Wellesley, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Dana Hall School Retirement Plan for Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Dana Hall School Retirement Plan for Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Dana Hall School Retirement Plan for Employees and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dana Hall School Retirement Plan for Employees' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dana Hall School Retirement Plan for Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dana Hall School Retirement Plan for Employees' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Dana Hall School Retirement Plan for Employees. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 21, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DANA HALL SCHOOL RETIREMENT PLAN FOR EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

Note 1 - Description of the Plan

The following description of the Dana Hall School Retirement Plan for Employees (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Dana Hall School (the "School"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees are immediately eligible to make elective contributions in the Plan upon commencement of employment with the School.

Plan Contributions - Participants may elect to defer a portion of their eligible compensation as contributions to the Plan up to the maximum permitted by the Internal Revenue Code. Participants who have attained the age of 50 before the end of the plan year are eligible to make "Age 50 Catch-Up Contributions". Participants who have worked at least 15 years for the School may make "Special 403(b) Catch-Up Contributions" equal to the smaller of: (a) \$3,000 (b) \$15,000 less the amount of Special 403(b) Catch-Up Contributions made in prior years or (c) \$5,000 multiplied by the number of years the participant has worked for the School less the total amount of deferrals made while working at the School. Participants may also make rollover contributions representing distributions from other qualified plans. All employees who have completed one year of service, defined as 1,000 hours of service during a twelve-month period, and have attained age 21, are eligible to receive employer contributions. If an employee previously worked for another qualified 501(c)(3) institution, the hours worked for that institution are included in total hours used to determine eligibility for the employer contribution. The School's contribution is equal to 5%, 6% or 7% of eligible compensation based upon age. For the year ended December 31, 2021, the School made contributions totaling \$762,189.

Participant Accounts - Participant's accounts are credited with the participant's elective contributions, the School's contributions, earnings, and expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Once participants become eligible to participate, they are immediately vested in their elective contributions, the School's contributions, and actual earnings thereon.

Investment Options - Upon enrollment in the Plan, and at any time during the plan year, participants may direct the investment of their contributions, as well as the School's contributions, into various mutual funds, pooled separate accounts, variable annuity accounts and investment and annuity contracts offered by the Plan.

Payment of Benefits - Upon retirement, disability or death, participants or beneficiaries are entitled to a distribution equal to the total value of the participant's vested account. Upon termination of service, a participant may elect to maintain their account in the plan or receive the value of his or her account in a lump-sum cash payment, installments, or an annuity option that is available under the applicable funding vehicle. Terminated participant account balances less than \$1,000 can be automatically distributed by the plan administrator without the participant's consent if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly. Certain in-service withdrawals are permitted upon attainment of age 59½. In addition, hardship withdrawals are also allowed by the provisions of the Plan.

DANA HALL SCHOOL RETIREMENT PLAN FOR EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

Note 1 - Description of the Plan (Continued)

Administration - The School is the sponsor and administrator of the Plan. TIAA and CREF and Fidelity Management Trust Company serve as record-keepers of the Plan and maintain individual participant account records and advise the Plan on other matters related to the operation of the Plan. TIAA, FSB acts as a directed trustee and custodian.

Notes Receivable from Participants - Notes receivable from participants were issued by TIAA and CREF. Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate. Principal and interest are paid at least quarterly. Generally, notes must be repaid within five years unless being used to purchase a primary residence. Participants may have three notes outstanding at a time. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Plan Loans - Plan loans are issued directly from funds owned by TIAA and not directly from a participant's account. Participants are required to reserve 110% of the outstanding loan amount as collateral in the TIAA Traditional Annuity as either part of a Group Supplemental Retirement Annuity contract or as a separate Retirement Loan contract. The participant may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The interest rate may be fixed or variable and the initial rate is determined by the terms of the controlling contract. Loans are generally repaid within five years or up to ten years for the purchase of a primary residence. Principal and interest payments are made subject to the terms of the loan agreement and paid ratably by the participant to TIAA.

Administrative Expenses - Generally, the Plan Sponsor pays administrative expenses relating to the Plan except for management fees and operating expenses which are borne by the participants. Management fees and operating expenses charged to the Plan for Fidelity Management Trust Company and TIAA and CREF investments are deducted from income earned daily and are not separately reflected. Accordingly, management fees and operating expenses are reflected as a reduction of net appreciation in the fair value of investments. Certain operating expenses amounting to \$147 for the year ended December 31, 2021 are separately reflected and paid by the participants directly to Fidelity Management Trust Company and TIAA and CREF.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, the actual amounts could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value except for its fully benefit-responsive investment contract which is stated at contract value. Fair value is the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net appreciation in the value of investments includes realized and unrealized gains and losses on the value of the investments bought and sold as well as held by the Plan during the year. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

DANA HALL SCHOOL RETIREMENT PLAN FOR EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued) - The Plan has fully benefit-responsive and non-benefit-responsive investment contracts with TIAA. Contracts are determined to be non-benefit-responsive due to the restrictions on withdrawals from the contract. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Fully benefit-responsive investment contracts held by defined contribution plans are required to be reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Unit Values - Individual participant accounts for the pooled separate account are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the trust but do have an interest therein represented by units which are valued daily. The trust earns interest which is automatically reinvested in additional units. Generally, contributions to and withdrawals from the trust are converted to units by dividing the amount of such transactions by the unit values as last determined and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions in accordance with the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The date to which events occurring after December 31, 2021 have been evaluated for possible adjustment to the financial statements or disclosure is the date of the Independent Auditor's Report which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplement schedule, including investments at fair value, investments at contract value, and notes receivable from participants at December 31, 2021 and 2020, and realized and unrealized gains and losses, net, interest and dividend income, revenue sharing income, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (a custodian of the Plan), TIAA and CREF (the insurance carriers), and TIAA on behalf of TIAA, FSB (custodian and trustee of the Plan).

Note 4 - Fair Value Measurements

Valuation techniques used to measure fair value under U.S. generally accepted accounting principles must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. The fair value hierarchy is based on three levels of inputs as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets in active markets or quoted prices for identical assets in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in estimating the value of the assets.

The following is a description of the Plan's valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Variable Annuities

The accounts invest principally in equity securities, fixed-income instruments, and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources. The unit values of each account are determined daily, and each fund determines its share price or net asset value ("NAV") as reported on NASDAQ or on the issuers' website. Investments in variable annuities are classified within Level 1 of the valuation hierarchy. There is a lock up period, of 90 days if a purchase, sale or repurchase within that account is made within a 60-day period, other than for the CREF money market account.

Mutual Funds

These investments are public investment vehicles valued using the NAV provided by the administrator of the fund and calculated at the close of business on the NYSE. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments in mutual funds are classified within Level 1 of the valuation hierarchy.

Pooled Separate Account

The fair values of participants units held in the pooled separate account are based on their Net Asset Values, as reported on NASDAQ. The unit values of each account are determined daily. The value is principally derived from the market value of the underlying real estate holdings or other real-estate investments. Investments in the pooled separate account are classified within Level 1 of the valuation hierarchy.

Investment and Annuity Contracts

The TIAA Traditional Annuity - Non-Benefit-Responsive is a fixed annuity contract fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuities (RA), Group Retirement Annuities (GRA) and Retirement Choice (RC). RA, GRA and RC are non-benefit-responsive contracts reported at fair value, which approximates their contract value. Investments in the TIAA Traditional Annuity - Non-Benefit-Responsive are classified within Level 3 of the valuation hierarchy.

Note 5 - Fully Benefit-Responsive Investment Contracts

The Plan has investments in the TIAA Traditional Supplemental Retirement Annuities ("SRA") and Group Supplemental Retirement Annuity ("GSRA"), which are fully benefit-responsive investment contracts. These investments are guaranteed annuity accounts backed by the claims-paying ability of TIAA. They guarantee the principal and contractually specified minimum interest rate, plus the opportunity for additional amounts in excess of the guaranteed rate. The additional amounts are declared on a year-by-year basis by the TIAA Board of Trustees. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

DANA HALL SCHOOL RETIREMENT PLAN FOR EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2021

Note 5 - Fully Benefit-Responsive Investment Contracts (Continued)

The crediting interest rate is based on the net investment earnings rate of certain TIAA assets, accounting for targets for expenses, risks, and contract liquidity. Such interest rates are reviewed monthly for funds deposited during the year and then set at year end for each vintage. Certain conditions may limit the ability of the Plan to transact at contract value with TIAA. Such circumstances include but are not limited to market value adjustments, surrender charges, plan termination, plan merger and certain other employer-initiated events. The Plan administrator does not believe that the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is probable. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Because the SRA and GSRA contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest rate is 3.00% for the Plan years ended December 31, 2021 and 2020.

The following represents fully benefit-responsive investment contracts at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
TIAA Traditional (SRA and GSRA fixed annuities)	\$ <u>1,612,398</u>	\$ <u>1,431,445</u>

Note 6 - Notes Receivable from Participants

As of December 31, 2021, notes receivable from participants bear interest at the rate of 4.25%. The notes mature at various dates through July 2026.

Note 7 - Plan Loans

Plan loans to participants at December 31, 2021 and 2020 amounted to \$147,571 and \$217,228, respectively. Plan loans are issued directly from funds provided by TIAA and are not deducted from the participant's accounts. Accordingly, participant loans are not shown separately on the statements of net assets available for benefits as a loan receivable. Each loan is secured by the participant's balance in the TIAA Traditional Annuity. Each participant's balance in the TIAA Traditional Annuity must be at least 110% of the outstanding loan balance for the life of the loan. As of December 31, 2021 and 2020, interest rates ranged from 4.00% to 4.49%, with maturity dates through July 1, 2025. Effective December 3, 2021, TIAA discontinued issuing any new plan loans.

Note 8 - Related Party Transactions

Certain plan investments including shares of mutual funds, a pooled separate account, variable annuity accounts and an investment and annuity contract are managed by either TIAA and CREF or Fidelity Management Trust Company. Plan loans are issued directly from funds owned by TIAA. Accordingly, certain transactions qualify as party-in-interest transactions. The Plan sponsor elects to pay certain other administrative expenses of the Plan. Administrative expenses paid by plan participants to Fidelity and TIAA and CREF amounted to \$147 for the year ended December 31, 2021.

YEAR ENDED DECEMBER 31, 2021

Note 9 - Tax Status

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedures 2007-71. The Plan administrator intends to apply for a determination letter on the Plan when the government opens such a program. The Plan is required to operate in conformity with the Code to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

In determining the recognition of uncertain tax positions, the Plan applies a more-likely-than-not recognition threshold and determines the measurement of uncertain tax positions considering the amounts and probabilities of the outcomes that could be realized upon ultimate settlement with taxing authorities. As of December 31, 2021, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is generally subject to potential examination by taxing jurisdictions for the three prior years. Currently, there are no tax audits in progress for any tax years.

Note 10 - Plan Amendment and Termination

The Plan may be amended at any time by the Board of Trustees. Although it has not expressed any intent to do so, the School has the right under the Plan to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event of plan termination, participants remain 100 percent vested in their accounts.

Note 11 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
