Independent Auditor's Report

To the Plan Administrator
Teradata Savings Plan
San Diego, California

Opinion

We have audited the financial statements of Teradata Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect

to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2020 Financial Statements

The financial statements of Teradata Savings Plan as of December 31, 2020, were audited by other auditors whose report dated June 24, 2021, expressed an unmodified opinion on those statements.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TERADATA SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

General

The Teradata Savings Plan (the “Plan”) is a defined contribution plan established on October 1, 2007, by the Board of Directors of Teradata Corporation (“Teradata” or the “Company”). The Plan is designed to qualify as a profit-sharing plan with a qualified cash or deferred arrangement under Section 401(k) of the Internal Revenue Code of 1986, as amended. It is also subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The following description of the Teradata Savings Plan provides only general information. Participants should refer to the plan documents for a more complete description of the Plan’s provisions.

Eligibility

The Plan covers substantially all eligible U.S. employees of the Company (other than certain categories of part-time, temporary, and intern employees) beginning on the first day of employment.

Contributions and Funding

All eligible employees of the Company may defer a portion of their compensation by making tax-deferred contributions, as well as after-tax and Roth contributions, to the Plan. Newly hired employees will be automatically enrolled at a three percent tax-deferred contribution unless the participant opts out or makes another election within 45 days of hire. Participants may elect to contribute up to fifty percent of their eligible compensation, up to certain Internal Revenue Service (“IRS”) limits. Maximum contribution percentage limits are also imposed on the tax-deferred contributions and after-tax contributions made by participants with prior year compensation of \$130,000 and over. Annual tax-deferred contributions per participant for the 2021 Plan year were limited to \$19,500.

For each dollar contributed by a participant, up to a maximum six percent of compensation, the Company funds an additional matching amount. The employer matching contribution for all participants is one hundred percent of the first four percent of pay contributed by the participant, plus fifty percent of the next two percent of pay.

The Plan allows participants aged 50 and older to elect to make additional catch-up contributions, subject to IRS limits. Catch-up contribution amounts are not eligible for employer matching contributions. The annual limit on catch-up contributions was \$6,500 in 2021.

Participants may also contribute amounts representing distributions from other qualified contribution plans.

Participants direct their contributions, as well as the Company’s matching contributions, among various investment options, including target date funds, market index funds, actively managed funds, self-directed brokerage accounts, and in Teradata Common Stock.

Vesting and Forfeitures

Participants are immediately vested in their contributions plus actual earnings on their contributions. Effective January 2, 2020, Company matching contributions vest in increments of one-third each year, over a three-year period beginning with the participant’s hire date.

Participants become immediately and fully vested in their account (i) upon attainment of age 65, (ii) upon termination of employment due to a “reduction in force,” (iii) in the event of death, or (iv) in the event of total and permanent disability. Upon termination of employment, participants are entitled to full distribution of their contributions and all vested Company matching contributions; all non-vested Company matching contributions are forfeited. These forfeitures are reallocated and used to either reduce future Company matching contributions or pay certain administrative expenses of the Plan. During the Plan year,

forfeitures used to offset Company matching contributions were \$2,062,729. The amounts of unallocated forfeitures at December 31, 2021 and 2020, were \$968,175 and \$1,217,594, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and investment earnings. In addition, participant's accounts are charged with an allocation of administrative expenses, investment losses, and withdraw, if applicable. Participants' accounts are valued on a daily basis and allocations are based on participant earnings or account balances as defined in the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their vested account balance, whichever is less. The loans are collateralized by 50% of the vested balance in the participant's accounts and bear interest at a fixed rate based on the prime rate in effect on the last day of the preceding month plus 1%, using the prime rate reported by Reuters. The term of the loan may be between one and five years. Principal and interest are paid ratably through bi-weekly payroll deductions. Upon default, participants are considered for tax purposes to have received a distribution and are subject to income taxes on the outstanding amount of the loan at the time of default. Participant loan interest rates range from 4.25% - 6.50% as of December 31, 2021.

Withdrawals and Benefits

Participants may withdraw any employee tax-deferred contributions during their employment in the case of a "hardship" (as defined by the Plan), in the case of a qualified reservist called to active duty, or in the case of absence from employment due to qualified military service for more than 30 days, and participants may withdraw after-tax employee contributions (plus earnings) for any reason. Participants may not withdraw any Company matching contributions or any earnings on Company matching contributions until they attain age 59 ¹/₂ or terminate employment with the Company. Participants may withdraw vested balances upon reaching age 59 ¹/₂, or upon termination of employment.

Upon termination of employment, a participant receives a lump-sum amount equal to the value of the vested portion of their account if it is less than \$1,000 (unless the participant chooses a direct rollover within 90 days). Terminated participants with more than \$1,000 in vested benefits may elect to receive a direct rollover to another tax-qualified plan or Individual Retirement Accounts, ("IRA") , a lump-sum payment or quarterly cash installments, or, if the participant has not attained age 70 ¹/₂, may leave the vested benefits within the Plan until reaching age 70 ¹/₂. Upon the death of a participant, the participant's beneficiary shall be eligible to receive a distribution of the participant's account.

Termination of the Plan

The Company currently has no plans to terminate the Plan; however, the Company reserves the right to terminate the Plan at any time by action of the Teradata Board of Directors. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Plan Expenses

Substantially all of the administrative expenses, including recordkeeping, trustee investment advisory, and other fees, incurred in connection with the Plan are paid by the Plan through an allocation to participant accounts and plan forfeitures. Expenses related to specific participant transactions, such as notes receivable and distributions, are charged directly to the participant's account. certain investment management fees are recorded with net appreciation in the fair value of investments.

Impact of the CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants.

Teradata has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- For COVID-19 related distributions made before December 31, 2020, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan, except for assets held in self-directed brokerage accounts, or \$100,000. Participants may repay a COVID-19 related distribution at any time during the three-year period beginning on the day after the date on which the distribution was received.
- For individuals with outstanding loans, loan repayments during the period March 27, 2020 through December 31, 2020, maybe deferred through December 31, 2020. The term of the loan was extended by the length of the deferment period. Subsequent repayments will be adjusted to include accrued interest during the deferment period.
- For COVID-19 related loans made to qualified individuals, from March 27, 2020 through September 22, 2020, the maximum loan is the lesser of the vested portion of the participant's account balance in the Plan, reduced by the participant's highest outstanding loan balance during the prior 12 months, or \$100,000. All repayments for COVID-19 related loans were deferred through December 31, 2020 and the first payment began on or after January 2021. The term of the loan was extended by the length of the deferment period. Repayments will be adjusted to include accrued interest during the deferment period.
- Required minimum distributions were suspended in 2020, unless the participant requested to receive such distributions

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Classification

Prior period fund classifications between investment categories have been revised to conform to the current year presentation. Approximately \$124 million of investments previously classified as mutual funds at December 31, 2020 are now being classified as common/collective trust funds. There was no change to total investments at December 31, 2020.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Investments in mutual funds and common/collective trusts are valued at the closing net asset values ("NAV") of the funds on the last day of the Plan fiscal year. Teradata Corporation common stock and Self-directed brokerage accounts are valued at the last quoted sales price on the New York Stock Exchange on the last business day of the Plan fiscal year.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses from security transactions are reported on the average cost method. Investment contracts held by a defined-contribution plan are required to be reported at fair value.

Payments to Withdrawing Participants

The Plan records payments to withdrawing participants at the time of disbursement.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued (unpaid) interest. Delinquent loans are treated as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Risk and Uncertainties

The Plan provides for various investment options in several investment securities and instruments. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Some plan participants chose to invest a portion of their account assets in Teradata Corporation common stock. Those participants are exposed to potentially significant changes in the market value of the stock.

3. FAIR VALUE MEASUREMENTS

The Plan follows the accounting standard dealing with fair value measurements for financial and non-financial assets and liabilities recorded at fair value on a recurring basis, wherein a three-tier fair value hierarchy prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets for identical assets or liabilities; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable, quoted prices in active markets for similar assets or liabilities, or quoted prices in less-active markets for identical assets; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Common stocks, mutual funds, and money market funds: Values derived from quoted market prices in active markets.

Common/collective trust funds: Valued at NAV of shares held by the Plan at year end, as reported to the Plan by the trustee, which represents the fair value of shares held by the Plan. A fund's NAV reflects an exit price, is the same for all holders of the fund, and provides the basis for current transactions. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)

(1) A withdraw of substantially all of the Plan assets requires a 30 day notice.

4. RELATED PARTY TRANSACTIONS (PARTIES-IN-INTEREST)

Related party transactions consisted of notes receivable from participants and investments in Teradata Corporation common stock. At December 31, 2021, the Plan held 444,732 shares of Teradata common stock valued at \$18,887,768. At December 31, 2020 the Plan held 516,326 shares of Teradata common stock valued at \$11,498,573. Fidelity serves as a manager of certain Plan investments. An affiliate of Fidelity serves as the record keeper for the Plan's participant data. Another affiliate of Fidelity serves as the trustee of the Plan. Additionally, Alliance Bernstein Trust Company, LLC is a party in interest serving as custodian of certain common collective trusts. The receipt of fees from the Plan by Fidelity and Alliance Bernstein constitute related party transactions. None of these related party transactions are prohibited transactions as defined under ERISA. Administrative expenses were \$428,002 during 2021.

5. TAX STATUS

The Plan received a favorable determination letter dated March 22, 2017, from the Internal Revenue Service as to the qualified status of the Plan under Section 401(a) of the Internal Revenue Code ("the Code"). While the Plan has been amended since receiving the determination, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan as related trust continue to be tax-exempt. Therefore, the Plan is qualified and the related Trust is exempt from federal income taxes under Section 501(a) of the Code. Accordingly, income taxes are not provided for in the accompanying financial statements. Participant contributions, except for those contributions which participants elect to be tax-deferred under Section 401(k), are taxable to the participants in the year their contributions are made.

Participants are liable for federal income taxes relative to their Section 401(k) pre-tax contributions, the Company matching contributions, and the earnings of the Plan when the contributions are distributed to them.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to tax examinations by tax authorities for all open Plan years, but none are currently in progress.

6. SUBSEQUENT EVENT

The Plan evaluated subsequent events from the date of the statement of net assets available for benefits to June 27, 2022, the date the financial statements were available to be issued. During this period, no material subsequent events were identified, excepts as follows:

Currently, one of the investment options offered under the Plan is the Teradata Corporate Unitized Stock Fund, which is invested primarily in Teradata common stock. Because this fund holds a single stock, it is not considered a diversified investment. Other investments in the Plan are mutual funds or collective investment vehicles that pool investments in many companies or other multi-security investment options, which allows for more diversification. On May 9, 2022, Teradata approved an amendment to the Plan providing that no new investments in the Teradata Corporate Unitized Stock Fund would be permitted after July 22, 2022 and further providing for the liquidation of such fund after November 30, 2023.
