Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Life Insurance Company, the custodian of the Plan (the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the year ended September 30, 2021, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the September 30, 2021 financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2021, and Schedule H, Line 4 – Schedule of Delinquent Participant Contributions for the year ended September 30, 2021, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – September 30, 2020 Financial Statements

The financial statements of the Plan as of September 30, 2020, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Custodian of the Plan. Their report, dated June 28, 2021, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DiVal Safety Equipment, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the DiVal Safety Equipment, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of DiVal Safety Equipment, Inc. and its affiliate, Safety & Gloves, Inc. dba Galeton (the "Plan Sponsor"). Employees must complete 3 months of service in order to become eligible to participate in the Plan. The service requirement is waived for employees acquired as a result of the Mid-Atlantic Fire & Air Corporation acquisition employed on April 30, 2021.

The Plan was established effective October 1, 1997, and was amended and restated effective April 30, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Consistent with the terms and conditions of Section 2202 of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), the Plan was amended effective April 7, 2020 to allow participants to make a "special" withdrawal" of up to $100,000 of their vested account balance.

Contributions – Participants may elect to contribute up to a maximum of 100% of their annual compensation, limited by the amount imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers).

The Plan Sponsor may make a matching contribution equal to a uniform percentage of the employees' salary deferral. A participating employee is eligible to receive a contribution under the Plan if they are actively employed on the last day of the Plan year, regardless of the number of Hours of Services credited during the Plan Year. During the years ended September 30, 2021 and 2020, the Plan Sponsor made discretionary matching contributions to eligible participants totaling $132,000 and $109,000, respectively.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and the participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued)

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions and actual earnings thereon. Participants are 20% vested after two years of service and vest ratably at 20% per year thereon. Accordingly, participants are fully vested in Plan Sponsor contributions after six years of service.

Forfeitures – Forfeitures resulting from non-vested Plan Sponsor contributions may be used to reduce the Plan Sponsor's matching contributions or pay Plan expenses. Unallocated forfeitures as of September 30, 2021 and 2020 totaled $5,829 and $111, respectively.

Payment of Benefits – Participants may elect to withdraw their funds from the Plan upon termination, attaining age 59½, or earlier in the event of financial hardship, death or disability. Benefit payments are typically made in the form of a lump-sum distribution.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000, up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have one loan outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at 2% above the prime rate. Repayment terms may not exceed five years, with the exception of a note used to purchase a primary residence, in which case extended repayment terms are available. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan agreement.

Income Taxes – The Plan Sponsor obtained a letter dated August 7, 2001 in which the Internal Revenue Service ("IRS") stated that the Plan is qualified under Section 401(a) of the Code. An adopting employer may rely upon that letter with respect to qualification of its plan under Section 401(a) of the Code. Although the Plan was restated subsequent to the IRS determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore, is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

1. Description of the Plan (continued)

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate its participation in the Plan, subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation in the fair value of investments which includes both realized gains and losses and unrealized appreciation (depreciation) in the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Benefit Payments – Benefits are recorded when paid.

Party-in-Interest Transactions – The Plan invests in mutual funds and a collective investment fund managed by Nationwide Life Insurance Company ("Nationwide"). Nationwide is the Plan custodian (the "Custodian") as defined by the Plan document and, therefore, these transactions qualify as party-in-interest transactions that are exempt from the prohibited transactions rules. Fees paid to the Custodian for custodial and investment management services for the years ended September 30, 2021 and 2020 totaled $43,852 and $32,001, respectively.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying financial statements.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Reclassifications – Reclassifications have been made to certain accounts in the prior-year financial statements for comparative purposes in order to conform with the presentation of the current-year financial statements. Accordingly, administrative expenses totaling $73,300 that were previously included in net appreciation in fair value of investments have been reported as administrative expenses for the year ended September 30, 2020.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition or disclosure, through July 12, 2022, the date the accompanying financial statements were available to be issued, and determined that no additional recognition or disclosure was required.

3. Information Certified by the Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the investments and notes receivable from participants included in the accompanying financial statements and supplemental schedule is complete and accurate.

The Custodian certified interest income of $11,792 and $18,915, and net appreciation in fair value of investments of $3,552,946 and $1,549,529 for the years ended September 30, 2021 and 2020, respectively.

4. Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value of the Plan's assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- **Level 1 Inputs** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

4. Fair Value Measurements (continued)

- **Level 2 Inputs** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

- **Level 3 Inputs** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There are no assets held by the Plan that utilized Level 3 inputs as its primary measure of fair value at September 30, 2021 and 2020.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2021 and 2020:

	2021	2020
Level 1		
Mutual funds	$ 16,757,159	$ 13,454,415
Level 2		
Collective investment fund	1,092,895	230,980
Total investments at fair value	$ 17,850,054	$ 13,685,395

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Collective Investment Fund: The collective investment fund invests an actively managed, highly diversified portfolio of investment grade, fixed and floating rate securities. The fair value of this account is based on inputs that are derived principally from or corroborated by observable market data by correlation or other means.

DiVal Safety Equipment, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the DiVal Safety Equipment, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of DiVal Safety Equipment, Inc. and its affiliate, Safety & Gloves, Inc. dba Galeton (the "Plan Sponsor"). Employees must complete 3 months of service in order to become eligible to participate in the Plan. The service requirement is waived for employees acquired as a result of the Mid-Atlantic Fire & Air Corporation acquisition employed on April 30, 2021.

The Plan was established effective October 1, 1997, and was amended and restated effective April 30, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Consistent with the terms and conditions of Section 2202 of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), the Plan was amended effective April 7, 2020 to allow participants to make a "special" withdrawal" of up to $100,000 of their vested account balance.

Contributions – Participants may elect to contribute up to a maximum of 100% of their annual compensation, limited by the amount imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (i.e., rollovers).

The Plan Sponsor may make a matching contribution equal to a uniform percentage of the employees' salary deferral. A participating employee is eligible to receive a contribution under the Plan if they are actively employed on the last day of the Plan year, regardless of the number of Hours of Services credited during the Plan Year. During the years ended September 30, 2021 and 2020, the Plan Sponsor made discretionary matching contributions to eligible participants totaling $132,000 and $109,000, respectively.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions and the participant's share of Plan expenses and losses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (continued)

Vesting – Participants are immediately vested in their salary deferral contributions, rollover contributions and actual earnings thereon. Participants are 20% vested after two years of service and vest ratably at 20% per year thereon. Accordingly, participants are fully vested in Plan Sponsor contributions after six years of service.

Forfeitures – Forfeitures resulting from non-vested Plan Sponsor contributions may be used to reduce the Plan Sponsor's matching contributions or pay Plan expenses. Unallocated forfeitures as of September 30, 2021 and 2020 totaled $5,829 and $111, respectively.

Payment of Benefits – Participants may elect to withdraw their funds from the Plan upon termination, attaining age 59½, or earlier in the event of financial hardship, death or disability. Benefit payments are typically made in the form of a lump-sum distribution.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000, up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. A participant may have one loan outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at 2% above the prime rate. Repayment terms may not exceed five years, with the exception of a note used to purchase a primary residence, in which case extended repayment terms are available. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan agreement.

Income Taxes – The Plan Sponsor obtained a letter dated August 7, 2001 in which the Internal Revenue Service ("IRS") stated that the Plan is qualified under Section 401(a) of the Code. An adopting employer may rely upon that letter with respect to qualification of its plan under Section 401(a) of the Code. Although the Plan was restated subsequent to the IRS determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore, is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

1. Description of the Plan (continued)

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate its participation in the Plan, subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation in the fair value of investments which includes both realized gains and losses and unrealized appreciation (depreciation) in the fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses – Certain accounting and administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to investment activity are paid by the Plan.

Benefit Payments – Benefits are recorded when paid.

Party-in-Interest Transactions – The Plan invests in mutual funds and a collective investment fund managed by Nationwide Life Insurance Company ("Nationwide"). Nationwide is the Plan custodian (the "Custodian") as defined by the Plan document and, therefore, these transactions qualify as party-in-interest transactions that are exempt from the prohibited transactions rules. Fees paid to the Custodian for custodial and investment management services for the years ended September 30, 2021 and 2020 totaled $43,852 and $32,001, respectively.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying financial statements.

2. Summary of Significant Accounting Policies (continued)

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Reclassifications – Reclassifications have been made to certain accounts in the prior-year financial statements for comparative purposes in order to conform with the presentation of the current-year financial statements. Accordingly, administrative expenses totaling $73,300 that were previously included in net appreciation in fair value of investments have been reported as administrative expenses for the year ended September 30, 2020.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition or disclosure, through July 12, 2022, the date the accompanying financial statements were available to be issued, and determined that no additional recognition or disclosure was required.

3. Information Certified by the Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the investments and notes receivable from participants included in the accompanying financial statements and supplemental schedule is complete and accurate.

The Custodian certified interest income of $11,792 and $18,915, and net appreciation in fair value of investments of $3,552,946 and $1,549,529 for the years ended September 30, 2021 and 2020, respectively.

4. Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurement*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value of the Plan's assets. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- **Level 1 Inputs** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date.

4. Fair Value Measurements (continued)

- **Level 2 Inputs** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security.

- **Level 3 Inputs** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There are no assets held by the Plan that utilized Level 3 inputs as its primary measure of fair value at September 30, 2021 and 2020.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2021 and 2020:

	2021	2020
Level 1		
Mutual funds	$ 16,757,159	$ 13,454,415
Level 2		
Collective investment fund	1,092,895	230,980
Total investments at fair value	$ 17,850,054	$ 13,685,395

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Collective Investment Fund: The collective investment fund invests an actively managed, highly diversified portfolio of investment grade, fixed and floating rate securities. The fair value of this account is based on inputs that are derived principally from or corroborated by observable market data by correlation or other means.
