1. PLAN DESCRIPTION

The following description of the Lifovum Fertility Management, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Lifovum Fertility Management, LLC (the "Plan Sponsor"), and participating employers (collectively, the "Company"), who have reached the age of 21 years and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective December 31, 2018, employees of Nova Fertility, LLC became eligible to participate in the Plan.

Participant Contributions - Each year, participants may contribute up to 50 percent (15 percent for highly compensated participants) of pretax annual compensation, as defined in the Plan, and limited by certain provisions of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various options offered by the Plan.

Company Contributions - The Plan allows for discretionary profit sharing contributions to be allocated to eligible participants who worked 1,000 hours or more during the Plan year and were employed on the last day of the Plan year. The Company made a discretionary profit sharing contribution of $1,054,176, for the year ended December 31, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions as well as allocations of the Company's profit sharing contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing portion of their accounts is based on years of service. Participants are vested in Company discretionary profit sharing contributions at 20 percent after two years of service and an additional 20 percent each year thereafter until 100 percent vested upon six years of service.

Forfeitures - Forfeitures of Company contributions may be used to pay Plan administrative expenses or allocated to participants in the same manner as any profit sharing contribution. During the year ended December 31, 2018, forfeitures of $27,611 were allocated as a part of the 2017 Company discretionary profit sharing contributions and as of December 31, 2018, there was $26,285 of forfeitures available for future use.

Payment of Benefits - When eligible, a participant or their beneficiaries, as applicable, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or in installment or annuity payments, as permitted under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America primarily from data provided by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (collectively "Great West").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of Great West and the independent public accountants, may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

According to the Plan Expense Agreement between the Company and Great West, Great West is required to make quarterly contributions to the Plan Expense Account ("PEA") in an amount equal to 0.20 percent of the Plan's assets. The funds in the PEA may be used to pay Plan administrative expenses during the year. During the year ended December 31, 2018, Great West contributed $18,121 to the PEA, all of which was used to pay Plan administrative expenses. As of December 31, 2018, there were no funds available in the PEA.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Payable to Participants - Benefits are recorded when paid.

3. FAIR VALUE

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Common Stocks – Common stock listed on a public exchange is valued at the closing price reported on the active market on which the individual securities are traded and therefore classified as Level 1 within the valuation hierarchy.

Hedge Fund – The value of the hedge fund investment is not readily marketable and is valued based on unobservable inputs and therefore is classified as Level 3 within the valuation hierarchy. The overall amount of Level 3 investments is immaterial to the Plan's financial statements taken as a whole.

Money Market Accounts – Money market accounts are at par and valued at fair value and therefore classified as Level 1 within the valuation hierarchy.

The amount of the Level 2 and 3 investments is immaterial to the financial statements and accordingly, all of the Plan's investments that are measured at fair value are reflected as Level 1 and the following table sets forth the Plan's investments at fair value:

As of December 31,	**2018**	**2017**
Mutual funds	$ 8,600,112	$ 8,375,407
Individually directed accounts*	8,528,508	8,705,033
Total investments at fair value	$ 17,128,620	$ 17,080,440

*As of December 31, 2018 and 2017, the majority of the individually directed accounts were invested in money market accounts, mutual funds, common stocks, and a hedge fund.

4. FINANCIAL DATA CERTIFIED BY GREAT WEST

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by Great West and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value as of December 31, 2018 and 2017 of $8,600,112 and $8,375,407, respectively, investments, at contract value, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.

b. Net depreciation in fair value of investments of $892,134, dividend and interest income on investments, and notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.

c. Investments of $8,600,112, fully benefit-responsive investment contract, and participant loans as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

5. INDIVIDUALLY DIRECTED ACCOUNTS

The assets held in the individually directed accounts of $8,528,508 and $8,705,033 as of December 31, 2018 and 2017, respectively, are not included in the certification from Great West in Note 4. The changes in net assets relating to the individually directed accounts not included in the certification from Great West in Note 4 are as follows:

Net depreciation of investments	$	(612,273)
Contributions		436,000
Distributions to participants		-
Administrative expenses		(252)
Net decrease	$	(176,525)

6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great West totaling $356,270 for 2018 and $349,613 for 2017. Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great West is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Great West. Such interest rates are reset on a quarterly basis.

The Key Guaranteed Portfolio Fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Great West's ability to meet its financial obligations. Great West's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Great West. Such events include, but are not limited to the following: (1) premature termination of the contracts by the Plan, (2) Company layoffs, (3) bankruptcy of the Plan Sponsor, (4) Plan termination, (5) mergers, or (6) early retirement incentives. The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with Great West and that would also limit the Plan's ability to transact at contract value with participants.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On August 20, 2018, the Plan Sponsor was notified by the Department of Labor that the Plan is under examination for the period from January 1, 2015 through present. Plan management is not aware of any matters that would affect the Plan's financial statements, footnotes, or supplemental schedules; however, the final outcome of the examination is unknown at this time. The accompanying financial statements do not include any adjustments that might result from this uncertainty.

8. PLAN TERMINATION

The Company has the right under the Plan to amend or terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

9. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at one percent above the prime rate, as defined by the Plan. The loans are stated at the unpaid principal amount, and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

10. TAX STATUS

The Plan is a volume submitter plan that is the subject of a favorable opinion letter from the IRS dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company identified certain operational errors related to the Plan's operation and submitted a VCP to the IRS on July 24, 2017. The VCP was accepted by the IRS on August 24, 2017 and the Company received a compliance statement from the IRS on March 11, 2019. Except for the operational errors that were corrected, the Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

11. PARTY-IN-INTEREST TRANSACTIONS

Certain investments are held and managed by Great West and its affiliates. Transactions with Great West and its affiliates qualify as party-in-interest transactions for which exemptions exist. For the year ended December 31, 2018, Great West and its affiliates received $36,098 for loan administration and transaction fees as well as indirect fees based on a formula. The Plan's investment advisors received direct fees amounting to $18,373, of which $18,121 was paid from the PEA, and the Plan's third party administrator received indirect compensation of $9,060.

12. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through May 23, 2022, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective January 1, 2019, the Plan was amended to allow for Roth contributions.

Effective January 22, 2019, the Plan Sponsor was changed to HRC Fertility Management, LLC. Accordingly, the Plan name was changed to HRC Fertility Management, LLC 401(k) Profit Sharing Plan.

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law on March 27, 2020. The CARES Act provides participants with optional relief provisions related to distributions and loans from the Plan. The Company has evaluated and authorized the implementation of certain relief provisions effective April 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

During November and December 2021, the Plan made the decision to have the individually directed accounts transferred to Great West or allow the affected participants, if eligible, to take an in-service distribution to rollover their individually directed accounts to an IRA. As of December 31, 2021, $7,957,985 has been transferred to Great West from individually directed accounts.
