First Security Bancorp 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the First Security Bancorp 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

December 31, 2021 and 2020

1. Summary of Significant Plan Provisions

The following brief description of the First Security Bancorp 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

- a. **General** – The Plan is a defined contribution plan for the benefit of the employees of First Security Bancorp and affiliates (the “Employer”) who adopt the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.
- b. **Eligibility** – All employees, except leased employees, nonresident aliens and employees covered by collective bargaining agreements that do not provide for participation in the Plan, are eligible to participate in the salary deferral portion of the Plan at the next entry date after attaining age 18. Employees are eligible to receive an Employer matching contribution after attaining age 18 and completing a year of service during which 1,000 hours or more of service are accrued. Entry dates for participant deferral contributions are January 1, April 1, July 1 and October 1. Entry dates are January 1 and July 1 for Employer matching contributions.
- c. **Contributions** – Participants may elect to make salary deferrals to the Plan through payroll deductions. These salary deferrals may not exceed 75% of a participant’s compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows employees to rollover balances from other qualified plans. The Employer will make a safe harbor matching contribution equal to 100% of a participant’s contributions up to 3% of the participant’s eligible compensation, plus 50% of a participant’s contributions up to the next 2% of the participant’s eligible compensation. The Employer may also make nonelective contributions. The Employer did not make a nonelective contribution for 2021. There are limitations on the maximum annual additions that can be made to a participant’s account.
- d. **Participant accounts** – Each participant’s account is credited with participant contributions and allocations of Employer contributions and Plan earnings/losses, and is charged with applicable withdrawals and an allocation of any applicable expenses. Allocations are based on participant compensation, contributions or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- e. **Investment options** – Participants shall direct the investment of their elective deferral and matching contribution accounts in the investment options offered under the Plan. Participants may change their investment elections at any time.
- f. **Vesting rights** – The benefits attributable to a participant that result from participant and safe harbor matching contributions and the earnings/losses thereon are always fully vested and nonforfeitable. If a participant terminates employment other than because of their death, disability or retirement they are entitled to their vested percentage of Employer nonelective contributions and earnings/losses thereon.

Notes to Financial Statements

December 31, 2021 and 2020

1. Summary of Significant Plan Provisions (cont.)

The Plan's vesting schedule for Employer nonelective contributions is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

- g. **Payment of benefits** – Upon retirement, death, disability or termination, a participant may elect to have their account paid either in a lump sum or installments, or may elect to defer payment of their account balance if it exceeds \$5,000. If the participant's account balance is equal to or less than \$5,000, the balance will be automatically distributed. Any distribution greater than \$1,000 that is made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement plan designated by the Plan administrator. In-service withdrawals are available to participants who meet certain hardship requirements. In addition, the portion of a participant's account resulting from rollover contributions may be withdrawn at any time.

During 2020, the Plan implemented certain provisions of the Coronavirus Aid, Relief and Economic Security Act (CARES Act) which allowed eligible individuals to receive coronavirus-related relief for loan repayments or to receive a coronavirus-related hardship distribution through December 31, 2020.

- h. **Notes receivable from participants** – As a result of the acquisition of First National Bank of Springdale ("FNB of Springdale"), First Security Bank of Conway ("FSB of Conway") and Union Bank of Benton ("UB of Benton"), the Plan document was amended to allow former FNB of Springdale, FSB of Conway and UB of Benton participants to roll their existing notes receivable into the Plan. These notes are secured by the participants' accounts and bear interest at rates which are commensurate with local prevailing borrowing rates. Principal and interest are paid through payroll deductions. No new notes receivable are permitted under the Plan.
- i. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”).
- b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.
- c. **Investment valuation and income recognition** – Investments are reported at fair value. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the gains and losses on investments bought and sold, as well as held during the year.

- d. **Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid, interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents.
- e. **Payment of benefits** – Benefits are recorded when paid.
- f. **Administrative expenses** – Fees related to distributions are charged directly to the participant’s account. Record keeping and custodial fees are netted against revenue sharing receipts and allocated pro rata based on each participant’s account balance. Certain other administrative expenses paid by the Employer are not included in the Plan’s financial statements.

3. Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedule:

- a. Investments at fair value as shown on the accompanying statement of net assets available for benefits of \$70,878,872 and \$61,096,541 as of December 31, 2021 and 2020, respectively.
- b. Interest and dividends as shown on the accompanying statement of changes in net assets available for benefits of \$2,756,190 (excluding \$4,235 of interest from notes receivable from participants) for the year ended December 31, 2021.

Notes to Financial Statements**December 31, 2021 and 2020****3. Investments (cont.)**

- c. Net change in fair value of investments as shown on the accompanying statement of changes in net assets available for benefits of \$5,935,439 for the year ended December 31, 2021.
- d. All investment transactions that occurred during the Plan year ended December 31, 2021.
- e. All information included in the supplemental schedule, excluding participant loans.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2021 and 2020

4. Fair Value Measurements (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Money market fund: This investment is valued at the fair value of the underlying investments, which is valued based on quoted market prices at the end of the Plan year. The underlying investments' objective is to achieve \$1 per share value.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

Common collective trust fund: This investment is valued based on the net asset value ("NAV") of units held by the Plan at year-end, as calculated by the issuer. The NAV is calculated based on the fair value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2021</u>				
Mutual funds	\$ 58,629,131	\$ -	\$ -	\$ 58,629,131
Money market fund	<u>6,863,515</u>	<u>-</u>	<u>-</u>	<u>6,863,515</u>
Total assets in the fair value hierarchy	<u>\$ 65,492,646</u>	<u>\$ -</u>	<u>\$ -</u>	65,492,646
Investments measured at NAV*				<u>5,386,226</u>
Investments at fair value				<u>\$ 70,878,872</u>
<u>December 31, 2020</u>				
Mutual funds	\$ 53,885,295	\$ -	\$ -	\$ 53,885,295
Money market fund	<u>7,211,246</u>	<u>-</u>	<u>-</u>	<u>7,211,246</u>
Investments at fair value	<u>\$ 61,096,541</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 61,096,541</u>

Notes to Financial Statements

December 31, 2021 and 2020

4. **Fair Value Measurements (cont.)**

*Certain investments that are measured at NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

The following table summarizes investments for which fair value is based on the NAV practical expedient:

	Fair Value as of December 31,		Unfunded <u>Commitments</u>	Redemption <u>Frequency</u>	Redemption <u>Notice Period</u>
	<u>2021</u>	<u>2020</u>			
Common collective trust fund	\$ 5,386,226	\$ -			
Benefit payments			N/A	Daily	None
Liquidity withdrawals			N/A	Daily	12 Months

5. **Tax Status**

The volume submitter plan document the Plan is utilizing received an opinion letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated the document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). As permitted by the IRS, the Plan is relying on the opinion letter of the volume submitter plan document for its own qualification. The Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

6. **Parties-in-Interest Transactions**

Fidelity is the trustee and third party administrator of the Plan. The Plan pays Fidelity for their services. Inasmuch as Fidelity serves as trustee and third party administrator of the Plan's assets, Fidelity is by definition a party-in-interest and, as a result, all investments and investment transactions with Fidelity were with a party-in-interest. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with parties-in-interest. All of these transactions are exempt from being prohibited transactions under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

7. **Subsequent Events Evaluation Date**

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2021 financial statement date and determined there were no significant events necessary for disclosure through July 14, 2022, which is the financial statement issuance date.

Plan Administrator and Participants
First Security Bancorp 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the First Security Bancorp 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 10, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Summary of Significant Plan Provisions

The following brief description of the First Security Bancorp 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

- a. **General** – The Plan is a defined contribution plan for the benefit of the employees of First Security Bancorp and affiliates (the “Employer”) who adopt the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.
- b. **Eligibility** – All employees, except leased employees, nonresident aliens and employees covered by collective bargaining agreements that do not provide for participation in the Plan, are eligible to participate in the salary deferral portion of the Plan at the next entry date after attaining age 18. Employees are eligible to receive an Employer matching contribution after attaining age 18 and completing a year of service during which 1,000 hours or more of service are accrued. Entry dates for participant deferral contributions are January 1, April 1, July 1 and October 1. Entry dates are January 1 and July 1 for Employer matching contributions.
- c. **Contributions** – Participants may elect to make salary deferrals to the Plan through payroll deductions. These salary deferrals may not exceed 75% of a participant’s compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows employees to rollover balances from other qualified plans. The Employer will make a safe harbor matching contribution equal to 100% of a participant’s contributions up to 3% of the participant’s eligible compensation, plus 50% of a participant’s contributions up to the next 2% of the participant’s eligible compensation. The Employer may also make nonelective contributions. The Employer did not make a nonelective contribution for 2021. There are limitations on the maximum annual additions that can be made to a participant’s account.
- d. **Participant accounts** – Each participant’s account is credited with participant contributions and allocations of Employer contributions and Plan earnings/losses, and is charged with applicable withdrawals and an allocation of any applicable expenses. Allocations are based on participant compensation, contributions or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
- e. **Investment options** – Participants shall direct the investment of their elective deferral and matching contribution accounts in the investment options offered under the Plan. Participants may change their investment elections at any time.
- f. **Vesting rights** – The benefits attributable to a participant that result from participant and safe harbor matching contributions and the earnings/losses thereon are always fully vested and nonforfeitable. If a participant terminates employment other than because of their death, disability or retirement they are entitled to their vested percentage of Employer nonelective contributions and earnings/losses thereon.

Notes to Financial Statements

December 31, 2021 and 2020

1. Summary of Significant Plan Provisions (cont.)

The Plan's vesting schedule for Employer nonelective contributions is as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

- g. **Payment of benefits** – Upon retirement, death, disability or termination, a participant may elect to have their account paid either in a lump sum or installments, or may elect to defer payment of their account balance if it exceeds \$5,000. If the participant's account balance is equal to or less than \$5,000, the balance will be automatically distributed. Any distribution greater than \$1,000 that is made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement plan designated by the Plan administrator. In-service withdrawals are available to participants who meet certain hardship requirements. In addition, the portion of a participant's account resulting from rollover contributions may be withdrawn at any time.

During 2020, the Plan implemented certain provisions of the Coronavirus Aid, Relief and Economic Security Act (CARES Act) which allowed eligible individuals to receive coronavirus-related relief for loan repayments or to receive a coronavirus-related hardship distribution through December 31, 2020.

- h. **Notes receivable from participants** – As a result of the acquisition of First National Bank of Springdale ("FNB of Springdale"), First Security Bank of Conway ("FSB of Conway") and Union Bank of Benton ("UB of Benton"), the Plan document was amended to allow former FNB of Springdale, FSB of Conway and UB of Benton participants to roll their existing notes receivable into the Plan. These notes are secured by the participants' accounts and bear interest at rates which are commensurate with local prevailing borrowing rates. Principal and interest are paid through payroll deductions. No new notes receivable are permitted under the Plan.
- i. **Termination of the Plan** – Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies

- a. **Basis of accounting** – The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”).
- b. **Estimates** – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.
- c. **Investment valuation and income recognition** – Investments are reported at fair value. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the gains and losses on investments bought and sold, as well as held during the year.

- d. **Notes receivable from participants** – Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid, interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan documents.
- e. **Payment of benefits** – Benefits are recorded when paid.
- f. **Administrative expenses** – Fees related to distributions are charged directly to the participant’s account. Record keeping and custodial fees are netted against revenue sharing receipts and allocated pro rata based on each participant’s account balance. Certain other administrative expenses paid by the Employer are not included in the Plan’s financial statements.

3. Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Fidelity Management Trust Company (“Fidelity”), the trustee of the Plan, and was not subjected to any audit procedures, except for comparing the information with the related information included in the financial statements and supplemental schedule:

- a. Investments at fair value as shown on the accompanying statement of net assets available for benefits of \$70,878,872 and \$61,096,541 as of December 31, 2021 and 2020, respectively.
- b. Interest and dividends as shown on the accompanying statement of changes in net assets available for benefits of \$2,756,190 (excluding \$4,235 of interest from notes receivable from participants) for the year ended December 31, 2021.

Notes to Financial Statements**December 31, 2021 and 2020****3. Investments (cont.)**

- c. Net change in fair value of investments as shown on the accompanying statement of changes in net assets available for benefits of \$5,935,439 for the year ended December 31, 2021.
- d. All investment transactions that occurred during the Plan year ended December 31, 2021.
- e. All information included in the supplemental schedule, excluding participant loans.

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

4. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

Money market fund: This investment is valued at the fair value of the underlying investments, which is valued based on quoted market prices at the end of the Plan year. The underlying investments' objective is to achieve \$1 per share value.

Mutual funds: These investments are valued at quoted market prices on the last business day of the Plan year.

Common collective trust fund: This investment is valued based on the net asset value ("NAV") of units held by the Plan at year-end, as calculated by the issuer. The NAV is calculated based on the fair value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>December 31, 2021</u>				
Mutual funds	\$ 58,629,131	\$ -	\$ -	\$ 58,629,131
Money market fund	<u>6,863,515</u>	<u>-</u>	<u>-</u>	<u>6,863,515</u>
Total assets in the fair value hierarchy	<u>\$ 65,492,646</u>	<u>\$ -</u>	<u>\$ -</u>	65,492,646
Investments measured at NAV*				<u>5,386,226</u>
Investments at fair value				<u>\$ 70,878,872</u>
<u>December 31, 2020</u>				
Mutual funds	\$ 53,885,295	\$ -	\$ -	\$ 53,885,295
Money market fund	<u>7,211,246</u>	<u>-</u>	<u>-</u>	<u>7,211,246</u>
Investments at fair value	<u>\$ 61,096,541</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 61,096,541</u>

Notes to Financial Statements

December 31, 2021 and 2020

4. **Fair Value Measurements (cont.)**

*Certain investments that are measured at NAV per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

The following table summarizes investments for which fair value is based on the NAV practical expedient:

	Fair Value as of December 31,		Unfunded <u>Commitments</u>	Redemption <u>Frequency</u>	Redemption <u>Notice Period</u>
	<u>2021</u>	<u>2020</u>			
Common collective trust fund	\$ 5,386,226	\$ -			
Benefit payments			N/A	Daily	None
Liquidity withdrawals			N/A	Daily	12 Months

5. **Tax Status**

The volume submitter plan document the Plan is utilizing received an opinion letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated the document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). As permitted by the IRS, the Plan is relying on the opinion letter of the volume submitter plan document for its own qualification. The Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

6. **Parties-in-Interest Transactions**

Fidelity is the trustee and third party administrator of the Plan. The Plan pays Fidelity for their services. Inasmuch as Fidelity serves as trustee and third party administrator of the Plan's assets, Fidelity is by definition a party-in-interest and, as a result, all investments and investment transactions with Fidelity were with a party-in-interest. The Plan also holds notes receivable from participants. As a result, these notes receivable and all related transactions were with parties-in-interest. All of these transactions are exempt from being prohibited transactions under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

7. **Subsequent Events Evaluation Date**

Management of the Plan evaluated the events and transactions subsequent to its December 31, 2021 financial statement date and determined there were no significant events necessary for disclosure through July 14, 2022, which is the financial statement issuance date.
