Report of Independent Auditors

To the Administrator of Draeger US Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying 2021 financial statements of Draeger US Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The 2021 financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant

ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter – 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended (not presented herein, other than the statement of net assets available for benefits). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Form 5500-Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Draeger US Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following description of the Draeger US Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, which was restated using the Fidelity Volume Submitter Plan, effective October 7, 2021. The plan covers all full-time and part-time employees of Draeger, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”)

The Plan operationally implemented certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), which changed the Plan to allow for coronavirus-related distributions up to \$100,000 through December 31, 2020. The repayments are allowed within three years after the date that the distribution was received and are recorded as rollover contributions.

Contributions

A participant may contribute to the Plan no less than 1%, nor more than 100% of their annual compensation subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may make after-tax voluntary contributions, subject to IRS regulations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

All employees are automatically enrolled in the Plan on the 1st day of the month following their date of hire. All employees are automatically enrolled at the deferral rate of 3% with contributions being directed to the Vanguard Institutional Trust Fund that is closest to the year in which the participants will turn 65 if they have not opted out or made alternative deferral elections.

If an employee is automatically enrolled, the contribution deferral rate will be automatically increased by 1% each April until it reaches the maximum 6% deferral rate, unless elected otherwise. Employees who are not automatically enrolled can also elect to enroll in automatic escalation up to the deferral rate of their choice, subject to certain IRS limitations.

The Company may make a matching contribution in an amount equal to \$0.50 for each \$1.00 contributed by a participant, up to a maximum of 6% of the participant’s compensation. At year-end, the Company performs a true-up calculation of the employer matching contribution for all participants and makes the necessary additional matching contribution in the subsequent year.

In addition, the Company may make, with the approval of the Board of Directors, a discretionary profit sharing contribution. In order to share in these discretionary contributions, a participant must be actively employed on the last day of the Plan year and have completed one year of service (except in cases of death, disability, or attainment of early retirement age (55 years) at the time of separation of employment). The Company made a discretionary profit sharing contribution of \$4,028,240 in 2022 for the 2021 plan year and \$3,717,068 in 2021 for the 2020 plan year. Contributions are subject to certain IRS limitations.

Participant Directed Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, Plan earnings (losses), and charged with allocation of administrative expenses. Allocations are based on participant earnings, deferrals, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

According to the Plan's provisions, each participant exercises control over the assets in his or her individual participant account by choosing among available investment options. The Plan currently offers a variety of registered investment companies ("mutual funds") and a collective trust as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting of current participants in the Company's contribution portion of their accounts is based on years of service and is as follows:

	Percentage
Less than 1 Year	0 %
1	0
2	0
3	100

Payment of Benefits

Upon death, disability or separation, all distributions are to be made in a single lump sum payment or rollover to an IRA or other qualified plan. The Plan provides for the automatic distribution of a participant's account balance upon termination of employment if the participant's vested account balance is less than \$1,000. Distributions are subject to the applicable provisions of the Plan agreement. As a result of the Setting Every Community Up for Retirement Enhancement ("SECURE") Act, the required minimum distribution age was increased to age 72 effective January 2020 and as a result, terminated participants must begin taking minimum distributions in April of the year following the year they turn age 72. However, for terminated participants who were age 70 ½ in 2019 or earlier, the required minimum distribution age of 70 ½ is unchanged.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 or 50% of the vested portion of their account balance, subject to certain restrictions, in accordance with interest rates and collateral requirements established by the Company. The minimum loan amount is \$1,000. A loan is secured by the balance in the participant's account and bears interest at the Prime Rate as received by Fidelity from Reuters plus 1%. As of December 31, 2021, the participant loans bear interest rates ranging from 4.25% to 6.50%. Loan repayments are made through payroll deductions over a period not to exceed 5 years, with the exception of loans for the purchase of a primary residence, which may have terms of up to 10 years.

Administrative Expenses

Administrative expenses are paid both by the Company on behalf of the Plan and from the Plan's assets. The expenses that are paid by the Company include recordkeeping expenses, advisor fees, trustee expenses, and various reporting expenses and are excluded from these financial statements. Investment management related expenses are included in net appreciation in fair value of investments. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Forfeitures

Forfeitures resulting from the nonvested portions of accounts of participants that terminate prior to being fully vested are used first to pay the administrative expenses of the Plan, and any remaining amounts may be used to reduce future Company contributions. At December 31, 2021 and 2020, the balance in the forfeiture account was \$70,204 and \$155,704, respectively. During 2021, \$158,157 of forfeitures were used to pay administrative expenses.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

The investments of the Plan are reported at fair value. The Plan's Benefits Committee determines the Plan's valuation policies utilizing information provided by the trustee. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Revenue Sharing Account

The Plan has a Retirement Choice Plus Account (the "Account") where Fidelity Management Trust Company deposits the excess revenue sharing funds collected from the investment products used

by the Plan. This account is intended for use to pay administrative expenses. During the year ended December 31, 2021, \$0 was added to the Account and \$0 of Plan expenses were paid using the Account. As of December 31, 2021 and 2020, the Account totaled \$23,150 and \$22,738, respectively.

3. Information Certified by Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the following information reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental schedule of Form 5500 - Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021.

	2021	2020
Investments, at fair value	\$ 344,387,347	\$ 306,863,529
Notes receivable from participants	3,074,003	3,250,943

The related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021 was certified by the trustee, as follows:

Net appreciation in fair value of investments	\$ 19,029,225
Dividend income	22,105,701
Interest income	675
Interest income on notes receivable from participants	170,150

4. Fair Value Measurements

ASC 820 provides a framework for measuring fair value and expands disclosures about fair value measurements in financial statements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

Draeger US Retirement Savings Plan

Notes to Financial Statements

December 31, 2021 and 2020

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Registered Investment Companies

Shares of registered investment companies are valued at quoted market prices which represent the NAV of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust

Units of the collective trust are valued at NAV at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investments measured at net asset value - collective trust ⁽¹⁾				30,577,521
				<u>\$ 306,863,529</u>

- (1) Certain investments that are measured at fair value using the net asset value per unit (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investment in Entities that Use NAV

The following table summarizes an investment measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

December 31, 2021	NAV	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective trust fund (a)	\$ 28,295,968	n/a	Daily	Daily

December 31, 2020	NAV	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective trust fund (a)	\$ 30,577,521	n/a	Daily	Daily

- (a) The strategy for this fund is to invest in securities in order to maintain a stable value.

Notes to Financial Statements

December 31, 2021 and 2020

5. Risks and Uncertainties

The Plan provides for various investment securities in any combination of mutual funds and the collective trust. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. Tax Status of the Plan

The Plan adopted the Fidelity Volume Submitter Plan ("Volume Submitter Plan") on October 7, 2021. The Internal Revenue Service issued an opinion letter dated June 30, 2020, that the Volume Submitter Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not been amended since the adoption of the Volume Submitter Plan; as such, the Plan administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. The Plan administrators believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balance.

8. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan. Dividend income received from those investments was \$278,495 during 2021. Income earned from the revenue sharing account is a party-in-interest transaction. Additionally, certain expenses related to the administration of the Plan are paid by the Company, which also qualify as a party-in-interest transaction. Such transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules.
