Note 1. Description of Plan

The following brief description of the Ski Windham 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan originally formed on January 1, 2006, covering substantially all employees of Ski Windham Operating Corporation (the Company), as defined by the Plan, who have completed at least one year of service and attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was most recently amended and restated effective January 1, 2022.

Contributions: Participants may contribute up to 100% of their annual compensation, as defined by the Plan, subject to Internal Revenue Code (IRC) contribution limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary match, which is currently 50% of the first 6% of employee deferrals, up to 3% of compensation. Participants must be employed on the last day of the Plan year to be eligible for the discretionary matching, as defined by the Plan. Discretionary matching contributions were $51,315 for 2020.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's discretionary match, and an allocation of Plan earnings, and is charged with an allocation of administrative fees. Allocations of Plan earnings and administrative fees are based on a participant's account balance relative to the total account balances of all participants in the same investment.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service. A participant is 20% vested after two years of service, increasing 20% per year, with 100% vesting after six years of credited service. Participants automatically become fully vested upon death or disability while under the employment of the Company.

Notes receivable from participants: Participants may borrow from a minimum of $1,000, up to 50% of their vested account balance, provided the loan does not exceed $50,000. During 2020, the Plan elected an optional change available through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). Effective from March through September 2020, this change allowed participants to increase the maximum allowable amount for participant loans to up to 100% of their vested account balance, provided the loan did not exceed $100,000 (see Note 2). Participants are permitted one outstanding loan. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as defined by the Plan. Principal and interest are paid ratably through weekly payroll deductions.

Note 1. Description of Plan (continued)

Payment of benefits: Benefits are distributed under the Plan based on the normal retirement date (age 65), in-service after age 59 ½, disability, hardship, death, qualified reservist, or termination of the employment of the participant. Early retirement benefits are allowable, as defined by the Plan. A participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments for a specified term. Participants will receive an involuntary cash-out, upon termination, for account balances less than $5,000.

During 2020, the Plan elected an optional change through the CARES Act effective for all of 2020, which allowed penalty-free distributions of up to $100,000 to participants who self-certified that they were adversely impacted by the coronavirus (see Note 2).

Forfeitures: Under the Plan, forfeitures of terminated participants' nonvested accounts may be used to reduce employer contributions and pay administrative fees. Amounts forfeited in 2020 were $1,100. Forfeitures used to reduce employer contributions during 2020 were $1,488. Forfeitures used to pay administrative fees during 2020 were $0. There were $3,908 of forfeitures available at December 31, 2020.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Expenses of the Plan: Administrative fees are paid by the Plan. All other fees are paid by the Company, the Plan Sponsor.

Payment of benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (continued)

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties:

Plan-related risks: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

General economic risks: On January 30, 2020, the World Health Organization (WHO) declared the coronavirus outbreak a Public Health Emergency of International Concern, and on March 10, 2020, WHO declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economic and the financial markets of many countries, including the geographical area in which the Plan holds investments. While it is unknown how long these conditions will last and what the complete financial effect will be on the Plan, to date, the Plan has not experienced any significant declines in investment values and is not expecting significant declines in the short term.

Subsequent events: The Plan has evaluated subsequent events through March 31, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by NBT Bank on Behalf of Charles Schwab, the Subcustodian

The following is a summary of the Plan's information as of December 31, 2020 and 2019, and for the year ended December 31, 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the certifying entity, on behalf of the subcustodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the certifying entity, on behalf of the subcustodian, that information provided to the Plan Administrator by the certifying entity, on behalf of the subcustodian, related to the following information is complete and accurate to the best of its knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following as of December 31, 2020 and 2019, and for the year ended December 31, 2020:

	2020	2019
Investments, at fair value:		
Interest-bearing cash	**$ 153,780**	$ 127,923
Mutual funds	**2,919,495**	2,408,057
Interest and dividends	**94,441**	
Net appreciation in fair value of investments	**270,095**	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

Note 4. Fair Value Measurements (continued)

Level 3: Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2020 or 2019.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and, therefore, are considered Level 1 investments.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their accounts.

Note 6. Tax Status

The Plan has adopted a volume submitter plan sponsored by Epic Advisors, Inc. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan provider received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 7. Related-Party Transactions

Certain Plan investments are managed by Charles Schwab and the record-keeper is Epic Advisors, Inc. NBT Bank is the custodian and Charles Schwab is the subcustodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to these related parties amounted to $17,536 for the year ended December 31, 2020.

The Company pays certain expenses for the Plan, as described in Note 2.

Note 8. Subsequent Event

Effective January 1, 2022, the Company restated its Plan document to become a Basic Safe Harbor Plan and implemented a safe harbor match.
