INDUSTRY EMPLOYEES INCENTIVE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

A. Description of Plan

The following description of the Industry Employees Incentive Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Industry Employees Incentive Savings Plan (the Plan), as amended, is a tax-qualified, multiple-employer retirement plan. Employees are eligible to participate in the Plan on the one-year anniversary of their first hour of service to the company, excluding nonresident aliens and those employees whose retirement benefits are provided under a collective bargaining agreement. The participating employers include Dart Transportation Service, Dart Warehouse Corporation, Integrated Distribution System, Inc., Dart Equipment Corp., Dart International and Dedeaux Properties LLC (collectively, the Employers or Plan Administrators). The Employers have operations throughout the United States. The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Contributions

Three general types of contributions are authorized under the plan document. First, employees may elect to defer a minimum of 3% of their compensation into the Plan subject to Internal Revenue Service (IRS) limitations. Second, Employer matching contributions equal to 100% of the participant's elective deferral, but limited to 3% of participating employees' compensation. Finally, at the discretion of their respective boards of directors, the individual employers may contribute a discretionary amount that is allocated proportionately based on relative participant compensation for that employer with respect to those employees who are eligible to share in the contribution for the plan year. The total discretionary match for 2020 was $475,233.

Participant accounts

The participants are able to direct the investment of their entire account in various mutual funds selected by the Plan Administrators. If the participant does not provide their investment choices, their accounts will be invested in accordance with the default investment alternatives established under the Plan. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and discretionary contributions and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Prior to 1992, participants could request the trustee to purchase life insurance with a portion of their contributions. This option has not been available to the participants since then.

A. Description of Plan, continued

Notes receivable from participants

A Participant may borrow from his or her account an amount of not less than $1,000 or in the aggregate more than the lesser of 25% of the participant's vested account balance or $25,000. The loans are secured by up to 50% of the participant's vested account balance and bear interest at a rate of prime plus 1%. Loan terms generally range from one to five years. Principal and interest are paid ratably through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2020 and 2019.

Effective April 27, 2020, loan limits for all loans from the Plan to a qualified individual made during the period beginning on the date of enactment of the CARES Act (March 27, 2020) and ending 180 days thereafter increased to the lesser of $100,000 or 50% of the present value of the nonforfeitable accrued benefit of the qualified individual under the Plan.

Qualified individuals with an outstanding loan from the Plan on or after the date of enactment (March 27, 2020) may defer loan payments due between enactment (March 27, 2020) and December 31, 2020 by one year. Any subsequent repayments for any such loan will be appropriately adjusted to reflect the delay in the due date and any interest accruing during the delay. The period of the delay will be disregarded for purposes of applying the 5-year repayment and level amortization requirements of section 72(p)(2)(B) and (C) of the Internal Revenue Code of 1986 and the corresponding provisions of the Plan's loan policy. Additionally, this loan suspension provision is available to all participants regardless of employment status.

Payment of benefits

A participant may receive payments from the Plan under the following circumstances: termination, retirement, disability, death (in which case the payment is made to the participant's beneficiary), or a partial distribution as permitted by the Plan and/or required by the Internal Revenue Code (the Code).

Effective April 27, 2020, the Plan permits Coronavirus-Related Distributions. The aggregate amount of distributions received by a participant which may be treated as Coronavirus-Related Distributions for any taxable year will not exceed $100,000 or 50% of the present value of the nonforfeitable accrued benefit of the qualified individual under the Plan. The aggregate amount of Coronavirus-Related Distributions from the Plan and all other plans maintained by the same employer (and any member of any Controlled Group which includes such employer) to a participant may not exceed $100,000 or 50% of the present value of the nonforfeitable accrued benefit of the qualified individual under the Plan. Distributions are available from all money types and funds under the Plan and shall be paid pro-rata from all money types and funds in a participant's Plan account.

A. Description of Plan, continued

Vesting

Participants are immediately vested in their participant-authorized contributions. Employer contributions are subject to a vesting schedule, which provides for vesting at a rate of 20% per year of service, after the completion of an employee's second year of service. The participant is fully vested after six years of service.

Forfeitures

At December 31, 2020 and 2019, forfeited nonvested accounts were $79,863 and $55,921. These amounts are used as additional employer discretionary matching contributions allocated to eligible participant accounts. For the year ended December 31, 2020, no forfeitures were allocated as additional discretionary matching contributions to eligible participants.

B. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on an accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and Uncertainties

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such investments. The Plan's concentrations of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements accompanying notes and supplemental schedule.

B. Summary of significant accounting policies, continued

Investment valuation

Investments are reported at fair value. Mutual funds traded on a national securities exchange are valued at the last reported sales price on the last business day of the year. Life insurance contracts purchased by the Plan are recorded based on the cash surrender value determined by the insurance carrier. Common/collective trusts are valued at net asset value as determined by the issuer based on the fair value of the underlying investments. The Wells Fargo Collective Stable Return fund, a common/collective trust, invested in fully benefit-responsive investment contracts that are recorded based on the contract value of underlying investments. The contract value, which is calculated as contributions plus earnings, less participant withdrawals and administrative expenses, approximates the fair value of these investment contracts at December 31, 2020 and 2019. As such, no adjustment from contract value to fair value was presented on the statement of net assets available for benefits at December 31, 2020 and 2019. See note C for discussion of fair value measurements.

Notes receivable from participants

Notes receivable from participants are carried at their unpaid balance plus accrued but unpaid interest, as applicable.

Payment of benefits

Benefits are recorded when paid.

Expenses

Life insurance premiums are paid by the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of management's review of subsequent events

Subsequent events were evaluated through December 8, 2021, which is the date the financial statements were available to be issued.

C. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 fair value measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 fair value measurements

The fair value of pooled, common and collective funds are valued using inputs other than quoted prices included within Level 1 that are either directly or indirectly observable for the asset. Inputs are observable but do not solely rely on quoted market prices to establish fair value.

The fair value of group life insurance policies are valued at the guaranteed cash value plus any refund value. The Settlement Dividend, available on some policies, is a settlement dividend payable upon termination of the policy. The Net Value is the sum of the Basic Value, the Dividend Value, and the Settlement Dividend, minus the Loan Principal and Loan Interest.

Level 3 fair value measurements

Unobservable inputs for the asset or liability.

C. Fair Value Measurements, continued

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2020 and 2019:

Investment Assets at Fair Value
As of December 31, 2020

	Level 1	Level 2	Total
Mutual funds	$ 37,492,021	$ -	$ 37,492,021

Cash surrender value of life insurance	-	1,228,815	1,228,815
Total	$ 37,492,021	$ 3,949,230	$ 41,441,251

Investment Assets at Fair Value
As of December 31, 2019

	Level 1	Level 2	Total
Mutual funds	$ 33,364,733	$ -	$ 33,364,733
Common & collective trusts	-	2,783,808	2,783,808
Cash surrender value of life insurance	-	1,312,046	1,312,046
Total	$ 33,364,733	$ 4,095,854	$ 37,460,587

D. Information prepared and certified by trustee

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2020	2019
Investments, at fair value:		
Mutual funds	$ 37,492,021	$ 33,364,733
Pooled common and collective trusts	2,720,415	2,783,808
Investment income (loss)	4,360,695	5,546,897

E. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds and common and collective trusts managed by Wells Fargo and its affiliates. Wells Fargo is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

F. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

G. Tax status

The Plan has received an opinion letter from the IRS dated March 31, 2008, stating that the Plan is acceptable under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrators believe the Plan is being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effect of a tax position is recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrators have analyzed the tax positions taken by the Plan and have concluded that as of December 31, 2020, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan Administrators believe the Plan is no longer subject to income tax examinations for years prior to 2017.

H. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, the outbreak of the novel coronavirus (or "COVID-19") has affected the macro-economic environment and global economy. Due to the disruption of the virus on the global economy, the values of investment securities have fluctuated significantly and may continue to be impacted. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, cannot be determined.

NOTES TO FINANCIAL STATEMENTS

I. Subsequent event

In April 2021, the Plan changed its trustee from Wells Fargo Bank Institutional Retirement and Trust to Delaware Charter Guarantee and Trust Company dba Principal Trust Company as a result of a spinoff of retirement operations from Wells Fargo Bank in 2019.
