**December 31, 2021 and 2020

Independent Auditor's Report

To the Plan Administrator and Plan Participants of the
Medieval Times 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Medieval Times 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Medieval Times 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Medieval Times 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Medieval Times 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Medieval Times 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Medieval Times 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of Medieval Times 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 2, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Medieval Times 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020**

Note 1. Description of the Plan

The following description of the Medieval Times 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted on January 1, 2003 and qualifies as a defined contribution retirement plan for Medieval Times Entertainment, Inc. (the “Company” or “Employer”) eligible employees. The Plan was established for the purpose of providing retirement benefits to eligible employees. The Plan is intended to qualify as a cash or deferred arrangement under Section 401(a) of the Internal Revenue Code (“IRC”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Board of Trustees, or equivalent, is responsible for the oversight of the Plan. The Investment Committee, or equivalent, determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

Participant Eligibility

All employees of the Company are eligible to participate in the Plan except for those classified as Directors, employees above Directors and employees who are residents of Puerto Rico. Each of the Company’s eligible employees may participate in the Plan after the completion of one year of service and upon reaching age 18. One year of service is defined as a 12-month period in which an employee has completed 1,000 hours of service. Matching contributions are allocated to all eligible employees who are eligible on the last day of the Plan year. Participants may enter the Plan on the first day of each calendar month.

Contributions

Under the provisions of the Plan eligible employees, may make pre-tax elective deferral contributions up to 100% of their compensation subject to the limitations set forth by the IRC. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations set forth by the IRC. Participants have the option to designate all or any portion of their elective deferral contributions to be withheld on an after-tax basis as Roth elective deferral contributions.

The Plan permits the Company to make discretionary matching contributions to eligible participants’ accounts, to be determined as of the end of the Plan year. The Company elected to make a matching contribution of 50% of the first 6% of the participants compensation contributed as an elective deferral for the year ended December 31, 2021.

Note 1. Description of the Plan (continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and related Company contributions, as well as each participant's share of the Plan's income less an allocation of investment and operating expenses charged to the Plan. Allocations of the Plan income and expenses are based on either participant account balances or participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contribution Funding

The Company funds its participant contributions on a bi-weekly concurrent with each pay period and funds its Company matching contributions annually.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest are paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Participant Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the investment options offered to the Plan.

Vesting

Participants are 100% vested in their deferral contributions plus earnings on those contributions. Participants become vested in their Company matching contributions and any earnings on these contributions as follows:

<u>Years of Vested Service</u>	<u>Percentage</u>
Less than one year	0%
At least one year, but less than two	20%
At least two years, but less than three	40%
At least three years, but less than four	60%
At least four years, but less than five	80%
Five years or more	100%

Note 1. Description of the Plan (continued)

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contributions and earnings on those contributions may be used to pay Plan level administrative expenses or to reduce Company contributions. During the year ended December 31, 2021, the Plan did not utilize any forfeitures to pay for any administrative expenses or to reduce Company matching contributions, respectively. As of December 31, 2021 and 2020, there were approximately \$3,800 and \$1,700 of forfeitures available, respectively.

Payment of Benefits

Plan benefits are distributed in a lump sum or in the form of a deferred payout upon normal retirement age of 65, death or total disability prior to retirement. Upon termination of employment by reason other than retirement, death or total disability, a participant may request to receive a cash distribution of his or her account.

Active participants may withdraw in a single sum any part of their vested account resulting from rollover contributions at any time, any part of their vested account resulting from elective deferral contributions in the event of undue financial hardship, or any part of their account upon attainment of age 59 ½.

Upon termination, a participant's total vested benefit of less than \$1,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than \$1,000 but less than \$5,000 that is made without the participant's consent will be rolled over to an individual retirement account.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts and are included in administration expense. Additionally, plan recordkeeping fees that are not paid by forfeitures are charged directly to participant accounts. Investment related expenses are included in net appreciation (depreciation) of fair value measurements.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for forfeitures discussed in Note 1, the net assets of the Plan are allocated entirely to individual participants' accounts.

Note 2. Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments

All investments are carried at fair value or an approximation of fair value except for the fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee, or equivalent, determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and investment contract issuer. See Note 5 for discussion of fair value measurements and Note 3 for discussion of the fully benefit-responsive investment contract.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan before the Plan's year end, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Concentrations

As of December 31, 2021 and 2020, a single investment in a single investment fund accounted for approximately 22% and 23% of the Plan's net assets, respectively.

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2021, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued.

Note 3. Insurance Contract

Guaranteed Interest Account

The Plan participates in a contract with Principal Life Insurance Company (“Principal”) whereby the assets of the Plan are part of the general assets of Principal. This contract is identified and accounted for as a guaranteed interest account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is considered to be a fully benefit-responsive investment contract (as described in Note 2). Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 4. Information Certified by the Plan’s Trustees

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the following information certified by Delaware Charter Guarantee & Trust Company, the trustee of the Plan, as of and for the year ended December 31, 2021 and Fidelity Management Trust Company, the trustee of the Plan as of December 31, 2021 and for the period February 1, 2021 through December 31, 2021, as complete and accurate, except for comparing such information certified by the trustee of the Plan to information included in the Plan’s financial statements and supplemental schedule:

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Common/collective investment funds: These investments are valued using Net Asset Value ("NAV") of units held by the Plan at year end provided by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective investment fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidation will be carried out in an orderly business manner.

Mutual funds and money market fund: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2021 and 2020:

Fair Value Measurements Using Input Type				
<u>December 31, 2021</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,042,329	\$ ---	\$ ---	\$ 8,042,329
Money market fund	<u>\$ 3,071</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$ 3,071</u>
Total investments categorized in the fair value hierarchy	<u>\$ 8,045,400</u>	<u>\$ ---</u>	<u>\$ ---</u>	<u>\$8,045,400</u>

Note 5. Fair Value Measurements (continued)

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
<u>December 31, 2020</u>				
Mutual funds	\$ 1,748,571	\$ ---	\$ ---	\$ 1,748,571
Total investments categorized in the fair value hierarchy	\$ 1,748,571	\$ ---	\$ ---	1,748,571
Common/collective investment funds measured at NAV*				5,763,215
Total investments, at fair value				\$ 7,511,786

**Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.*

The common/collective investment funds have no redemption restrictions and are subject to the redemption frequency of daily. There were no other redemption restrictions, redemption notice requirements, or unfunded commitments related to the common/collective investment funds as of December 31, 2021 and 2020.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account of each participant shall be fully vested and non-forfeitable at the time of termination.

Note 8. Tax Status

The Plan has adopted a non-standardized prototype plan document sponsored by Principal. Principal has received a favorable opinion letter dated June 30, 2020 from the Internal Revenue Service (“IRS”). The IRS opinion letter provides that an employer adopting the prototype plan document may rely on the opinion letter with respect to the qualification of the Plan under Internal Revenue Code Section 401(a). The Plan has been restated since receiving the opinion letter. However, the plan sponsor and Principal believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan’s tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Party-In-Interest Transactions

Certain Plan investments are in common/collective investment funds which are managed by Principal Life Insurance Company (“Principal”) and its subsidiary. The Plan also has an investment in a guaranteed interest account which is part of the general assets of Principal and mutual funds for which Principal is the issuer. The Delaware Charter Guarantee & Trust Company is a wholly owned subsidiary of Principal Life Insurance Company and is the trustee of the Plan.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager, The Principal Life Insurance Company and its affiliates, other investment custodians and investment advisors.

Additionally, as noted in Note 1, certain administrative expenses were paid directly to Principal and/or its affiliates and are included in administration expenses. Additionally, fees may be paid to certain service providers that are considered parties-in-interest under ERISA, and these fees are included in administration expenses.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

Note 10. Reconciliation of Financial Statements to the Form 5500

The differences between the Form 5500 reporting and the financial statement reporting is primarily due to the Form 5500 being prepared on a modified cash basis of accounting while the financial statements are prepared on the accrual basis of accounting.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>December 31,</u> <u>2021</u>
Net assets available for benefits per financial statements	\$ 8,354,604
Less: Employer contribution receivable not reported on Form 5500	<u>(141,828)</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 8,212,776</u></u>

The following is a reconciliation of net increase in net assets available for benefits from the financial statements to the Form 5500:

	<u>Year Ended</u> <u>December 31,</u> <u>2021</u>
Net increase in net assets available for benefits per financial statements	\$ 440,297
Less: Employer contributions receivable not reported on Form 5500	<u>(141,828)</u>
Net increase in net assets available for benefits per the Form 5500	<u><u>\$ 298,469</u></u>
