NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

The following description of the Winton Ireland Insurance Agency, Inc. (the Agency) 401(k) Profit Sharing Plan and Trust (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Change in Basis of Accounting Effective October 1, 2020, the Plan changed the basis of accounting from a modified cash basis to an accrual basis of accounting. The Plan made a change to conform with the accounting principles generally accepted in the United States of America. The change in accounting basis did not have a material effect on previously reported net assets.

General The Plan is a participant directed defined contribution plan covering all eligible employees of Winton-Ireland, Strom & Green Insurance Agency. The Plan was adopted on October 1, 1985 and amended effective October 1, 2015. The Plan was restated effective August 15, 2018. All employees become eligible, who are at least 21 years old and have completed 90 days of service, except for union, leased, and non-resident alien employees. Participants can enter the Plan on the first day of the month after they become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Contributions Eligible employees of the Agency may elect to contribute up to the applicable limits allowed under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Agency may elect to make discretionary matching contributions that are not to exceed limits as defined by the Internal Revenue Code. In addition, the Agency may elect discretionary profit sharing contributions. The Agency provides each employee a safe harbor basic matching contribution of 100% of the participant's salary deferrals up to 3% of the participant's compensation plus 50% of the participant's salary deferrals between 3% and 5% of the participant's compensation after six months of service. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts Each participant's account is credited with the participant's contribution and allocation of (a) the Agency's contribution, (b) plan earnings, and charged with an allocation of administrative expenses, and (c) any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 6.50%. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. Principal and interest are paid ratably through payroll deductions. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her account or rollover to another qualified plan. A participant may elect a hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

Note 1 Description of the Plan (Continued)

Investment Options Upon enrollment in the Plan, a participant may direct contributions into numerous investment choices offered by John Hancock Trust Company, LLC and the life insurance policies. Participants may change their investment options through John Hancock's Customer Service Center or via the internet.

Administrative Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Agency. Expenses that are paid by the Agency are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are not included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Vesting Participants are immediately 100% vested in their elective deferrals, rollover contributions, and qualified nonelective contributions and safe harbor contributions. Participants are 100% vested in the Agency' profit sharing contributions after six years of credited service (20% per year after two years of credited service). A participant is 100% vested after reaching normal retirement age, or upon death or disability.

Forfeitures There was no forfeited non fully vested accounts at September 30, 2021. At September 30, 2020, forfeited non-fully vested accounts totaled $220. These amounts can be used to reduce future employer contributions or if elected, reduce plan administration fees. The Plan utilized $7,260 of forfeitures to reduce the employer contributions for the year ended September 30, 2021.

Coronavirus Aid, Relief, and Economic Security (CARES) Act During 2020, the Plan Sponsor had the option to adopt the distribution provision of the CARES Act which allowed the Plan's participants to take a COVID-19 related distribution up to $100,000 through December 31, 2020. The Plan Sponsor also had the option to adopt the temporary loan repayment deferral provision of the CARES Act which allowed qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Note 2 Summary of Accounting Policies

Basis of Accounting The financial statements are prepared on the accrual basis of accounting.

Investment Valuations and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Agency determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, or trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at September 30, 2021 or 2020.

Note 2 Summary of Accounting Policies (Continued)

Payment of Benefits The Plan records benefits when paid. The total vested benefits due to terminated participants but not paid was $3,456,020 as of September 30, 2021.

Accounting for Uncertainty in Income Taxes Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 12, 2022, the date the financial statements were available to be issued.

Note 3 Information Prepared and Certified by the Trustee

The following is a summary of the Plan's asset information as of September 30, 2021 and 2020, and for the year ended September 30, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2021	2020
Mutual funds	$19,754,490	$16,671,869
Pooled separate account	114,230	126,447
Notes receivable from participants	277,101	333,687

The trustee also certified to the completeness and accuracy of $2,397,641 of net appreciation in fair value of investments, $673,678 of dividend income, other investment income of $2,158, and $15,203 of interest income associated with notes receivable from participants for the year ended September 30, 2021.

Note 4 Transactions with Parties-in-Interest

John Hancock Trust Company, LLC, the Plan's trustee, Atherton & Associates, LLP, independent auditor, Pension Management Consultants, the Plan's third-party administrator, and Raymond James & Associates, Inc., financial advisor are all parties-in-interest according to Section 3(14) of ERISA.

Note 5 Non-Participant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the non-participant-directed investments is as follows at September 30:

	2021	2020
Money market account	$1,366,282	$1,261,959
Corporate stocks, common	14,895	9,309
Partnership interests	904,000	685,000
Note receivable	175,625	218,750
Cash value, life insurance policies	70,958	72,316

Changes in net assets for the year ended September 30, 2021 is as follows:

Net appreciation	$ 224,586
Dividends	505
Interest	8,400
Other investment income	14,965
Administrative expenses	(1,773)
Benefits paid to participants	(53,104)
	$ (193,579)

Note 6 Income Tax Status

Effective August 15, 2018, the Plan adopted a pre-approved volume submitter profit sharing plan sponsored by Pension Management Consultants, the third-party administrator. The pre-approved volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service dated March 30, 2017 as to the pre-approved volume submitter profit sharing plan's qualified status. The pre-approved volume submitter profit sharing plan opinion letter has been relied upon by this Plan. The Plan has been restated and amended since receiving the determination letter, however; the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7 Plan Termination

Although they have not expressed any intent to do so, the Agency have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8 Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account and balances and the amounts reported in the statements of net assets available for benefits.

Note 8 Risk and Uncertainties (Continued)

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, 2020, the President of the United States declared a national emergency relating to the disease. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the market during this time, Plan management is unable to estimate the total impact the pandemic will have.

Note 9 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at September 30, 2021 and 2020. Following is a description of the valuation methodologies used for assets measured at fair value.

Money market account: Determined using a market approach and is based upon unadjusted quoted prices for identical assets in active markets.

Note 9 Fair Value Measurements (Continued)

Corporate stocks, common: Valued at amortized cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Primarily valued daily at NAV per share. The NAV is based on the fair value of the total value of all the securities in each fund's portfolio less any liabilities.

Partnership interests: The value of the limited partnership interests are determined by an independent third-party valuation, based on the value of the underlying assets of the partnerships and market value of similar businesses, discounted for factors such as lack of control and marketability.

Notes receivable: Valued at amortized cost, which approximates fair value.

Cash value, life insurance policies: Valued at the cash surrender value of each policy at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30:

	2021			
	Level 1	Level 2	Level 3	Total

Note 9 Fair Value Measurements (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of September 30, 2021 and 2020, respectively, and the significant unobservable inputs and the ranges of values for those inputs.
