Independent Auditors' Report

To the Participants and Plan Administrator of
First American Financial Corporation 401(k) Savings Plan

Opinion on the Financial Statements

We have audited the financial statements of First American Financial Corporation 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Baker Tilly US, LLP, trading as Baker Tilly, is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. © 2022 Baker Tilly US, LLP

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

First American Financial Corporation 401(k) Savings Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the First American Financial Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan's *Summary Plan Description* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering employees of First American Financial Corporation (the "Company") and of adopting subsidiaries. Employees are generally eligible to participate in the Plan on their first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code ("IRC").

The Plan is administered by the Company's Administrative Benefits Plan Committee ("Plan Committee"). The trustee and recordkeeper of the Plan is Fidelity Management Trust Company ("FMTC"). FMTC delegates certain designated recordkeeping services to Fidelity Investments Institutional Operations Company, Inc. The Plan Committee directs FMTC to utilize Fidelity Brokerage Services LLC to provide brokerage services to the Plan.

Coronavirus Pandemic

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act was intended to address the economic fallout from the COVID-19 pandemic. Certain provisions of the CARES Act, which relate to 401(k) plans, expand allowable options related to participant withdrawals and loans. The Plan Committee adopted the provisions allowing for expanded withdrawals by qualified participants of up to $100,000 from the Plan without a 10% penalty on withdrawals prior to reaching age 59 ½. Additionally, the Plan Committee adopted the provision allowing loans for qualified participants equal to the lesser of 100% of their vested account balance or up to $100,000 (reduced by their highest outstanding loan balance within the past twelve months) through September 23, 2020. The Plan Committee also adopted the loan deferment provision of the CARES Act, which allowed qualified participants to delay loan repayments that would otherwise be due during 2020. Loan repayments were required to resume in January 2021.

Contributions

Participants may contribute from 1% to 60% or, for highly compensated participants, from 1% to 15% of their annual compensation to the Plan up to an annual limit set forth in the IRC. Participants may elect to make pretax contributions, after-tax Roth contributions, or a combination of the two. Participants are allowed to make rollover contributions into the Plan from other qualified plans or conduit individual retirement accounts.

Effective January 1, 2020, participants may elect to make after-tax contributions up to certain limits and to make rollover after-tax contributions into the Plan from other qualified plans or conduit individual retirement accounts.

Discretionary matching contributions made by the Company have historically been based on the pretax profitability of the Company for the most recent fiscal year. For the years ended December 31, 2021 and 2020, the Company made matching contributions totaling $73.6 million and $32.4 million, respectively, which were credited to participant accounts in the first quarters of 2022 and 2021, respectively. The matching contributions were allocated to participant accounts and invested based on participant elections under the Plan. For every $1.00 contributed by eligible participants up to 4% of eligible pay during 2021 and 2020, the Company made matching contributions of $1.50 and $0.75, respectively. The Company may also make profit sharing contributions to the Plan but did not do so for the years ended December 31, 2021 and 2020.

Investment Options

Participants direct their contributions and any Company contributions into various investment options offered by the Plan, which also includes a qualified default investment alternative selected by the Plan Committee. Investment options available to participants include target date common/collective trust ("CCT") funds, mutual funds and a self-directed brokerage option. Effective July 1, 2015, participant contributions into the Company Common Stock Fund are no longer allowed.

Participant Accounts

Upon enrollment in the Plan, a participant may direct contributions in 1% increments to any of the available investment options as described by the Plan. Participants may generally change their investment options at any time.

Employees who become eligible to participate in the Plan are automatically enrolled unless affirmatively electing not to participate within a specified time period, as required by the Plan. For those participants who are automatically enrolled in the Plan, pretax deferrals of 6% are withheld each payroll period and are contributed into a qualified default investment alternative until a valid election is made by the participant.

Vesting

Participant contributions and earnings thereon are immediately vested. New participants are required to complete two years of service in order to become fully vested in all previous and future contributions made by the Company. The Plan allows for the immediate vesting in all Company contributions in the event of a participant's death, disability or upon retirement if on, or after, the normal retirement age as defined by the Plan. Upon termination, any non-vested balance is forfeited by the participant.

Payment of Benefits

The Plan allows for lump-sum withdrawals upon participant retirement, death, disability, termination or attainment of the eligible age as defined by the Plan. Subject to certain restrictions, as described by the Plan, participants may also make withdrawals in the event of a financial hardship.

Notes Receivable from Participants

Participants may borrow a portion of their account balance pursuant to Plan guidelines. Unless otherwise specified by the Plan, amounts borrowed may not exceed the lesser of (1) 50% of the value of the participant's account balance; or (2) $50,000, less the highest outstanding balance of any loan from the Plan during the one-year period preceding the date on which a new loan would be made. Loans are subject to an initiation fee and other expenses as incurred.

Terms of participant loans are determined pursuant to Plan guidelines. Each loan is collateralized by the balance in the participant's account and bears a rate of interest that is considered reasonable at the time the loan is made, as determined pursuant to Plan guidelines. Loan repayments are required to be made through payroll deductions, or other methods prescribed by Plan guidelines where payroll deductions are not sufficient or available. A participant may repay a loan in full at any time without penalty; however partial prepayment is not permitted. As of December 31, 2021 and 2020, interest rates on participant loans ranged from 3.3% to 6.5% per annum with maturity dates through May 2034.

Forfeited Accounts

Forfeited balances from accounts of terminated participants may be used to reduce future employer contributions or to pay administrative expenses. During 2021 and 2020, forfeited amounts used to reduce either employer contributions or administrative expenses totaled $0.7 million and $1.1 million, respectively. At December 31, 2021 and 2020, forfeited balances totaled $99 thousand and $41 thousand, respectively.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 Fair Value Measurements for further discussion of the fair value of Plan investments.

Purchases and sales of securities are accounted for on the date the securities are purchased or sold (trade date). Dividend income is recorded on the ex-dividend date. Interest income is recognized on an accrual basis as earned.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in fair value of its investments, which consists of both realized gains (losses) and unrealized appreciation (depreciation) on those investments. Investment related expenses are also included in net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on an accrual basis as earned.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain annual and transaction specific fees are paid out of Plan assets and are reflected in the **s**tatements of changes in net assets available for benefits. Certain other administrative expenses are paid by the Company.

Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in circumstances in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

3. Fair Value Measurements

The fair values of Plan assets are classified using a three-level hierarchy for fair value measurements that distinguishes between market participant assumptions developed based on market data obtained from sources independent of the Plan (observable inputs) and management's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The hierarchy level assigned to each security in the Plan's investment portfolio is based on management's assessment of the transparency and reliability of the inputs used in the valuation of such instrument at the measurement date. If the inputs used to measure fair value fall in different levels of the fair value hierarchy, an investment's hierarchy level is based upon the lowest level of input that is significant to the fair value measurement. The three hierarchy levels are defined as follows:

Level 1: Valuations based on unadjusted quoted market prices in active markets for identical securities.

Level 2: Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets at the measurement date; quoted prices in markets that are not active; or other inputs that are observable, either directly or indirectly.

Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement, and involve management judgment.

Investments classified within Level 1 of the fair value hierarchy included a money market fund, mutual funds and common stock funds. The money market fund and the mutual funds were valued at their net asset values ("NAV") based on closing prices as reported by the funds and were deemed to be actively traded. The common stock funds were valued based on closing prices as reported on the active markets on which the individual securities were traded.

Investments within the self-directed brokerage accounts included a money market fund, mutual funds, common stocks, U.S. government securities, and corporate debt instruments. The money market fund , mutual funds and common stocks were valued based on closing prices as reported on the active markets on which the individual securities were traded and were classified within Level 1 of the fair value hierarchy. Fixed income investments, consisting of U.S. government securities and corporate debt instruments, were classified within Level 2 of the fair value hierarchy.

CCT funds were valued at the NAV per unit as a practical expedient to estimate fair value, which were based on the fair values of the underlying investments held by the funds, less liabilities. CCT funds are redeemable, have trades that settle daily and have no future commitments or other trading restrictions. Were the Plan to initiate a full redemption of the CCT funds, there could be a temporary delay in withdrawal in order to ensure that liquidations of securities are carried out in an orderly manner.

The following table presents the Plan's investments measured at fair value, on a recurring basis, as of December 31, 2021 and 2020, classified using the fair value hierarchy:

(in thousands)	Level 1	Level 2	Level 3	Total
December 31, 2021				
Money market fund	$ 111,473	$ —	$ —	$ 111,473

Self-directed brokerage accounts	50,236	866	—	51,102
	$ 1,252,291	$ 866	$ —	$ 1,253,157
CCT funds measured at NAV (1)				1,007,509
Total investments at fair value				$ 2,260,666

(in thousands)	Level 1	Level 2	Level 3	Total
December 31, 2020				
Money market fund	$ 119,144	$ —	$ —	$ 119,144
Mutual funds	842,898	—	—	842,898
Common stock funds	94,590	—	—	94,590
Self-directed brokerage accounts	34,657	770	—	35,427
	$ 1,091,289	$ 770	$ —	$ 1,092,059
CCT funds measured at NAV (1)				873,038
Total investments at fair value				$ 1,965,097

(1) Certain investments that were measured at fair value using the NAV per unit (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Party-In-Interest Transactions

Parties-in-interest (as defined by ERISA) may perform services or have fiduciary responsibilities to the Plan. The party-in-interest transactions discussed below qualify for an exemption from the party-in-interest prohibitions of ERISA.

The Company incurred certain administrative expenses on behalf of the Plan totaling $1.0 million and $1.1 million for the years ended December 31, 2021 and 2020, respectively.

Certain Plan investments include shares of mutual funds that are managed by Fidelity Management & Research Company ("FMR"). FMR is a related entity to FMTC, the trustee of the Plan. FMR is also a related entity to Fidelity Personal and Workplace Advisors, LLC and Strategic Advisers LLC, the providers of discretionary investment management services to the Plan.

At December 31, 2021 and 2020, the Plan held 1.7 million and 1.8 million shares in the Company Common Stock Fund with fair values of $133.3 million and $94.5 million, respectively. During 2021 and 2020, sales of shares in the fund totaled $11.6 million and $12.5 million, respectively.

5. Corrective Distributions

The Plan is subject to certain non-discrimination rules under ERISA and Internal Revenue Service ("IRS") guidelines. For the years ended December 31, 2021 and 2020, the Plan was in compliance with the non-discrimination rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participant accounts would remain vested in accordance with Plan provisions.

7. Federal Income Tax Status

The Plan is required to operate in conformity with the IRC to maintain its qualification. The IRS has determined and informed the Company by letter dated October 28, 2013, that the Plan is designed in accordance with applicable sections of the IRC and is, therefore, exempt from federal income taxes. The Plan has been amended subsequent to receipt of the IRS determination letter; however, the Plan Committee believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, remains qualified and the related trust continues to be tax-exempt.

The Company evaluates any uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examinations for years prior to 2018.

8. Plan Amendments

The Plan was amended, effective January 1, 2020, to provide participants with the options to elect after-tax employee contributions up to certain limits and to make rollover after-tax contributions into the Plan from other qualified plans and or conduit individual retirement accounts. Roth In-Plan Conversion is available on after-tax amounts.

The Plan was amended, effective April 5, 2020, to adopt certain provisions of the CARES Act. For further information regarding the CARES Act see "Coronavirus Pandemic" in Note 1 Description of the Plan.

9. Subsequent Events

The Company evaluated subsequent events through June 30, 2022, which is the day the financial statements were available to be issued.

First American Financial Corporation 401(k) Savings Plan

Opinion on the Financial Statements

We have audited the financial statements of First American Financial Corporation 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

First American Financial Corporation 401(k) Savings Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the First American Financial Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan's *Summary Plan Description* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering employees of First American Financial Corporation (the "Company") and of adopting subsidiaries. Employees are generally eligible to participate in the Plan on their first day of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code ("IRC").

The Plan is administered by the Company's Administrative Benefits Plan Committee ("Plan Committee"). The trustee and recordkeeper of the Plan is Fidelity Management Trust Company ("FMTC"). FMTC delegates certain designated recordkeeping services to Fidelity Investments Institutional Operations Company, Inc. The Plan Committee directs FMTC to utilize Fidelity Brokerage Services LLC to provide brokerage services to the Plan.

Coronavirus Pandemic

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law. The CARES Act was intended to address the economic fallout from the COVID-19 pandemic. Certain provisions of the CARES Act, which relate to 401(k) plans, expand allowable options related to participant withdrawals and loans. The Plan Committee adopted the provisions allowing for expanded withdrawals by qualified participants of up to $100,000 from the Plan without a 10% penalty on withdrawals prior to reaching age 59 ½. Additionally, the Plan Committee adopted the provision allowing loans for qualified participants equal to the lesser of 100% of their vested account balance or up to $100,000 (reduced by their highest outstanding loan balance within the past twelve months) through September 23, 2020. The Plan Committee also adopted the loan deferment provision of the CARES Act, which allowed qualified participants to delay loan repayments that would otherwise be due during 2020. Loan repayments were required to resume in January 2021.

Contributions

Participants may contribute from 1% to 60% or, for highly compensated participants, from 1% to 15% of their annual compensation to the Plan up to an annual limit set forth in the IRC. Participants may elect to make pretax contributions, after-tax Roth contributions, or a combination of the two. Participants are allowed to make rollover contributions into the Plan from other qualified plans or conduit individual retirement accounts.

Effective January 1, 2020, participants may elect to make after-tax contributions up to certain limits and to make rollover after-tax contributions into the Plan from other qualified plans or conduit individual retirement accounts.

Discretionary matching contributions made by the Company have historically been based on the pretax profitability of the Company for the most recent fiscal year. For the years ended December 31, 2021 and 2020, the Company made matching contributions totaling $73.6 million and $32.4 million, respectively, which were credited to participant accounts in the first quarters of 2022 and 2021, respectively. The matching contributions were allocated to participant accounts and invested based on participant elections under the Plan. For every $1.00 contributed by eligible participants up to 4% of eligible pay during 2021 and 2020, the Company made matching contributions of $1.50 and $0.75, respectively. The Company may also make profit sharing contributions to the Plan but did not do so for the years ended December 31, 2021 and 2020.

Investment Options

Participants direct their contributions and any Company contributions into various investment options offered by the Plan, which also includes a qualified default investment alternative selected by the Plan Committee. Investment options available to participants include target date common/collective trust ("CCT") funds, mutual funds and a self-directed brokerage option. Effective July 1, 2015, participant contributions into the Company Common Stock Fund are no longer allowed.

Participant Accounts

Upon enrollment in the Plan, a participant may direct contributions in 1% increments to any of the available investment options as described by the Plan. Participants may generally change their investment options at any time.

Employees who become eligible to participate in the Plan are automatically enrolled unless affirmatively electing not to participate within a specified time period, as required by the Plan. For those participants who are automatically enrolled in the Plan, pretax deferrals of 6% are withheld each payroll period and are contributed into a qualified default investment alternative until a valid election is made by the participant.

Vesting

Participant contributions and earnings thereon are immediately vested. New participants are required to complete two years of service in order to become fully vested in all previous and future contributions made by the Company. The Plan allows for the immediate vesting in all Company contributions in the event of a participant's death, disability or upon retirement if on, or after, the normal retirement age as defined by the Plan. Upon termination, any non-vested balance is forfeited by the participant.

Payment of Benefits

The Plan allows for lump-sum withdrawals upon participant retirement, death, disability, termination or attainment of the eligible age as defined by the Plan. Subject to certain restrictions, as described by the Plan, participants may also make withdrawals in the event of a financial hardship.

Notes Receivable from Participants

Participants may borrow a portion of their account balance pursuant to Plan guidelines. Unless otherwise specified by the Plan, amounts borrowed may not exceed the lesser of (1) 50% of the value of the participant's account balance; or (2) $50,000, less the highest outstanding balance of any loan from the Plan during the one-year period preceding the date on which a new loan would be made. Loans are subject to an initiation fee and other expenses as incurred.

Terms of participant loans are determined pursuant to Plan guidelines. Each loan is collateralized by the balance in the participant's account and bears a rate of interest that is considered reasonable at the time the loan is made, as determined pursuant to Plan guidelines. Loan repayments are required to be made through payroll deductions, or other methods prescribed by Plan guidelines where payroll deductions are not sufficient or available. A participant may repay a loan in full at any time without penalty; however partial prepayment is not permitted. As of December 31, 2021 and 2020, interest rates on participant loans ranged from 3.3% to 6.5% per annum with maturity dates through May 2034.

Forfeited Accounts

Forfeited balances from accounts of terminated participants may be used to reduce future employer contributions or to pay administrative expenses. During 2021 and 2020, forfeited amounts used to reduce either employer contributions or administrative expenses totaled $0.7 million and $1.1 million, respectively. At December 31, 2021 and 2020, forfeited balances totaled $99 thousand and $41 thousand, respectively.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 Fair Value Measurements for further discussion of the fair value of Plan investments.

Purchases and sales of securities are accounted for on the date the securities are purchased or sold (trade date). Dividend income is recorded on the ex-dividend date. Interest income is recognized on an accrual basis as earned.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in fair value of its investments, which consists of both realized gains (losses) and unrealized appreciation (depreciation) on those investments. Investment related expenses are also included in net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on an accrual basis as earned.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Certain annual and transaction specific fees are paid out of Plan assets and are reflected in the **s**tatements of changes in net assets available for benefits. Certain other administrative expenses are paid by the Company.

Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in circumstances in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

3. Fair Value Measurements

The fair values of Plan assets are classified using a three-level hierarchy for fair value measurements that distinguishes between market participant assumptions developed based on market data obtained from sources independent of the Plan (observable inputs) and management's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The hierarchy level assigned to each security in the Plan's investment portfolio is based on management's assessment of the transparency and reliability of the inputs used in the valuation of such instrument at the measurement date. If the inputs used to measure fair value fall in different levels of the fair value hierarchy, an investment's hierarchy level is based upon the lowest level of input that is significant to the fair value measurement. The three hierarchy levels are defined as follows:

Level 1: Valuations based on unadjusted quoted market prices in active markets for identical securities.

Level 2: Valuations based on observable inputs (other than Level 1 prices), such as quoted prices for similar assets at the measurement date; quoted prices in markets that are not active; or other inputs that are observable, either directly or indirectly.

Level 3: Valuations based on inputs that are unobservable and significant to the overall fair value measurement, and involve management judgment.

Investments classified within Level 1 of the fair value hierarchy included a money market fund, mutual funds and common stock funds. The money market fund and the mutual funds were valued at their net asset values ("NAV") based on closing prices as reported by the funds and were deemed to be actively traded. The common stock funds were valued based on closing prices as reported on the active markets on which the individual securities were traded.

Investments within the self-directed brokerage accounts included a money market fund, mutual funds, common stocks, U.S. government securities, and corporate debt instruments. The money market fund , mutual funds and common stocks were valued based on closing prices as reported on the active markets on which the individual securities were traded and were classified within Level 1 of the fair value hierarchy. Fixed income investments, consisting of U.S. government securities and corporate debt instruments, were classified within Level 2 of the fair value hierarchy.

CCT funds were valued at the NAV per unit as a practical expedient to estimate fair value, which were based on the fair values of the underlying investments held by the funds, less liabilities. CCT funds are redeemable, have trades that settle daily and have no future commitments or other trading restrictions. Were the Plan to initiate a full redemption of the CCT funds, there could be a temporary delay in withdrawal in order to ensure that liquidations of securities are carried out in an orderly manner.

The following table presents the Plan's investments measured at fair value, on a recurring basis, as of December 31, 2021 and 2020, classified using the fair value hierarchy:

(in thousands)	Level 1	Level 2	Level 3	Total
December 31, 2021

Self-directed brokerage accounts	50,236	866	—	51,102
	$ 1,252,291	$ 866	$ —	$ 1,253,157
CCT funds measured at NAV (1)				1,007,509
Total investments at fair value				$ 2,260,666

(in thousands)	Level 1	Level 2	Level 3	Total
December 31, 2020				
Money market fund	$ 119,144	$ —	$ —	$ 119,144
Mutual funds	842,898	—	—	842,898
Common stock funds	94,590	—	—	94,590
Self-directed brokerage accounts	34,657	770	—	35,427
	$ 1,091,289	$ 770	$ —	$ 1,092,059
CCT funds measured at NAV (1)				873,038
Total investments at fair value				$ 1,965,097

(1) Certain investments that were measured at fair value using the NAV per unit (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Party-In-Interest Transactions

Parties-in-interest (as defined by ERISA) may perform services or have fiduciary responsibilities to the Plan. The party-in-interest transactions discussed below qualify for an exemption from the party-in-interest prohibitions of ERISA.

The Company incurred certain administrative expenses on behalf of the Plan totaling $1.0 million and $1.1 million for the years ended December 31, 2021 and 2020, respectively.

Certain Plan investments include shares of mutual funds that are managed by Fidelity Management & Research Company ("FMR"). FMR is a related entity to FMTC, the trustee of the Plan. FMR is also a related entity to Fidelity Personal and Workplace Advisors, LLC and Strategic Advisers LLC, the providers of discretionary investment management services to the Plan.

At December 31, 2021 and 2020, the Plan held 1.7 million and 1.8 million shares in the Company Common Stock Fund with fair values of $133.3 million and $94.5 million, respectively. During 2021 and 2020, sales of shares in the fund totaled $11.6 million and $12.5 million, respectively.

5. Corrective Distributions

The Plan is subject to certain non-discrimination rules under ERISA and Internal Revenue Service ("IRS") guidelines. For the years ended December 31, 2021 and 2020, the Plan was in compliance with the non-discrimination rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participant accounts would remain vested in accordance with Plan provisions.

7. Federal Income Tax Status

The Plan is required to operate in conformity with the IRC to maintain its qualification. The IRS has determined and informed the Company by letter dated October 28, 2013, that the Plan is designed in accordance with applicable sections of the IRC and is, therefore, exempt from federal income taxes. The Plan has been amended subsequent to receipt of the IRS determination letter; however, the Plan Committee believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, remains qualified and the related trust continues to be tax-exempt.

The Company evaluates any uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examinations for years prior to 2018.

8. Plan Amendments

The Plan was amended, effective January 1, 2020, to provide participants with the options to elect after-tax employee contributions up to certain limits and to make rollover after-tax contributions into the Plan from other qualified plans and or conduit individual retirement accounts. Roth In-Plan Conversion is available on after-tax amounts.

The Plan was amended, effective April 5, 2020, to adopt certain provisions of the CARES Act. For further information regarding the CARES Act see "Coronavirus Pandemic" in Note 1 Description of the Plan.

9. Subsequent Events

The Company evaluated subsequent events through June 30, 2022, which is the day the financial statements were available to be issued.
