Note 1 - Description of Plan

The following description of the All-Pro Fasteners, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan became effective on October 1, 1977 and is a defined contribution 401(k) profit sharing plan covering all eligible employees of All-Pro Fasteners, Inc. (the "Sponsor"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is intended to be a qualified retirement plan under the Internal Revenue Code.

B. Contributions - Participants may voluntarily contribute to the Plan up to an annual maximum of 100% of eligible compensation, pursuant to a salary reduction arrangement. Total participant contributions in any calendar year are restricted to the applicable limit under Internal Revenue Code Section 402(g). The applicable limit for the plan year ended September 30, 2021 is $19,500 with an additional $6,500 catch-up provision for participants age fifty or older. The Sponsor's matching contribution is a discretionary amount equal to a percentage of each contributing participant's elective deferral, which will be determined by the Sponsor from year to year. No discretionary contributions were made for the year ended September 30, 2021. The participants direct the investment of the employee pretax salary deferrals and the Sponsor discretionary matching contributions to the various investment options offered by the Plan.

C. Expenses of Administering the Plan - Administrative expenses recorded in the financial statements represent expenses that were absorbed by participants related to the administration of the Plan.

D. Participants' Accounts - Each participant's account is credited with the participant's contributions, the Sponsor's discretionary matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined within the plan agreement. The benefit to which a participant is entitled is the vested amount in the participant's account.

E. Eligibility and Vesting - Employees become eligible to participate in the Plan once they have completed twelve months of service with the Sponsor.

Participants' contributions plus actual earnings thereon are 100% vested at all times. Vesting of Sponsor discretionary matching contributions plus earnings thereon is based upon five full years of credited service allowing for various severance periods as follows:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

A participant is 100% vested upon termination by reason of retirement, death, or disability. Upon termination, any amount in which the participant is not vested shall be forfeited.

Note 1 - Description of Plan (continued)

F. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at variable rates. Principal and interest payments are redeposited in the participant's account based on their current allocation elections within the Plan.

G. Payment of Benefits - Upon termination of service or retirement, participants entitled to payment under the Plan will have the option of receiving a lump-sum distribution equal to their vested account balance or rolling their distribution over to an IRA or another qualified retirement plan.

H. Forfeited Accounts - Forfeitures may be used to pay administrative expenses or to reduce future Sponsor discretionary matching contributions. As of September 30, 2021, there were no forfeited non-vested accounts. During the year ended September 30, 2021, no forfeited non-vested accounts were used to pay Plan expenses.

Note 2 - Summary of Significant Accounting Policies

A. Basis of Presentation - The accompanying financial statements were prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned, and expenses are recorded when the obligation is incurred.

B. Valuation of Investments - Interest in registered investment companies is stated at fair value as determined and certified by Nationwide Trust Company (the "Trustee"). Funds held in insurance company general account are stated at contract value as determined and certified by the Trustee. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

C. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

D. Payment of Benefits - Benefits are recorded when paid. Corrective distributions generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules. There were no corrective distributions for the year ended September 30, 2021.

E. Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

F. Subsequent Events - The Sponsor has evaluated subsequent events through July 1, 2022, the date the financial statements were available to be issued.

Note 3 - Information Certified by the Trustee

The Sponsor elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that all of the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of September 30, 2021 and 2020.

Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended September 30, 2021.

Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2021.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 5 - Income Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

Note 7 - Fair Value Measurements

As required by the Fair Value Measurements topic of the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), all financial assets and liabilities are measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and enhances disclosure requirements for fair value measurements. The topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The topic establishes market or observable inputs as the preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant drivers are observable.

Level III – Significant inputs to the valuation model are unobservable.

The following is a listing of assets and liabilities required to be measured at fair value on a recurring basis and where they are classified within the hierarchy as of September 30, 2021 and 2020:

	Assets at Fair Value as of September 30, 2021			
	Level I	Level II	Level III	Total
Interest in registered investment companies	$ 11,553,460	$ -	$ -	$ 11,553,460

	Assets at Fair Value as of September 30, 2020			
	Level I	Level II	Level III	Total
Interest in registered investment companies	$ 9,208,350	$ -	$ -	$ 9,208,350

Interest in registered investment companies include mutual funds that are valued using quoted prices on nationally recognized securities exchanges.

The preceding method described may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8 - Parties-in-Interest Transactions

The Plan pays fees for various administrative and custodial services provided during the year. Fees paid using Plan assets during the year ended September 30, 2021 for these services totaled $121,803. These fees were based on customary and reasonable rates for such services.

The Sponsor provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged and pays annual auditing fees on behalf of the Plan.

Notes to Financial Statements

Note 9 - Funds Held in Insurance Company General Account

The Plan has entered into a fully benefit-responsive investment contract with the Trustee. The Trustee maintains the contributions in a general account where they are invested in accordance with the Trustee's general account investment policy. The objective of the investment policy is to maximize long-term, risk-adjusted returns. The Trustee's general account assets are predominately fixed-income investments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.
