INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Peninsula Hotels 401(k) Plan
Chicago, Illinois

Opinion on the 2021 Financial Statements

We have audited the accompanying financial statements of Peninsula Hotels 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Peninsula Hotels 401(k) Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Peninsula Hotels 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Peninsula Hotels 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Peninsula Hotels 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Peninsula Hotels 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Peninsula Hotels 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Peninsula Hotels 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan

The following description of The Peninsula Hotels 401(k) Plan (hereinafter referred to as the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution 401(k) plan covering substantially all employees of Peninsula Hotel Chicago, LLC and the controlled entities of The Peninsula New York Partnership and Quail Lodge, Inc., collectively (the Company), who meet certain eligibility requirements. Employees over the age of twenty become eligible to participate in the plan after completing three months of service. An eligible employee may enter into the plan on the first day of any quarter. The Plan's inception date was January 1, 1990. The Plan is periodically amended/restated to stay in compliance with laws and regulations.

The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, non-highly compensated participants may contribute any percentage of their annual compensation, as defined in the Plan, limited to the provisions of Internal Revenue Code, including catch up contributions. Highly compensated participants are limited to ten percent of their annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan allows for Roth contributions. Catch-up contributions are allowed for eligible employees that have attained the age of 50 before the close of the Plan year. Employer contributions are discretionary.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, qualified non-elective contributions, and qualified matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution to their accounts plus actual earnings thereon is based on the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Participants earn a year of service for purposes of vesting upon completion of 1,000 hours of service during the plan year. Participants are fully vested if they have reached the early retirement age of 55, die or become disabled.

Peninsula Hotels 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 1: Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from all their fund accounts, except the Roth deferral account, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance less their Roth balance. The notes are secured by the balance in the participant's account and bear interest at a rate ranging from 5.25% to 7.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Loans mature through August 2036. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or, as applicable, in Plan specified annual installments. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeited non-vested accounts are used to pay employer contributions and/or administrative expenses. Forfeited non-vested accounts as of December 31, 2021 and 2020, totaled \$0 and \$6,924, respectively. During 2021, approximately \$97,400 of forfeitures were used to reduce employer contributions. No forfeitures were used to pay administrative expenses.

COVID-19

In December 2019 a novel strain of coronavirus (COVID-19) surfaced and had resulted in serious economic concerns for businesses across numerous industries world-wide. Among the many consequences of COVID-19, individuals had been ordered to stay-at-home, non-essential businesses had closed, unemployment rates had increased, and domestic and global stock markets had seen significant volatility.

To provide economic relief to individuals and businesses facing hardship due to the COVID-19 crisis, Congress enacted and signed into law the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Provisions of the CARES Act that impacted Plan operations in 2020 and may impact Plan operations in future years are as follows:

- Eligible participants could take up to \$100,000 in coronavirus-related distributions from retirement plans without being subject to the Sec. 72(t) 10% additional tax for early distributions. Eligible distributions could have been taken up until December 31, 2020.
- Coronavirus-related distributions may be repaid within three years. Any resulting income inclusion would be subject to tax over three years.
- Increase of loan limitation of up to \$100,000 from qualified plans for eligible participants.
- Existing loan repayments could be delayed for one year for eligible participants.
- The required minimum distribution rules in Sec. 401 were temporarily suspended for 2020.

The Plan has adopted all of the provisions of the CARES act as described above, and Plan management intends to formally amend as required.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for plan benefits during the reporting period. Actual results could differ from those estimates

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities, and resulting gain or loss, are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid for directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in administrative expenses on the Statement of Changes in Net Assets Available for Benefits.

New Accounting Pronouncements

New accounting standards issued by, but not effective until after December 31, 2021 are not expected to have a significant impact on the Plan's financial statements.

Peninsula Hotels 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

Subsequent events were evaluated through June 27, 2022 which is the date the financial statements were available to be issued.

In February 2022, the Plan documents were restated in their entirety to comply with the latest laws and regulations. This restatement did not result in any significant changes to the major Plan provisions, as reported in these notes to the financial statements.

Note 3: Information Certified by Custodian

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Company, the custodian of the plan, as of December 31, 2020:

	<u>2020</u>
Assets at December 31:	
Investments, at fair value	\$ 57,421,976
Notes receivable from participants	1,243,215
Noninterest bearing cash	6,924

Note 4: Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Peninsula Hotels 401(k) Plan
Notes to the Financial Statements
December 31, 2021 and 2020

Note 4: Fair Value Measurement (Continued)

Pooled separate accounts: valued at the NAV of units of an insurance company's separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initial a full redemption of the separate accounts, the investment advisor reserves the right to temporally delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in the orderly business manner.

The method described on the previous page may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

2021			
	Level 1	Level 2	Level 3
	Total		
Total Assets in Fair Value Hierarchy	\$ -	\$ -	\$ -
Investments measured at net asset value (a)			62,620,773
Investments at Fair Value			\$ 62,620,773
2020			
	Level 1	Level 2	Level 3
	Total		
Total Assets in Fair Value Hierarchy	\$ -	\$ -	\$ -
Investments measured at net asset value (a)			57,421,976
Investments at Fair Value			\$ 57,421,976

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

As of December 31, 2021 and 2020, two fund groups held approximately 68% and 67% of the Plan's investments, respectively. These fund strategies are summarized below:

Retirement Living Funds (2010 to 2065) (50% and 48% as of December 31, 2021 and 2020, respectively): These funds provide participants with a specific time in mind for retirement, long term growth through diverse exposure to stocks, bonds and cash. These funds seek to provide optimal levels of return and risk based on target dates and experience movement to more conservative mixes as the target dates approaches.

Lifestyle Funds (Balanced, Moderate, Growth, and Aggressive) (18% and 19% as of December 31, 2021 and 2020, respectively):

- **Balanced and Moderate.** These funds seeks a high level of current income and growth of capital, with a greater emphasis on growth of capital. The fund normally invest 40% in funds investing in fixed income products and 60% in funds investing primarily in equity securities.
- **Growth.** The fund seeks long-term growth of Capital. Current income is also a consideration. The fund normally invests approximately 80% of its assets in underlying funds which invest primarily in equity securities and approximately 20% in underlying funds which invest primarily in fixed-income securities.
- **Aggressive.** The fund seeks long-term growth of capital. Current income is not a consideration. To pursue this goal, the Fund, which is a fund of funds, normally invests approximately 100% in underlying funds which invest primarily in equity securities.

The remainder of the Plan's investments (32% and 33%) at December 31, 2021 and 2020, respectively, are held in funds with very similar type characteristics and strategies to those described above.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net investment appreciation on the Statement of Changes in Net Assets Available for Benefits.

Note 5: Tax Status

The Internal Revenue Service (IRS) has issued an opinion letter dated November 21, 2017 that the standardized volume submitter plan document is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and, therefore, is exempt from federal and state income tax. The Plan and the related standardized volume submitter plan documents have been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan had two individual investments in pooled separate accounts that accounted for approximately 22 and 21 percent of total investments as of December 31, 2021 and 2020, respectively.

Note 8: Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Certain Plan investments are shares in pooled separate accounts managed by John Hancock Life Insurance Company; and therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

John Hancock Life Insurance Company provides certain administrative services to the Plan for which it charges certain administrative fees. These transactions qualify as party-in-interest transactions; however, they are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.
