INDEPENDENT AUDITORS' REPORT

W.S. Badcock Corporation Savings Plan
Plan Administrator and Management

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of W.S. Badcock Corporation Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of W.S. Badcock Corporation Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further

described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of W.S. Badcock Corporation Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about W.S. Badcock Corporation Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of W.S. Badcock Corporation Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about W.S. Badcock Corporation Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

W.S. Badcock Corporation Savings Plan
Plan Administrator and Management

We were engaged to audit the accompanying statement of net assets available for benefits of W.S. Badcock Corporation Savings Plan (the "Plan") as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that Voya Retirement Insurance and Annuity Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

W.S. BADCOCK CORPORATION SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 1 DESCRIPTION OF THE PLAN

Organization

The following description of the W.S. Badcock Corporation ("Company") Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

General

The Plan was originally created May 3, 1960, by W. S. Badcock Corporation for employees and was effective July 1, 1959. The Plan has been amended and restated throughout the years to comply with Internal Revenue Service and Department of Labor rules and regulations as they have been enacted by legislation.

Contributions

Participants in the Plan may contribute up to 100% of their annual pretax compensation (as defined in the Plan), not to exceed the federal limit for that year.

In addition, the Plan and the Code permit participants age 50 or over during the Plan year to make additional "catch-up contributions", not to exceed the federal limit for that year. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Plan also allows participants to make after-tax contributions to their accounts.

The Company may make matching employer contributions to the Plan. The matching contributions are based on participants' compensation and elective deferrals. Matching contributions are made after each pay period and are made to all eligible participants who were active at any time during the payroll period. For the year ended December 31, 2021, the employer matching contribution, which matches 50% of the first 4% of eligible compensation that a participant contributes to the Plan and 25% on the next 6%, totaled approximately \$1,129,000.

Eligibility

An employee of the Company shall become eligible to participate and make elective deferrals (both regular and ROTH) upon the earlier of completing sixty days of continuous service, or completing one year of service and attaining the age of 18. Also, any such eligible employee of the Company shall enter the Plan on the first eligibility date (first day of each calendar month), concurring therewith or occurring thereafter. Participants are automatically enrolled in the Plan on the applicable entry date and 1% of eligible compensation will be automatically withheld per pay period and invested in the participant's 401(k) account in the Plan. Such withholding will begin with the first pay check received in the month entered into the Plan and will continue until an election to do otherwise is made. The Plan also has an auto escalation provision in which the deferral percentage is increased 1% at beginning of each plan year up to 4%. A participant shall become eligible to receive a matching contribution upon the earlier of completing six months of continuous service or completing one year of service. Matching contributions shall be made in general, each payroll period.

W.S. BADCOCK CORPORATION SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in whole percentage increments in index funds in an investment arrangement commonly referred to as a "Group Combination Deferred Annuity Contract", plus a fixed income account (which is part of Voya Retirement Insurance and Annuity Company (Voya), general account and is subject to the claims of Voya's general creditors). Participants may also change their investment options daily by direct communication with Voya, subject to certain restrictions for movement back into a transferred fund.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of employer contributions, Plan investment results, and charged with an allocation of administrative expenses. Allocations of employer contributions are based on participant earnings and allocations of Plan investment results are based on account balances, as defined by the Plan. Forfeited balances of terminated participants' non-vested accounts are used first to reduce matching contributions of the employer, if any; then to pay Plan expenses; and then the balance, if any, to be credited to participants as non-elective contributions of the employer for the year of forfeiture. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Notes Receivable from Participants

Participants generally may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Vesting

Participants are immediately vested 100% in their contributions and the Company matching contribution, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The Plan provides that after two years of service, a participant's interest in such discretionary contribution and earnings are 20% vested and the participant's vested percentage increases by 20% each year until the participant is 100% vested after six years.

Payment of Benefits

The Plan provides for retirement, disability, severance of employment and death benefits. The retirement, disability and death benefits are 100% of the balance in a participant's account as of the valuation date immediately preceding or concurring with the date of the participant's retirement, disability or death. The severance-of-employment benefit is a participant's vested interest in the balance of their account as of the valuation date immediately preceding or concurring with the date of the termination of their employment.

Forfeitures

When certain terminations occur, forfeited accounts, are used first to reduce matching contributions of the employer, if any; then to pay Plan expenses; and then the balance, if any, to be credited to participants as non-elective contributions of the employer for the year of forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account is reinstated. As of and for the years ended

**W.S. BADCOCK CORPORATION SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021**

December 31, 2021 and 2020, forfeited amounts to be reallocated to participants included in investments on the statement of net assets available for benefits totaled approximately \$9,000 and \$1,000, respectively.

Plan Termination

Upon termination of the Plan, the account of each participant will be 100% vested.

Concentration of Investment Risk

Investments that potentially subject the Plan to a concentration of investment risk consist primarily of limited investment choices as provided by Voya Retirement Insurance and Annuity Company (see Note 3).

In Service Withdrawals

A withdrawal can be made from the Before-Tax Employee Elective Deferral Contribution Account and the vested portion of the Employer Matching Contribution Account after the attainment of age 59 ½. A withdrawal can be made from the Before-Tax Employee Elective Deferral Contribution Account (excluding earnings thereon) prior to age 59 ½ if a "hardship", as defined in the Plan (as amended and restated effective July 1, 2010) and the Internal Revenue Code, has occurred.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net depreciation in fair value of investments.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States ("GAAP").

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Savings Plan Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

**W.S. BADCOCK CORPORATION SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021, and 2020, no allowance for credit losses have been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles ("GAAP") requires management to make estimates that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid, or when a participant loan is treated as a "deemed" distribution due to nonpayment.

Subsequent Events

In accordance with Financial Accounting Standards Board Accounting Standards Codification "FASB ASC" Topic 855, *Subsequent Events*, the Plan evaluated subsequent events through June 22, 2022, the date the financial statements were available for issue.

NOTE 3 INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The plan administrator has elected the method of compliance as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of certain Plan assets has certified as to the completeness and accuracy of the funds they held as reflected in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2021 and 2020 and the related investment activity and administrative expenses for the year ended December 31, 2021 reflected in the statement of changes in net assets available for benefits.

NOTE 4 FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs

W.S. BADCOCK CORPORATION SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets. Inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data are also included. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan's investments measured at fair value on a recurring basis were as follows as of December 31, 2021 and 2020:

December 31, 2021	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 37,186,405	\$ -	\$ 37,186,405

December 31, 2020	Fair Value Measurements			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 37,234,036	\$ -	\$ 37,234,036

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2021 and 2020, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 5 FIXED ACCOUNT WITH INSURANCE COMPANY

In 2019, the Plan entered into a Group Combination Deferred Annuity Contract with Voya Retirement Insurance and Annuity Company (Voya) in which it offers investments in pooled separate accounts as well as a traditional fully benefit-responsive fixed account. Voya maintains the contributions in a general account (fixed account). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the fixed account meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed account. The fixed account is presented on

W.S. BADCOCK CORPORATION SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020, was approximately \$15,260,000 and \$14,400,000, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%.

Certain events limit the Plan's ability to transact at contract value with Voya. Upon Plan discontinuance of the group annuity contract under which the fixed account is offered, it may be possible to receive the market value of assets held in the fixed account.

NOTE 6 INCOME TAX STATUS

The Plan obtained its latest determination letter on March 13, 2017 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code, and thus the related trust is tax-exempt as of the financial statement date, and no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTIES IN INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are funds managed by a Trustee. Transactions involving these investments are considered to be party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to approximately \$83,000 for the year ended December 31, 2021. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
