Independent Auditor's Report

To the Plan Administrator and Participants
American Specialty Health Incorporated 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of American Specialty Health Incorporated 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 financial statements section of our report. We are required to be independent of American Specialty Health Incorporated 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Specialty Health Incorporated 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Specialty Health Incorporated 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the American Specialty Health Incorporated 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of American Specialty Health Incorporated 401(k) Savings Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMERICAN SPECIALTY HEALTH INCORPORATED
401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. Description of Plan

The following description of the American Specialty Health Incorporated 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan was established June 1, 1995 by American Specialty Health Incorporated (the "Company") as a defined contribution plan under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is administered by the Company as the Plan sponsor.

Fidelity Management Trust Company and Fidelity Retirement Services serve as the trustee and recordkeeper, respectively, of the Plan.

During 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allowed the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allowed qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

b. Eligibility

Employees of the Company and affiliated employers, except for leased employees, are eligible to participate in the Plan upon reaching 18 years of age. Participants can enter the Plan on the date they meet the eligibility requirements.

c. Contributions

Participants may contribute up to 80% of their gross compensation, subject to the Internal Revenue Service ("IRS") limits. The Plan includes an automatic enrollment feature whereby new participants are automatically enrolled in the Plan with a 6% deferral rate, unless the participant affirmatively elects otherwise. Participants who are 50 years of age by the end of the Plan year are allowed to make additional catch-up contributions as allowed by the IRC.

The Plan also allows rollover contributions from other qualified plans. The Plan makes non-discretionary matching contributions equal to 50% of the first 6% of compensation deferred by

the employee. Effective January 1, 2019, the Plan was amended to provide an annual true-up match as needed.

d. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses, and are valued on a daily basis. The current benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

Participants are immediately vested in their employee deferrals, rollover contributions and qualified non-elective employer contributions, if any, and the net earnings thereon. Participants vest in non-discretionary employer matching contributions as follows:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 but less than 3 years	25%
3 but less than 4 years	50%
4 but less than 5 years	75%
5 or more years	100%

f. Investments

Participants may direct the investment of their account balances in one or a combination of investment options offered by the Plan. Participants may change their investment elections or transfer their assets between investments on a daily basis.

g. Forfeitures

Participants who terminate employment forfeit any nonvested portion of employer contributions and earnings thereon. Forfeited amounts may be used to reduce future employer contributions or to pay administrative expenses of the Plan. At December 31, 2021 and 2020, forfeitures totaling approximately \$49,600 and \$16,600, respectively, were available to reduce future employer contributions or to pay future administrative expenses. During 2021 and 2020, forfeitures totaling approximately \$245,100 and \$286,200, respectively, were utilized to offset employer matching contributions.

h. Payment of Benefits

Upon reaching retirement age, termination of service or death, a participant may elect to receive their vested account balance in a lump-sum distribution. Account balances less than \$5,000 will be paid in a lump sum. If the participant does not elect to take a distribution, the balance will be automatically transferred to an individual retirement account for the benefit of the participant. If the vested balance is less than \$1,000, the Plan Administrator will make the distribution directly to the participant.

i. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account balance as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase

of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

j. Notes Receivable from Participants

Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to a \$1,000 minimum and certain other restrictions. Loans are secured by the vested account balance of the participant and bear interest at a rate equal to the prevailing interest rate that would be charged under similar circumstances as determined by the Company. Loans are repaid through payroll deductions over periods ranging up to five years unless the loan is used to acquire a principal residence, in which case the loan term may be for a period of up to ten years. The interest rate on outstanding loans at December 31, 2021 ranged from 6.25% to 8.50%, maturing through 2027.

k. Administrative Expenses

The Company pays certain administrative fees of the Plan, including legal, trustee and audit fees. Direct expenses totaling approximately \$142,000 and \$25,600 were incurred and paid by the Plan during 2021 and 2020, respectively. Certain expenses are included in the transaction prices of investments bought and sold and are not separately quantifiable. The Plan charges certain loan and distribution fees to the impacted participants.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

b. Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles ("GAAP") requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

d. Notes Receivable from Participants

Notes receivable from participants are carried at amortized cost plus accrued interest.

e. Revenue Credits

During 2014, the Plan entered into an agreement with the trustee whereby the trustee shares certain revenue generated by the Plan in excess of their fee. These deposits are included in other income on the statements of changes in net assets available for benefits and are available to pay Plan expenses or to be reallocated to participants. During 2021 and 2020, revenue credits of approximately \$15,200 and \$55,400, respectively, were allocated to participants who were invested in the funds that received revenue credits based on the balance in these specific funds. At December 31, 2021 and 2020, approximately \$1,300 and \$1,100, respectively, of revenue credits were available to be reallocated to participant accounts or to pay future Plan expenses.

f. Payment of Benefits

Benefits are recorded when paid.

g. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through July 6, 2022, the date the financial statements were available for issuance.

3. Investments

Plan assets are held by Fidelity Management Trust Company, the trustee, as of December 31, 2021 and 2020 and for the years then ended. Participants may direct their accounts among the various investments offered by the trustee.

The Wells Fargo Stable Value Fund Class C (the “Stable Value Fund”) is a common collective trust that has invested all of its assets in the Wells Fargo Stable Return Fund G (the “Stable Return Fund G”). The Stable Return Fund G is a common collective trust investing primarily in security-backed contracts issued by insurance companies and other financial institutions. A security-backed contract has similar characteristics as a traditional investment contract comprised of two parts: the first part is a fixed-income security portfolio of fixed-income securities; the second part is a contract value liquidity agreement (“wrapper”) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract at maturity.

The fair value of the Stable Value Fund is valued at net asset value (“NAV”) of the underlying investments which includes the value of the wrapper contract. The fair value of the wrapper contract provided by a security-backed contract issuer is the present value of the difference between the current wrapper fee and the contract wrapper fee. Wrap contracts are designed to allow a stable value fund to maintain a constant NAV and to protect the fund from market fluctuations except in extreme circumstances.

Certain events could cause the Stable Value Fund not to transact at NAV (contract value) including material amendments to the Stable Value Fund’s structure or administration; changes to the participating plans’ competing investment options including the elimination of equity wash provisions; complete or partial termination of the Stable Value Fund, including the merger with another fund; the failure of the Stable Value Fund to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; the redemption of all or a portion of the interests in the Stable Value Fund held by a participating plan at the direction of the participating plan sponsor, including withdrawals due to the removal of a specifically

identifiable group of employees from coverage under the participating plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of a plan sponsor, the merger of the plan with another plan, or the plan sponsor's establishment of another tax qualified defined contribution plan; any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the Stable Value Fund or participating plans; or the delivery of any communication to plan participants designed to influence a participant not to invest in the Stable Value Fund.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at fair value based on quoted market prices.

Common collective trusts: Valued at fair value based on the NAV practical expedient of the underlying investments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of:

Investments at Fair Value

Common collective trusts	\$ 48,828,191	\$ 4,696,650	Daily	1-2 days

The common collective trusts include a stable value fund whose primary objective is to provide investors with a moderate level of stable income without principal volatility. The remainder are retirement date funds that include a mixture of investments which become gradually more

conservative the closer the fund is to the target retirement date. There were no unfunded commitments at December 31, 2021 and 2020.

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by Fidelity Management Trust Company, the trustee, as of December 31, 2021 and 2020 and for the years then ended, as complete and accurate.

- Investments, at fair value
- Notes receivable from participants
- Investment income
- Interest on notes receivable from participants
- Schedule of assets (held at end of year)

7. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. Certain investment fees are paid by the trustee and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Additionally, the Plan sponsor, American Specialty Health Incorporated, is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

8. Tax Status

Effective October 24, 2014, the Plan was restated utilizing a Fidelity Volume Submitter Plan Document. Fidelity received an advisory letter from the IRS on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting this plan document. However, management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, management believes that the Plan is qualified and the related trust is tax exempt as of December 31, 2021 and 2020, and for the years then ended.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all their accounts.
