Administrative Committee and Management
Genesis Group Homes 401(k) Retirement Plan
Brooklyn Park, Minnesota

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Genesis Group Homes 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a qualified institution that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit also did not include a consideration of internal control relating to the investment information.

Other deficiencies in internal control and other matters

During our audit we became aware of deficiencies in internal control other than significant deficiencies and material weaknesses and other matters that are opportunities to strengthen your internal control and improve the efficiency of your operations. Our comments and suggestions regarding those matters are summarized below.

Contributions Tie-Out

During our audit, we noted for certain pay dates that the contributions per the payroll reports did not agree with the total contributions per the trust statement and administration report. We recommend that the Plan administrator establish a policy and procedure to reconcile contributions each pay date and that any differences be identified and resolved promptly. This will ensure that any differences will be discovered and corrected in a timely fashion.

Auto Enrollment Provision not Followed

Participants meeting age and service requirements were not timely auto enrolled in the Plan. The Plan document provides for auto enrolment at 3% for participants meeting the eligibility criteria of the Plan. We noted several participants not promptly automatically enrolled. We recommend Plan management take the appropriate corrective action to enroll missed participants and we recommend monitoring of new hires for timely auto enrolment on the plan entry date upon which eligibility criteria have been met.

Reportable findings

Reportable findings are items that are not in accordance with the criteria specified (for example, not in accordance with the plan instrument). We consider the following matters to be reportable findings.

- Auto Enrollment Provision not Followed

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Plan personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of the Administrative Committee and management, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.
