Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator

Retirement Income Agreement between the Aventics Corporation
and the International Brotherhood of Teamsters, Local 651

Report on the financial statements

We were engaged to audit the accompanying financial statements of Retirement Income Agreement between the Aventics Corporation and the International Brotherhood of Teamsters, Local 651 (the "Plan"), which comprise the statements of net assets available for benefits as of September 30, 2021 and 2020, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified information described in Note H, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of September 30, 2021 and 2020, and for the years then ended, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit

evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary information

The supplemental schedule of assets (held at end of year) as of September 30, 2021 and the schedule of reportable transactions for the year ended September 30, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified information described in Note H, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

September 30, 2021 and 2020

NOTE A - DESCRIPTION OF THE PLAN

The following brief description of the Retirement Income Agreement between the Aventics Corporation and the International Brotherhood of Teamsters, Local 651 (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit pension plan sponsored by Emerson Electric Co. (the "Company" and "Employer") that covers all hourly employees of Aventics Corporation, a subsidiary of the Company, who are covered by a collective bargaining agreement with the International Brotherhood of Teamsters, Chauffeurs, Warehousemen, and Helpers of America, Local 651.

Employees are eligible to participate on the first of the month following their date of hire.

During 2019, the Plan's year end was changed from December 31 to September 30.

Contributions and Funding Policy

Contributions from the Company are subject to Internal Revenue Service ("IRS") limitations and are based on actuarial calculations of normal cost. The Company satisfied the minimum funding requirements of ERISA.

Pension Benefits

Participants with five or more years of service are entitled to monthly benefits beginning at normal retirement age, which is 65. Benefits include a frozen benefit of \$12.75 per month for years of service prior to July 1, 1989, plus a monthly amount between \$18 and \$35.50 for years of service after July 1, 1989 through March 19, 2012. Effective March 20, 2012, the maximum pension multiplier for years of service subsequent to July 1, 1989 was increased to \$36, and effective March 20, 2013, it was increased to \$36.50.

The Plan permits early retirement beginning at age 55 for participants with at least 5 years of service. The amount of pension benefit will be reduced $\frac{1}{2}$ of 1% for each month by which the commencement of the pension precedes his or her 65th birthday, unless the participant is 62 years of age and has completed 35 years of service. In this instance, plan benefits will be paid as outlined above.

Pursuant to the collective bargaining agreement, effective March 26, 2017 through March 25, 2022, between Aventics Corporation and the International Brotherhood of Teamsters Local 651, eligible participants actively employed on November 1, 2014 who retire and commence benefit payments on or after March 24, 2017 are covered under the variable annuity calculation.

Effective November 1, 2014, the benefit formula is the following:

1. The benefit will be determined using the current formula as of December 31 of the immediately preceding year;
2. The amount in item 1 will be adjusted by the Investment Return computed for the immediately preceding calendar year;
3. In the first year of benefit payments, the benefit obtained by multiplying item 1 and item 2 will be increased by \$36.50 (pro rated for the number of completed months of Service during your final year of employment); this amount will be carried forward as part of item 1 in future year calculations; and

**Retirement Income Agreement Between the Aventics Corporation
and the International Brotherhood of Teamsters, Local 651**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2021 and 2020

4. In all years after the first year of benefit payments, the benefit amount obtained by multiplying item 1 by item 2 will be further adjusted by the amount in the Benefit Adjustment Account from the prior calendar year.

If employees terminate for any reason except death, before rendering five years of service, they forfeit the right to receive their accumulated plan benefits.

Death Benefits

If a vested employee or former vested employee dies prior to commencement of his or her pension, the surviving spouse may be eligible to receive pension benefits. Benefits equal 50% of the pension benefits accrued by the employee at the time of death, reduced for applicable early retirement factors and joint and survivor option factors.

Active employees with at least 10 years of service who become totally and permanently disabled and qualify for a permanent disability pension under the Social Security Act shall be entitled to disability benefits. Benefits are paid based upon service to the date of disability resulting in retirement, but without deduction from early commencement of pensions.

The normal form of payment is a life annuity for unmarried participants, and 50%, 75%, and 100% joint and survivor annuity for married participants.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value as further described in Note D. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Investment management and certain administrative expenses are paid by the Plan. Expenses include Pension Benefit Guaranty Corporation ("PBGC") premiums and professional fees.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2021 and 2020.

Collective trust funds:

Valued using the net asset value ("NAV") provided by the respective investment managers via audited financial statements of the funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different from the reported NAV. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Mutual funds:

Valued at the NAV of shares held at year end, which is obtained from an active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

September 30, 2021 and 2020

The following tables set forth by level, within the hierarchy, the Plan's assets measured at fair value as of September 30, 2021 and 2020. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of September 30, 2021

Collective trust funds (investments measured at NAV) ^(a)				9,540,640
Total investments, at fair value				\$ 14,452,123

- ^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statements of net assets available for benefits. Collective funds may be redeemed daily, and there are no unfunded commitments.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2021 and 2020

**NOTE D - PLAN TERMINATION AND PENSION BENEFIT GUARANTY CORPORATION ("PBGC")
MATTERS**

The Company or an authorized delegate of the Plan has the right to terminate, suspend, withdraw, amend, or modify the Plan. In the event of termination, the net assets of the Plan shall be first used to pay expenses of administration, and then to provide benefits to participants in accordance with Section 4044 of ERISA, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
2. Other vested benefits insured by the PBGC (a United States government agency) up to the applicable limitations (discussed below).
3. All other vested benefits (that is, vested benefits not insured by the PBGC).
4. All non-vested benefits.

Any residual assets remaining after all liabilities are satisfied would be returned to the Company.

If the Plan's net assets are inadequate, the PBGC generally guarantees the payment of vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether a particular participant's accumulated plan benefits will be paid should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE E - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

**Retirement Income Agreement Between the Aventics Corporation
and the International Brotherhood of Teamsters, Local 651**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2021 and 2020

The actuarial present value of accumulated plan benefits is determined by a qualified actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and expected date of payment.

The significant actuarial assumptions used in the valuations as of September 30, 2020 and 2019, are as follows:

Discount rate 2.87% in 2020; 3.24% in 2019

Mortality Pri-2012 projected back to 2012, using Scale MP-2016 in 2020;
Pri-2012 projected back to 2012, using Scale MP-2016 in 2019

Retirement age Varies by age between 55 and 69 with 100% retired by age 70 for 2021 and 2020

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The accumulated plan benefit information as of September 30, 2020 was as follows:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants receiving payments	\$ 9,209,435
Other participants	<u>8,364,532</u>

Total vested benefits	<u>17,573,967</u>
-----------------------	-------------------

Non-vested benefits	<u>200,040</u>
---------------------	----------------

Total actuarial present value of accumulated plan benefits	<u>\$ 17,774,007</u>
--	----------------------

Changes to the actuarial present value of accumulated plan benefits for year ended September 30, 2020 was as follows:

Actuarial present value of accumulated plan benefits at September 30, 2019	\$ 15,888,775
--	---------------

Increase (decrease) during the year attributable to:

Benefits accumulated and plan experience	397,390
Actuarial gain	761,821
Interest due to the decrease in the discount period	516,678
Benefits paid	(684,076)
Changes in actuarial assumptions	<u>893,419</u>

Net increase	<u>1,885,232</u>
--------------	------------------

Actuarial present value of accumulated plan benefits at September 30, 2020	<u>\$ 17,774,007</u>

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2021 and 2020

NOTE F - TAX STATUS

The IRS has issued a favorable determination letter dated September 17, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended subsequent to September 17, 2014, the Plan administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various federal and state taxing authorities. Management has concluded that as of September 30, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, as of the date the financial statements were available to be issued, there were no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee compensation and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the Plan's financial statements.

NOTE H - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Northern Trust Company, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

- Investments, interest and dividends receivable as shown in the statements of net assets available for benefits as of September 30, 2021 and 2020.
- Net investment income, as shown in the statements of changes in net assets available for benefits for the years ended September 30, 2021 and 2020.
- Schedule H, line 4i - schedule of assets (held at end of year) as of September 30, 2021.
- Schedule H, line 4j - schedule of reportable transactions for the year ended September 30, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE I - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Certain plan investments are shares of mutual funds and collective trust funds managed by The Northern Trust Company or an affiliate of The Northern Trust Company. The Northern Trust Company is the custodian of the Plan and, therefore, these transactions and payment of administrative and investment management fees to The Northern Trust Company qualify as party-in-interest transactions.

NOTE J - SUBSEQUENT EVENTS

The Plan evaluated its September 30, 2021, financial statements for subsequent events through May 26, 2022, the date of the financial statements were available to be issued. The Plan is not aware of any other subsequent events that would require recognition or additional disclosure in the financial statements.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Methods

Valuation date	First day of plan year.
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year as required by regulations under IRC §430.
Actuarial value of assets for determining minimum required contributions	<p>Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable.</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued.
Sources of data and other information	Emerson furnished participant data and claims data as of October 1, 2020. Data were reviewed for reasonableness and consistency, but not audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available. In addition, the data was adjusted to reflect any significant event that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions for Contributions

Interest rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Plan-related Expenses	Assumed plan related expenses are set based on a combination of recent plan experiences and expectations for the current year.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	<p>Termination rates were based on an experience study conducted in 2017, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.</p> <p>Assumed termination rates differ by age and service because of observed differences in termination rates by service.</p>
Retirement	<p>Retirement rates were based on an experience study conducted in 2017, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.</p> <p>Retirement rates differ by age because of observed differences in retirement rates by age.</p>
Commencement Dates	Commencement dates were based on an annual high-level review of experience, including considerations of whether any conditions have changed that would be expected to produce different results in the future.

Source of Prescribed Methods

Funding methods The methods used for funding purposes as described in Part V- Statement of Actuarial Assumptions/Methods, including the method of determining plan assets, are “prescribed methods set by law,” as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation The segment interest rates used to calculate the funding target and normal cost were updated from an applicable month of June 2019 to June 2020.

The American Rescue Plan Act (ARPA) of 2021 was enacted in March 2021. ARPA revises PPA’s interest rate stabilization provisions. The plan sponsor elected to adopt ARPA’s interest rate stabilization provisions effective with the 2020 plan year and that election is reflected in this report.

ARPA also revises PPA’s interest rate stabilization provisions for IRC §436 (benefit restriction) purposes. The plan sponsor elected to adopt ARPA’s interest rate stabilization provisions for §436 purposes effective with the 2020 plan year and that election is reflected in this report.

The required mortality table used to calculate the funding target and normal cost was updated to reflect the MP-2018 mortality improvement scale.

The assumed plan-related expenses added to the target normal cost were updated to reflect the amount expected to be paid during the plan year beginning October 1, 2020.

Change in methods since prior valuation None.
