Notes to Financial Statements

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the Frog Design, Inc. 401(k) Savings & Profit Sharing Plan (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was a defined contribution plan that was established in 1992 by Frog Design, Inc. (the Company), to provide benefits to eligible employees, as defined in the Plan document. The Plan was designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As of October 1, 2021, the Company merged into Capgemini America, Inc. and all assets of the Plan were transferred to the Capgemini Safe Harbor 401(k) Plan on September 30, 2021.

Administration – The Company had appointed a Plan Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Company had contracted with Fidelity Management Trust Company (Fidelity) to act as the trustee and custodian, and with an affiliate of Fidelity to provide certain administrative and recordkeeping services for the Plan. Expenses incurred for administering the Plan were paid by the Plan unless paid by the Company.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts – Forfeited nonvested accounts could be used to reduce future employer contributions.

Investment valuation and income recognition – The investments are reported at fair value. The Plan's trustee and custodian, Fidelity, certifies the fair market value of all investments. If available, quoted market prices are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants were reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses have been recorded as of September 30, 2021 or December 31, 2020.

Payment of benefits – Benefits were recorded when paid.

Frog Design, Inc. 401(k) Savings & Profit Sharing Plan

Notes to Financial Statements

Income taxes – The Plan had adopted a volume submitter plan that has received an opinion letter dated March 31, 2014, from the Internal Revenue Service. The Company believes that the Plan was operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes and that the trust, which forms a part of the Plan, was exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan had any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Risks and uncertainties – The Plan provided for various investment options in any combination of investment securities offered by the Plan. Investment securities were exposed to various risks, such as interest rate, market fluctuations, and credit risks.

Subsequent events – The Plan has evaluated subsequent events through July 13, 2022, which is the date the financial statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Frog Design, Inc. 401(k) Savings & Profit Sharing Plan

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2021 or December 31, 2020.

Mutual funds and money market fund: Valued at the daily closing net asset value (NAV) as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, money market funds and common stocks that are valued on the basis of readily determinable market prices.

Collective trust: Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. There are no redemption restrictions for the CT held by the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 44,985,008	\$ -	\$ -	\$ 44,985,008
Money market fund	64,597	-	-	64,597
Self-directed brokerage accounts	2,387,197	-	-	2,387,197
Total assets in the fair value hierarchy	<u>\$ 47,436,802</u>	<u>\$ -</u>	<u>\$ -</u>	47,436,802
Investments measured at NAV practical expedient				<u>1,073,628</u>
Investments at fair value				<u>\$ 48,510,430</u>

NOTE 3 – RELATED-PARTY TRANSACTIONS

Certain Plan investments were managed by an affiliate of Fidelity, the trustee of the Plan. Any purchases and sales of these funds were performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, were permitted under the provisions of the Plan and were specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 4 – PARTICIPATION AND BENEFITS

Eligibility – Substantially all employees of the Company over 18 years of age were eligible to participate in the Plan. Employees that were part of a collective bargaining agreement (union), nonresident aliens, leased employees, temporary employees, and interns could not participate in the Plan. Employees were eligible for matching contributions immediately upon becoming an eligible participant.

Participant contributions – Participants could elect to have the Company contribute their eligible pre-tax or “Roth” after-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. The Plan also permitted the automatic enrollment of eligible employees in the Plan with a contribution of 3% of eligible compensation, unless the employee affirmatively elects otherwise. Participants who had the Company contribute a portion of their compensation to the Plan agreed to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld were invested in accordance with the participant’s direction.

Participants were also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions were deposited in the appropriate investment funds in accordance with the participant’s direction and the Plan’s provisions.

Employer contributions – The Company was allowed to make discretionary matching and discretionary nonelective employer contributions as defined in the Plan and as approved by the Board of Directors. During 2021, the Company paid discretionary matching contributions of \$584,467 based on 20% of eligible participant contributions for the period ended September 30, 2021.

Vesting – Participants were immediately vested in their entire account, including employer contributions.

Participant accounts – Each participant’s account was credited with the participant’s contribution, Plan earnings or losses, and an allocation of the Company’s contributions. Allocation of the Company’s contributions was based on participant contributions or eligible employee compensation, as defined in the Plan.

Payment of benefits – Upon termination, the participants or beneficiaries could elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant’s interest in their account, or a minimum installment distribution as defined in the Plan. The Plan allowed for the automatic distribution of participant account balances that do not exceed \$1,000.

Notes receivable from participants – The Plan allowed participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their account balance. The notes receivable were secured by the participant’s balance. Such notes receivable bore interest at the available market financing rates and must be repaid to the Plan within a five-year period, unless the proceeds are used for the purchase of a principal residence, in which case the maximum repayment period may be longer. The specific terms and conditions of such notes receivable were established by the Committee.

NOTE 6 – TRANSFER OUT OF PLAN

As of October 1, 2021, the Company merged into Capgemini America, Inc. and all assets of the Plan were transferred to the Capgemini Safe Harbor 401(k) Plan on September 30, 2021.
