EMPLOYEE'S SAVINGS AND PROFIT SHARING PLAN

Notes to Financial Statements

September 30, 2021 and 2020

(1) Description of Plan and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Elliott Aviation, LLC. Employee's Savings and Profit-Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and 401(k) savings plan covering all employees of Elliott Aviation, LLC. (the "Company") and its wholly-owned subsidiaries: Elliott Aviation Technical Products Development, LLC, Elliott Aviation of Aircraft Sales, LLC, Elliott Aviation of the Quad Cities, LLC, Elliott Aviation of Des Moines, LLC and Elliott Aviation of Minneapolis, LLC who have completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator oversees governance of the Plan, determines the appropriateness of the Plan's investment offering's and monitors investment performance.

Contributions

Participants may contribute a percentage of pretax annual compensation (as defined in the Plan document) in form of a salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch–up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). The Plan includes an auto–enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation with an automatic increase of 2% annually up to a maximum of 12%. Contributions related to auto–enrollments are automatically invested in a designated balanced fund until changed by the participant. The Plan provides for Company matching and profit sharing contributions which are at the discretion of the Company. The Company contributed 50% of the participant's contribution up to 6% of the participant's eligible contribution through March 27, 2020 at which time the employer match was suspended. The employer match was reinstated on June 14, 2021 for periods thereafter. The Company did not make a profit sharing contribution in 2021 and 2020. Contributions are subject to certain IRS statutory annual limitations.

Employee contributions, matching employer contributions and employer discretionary contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) Plan earnings and charged with the participant's withdrawals and an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan and Summary of Significant Accounting Policies, continued

(a) Description of Plan, continued

Participant Accounts, continued

Forfeited balances of terminated participant's non–vested accounts are used to pay for the Plan's general administrative expenses and/or reduce employer contribution. Forfeitures included in net assets available for benefits as of September 30, 2021 and 2020 amounted to $18,759 and $65,146, respectively. Total forfeitures used to reduce employer contributions and/or pay administrative expenses amounted to $35,529 in 2021 and $13,085 in 2020.

Participant – Directed Investments

Participants may select from various investment options offered by the Plan in which to invest their contributions and the Company's matching contributions

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service with 100% vesting occurring after six years of credited service. Participants become 100% vested upon reaching normal retirement age of 65 if still an active employee.

Payment of Benefits and Participant Loans

On death, disability, retirement or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive as a distribution from his or her account the value of their account in installments, as a joint or survivor annuity, or in a lump sum payment.

The Plan provides that participants may borrow (minimum of $1,000) up to 50% of the total vested balance of their accounts up to a maximum of $50,000. The loans are subject to a maximum term of five years or a period of time not to exceed fifteen years for loans used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates which are fixed at the prime rate plus 2% which is comparable with local prevailing rates as determined by the Plan Trustees at the loan inception date. Principal and interest on the loan is paid ratably through monthly payroll deductions.

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through June 14, 2022, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(1) Description of Plan and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are held by Principal Trust Company (Custodian) who allocates plan assets to the individual accounts of each participant as directed by the participant.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. The fair value of investments is based on quoted market prices of national securities exchanges. Where marketable securities are not listed on an exchange, price quotations are obtained from securities brokerage firms. The Plan sponsor and Plan custodian determined the Plan's valuation policies. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade–date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits and Participant Loans

Benefits are recorded when paid.

Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2021 and 2020. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent loan balance is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess participant contributions for 2021 and 2020.

(2) Investments (Unaudited)

The following information has been certified by Principal Trust Company (Custodian) as of September 30, 2021 and 2020 and for the years then ended.

		2021	2020
Investments, at fair value:			
Mutual funds	$	13,827,511	12,021,901
Common Investment trusts		14,918,928	13,017,383
Pooled separate accounts		3,559,535	3,903,543
Total investments, at fair value	$	32,305,974	28,942,827

		2021	2020
Investment income:			
Net appreciation in fair value of investments	$	6,098,211	1,811,174
Dividends, mutual funds		154,862	208,583
Interest on participant loans		22,810	24,067
Total income	$	6,275,883	2,043,824

(3) Fair Value Measurements (Unaudited)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as follows:

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
September 30, 2021:				
Mutual funds	$ 13,827,511	13,827,511	-	-
Common investment trusts	14,918,928	-	14,918,928	-
Pooled separate accounts	3,559,535	-	3,559,535	-
	$ 32,305,974	13,827,511	18,478,463	-
September 30, 2020:				
Mutual funds	$ 12,021,901	12,021,901	-	-
Common investment trusts	13,017,383	-	13,017,383	-
Pooled separate accounts	3,903,543	-	3,903,543	-
	$ 28,942,827	12,021,901	16,920,926	-

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non–active markets and Level 3 inputs which consist of other valuation techniques that have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because

(3) Fair Value Measurements (Unaudited), continued

they generally provide the most reliable evidence of fair value. There were no Plan investments requiring the use of Level 3 inputs in 2021 and 2020 and there were no changes in the methods used to measure fair value at September 30, 2021 and 2020.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year–end. The mutual funds held by the Plan are open–end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The collective investment trusts invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trusts and the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs. The fair value of all these investments are used in determining the net asset value of the collective investment trusts, which is not publicly quoted.

The pooled separate accounts are maintained by Principal in which the underlying assets of the accounts are publicly traded open–end mutual funds registered with the U.S Securities and Exchange Commission. The net asset value of these mutual funds is determined daily. Thus, the fair value of substantially all mutual fund investments is based on the quoted market prices of the investments within the pooled separate accounts.

(4) Administrative Expenses

Plan administrative expenses relating to general administration and recordkeeping are paid through use of forfeitures. Plan administrative expenses related to participant loan administration, member requested services, withdrawal charges and personal retirement accounts are charged to participant accounts. Under the contract with Principal, investment fees are deducted from participant accounts rather than a reduction of the investment rate of return.

A summary of plan administrative expenses is as follows:

		2021	2020
Expenses paid by forfeitures	$	-	68
Expenses charged to participants accounts		147,461	133,453
ERISA budget expense credit		(2,231)	(2,271)
Total administrative expenses	$	145,230	131,250
Total plan administrative expenses as a percent of average plan assets		0.47%	0.45%

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(6) Tax Status

The Plan is a non–standardized defined contribution plan sponsored by Principal Life Insurance Company. Principal received a letter from the Internal Revenue Service dated March 31, 2014 which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC) as to its qualified status. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of September 30, 2021, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files annual information returns which for fiscal years subsequent to 2017 are subject to examination by taxing authorities.

(7) Related Party and Party–in–Interest Transactions

Certain Plan investments are shares of mutual funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party–in–interest transactions.

(8) Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

(9) Untimely Remittance of Participant Contributions

During 2020, an employee deferral was not remitted to the Plan's trustee within a timely period as required by the Department of Labor under plan asset rules. The Company made a corrective contribution to the Plan trustee in 2020 of $15,141, including interest, related to this participant deferral.

(10) COVID19 Impact

In March 2020, the World Health Organization categorized Coronavirus Disease 2020 ("COVID–19") as a pandemic, and the President of the United States declared the COVID–19 outbreak a national emergency. The COVID–19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID–19 is difficult to assess or predict. The impact of COVID–19 continues to evolve and the Plan sponsor is not able to estimate its full impact on the Plan's financial statements.
