Group Pension Plan for Employees of
Central Mutual Insurance Company

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Modified Cash Basis Financial Statements

We have performed an audit of the modified cash basis financial statements of Group Pension Plan for Employees of Central Mutual Insurance Company (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The modified cash basis financial statements comprise the statement of net assets available for benefits - modified cash basis as of September 30, 2021 and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the modified cash basis financial statements (2021 modified cash basis financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 modified cash basis financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of September 30, 2021 and for the year then ended stating that the certified investment information, as described in Note 3 to the modified cash basis financial statements, is complete and accurate.

Opinion on the 2021 Modified Cash Basis Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Modified Cash Basis Financial Statements* section:

- The amounts and disclosures in the accompanying 2021 modified cash basis financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 modified cash basis financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Modified Cash Basis Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Modified Cash Basis Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Participants and the Group

Basis of Accounting

We draw attention to Note 2 to the modified cash basis financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Modified Cash Basis Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2 and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of modified cash basis financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the modified cash basis financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the modified cash basis financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Modified Cash Basis Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Modified Cash Basis Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the modified cash basis financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the modified cash basis financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the modified cash basis financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the modified cash basis financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the modified cash basis financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

To the Participants and the Group
Pension Plan Administrative Committee
Group Pension Plan for Employees of
Central Mutual Insurance Company

Our audit did not extend to the certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 modified cash basis financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the modified cash basis financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Modified Cash Basis Supplemental Schedules Required by ERISA

The modified cash basis supplemental schedules of assets held at end of year as of September 30, 2021 and reportable transactions for the year ended September 30, 2021 are presented for the purpose of additional analysis and are not a required part of the modified cash basis financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the modified cash basis financial statements. The information included in the modified cash basis supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the modified cash basis financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the modified cash basis financial statements or to the modified cash basis financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the modified cash basis supplemental schedules, we evaluated whether the modified cash basis supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the modified cash basis supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the modified cash basis supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Modified Cash Basis Financial Statements

We were engaged to audit the 2020 modified cash basis financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 21, 2021, we indicated that, (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, we did not express an opinion on the Plan's 2020 modified cash basis financial statements, and (b) the form and content of the information included in the 2020 modified cash basis financial statements, other than that derived from the certified information, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Group Pension Plan for Employees of Central Mutual Insurance Company

Notes to Modified Cash Basis Financial Statements

September 30, 2021 and 2020

Note 1 - Plan Description

The following description of Group Pension Plan for Employees of Central Mutual Insurance Company (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit plan covering substantially all eligible employees of Central Mutual Insurance Company (the "Company") who have met minimum age and length of service requirements, as defined in the plan agreement. The Plan is administered by the Group Pension Plan Administrative Committee (the "Plan Administrator") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Vesting

Employees with five or more years of vesting service are entitled to monthly pension benefits beginning at their normal retirement age, as defined in the plan document.

Pension Benefits

At normal retirement age, the pension benefit formula is equal to 2 percent of the participant's average monthly compensation multiplied by the participant's credited service, up to 30 years, plus 0.5 percent of the participant's average monthly compensation multiplied by his or her credited service in excess of 30 years, minus 1.67 percent of the participant's primary Social Security benefit multiplied by the participant's credited service, up to 30 years (limited to the maximum of 50 percent of the Social Security benefit). The aforementioned benefit shall not be less than \$50 multiplied by the participant's credited service after October 1, 2004, up to \$250. Beginning on October 1, 1993, the monthly salary used in computing an employee's average monthly compensation is the employee's monthly wage as of October 1 each year, plus one-twelfth of any overtime pay or bonus pay received in the prior 12-month period, but excluding commissions or other additions. Average monthly compensation is defined as the total of the monthly salary (as previously defined) for the 5 highest years of the last 10 years of employment with the Company prior to an employee's retirement date, divided by five.

The Plan permits early retirement up to 10 years prior to normal retirement age. If employees terminate before rendering 5 years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the Company's contributions.

Upon retirement, eligible employees may elect to receive their accrued benefit as a joint and survivor annuity, a life annuity, or through other annuity options permitted by the Plan. Terminated employees with the present value of their accumulated plan benefits not exceeding \$1,000 who have not made an election within 60 days will receive a lump-sum distribution as soon as administratively feasible. Terminated employees with the present value of their accumulated plan benefits between \$1,001 and \$5,000 who have not made an election within 60 days to have their mandatory distribution paid directly to an eligible retirement plan, specified by the employee, in a direct rollover or to receive the distribution directly will have their account value rolled into a Vanguard Federal Money Market Individual Retirement Account (IRA). The Plan also contains provisions in the event of death or long-term disability and various other provisions related to pension benefits.

Upon retirement or termination, an employee may elect to receive his or her participant contributions plus interest in a lump-sum cash payment. See the contributions section below for additional details.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in various installment annuities. A participant may elect to receive his or her participant contributions plus interest, but not company contributions, in a lump-sum cash payment. See the contributions section below for additional details.

Group Pension Plan for Employees of Central Mutual Insurance Company

Notes to Modified Cash Basis Financial Statements

Note 1 - Plan Description (Continued)

Contributions

Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Contributions are also made based upon their deductibility under the Internal Revenue Code and upon the continued qualification of the Plan, as outlined in the plan agreement. Annual contributions meet the minimum funding requirements of ERISA. There were no contributions required or made for the plan years ended September 30, 2021 and 2020.

Prior to October 1, 1987, all plan participants were required to contribute to the Plan. These contributions are 100 percent vested to the participant. Effective October 1, 1987, participant contributions are not required or allowed. At September 30, 2021 and 2020, assets attributable to participant contributions made prior to October 1, 1987 were \$44,032 and \$64,524, respectively. The participant contributions are invested at the discretion of the Company.

Upon retirement, termination, or death, the participant or elected beneficiary can elect to either withdraw their contributions plus earnings from the Plan or receive a calculated pension benefit attributable to the participant's contributions plus earnings. Participant contribution accounts are currently credited at the interest rate equal to 120 percent of the federal midterm rate defined in the Internal Revenue Code in effect for the first month of each plan year. The interest rate credited to employee contribution accounts was 0.46 and 1.81 percent during the years ended September 30, 2021 and 2020, respectively.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Vanguard Fiduciary Trust Company (Vanguard) or its affiliates. Vanguard is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Revenue is recognized when cash is received, expenses are recognized when paid, and investments are recognized at fair value. On a GAAP basis of accounting, revenue is recognized as earned, and expenses are recognized when the obligations are incurred.

Investment Valuation

The Plan's investments are stated at fair value.

Mutual funds and the money market fund are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Note 2 - Summary of Significant Accounting Policies (Continued)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable, under the Plan's provisions, to the service employees have rendered. These include benefits expected to be paid to the following:

- (a) Retired or terminated employees or their beneficiaries
- (b) Beneficiaries of employees who have died
- (c) Present employees or their beneficiaries

Benefits are calculated based on participating employees' credited years of service and average compensation existing at that time.

Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Actuarial Assumptions

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of the Plan at September 30, 2021 and 2020 are summarized as follows:

Actuarial cost method	Projected unit credit														
Assumed rate of return	7.00 percent per annum at September 30, 2021 and 7.25 percent per annum at September 30, 2020														
Mortality basis	Pri-2012 White Collar Amount-Weighted Mortality Table with Projection Scale MP-2021 with employee rates before benefit commencement and retiree/contingent survivor rates after benefit commencement at September 30, 2021 and Pri-2012 White Collar Amount-Weighted Mortality Table with Projection Scale MP-2020 with employee rates before benefit commencement and retiree/contingent survivor rates after benefit commencement at September 30, 2020														
Retirement age	Stratified rates from age 55 to 67 as follows:														
	<table><tr><th>Age</th><th>Rate</th></tr><tr><td>55-59</td><td>5%</td></tr><tr><td>60-61</td><td>10</td></tr><tr><td>62</td><td>40</td></tr><tr><td>63-64</td><td>25</td></tr><tr><td>65-66</td><td>50</td></tr><tr><td>67</td><td>100</td></tr></table>	Age	Rate	55-59	5%	60-61	10	62	40	63-64	25	65-66	50	67	100
Age	Rate														
55-59	5%														
60-61	10														
62	40														
63-64	25														
65-66	50														
67	100														
Employee turnover	66.67 percent of select rates and 66.67 percent of ultimate rates from a termination study on financial institutions at September 30, 2021 and 2020														

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the Plan and the accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events

The modified cash basis financial statements and related disclosures include evaluation of events up through and including July 6, 2022, which is the date the modified cash basis financial statements were available to be issued.

Note 3 - Unaudited Information

Vanguard Fiduciary Trust Company holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying modified cash basis financial statements and the supplemental schedules of assets held at end of year - modified cash basis and reportable transactions - modified cash basis are based solely on information certified by Vanguard.

Note 4 - Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by consulting actuaries. The calculations of the actuarial present value of accumulated plan benefits attributable to participants in the Plan, which were made as of and for the years ended September 30, 2021 and 2020, the most recent actuarial valuations, are as follows:

	2021	2020
Actuarial present value of accumulated plan benefits:		
Vested benefits:		
Participants currently receiving benefit payments	\$ 64,433,550	\$ 59,370,462
Other vested participants	38,337,907	36,876,741
Total vested benefits	102,771,457	96,247,203
Nonvested benefits	3,608,029	3,246,907
Total actuarial present value of accumulated plan benefits	\$ 106,379,486	\$ 99,494,110

Group Pension Plan for Employees of Central Mutual Insurance Company

Notes to Modified Cash Basis Financial Statements

September 30, 2021 and 2020

Note 4 - Accumulated Plan Benefits (Continued)

A summary of significant changes in the actuarial present value of accumulated plan benefits during the years ended September 30, 2021 and 2020 is as follows:

	2021	2020
Actuarial present value of accumulated plan benefits - Beginning of year	\$ 99,494,110	\$ 95,723,602
Increase (decrease) during the year attributable to:		
Benefits accumulated, including actuarial gains and losses	3,203,915	3,198,399
Interest accumulated	6,985,598	6,733,463
Benefits paid	(6,393,926)	(5,798,909)
Changes in actuarial assumptions	3,089,789	(362,445)
Net increase	6,885,376	3,770,508
Actuarial present value of accumulated plan benefits - End of year	\$ 106,379,486	\$ 99,494,110

The change in actuarial assumption of \$3,089,789 in 2021 was a result of a change in the mortality table used in 2021, as compared to 2020, disclosed above. The change in actuarial assumption of \$(362,445) in 2020 was a result of a change in the mortality table used in 2020 as compared to 2019.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at September 30, 2021 and 2020:

	Assets Measured at Fair Value on a Recurring Basis at September 30, 2021	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 211,771,845	\$ 211,771,845

	Investments (at Fair Value)	Level 1

Money market fund	1,279,674	1,279,674
Total	<u>\$ 184,594,290</u>	<u>\$ 184,594,290</u>

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 7 - Plan Termination

The Company has the right to amend or terminate the Plan at any time. No amendment shall cause any reduction in the amount of accrued benefits or cause the assets of the Plan to be used for purposes other than for the benefit of the participants. Upon termination, the assets in the Plan shall be allocated in the priorities set forth in ERISA and its related regulations and the plan document. In addition, under the provisions of ERISA, if the Plan is terminated, the Company may be obligated to make termination payments to the Plan, and participants may be eligible for continuation of benefits under insurance provided by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination; however, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated pension benefits and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC at the date of the Plan's termination.

Note 8 - Subsequent Events

Subsequent to year end, the Plan's investment portfolio has incurred a significant decline in fair value, consistent with the general decline in financial markets. However, because the values of individual investments fluctuate with market conditions, and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.

Compensation	For any Accrual Computation Period, the Participant's rate of wages from the Employer on the October 1 within that Accrual Computation Period, plus any overtime pay or bonus payment received in the prior Accrual Computation Period, and before any salary reduction under Section 125 or Section 401(k) of the Code.
Average Monthly Compensation	The monthly average of the Compensation of a Participant during his highest five plan years of Compensation during the ten plan years preceding termination.
Vesting Service	A year of service is credited for each year in which an employee works 1,000 hours.
Credited Service	<p>For service prior to October 1, 1976, a year of service is credited for each plan year in which the participant worked at least 1,000 hours.</p> <p>For service after October 1, 1976, a year of service is credited for each plan year in which the participant worked at least 1,820 hours. A partial year of service is credited on a pro rata basis for years of at least 1,000 hours and less than 1,820 hours.</p>
Accrued Benefit	<p>The sum of 1) 2% of Average Monthly Compensation multiplied by the lesser of 30 years and the Participant's Credited Service, and 2) $\frac{1}{2}\%$ of Average Monthly Compensation multiplied by the Participant's Credited Service in excess of 30 years, minus 3) $1\frac{2}{3}\%$ of the Primary Social Security benefit multiplied by the lesser of 30 years and the Participant's Credited Service.</p> <p>The benefit shall not be less than \$50 times Credited Service after October 1, 2004, up to \$250.</p>

Appendix A (Continued)

Normal Retirement Benefit

Eligibility:

The first day of the month coincident with or next following the attainment of Social Security Retirement Age or, if later, fifth anniversary of plan participation.

Monthly Benefit:

The Accrued Benefit.

Early Retirement Benefit

Eligibility:

Ten years prior to Normal Retirement Date with five Years of Vesting Service.

Monthly Benefit:

The Accrued Benefit reduced for payment prior to Normal Retirement Date. The reduction will depend upon the service earned at termination of employment.

Sample Factors are:

Years Early	<20 Years of Service	Years of Service 20-25	Years of Service 25-30	>30 Years of Service

Disability

Eligibility:

A participant who a) qualified for the Long-Term Disability (LTD) program offered by the plan sponsor; b) was terminated for not returning to work within six months of qualifying for LTD; c) had earned at least 15 years of Vesting Service as of the date qualified for LTD.

Appendix A (Continued)

Disability (Continued)

Monthly Benefit:

The participant's benefit will be calculated using the Average Monthly Compensation at the time of qualifying for LTD and Credited Service including years while on LTD until the earliest of a) Normal Retirement Date; b) Commencement of Pension Benefits; and c) Cessation of LTD qualification.

Termination Benefit

Eligibility:

Upon termination of employment prior to retirement after completion of at least five Years of Vesting Service.

Monthly Benefit:

The vested benefit commences in full at Normal Retirement Age, or in a reduced amount under the early retirement provisions.

In the event that the participant had terminated employment prior to completing five Years of Vesting Service and prior to his Normal Retirement Date, the participant will receive a lump sum of the employee's Participant Contribution plus Credited Interest to the date of termination.

Death Benefit

Eligibility:

100% vested.

Monthly Benefit:

A monthly benefit for life commencing at the earliest possible retirement date, but no later than the Normal Retirement Date. The benefit is equal to the vested benefit on the date of death, adjusted as appropriate for early commencement and the 100% Joint and Survivor Annuity form of payment.

If the total of all monthly installments is less than the total of the participant's contributions credited interest at the date of death, the remaining balance, if any, will be payable in a lump sum to the beneficiary of the spouse or if no designated beneficiary of the spouse, payment of any balance shall be paid to the spouse's estate.

In the event of an active non-vested participant's death, the amount of death benefit payable in a lump sum to a beneficiary shall be equal to the total of the participant's contributions accumulated at credited interest to the date of death.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
