Note 1 - Plan Description

The following description of Concept Consulting LLC, 401(k) Plan, formerly Consumer Capital Partners LLC 401(k) Plan, (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Concept Consulting LLC (the "Company") who have completed six months of service and are age 21 or older. The Plan excludes leased employees, nonresident aliens, and 100 percent commissioned employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of the following related employers to the Company are eligible to participate in the Plan: Urban 24 LA LLC, BlueCo., Boulder Aviation Mgmt II, Toms Urban Las Vegas, USA Sports & Entertainment, Toms Urban WA, Toms Urban CT, Toms Urban Master LLC, Precision Medical Solutions, Revitalize Laser Skincare, Medical Practice Management Group, and Tivoli Kitchen LLC. During 2018, the plan name was changed to reflect the new name of the Company.

Administration

Concept Consulting LLC is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Fidelity Management Trust Company (Fidelity) functions as trustee and investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 60 percent of annual eligible compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Certain participant contributions in 2017, 2018, and 2019 were paid after the time frame required by the Department of Labor. During 2019, the Company has remitted lost earnings to the Plan for the 2017 and 2018 late contributions. The Company subsequently remitted lost earnings related to the 2019 late contributions to the Plan in 2020.

The Company is required to make matching contributions of 100 percent of elective deferrals the first 6 percent of eligible compensation deferred by the participant on an annual basis.

The Company may make annual discretionary contributions. Participants who have completed at least 1,000 hours of service during the plan year who are employed on the last day of the plan year will be eligible to receive an allocation of the Company's discretionary contribution. There were no discretionary contributions made during 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Revenue Sharing

The Plan has a revenue-sharing agreement where participants receive a credit against their expenses for investing in the custodian's investment options.

Note 1 - Plan Description (Continued)

Vesting

Participants' contributions, employer matching contribution, employer discretionary contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at a rate of 8.25 percent, which is commensurate with prevailing rates, as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or under a systematic withdrawal plan (installments). Participants are also allowed to receive in-service distributions of all or a portion of their vested account balances at age 59½.

Participants may request that all or a portion of their deferral contribution accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity or its affiliates. Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value based on quoted market values. See Note 6 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible. Deemed distributions approximated $10,000 for the year ended December 31, 2019.

Benefit Payments

Benefits are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 7, 2022, which is the date the financial statements were available to be issued.

Effective January 23, 2020, the Plan was frozen to all contributions indefinitely.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Contribution Receivable

Certain computational errors were identified relating to participant deferrals, contributions calculations, and employer contributions during the years ended December 31, 2017, 2018, and 2019. Corrective contributions to participant accounts, including lost earnings, have been identified and quantified by the plan sponsor. The plan sponsor intends to make a Voluntary Correction Program (VCP) submission to the IRS under the Employee Plans Compliance Resolution System (EPCRS), outlining the foregoing operational issues and proposed resolution and corrective action. An estimate of $200,829 is recorded as contributions receivable - employer as of December 31, 2019 in the accompanying statement of net assets available for benefits. The estimate reflects estimated imputed investment earnings during the correction years and additional errors yet to be corrected. These amounts will be remitted by the plan sponsor and credited to participants’ accounts as soon as administratively possible, upon approval by the IRS. All corrective actions, as required by the IRS, will be taken by the plan sponsor. No provision for income taxes has been included in the Plan’s financial statements related to the foregoing matters because the plan sponsor believes that the Plan continues to be qualified, and the tax status of the related trust continues to be tax exempt.

Note 5 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018:
