Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Ward Transport & Logistics Corp. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Ward Transport & Logistics Corp. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ward Transport & Logistics Corp. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ward Transport & Logistics Corp. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ward Transport & Logistics Corp. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ward Transport & Logistics Corp. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of investments as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (Continued)

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WARD TRANSPORT & LOGISTICS CORP.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

Note 1: Description of Plan

The following description of the Ward Transport & Logistics Corp. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a complete description on the Plan's provision.

General

The Plan is a defined contribution plan covering employees of the Company who are 18 years of age or older. Employee means any person employed by the Company not covered by a collective bargaining contract where retirement benefits were the subject of good faith bargaining with the union. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 60% of annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined or contribution plans. The Company may make annual matching and or discretionary contributions. There were no Company contributions to the Plan for the years ending December 31, 2021 and 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings. Contributions shall be allocated immediately upon contributions by the participant. Employer contribution will be allocated to eligible participants based on how much the participant's total compensation is in relation to the sum of the compensation of all the eligible participants. Plan earnings shall be allocated pro rata according to the net credit balances in the participant's accounts.

Vesting

Participants are immediately vested in their voluntary contributions, matching contributions, rollover contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 100% vested after three years of credited service.

Note Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance - see (CARES) Act Note. Borrowings are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50% at December 31, 2021, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater, for the purchase of a primary residence. Notes receivable are stated at their unpaid principal balance.

Payment of Benefits

All benefits will be paid by lump sum or series of substantially equal payments over a fixed period of years. Payment is upon termination of service, retirement, in-service withdrawal request, disability, and death.

Note 1: Description of Plan (Continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment-related expenses are included in net realized and unrealized investment gain (loss). Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Forfeitures

Forfeitures are accumulated in a forfeiture account and are used to pay plan expenses and/or employer contributions. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$0 and \$0, respectively. During 2021 and 2020, respectively, \$0 and \$0 was used to pay plan expenses and/or employer contributions.

Coronavirus Aid, Relief, and Economic Security (CARES) Act

On March 27, 2020, the CARES Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and implemented the following provisions:

- Participants may withdraw certain account balances up to \$100,000 through December 31, 2020 (referred to as coronavirus-related distributions), subject to satisfying required eligibility.
- Participants may take a loan not to exceed the plan limits \$50,000 (\$100,000 if made to affected individuals from March 27, 2020, to September 30, 2020).
- Participants have the option to suspend loan repayments due on March 27, 2020, through December 31, 2020, related to existing loans and new loans initiated on or before December 31, 2020.
- Participants may make rollover contributions for a coronavirus-related distribution from the Plan or any other plan or arrangement at any time during the three-year period beginning on the day after the date on which distribution was received. Such contributions shall be treated as a rollover and deemed to have been transferred to the plan within the 60-day period requirement.
- Required minimum distributions related to the 2020 calendar year were waived, including those scheduled to be paid after December 31, 2020, but before April 1, 2021.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

WARD TRANSPORT & LOGISTICS CORP.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020
(CONTINUED)

Note 2: Summary of Significant Accounting Policies Continued)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized investment gain (loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administration of Plan Assets

The Plan's assets are administrated under a contract with Principal Trust Co., the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distributions to participants.

Payment of Benefits

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 and Financial Statements for Benefits Claims that have been processed and approved for payment prior to December 31 but not yet paid as of that date.

Note 3: Transactions with Parties in Interest

During 2021 and 2020, respectively, fees of \$58,214 and \$46,057 were paid to Principal Trust Company. These fees were based on customary and reasonable rates for the services performed.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

WARD TRANSPORT & LOGISTICS CORP.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020
(CONTINUED)

Note 4: Information Prepared and Certified by Trustee of the Plan

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4(i), Schedule of Assets Held at End of Year as of December 31, 2021, and the related investment activity and interest on notes receivable from participants reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 6: Tax Status

The Company has adopted a Standardized Prototype Deferred Profit Sharing Plan as prepared by Principal Life Insurance Company ("Trustee"). The Internal Revenue Service has determined and informed the Company by a letter dated August 8, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2018.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

WARD TRANSPORT & LOGISTICS CORP.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020
(CONTINUED)

Note 8: Subsequent Events

The Plan has adopted FASB ASC Topic *Subsequent Events*. This guidance defines subsequent events as events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through July 11, 2022, the date on which the financial statements were available to be issued.

Effective January 1, 2022, the Plan has been amended and restated to include an employer match of 50% of employee deferrals up to 5%.

Note 9: Fair Value Measurement

The Plan measures its investments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. The levels of the fair value hierarchy are as follows:

Level 1

Fair value is based on unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2

Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in inactive markets for identical or similar assets, and other observable inputs.

Level 3

Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models discounted cash flows, and similar techniques.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies accounts are valued based on net assets value ("NAV") per unit of participation in the fund and have no unfunded commitments or significant redemption restrictions. NAV is valued based on the fair value of the underlying assets of the fund derived from or corroborated by observable market data by correlation or other

means, although not based upon quoted market prices in an active market. The funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with each fund's investment objectives are as follows. Guaranteed accounts are valued based on interest rates foreclosed on the investments underlying the contract value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

Note 10: Principal Fixed Income Option

PFIO is a traditional benefit-responsive group annuity contract issued by the Principal Life Insurance Company (PLIC). The methodology for calculating the interest-crediting rate is defined in Article I, Section II of the contract under the term "Composite Crediting Rate." Under the terms of the existing contract, the crediting rate is currently reset on a semiannual basis.

Changes in future interest crediting rates will not affect the amount reported on the statement of net assets available for benefits representing the adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value as fair value is considered book value less early withdrawal charge.

The PFIO is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a Stable Value fund. As a result, the average yield earned by the plan is the yield earned (i.e., interest credited) on the group annuity contract.

By definition, the PFIO group annuity contract is an insurance contract. As a result, the plan may transact according to the terms defined in the contract at any time. The terms and methods under which the contract may transact are defined in Article II (Deposits and Funds), Article III (Fees), Article IV (Benefits and Other Payments), and Article V (Termination) in the contract.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020
(CONTINUED)

Note 10: Principal Fixed Income Option (Continued)

Plan sponsor should assess the probability of the occurrence of these events limiting the plan's ability to transact at contract value with participants

Article V of the contract defines the circumstances and amounts for which the contract may be terminated by the plan. The issuer, PLIC, has the right to no longer receive deposits under Article VI, Section 3. However, the circumstances for termination of the contract are still subject to Article V.
