INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Mercedes-Benz USA, LLC
Retirement Income Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Mercedes-Benz USA Retirement Income Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of October 1, 2021 (date of Plan merger), and the related statement of changes in net assets available for benefits for the period January 1, 2021 to October 1, 2021 (date of Plan merger), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of October 1, 2021 (date of Plan merger), and for the period January 1, 2021 to October 1, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter – Auditors’ Report on the 2020 Financial Statement

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform any auditing procedures with respect to the information certified by Russell Investments Trust Company, the trustee of the Plan. In our report dated September 29, 2021, we indicated that (1) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (2) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were prepared in compliance with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

1. GENERAL DESCRIPTION OF THE PLAN

The following brief description of the Mercedes-Benz USA, LLC Retirement Income Plan (the Plan) is provided for purposes of general information only. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective October 1, 2021, the Plan merged into the Mercedes-Benz USA, Inc. Retirement Savings Plan. The merger is reflected within the statement of changes in net assets as a transfer to merged plan.

The following key provisions and footnotes are prior to the Plan merger noted above.

Mercedes-Benz USA, LLC (the Company) established the Plan in 2016, as a replacement plan for the Mercedes-Benz USA, LLC Pension Plan (the Pension Plan), which was frozen to new hires and rehires effective January 1, 2015. Mercedes-Benz USA, LLC is a wholly owned subsidiary of Daimler North America Holding Corporation, and ultimately, a wholly owned subsidiary of Daimler AG. The Plan is administered by the Fiduciary Benefits Committee appointed by the Company's Board of Directors.

An Eligible Employee, as defined by the Plan, is an employee who is employed by the Company, but excluding any individual: (1) who is an intern, (2) who is an inbound expatriate, (3) in the case of employees of Mercedes-Benz Financial Services USA, LLC (MBFS), whose most recent date of hire by MBFS is before July 2, 2015, and in the case of employees of Daimler International Assignment Services (DIAS) for whom MBFS is the home employer, who is an outbound expatriate whose most recent assignment to DIAS was before July 2, 2015, or (4) whose employment is covered by a collective bargaining agreement unless such collective bargaining agreement by the terms thereof makes this Plan applicable to employees covered thereunder. In addition, effective from January 1, 2016 through October 1, 2021, the term "Eligible Employee" is as described above except that it also excluded any employee who was accruing benefits under the Mercedes-Benz USA, LLC Pension Plan.

The Company may, as determined by the discretion of the Company, for each Plan year, contribute to the Plan an amount equal to a fixed percentage of each eligible participant's compensation for the Plan year in accordance with the following schedule:

Participant's Attained Age in Whole Years (Determined as of December 31)	Contribution
Under 30	3.00%
30 to 39	4.50%
40 to 49	6.00%
50 to 59	7.50%
60 and above	8.00%

1. GENERAL DESCRIPTION OF THE PLAN – CONTINUED

Company contributions for any Plan year will be allocated, as of the last day of that Plan year, among the accounts of the participants who are employed by the Company or a participating affiliate on the last day of the Plan year and have completed a year of service during the Plan year then ended, provided; however, that if a participant's employment with the Company terminates during, but prior to the last day of the Plan year because of their death, they shall be deemed to be employed by the Company as of the last day of the Plan year and to have completed a year of service for the Plan year in which their death occurred, and the allocation will be made to such participant's account based on their compensation as of their date of death. Special rules apply to participants on Family Medical Leave or in qualified military service, as defined in the Plan.

The Company contributions, together with the earnings or losses on these contributions, will be available to the participants at withdrawal time only to the extent they are vested. All Company contributions will become fully vested in the event of a participant's death, qualification for Social Security disability benefits or the attainment of age 65 (normal retirement date), or the participants' death while performing qualified military service within the meaning of Internal Revenue Code Section 414(u)(5). Otherwise, Company contributions vest at the rate of 20% per year of service. After a participant has attained five years of service, as defined, all current and future contributions are immediately vested. Forfeiture of non-vested participants' Company contributions is used to reduce future Company contributions. As of October 1, 2021 and December 31, 2020, forfeited balances were \$0 and \$6,370, respectively.

Each participant's account is credited with their contributions, Company contributions and an allocation of the Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on individual participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Upon termination of employment from the Company, the participant is eligible to receive the value of their vested account including earnings in a lump sum payment. A participant may elect a total distribution beginning 30 days after the termination of employment up until they reach age 72. If after retiring or terminating employment, the participant has not elected a distribution prior to age 72, their account will be paid to them as soon as practical following their 72nd birthday or to the participant's beneficiary upon death, whichever occurs first. In addition, a participant or beneficiary who was required to receive a required minimum distribution on December 31, 2020, or April 1, 2021, under the Plan (but for this paragraph) shall not be issued this distribution pursuant to Section 2203(a) of the Coronavirus Aid, Relief and Economic Security (CARES) Act. In addition, a participant or beneficiary who received a required minimum distribution due on April 1, 2020 was permitted to redeposit the distribution by August 31, 2020, pursuant to Internal Revenue Service (IRS) Notice 2020-51.

1. GENERAL DESCRIPTION OF THE PLAN – CONTINUED

If a participant's total vested balance is less than \$1,000 at the time of termination or retirement, they will be required to withdraw the balance from the Plan. There are no in-service distributions such as hardships withdrawals or withdrawals upon attaining age 59½, under the Plan.

The Company anticipates and believes that the Plan will continue without interruption but reserves the right to continue or amend the Plan, revise the rate of Company contributions or terminate the Plan at any time. If terminated, the assets of the Plan will be distributed to the participants and beneficiaries in the order and manner prescribed by ERISA. The Trust Fund is administered by Russell Investments Trust Company (trustee), under an agreement with the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, which is in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value.

The valuation methodology of the investments is as follows:

Common collective trust funds (CCTs): Valued by net asset value (NAV) based upon the underlying investments of the fund as determined by the custodian. There are no unfunded commitments or redemption restrictions relative to the CCTs. With respect to such funds, the Plan shares in the gains or losses according to the percentage of the Plan's assets to the total assets of the fund.

Distributions

Distributions to Plan participants are recorded when paid.

Expenses of the Plan

Trustee and recordkeeping expenses incurred in the administration of the Plan are generally charged to and paid by the participants. All other administrative expenses of the Plan are paid for by the Company.

RETIREMENT INCOME PLAN
NOTES TO THE FINANCIAL STATEMENTS
OCTOBER 1, 2021 AND DECEMBER 31, 2020**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Concentration of Risks and Uncertainties

The assets of the Plan are primarily financial instruments, which are monetary in nature and concentrated in investment securities. As a result, interest rates have a more significant impact on the Plan's performance than the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the Consumer Price Index. Investments in funds are subject to risk conditions of the individual investment or fund objectives, stock market fluctuations, interest rates, economic conditions and world affairs. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan has adopted the authoritative accounting and reporting guidance that establishes a framework for measuring fair value under GAAP and enhances disclosures about fair value measurements. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes observable and unobservable inputs to valuation techniques used to measure fair value.

These levels, in order of highest to lowest priority are described below:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities at the measurement date.
- Level 2 – Observable prices that are based on inputs not quoted on active markets but corroborated by market data.
- Level 3 – Prices that are unobservable for the asset or liability and are developed based on the best information available under the circumstances, which might include the Company's own data.

Fair value pricing could also cause discrepancies between the daily movement of the value of fund units and the daily movement of the benchmark index if the index is valued using another pricing method.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Common collective trust funds (CCTs): Valued by NAV based upon the underlying investments of the fund as determined by the custodian. There are no unfunded commitments or redemption restrictions relative to the CCTs.

3. FAIR VALUE MEASUREMENTS – CONTINUED

In accordance with authoritative guidance, the tables below represent the Plan's fair value hierarchy for its financial assets measured at fair value, by class of asset, on a recurring basis as of December 31, 2020:

	<u>2020</u>
Investments (CCTs) measured at NAV*	<u>\$ 17,081,143</u>
Total investments, at fair value	<u><u>\$ 17,081,143</u></u>

*In accordance with ASC Topic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in their fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. TAX STATUS OF THE PLAN

The Plan has received a favorable determination letter from the IRS dated July 3, 2018, stating that the Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and are tax exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Company believes the Plan is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements, including investments held as of December 31, 2020, and net appreciation in fair value of investments and interest for the period January 1, 2021 to October 1, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by the trustee of the Plan.

**MERCEDES-BENZ USA, LLC
RETIREMENT INCOME PLAN
NOTES TO THE FINANCIAL STATEMENTS
OCTOBER 1, 2021 AND DECEMBER 31, 2020**

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their accounts, and participants will receive their account balance.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include securities and shares of commingled employee benefit funds managed by the trustee, as defined by the Plan. Further, the Plan has incurred certain expenses, which are included in total investment results. For the year period January 1, 2021 to October 1, 2021, the Plan paid trustee and recordkeeping fees in administrative expenses within the statement of changes in net assets. Therefore, these investments and related transactions qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events occurring after the financial statement date through July 13, 2022, which is the date that the financial statements were available to be issued, and has determined there were no subsequent events that require disclosure under FASB ASC Topic 855, *Subsequent Events*.
