NOTES TO FINANCIAL STATEMENTS
December 31, 2021

1. DESCRIPTION OF PLAN

The following description of the Community Medical Center, Inc. (CMC) Employees Pension Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was effective June 1, 1978. The Plan is a defined contribution plan allowing all employees to make contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is related to a separate deferred savings plan (pre-tax plan). The separate pre-tax plan is designed to enable eligible employees to contribute up to \$19,500 of their compensation. Participants who have attained age 50 before the end of the plan year may make an additional \$6,000 as a maximum catch-up deferral into the separate plan, allowable under the Tax Code. Also available to employees with at least 15 years of service is an additional \$3,000 catch-up deferral (certain limitations apply). Full-time employees who have one year of service and are age twenty-one or older are eligible to receive employer-matched funds. CMC makes a matching contribution equal to 250 percent of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 2 percent of compensation. Matching contributions (employer) are made into the Employees' Pension Plan described in this audit report. Deferral contributions (employee) are made into a separate plan. Participants direct the investment of their matching contributions into various investment options offered by the Plan. The Plan currently offers annuity contracts and/or mutual funds through a pooled separate account.

Participant Accounts

Participant accounts are credited with the employer's matching contributions, allocations of plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the entity's contribution portion is based on years of continuous service as defined in the Plan documents. Vesting starts at 0 percent. Vesting increases by 20 percent each year starting when the employee has one year of service. The employee is 100 percent vested after five or more years of service or upon attainment of age 62.

Payment of Benefits

On termination of service due to, death, disability, or retirement, participants or beneficiaries may elect to receive a lump sum payment. Upon retirement, participants may also elect to receive a life annuity, certain and life annuity, joint and survivor annuity, installment refund annuity, fixed period annuity, or a lump sum payment equal to the vested value of the participant's account. Total disability and death benefits are determined in accordance with the provisions of the Plan. Upon termination of services, if a participant's vested account is not greater than \$5,000 the vested portion of the account shall be distributed to the participant in a single lump sum payment.

Community Medical Center, Inc. Employees Pension Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

Distribution Requirements

Distributions to a participant are required to commence by April 1 of the calendar year following the later of the calendar year in which the participant attains age 72 or the calendar year in which the participant retires.

Forfeited Amounts

During the years ended December 31, 2021 and 2020, forfeited non-vested accounts totaled \$2,205 and \$3,609 respectively. These accounts will be, or were, used to reduce future employer contributions.

Participant Loans

There are no participant loan provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America and in accordance with the terms of the Plan Agreement.

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Community Medical Center, Inc. Employees Pension Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

The Finance Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company.

The fair value of pooled separate accounts is determined by the net asset value (NAV) of the funds underlying investments held at year end adjusted for any dividends or distribution received by American United Life Insurance Company (AUL) and the daily equivalent of any fee charged by AUL pursuant to the contract. There have been no changes in the methodology used at December 31, 2021 and 2020.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by CMC. Expenses that are paid by CMC are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of CMC. No such officer or employee receives compensation from the Plan.

Subsequent Events

The Plan has evaluated subsequent events through June 29, 2022, the date the financial statements were available to be issued.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, CMC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participant accounts would become 100% vested and non-forfeitable as of the effective date of complete termination of the Plan.

4. INFORMATION CERTIFIED BY CUSTODIAN

The following is a summary of Plan asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

Community Medical Center, Inc. Employees Pension Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by AUL as of December 31, 2021 and 2020, and for the year ended December 31, 2021, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

AUL certified to the completeness and accuracy of \$0 and \$7,703,213 of total investments as of December 31, 2021 and 2020, respectively, \$897,047 of net appreciation in fair value of investments (including realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investment held during the year), and \$5,664 of interest and dividend income on investments for the year ended December 31, 2021.

5. FAIR VALUE MEASUREMENTS OF INVESTMENTS IN CERTAIN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE (OR ITS EQUIVALENT)

The following table sets forth additional disclosures of Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2021 and 2020:

	2021 Fair Value	2020 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

(a) This category seeks the highest level of total return consistent with its asset mix which consists of equity, fixed income, and cash positions.

(b) This category seeks long-term capital appreciation by investing in foreign market securities. These funds invest primarily in the common stock of companies in both developed and developing foreign markets.

(c) This category seeks to provide a high level of current income with a secondary investment objective of capital appreciation as company and economic fundamentals improve. These funds invest primarily in higher yielding and generally lower quality debt securities (rated Ba1 or below or BB+ or below).

(d) This category includes funds that seeks to invest in a diversified portfolio of primarily corporate and other investment-grade U.S. fixed-income securities.

Community Medical Center, Inc. Employees Pension Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

(e) This category seeks capital appreciation by investing primarily in large capitalization companies. Although it invests primarily in U.S. securities, investments in foreign companies may be made.

(f) This category includes funds that are designed to seek a high total return relative to the participant's target retirement year. These funds invest in a mixture of stocks, bonds, and cash. Asset allocations become more conservative over time.

(g) This category seeks long-term capital appreciation by investing in primarily mid-sized companies or smaller. Although it invests primarily in U.S. securities, investments in foreign companies may be made.

(h) This category seeks capital appreciation by investing primarily in small capitalization companies. These funds generally invest in companies with growth characteristics or those believed to be undervalued.

(i) This category seeks long-term growth of capital and has few geographical limitations. These funds invest primarily in common stocks of well-established companies located around the world. These funds may also invest in issuers in developing countries.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Boards (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Quoted market prices in active markets for identical assets or liabilities.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Unobservable inputs that are not corroborated by market data.

Community Medical Center, Inc. Employees Pension Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate account: The pooled separate account is invested in underlying assets which are valued using the observable net asset value of identical or similar assets. Mutual funds within the pooled account are valued at the net asset value (NAV) of shares held by the Plan at year end. While the assets of the pooled account have observable input, the NAV of the pooled separate account itself is not observable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

<i>Assets at Fair Value as of December 31, 2021</i>						
	<u>Level 1</u>		<u>Level 2</u>		<u>Level 3</u>	<u>Total</u>
Pooled separate account	\$ -	\$	-	\$	-	\$ -
Total assets at fair value	\$ -	\$	-	\$	-	\$ -

<i>Assets at Fair Value as of December 31, 2020</i>						
	<u>Level 1</u>		<u>Level 2</u>		<u>Level 3</u>	<u>Total</u>
Pooled separate account	\$ -	\$	7,160,470	\$	-	\$ 7,160,470
Total assets at fair value	\$ -	\$	7,160,470	\$	-	\$ 7,160,470

7. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has entered into multiple traditional fully benefit-responsive investment contracts with AUL. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the investment contracts at December 31, 2021 and 2020 was \$542,743 and \$355,326, respectively.

AUL maintains the contributions from all contracts in a general account. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Community Medical Center, Inc. Employees Pension Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2021

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than a guaranteed rate based on the contract. Such interest rates are reviewed on a quarterly basis for resetting. Below is a summary of the guaranteed interest rates by contract as of December 31, 2021 and 2021.

Average yields:	<u>2021</u>	<u>2020</u>
	<u>Plan as a whole</u>	<u>Plan as a whole</u>
Based on actual earnings	1.0% to 3.0%	1.0% to 3.0%
Based on interest rate credited to participants	1.00%	1.71%

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and registered investment companies managed by AUL. AUL is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Investment expenses paid to AUL through fund operating expense ratios, mortality and expense risk charges, and third-party administration fees paid to AUL by the plan sponsor were approximately \$0 for the year. Separately, fees paid by the plan for third party advisory services amounted to \$20,000 for the year.

9. TAX STATUS

The Internal Revenue Service has not yet determined and informed CMC that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). However, the plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities, including the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
