Engineers (companies acquired by DOWL LLC) 401(k) Plans receive their benefits in the form of a joint and survivor annuity, unless otherwise requested by the participant.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they occur. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are treated as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan did not have any excess contributions for 2021 or 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Investment management fees are paid by the Plan and are deducted from forfeitures. Expenses that are paid by the Company are excluded from these financial statements. The fees charged to the Plan fall into the following categories: investment fees, Plan administration fees, and transaction-based fees. If nontransaction-based expenses are paid using the Plan's assets, such fees and expenses are generally allocated to the accounts of participants either proportionally based on the value of their account balance or may be charged equally to each participant. In some cases, certain investment administration fees are deducted directly from investment returns.

Subsequent Events

The Plan has evaluated subsequent events through June 24, 2022, the date the financial statements were available to be issued.

3. Investments Certified by Fidelity Management Trust Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- (a) Investments, at fair value, and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- (b) Dividend and interest income, net appreciation in fair value of investments, and interest on notes from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021; and
- (c) All information included in the Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as shown in the supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to the certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices from similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

DOWL LLC Retirement Savings and Investment Plan

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Consists of investments in an institutional money market fund that permits daily redemption, the fair value of which is based upon the quoted price in active markets provided by the financial institution managing this fund.

The methods described above may produce a fair value calculation that may not be indicative of net asset value or reflective of future fair value. Furthermore, while the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different estimates of fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Money market fund	\$ 3,271,069	\$ -	\$ -	\$ 3,271,069

<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total

5. Tax Status

The Plan has adopted a Pre-Approved Defined Contribution Plan sponsored by Fidelity Management and Research Company, LLC, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was restated since receiving the opinion letter; however, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by affiliates of Fidelity Management Trust Company. Fidelity Management Trust Company is the asset trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Any transactions involving these investments are on the open market at fair value. Consequently, such transactions are permitted under provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.
