Independent Auditor's Report

Retirement Plan Committee and Participants
REO Plastics, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of REO Plastics, Inc. Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2021 and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 19, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Plan Description

The following description of REO Plastics, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all REO Plastics, Inc. (the Company) employees who have completed 30 days of employment and have attained the age of 21 years. Excluded employees are individuals under collective bargaining agreements or who are temporary/seasonal employees. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors is responsible for oversight of the Plan. The Company's Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions: Participants may contribute a portion of their recognized compensation up to a maximum amount set by the Internal Revenue Service (IRS). The Plan provides for a discretionary Company matching contribution in an amount equal to a percentage determined by the Company's Board of Directors, subject to maximum contributions as permitted by the Plan. The Company's Board of Directors approved a matching contribution of 50% of the first 6% of participants' pretax contributions for the year ended December 31, 2021.

Participant accounts: Each participant's account is credited with the participant's contributions, allocations of the Company's matching contributions, if any, investment results, and administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: The participant has the option of investing in a variety of investment choices, as more fully described in the Plan's literature. Each participant may make changes in the allocation of their individual account at any time during the year.

Vesting: Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's matching contributions plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of credited service under a graded vesting schedule.

Payment of benefits: The Plan provides for distributions upon retirement, death, disability or other termination of employment. Distribution of benefits upon termination become automatic if the participant's account balance is \$5,000 or less. If the vested account balance is greater than \$5,000, the participant or beneficiary may elect to receive a lump-sum amount, have the balance paid directly to an eligible retirement plan, receive benefits in the form of installments over time, or defer the payment of benefits. Participants with an account balance less than \$5,000 but greater than \$1,000 are automatically rolled over to an individual retirement account (IRA). Those with a balance less than \$1,000 receive a lump-sum payment. Participants may also withdraw funds derived from their own contributions to the Plan in the event of hardship, as defined by the Plan, or from their vested account balance upon attainment of age 59½.

Forfeitures: Forfeitures of terminated participants' nonvested account balances, to the extent attributable to matching contributions, may be used to fund the Company matching contribution or to pay reasonable Plan expenses. The Plan utilized approximately \$2,000 of forfeitures to pay Plan expenses for the year ended December 31, 2021. At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$1,000 and \$4,000, respectively.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for the group annuity contract investment, which is reported at contract value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies, utilizing information provided by the Plan's investment advisors and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are performed by employees of the Company. No such employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. The remainder of the administrative expenses become the responsibility of the Plan.

Subsequent events: The Retirement Plan Committee evaluated events and transactions occurring through July 12, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Plan's Custodians

The following is a summary of the Plan's investment information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by the custodians, Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that the information provided to the Plan Administrator by the custodians related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets certified by the custodians:

	December 31	
	2021	2020
Certified by Great-West Trust Company, LLC:		
Investments, at fair value:		
Registered investment companies	\$ 5,224,279	\$ 4,857,697
Certified by Great-West Life & Annuity Insurance Company:		
Investments, at contract value:		
Fully benefit-responsive investment contract	199,767	117,174

Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company also certified to the completeness and accuracy of \$562,225 of net appreciation in fair value of investments and \$236,395 of interest and dividend income related to the aforementioned investments for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The Plan follows guidance for fair value measurements that provides a framework for measuring fair value under accounting principles generally accepted in the United States of America. This guidance emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and sets out a fair value hierarchy with three categories:

Level 1: Valuations are based on assets and liabilities traded in an active market.

Level 2: Valuations are based on assets and liabilities traded in a less active market, or valuations are based on pricing services for identical or similar assets or liabilities. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Valuations are based on valuation methodologies, discounted cash flow models or similar techniques. Level 3 valuations incorporate certain assumptions, modeling and projections in determining the fair value assigned to such assets or liabilities.

REO Plastics, Inc. Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

- Registered investment companies are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Registered investment companies	\$ 5,224,279	\$ -	\$ -	\$ 5,224,279

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Registered investment companies	\$ 4,857,697	\$ -	\$ -	\$ 4,857,697

Note 5. Fully Benefit-Responsive Investment Contract

As of December 31, 2021 and 2020, the Plan holds a group annuity contract with Great-West Life & Annuity Insurance Company totaling \$199,767 and \$117,174, respectively. The group annuity contract, Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less any participant withdrawals or benefit payments.

REO Plastics, Inc. Retirement Plan

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) changes to the Plan's prohibition on competing investment options, (3) the Plan's failure to qualify under section 401(a) of the IRC or the failure of the trust to be tax-exempt under section 501(a) of the IRC, (4) Plan termination or merger and (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events. No events are probable that might limit the ability of the Plan to transact at contract value with the contract issuer or participants that significantly affect the Plan's normal operations. The insurance company may not terminate the contract at any amount less than the contract value.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation and (4) a material amendment to the agreement without the consent of the issuer.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company and will never be below 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Plan assets are managed by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, the custodians as defined by the Plan; therefore, these transactions qualify as exempt party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Tax Status

The Plan has adopted a nonstandardized form of a prototype plan sponsored by Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company. The prototype plan has received an opinion letter, dated June 30, 2020, from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied on by this Plan. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Nonexempt Prohibited Transactions

For the year ended December 31, 2020, the Plan Sponsor inadvertently failed to deposit \$211 of participant contributions within the required time frame as stated by the United States Department of Labor regulations. During the plan year ended December 31, 2021, the Plan Sponsor reimbursed the Plan for \$3 in lost earnings during 2021. The correction was made from the Plan Sponsor's assets and not from the assets of the Plan.
