Independent Auditors' Report

To the Participants and Trustees of
RCF Employee Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of the RCF Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets in liquidation as of December 31, 2021 and 2020, and the related statement of changes in net assets in liquidation for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation of RCF Employee Stock Ownership Plan as of December 31, 2021 and 2020, and the changes in its net assets in liquidation for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RCF Employee Stock Ownership Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, and to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.
- Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RCF Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of reportable transactions for the year ended December 31, 2021 (liquidation basis), referred to as supplemental information, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

RCF EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 and 2020 (IN LIQUIDATION)

NOTE A - DESCRIPTION OF THE PLAN

The following description of the RCF Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

RCF Information Systems, Inc., (the Company and Sponsor Company) established the RCF Employee Stock Ownership Plan effective as of October 1, 2006. Prior to its termination, the Plan operated, in relevant part, as a leveraged employee stock ownership plan (ESOP) and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended, (the Code) and was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was administered by the Sponsor Company's Board of Directors. The trust department of an independent third-party was the Plan's Trustee.

Plan Termination and Liquidation

The governing body of the Plan approved the termination of the Plan effective December 23, 2020. Plan Management determined liquidation to be imminent upon the decision to terminate the Plan. Final distributions were determined based on all participants being 100% vested and were made as soon as administratively feasible following the receipt of a favorable determination letter from the IRS on the termination of the Plan. The Plan received a favorable determination letter dated September 23, 2021, and all participant balances were distributed as of December 31, 2021.

Eligibility

Prior to the termination of the Plan, employees of the Company were generally eligible to participate in the Plan on the latter of January 1 immediately preceding the attainment of 21 years of age and completion of an eligibility period of service of 500 hours during such Plan Year. Participants who did not have 1,000 hours of service during such Plan Year or were not employed on the last working day of a Plan Year were generally not eligible for an allocation of Company contributions for such year. As a result of the termination of the Plan, no individual shall be eligible to become a participant or otherwise enter the Plan.

RCF EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 and 2020 (IN LIQUIDATION)

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Prior to the termination of the Plan, each participant's account was credited as of the last day of each Plan Year with an allocation of shares of the Company's common stock and forfeitures of terminated participants' non-vested accounts. Only those participants who were eligible employees of the Company as of the last day of the Plan Year received an allocation. Allocations were based on a participant's eligible compensation relative to total eligible compensation. As a result of the termination of the Plan, no further contributions are required by the Company, and no participants shall accrue additional benefits under the Plan, other than on account of the allocations of subsequent investment gains or losses with respect to the participant's cash account.

Vesting

Prior to the termination of the Plan, if a participant's employment with the Company ended for any reason other than retirement, permanent disability, or death, he or she vested in the balances in his or her account based on total years of service with the Company according to the following schedule:

<u>COMPLETED YEARS OF SERVICE</u>	<u>PERCENTAGE VESTED</u>
0	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A year of service was earned during each Plan Year that a participant completed 1,000 hours of service.

During the year ended December 31, 2018, the Company had a significant revenue contract that was not renewed, which resulted in the termination of certain employees and triggered a partial Plan termination with an effective date of January 1, 2018. Under the provisions of the Plan, all affected participants became 100% vested as of the partial plan termination effective date.

As a result of the termination of the Plan, each participant with an undistributed account balance as of December 23, 2020, that had not previously been forfeited in accordance with the terms of the Plan became 100% vested in such account balance.

RCF EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 and 2020 (IN LIQUIDATION)

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

Prior to the termination of the Plan, no distributions from the Plan were to be made until a participant retired, became permanently disabled, died, or otherwise terminated employment with the Company. Distributions were made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share. Following the termination of the Plan, all participants were deemed to have a distributable event under the terms of the Plan.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. For the year ended December 31, 2021, the Company repurchased 70,928 shares of stock for \$1,204,252. For the year ended December 31, 2020, the Company repurchased 18,987 shares of stock for \$309,865.

Voting Rights

Each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustee prior to the time that such rights were to be exercised. All allocated shares of Company common stock as to which such instructions were timely received were to be voted by the Trustee in accordance with such instructions. The Trustee was to vote any unallocated shares and any allocated shares to which no voting instructions were received on behalf of the collective best interest of Plan participants and beneficiaries.

Put Option

Under Federal income tax regulations, the employer stock that was held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock as determined by an independent appraiser. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 and 2020 (IN LIQUIDATION)

NOTE A - DESCRIPTION OF THE PLAN (Continued)

Diversification

Prior to the termination of the Plan, diversification was offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who were at least age 55 with at least ten years of participation in the Plan could elect to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant could diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changed to 50%. Participants who elected to diversify received a cash distribution. For the year ended December 31, 2020, eligible participants elected to diversify a portion of their account balances, which resulted in the distribution of 4,705 shares totaling \$76,787.

Participant Accounts and Forfeitures

Prior to the termination of the Plan, employer contributions and Plan forfeitures were allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan Year. For the years ended December 31, 2021 and 2020, there were no forfeitures. After the Plan's termination, each participant's account was credited with earnings and losses thereon and an allocation of the Plan's administrative expenses. Substantially all administrative fees were paid by the Plan, through allocation, both direct and indirect, to its participants.

Liquidation of Inactive Participant Accounts

Prior to the termination of the Plan, following a participant's one-year break in service (at which time he or she becomes an inactive participant), the Plan Administrator could reallocate any cash or other liquid assets held in the cash accounts of participants who were actively employed by the Plan Sponsor (active participants) in exchange for the shares of the Sponsor Company stock held in the inactive participant's stock account based on the most recent appraised fair market value. The proceeds of the shares of Sponsor Company stock purchased from an inactive participant were held in a special liquidated stock account on behalf of the inactive participant and were invested by the Trustee, as directed by the Plan Administrator, in certain approved diversified investment funds. An inactive participant's liquidated stock account was to be distributed in accordance with the Plan. Upon the termination of the Plan, the Sponsor Company purchased 703,383 shares of Sponsor Company stock from inactive participants for \$11,942,466 on December 23, 2020. At December 31, 2020, the total fair value of inactive participants' liquidated stock accounts was \$12,164,924.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As a result of the termination of the Plan, the accompanying financial statements have been prepared in accordance with the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

As of December 31, 2021, the Plan had no assets or liabilities. As a result of the termination of the Plan, the Plan's investments at December 31, 2020 were stated at liquidation value, which approximated fair value. Fair value of the common shares of the Company was determined by an annual independent appraisal. All other investments were reported at fair value as determined by the Custodian and Trustees. The fair value of marketable securities was based on quotations obtained from national securities exchanges. Quotations were obtained from other published sources when marketable securities were not listed on an exchange. See Note E for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Realized gains and losses from security transactions were reported on the average cost method.

Administrative Expenses

The Plan's administrative expenses were paid by the Company or the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Amendments

Effective December 23, 2020, the Plan was amended to terminate the Plan. As a result, as of December 23, 2020, (a) the Plan is no longer designed to be an ESOP and shall instead be a profit sharing plan; (b) no individual shall be eligible to become a participant or otherwise enter the Plan; (c) no further contributions to the Trust shall be required by the Company; (d) no participant shall accrue additional benefits under the Plan, other than on account of the allocations of subsequent investment gains or losses with respect to the participant's cash account; (e) each participant with an undistributed account balance as of December 23, 2020, that has not previously been forfeited in accordance with the terms of the Plan shall become 100% vested in such account balance; and (f) participant accounts shall be distributed as soon as administratively feasible following the receipt of a favorable termination determination letter from the IRS.

NOTE C - EMPLOYER CONTRIBUTIONS

Prior to the termination of the Plan, the Company was obligated to make contributions in cash to the Plan, which when aggregated with the Plan's dividends and interest earnings, equaled the amount necessary to enable the Plan to make its payments of participant benefits. The Company made no contributions during the years ended December 31, 2021 and 2020. As a result of the termination of the Plan, no further contributions are required from the Company to the Plan.

NOTE D - INVESTMENT IN SPONSOR COMPANY STOCK

The Plan's investment in Sponsor Company stock at December 31, 2020, is presented in the following table:

	<u>2020</u>
Sponsor Company Common Shares:	
Number of Shares	<u>\$ 159,049</u>
Cost	<u>\$ 1,807,664</u>

NOTE E - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodologies are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodologies include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodologies are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2020.

Sponsor Company common stock: The fair value of the Sponsor Company common stock held by the Plan is valued at fair value based upon an independent appraisal. The appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser considered all generally accepted business valuation approaches and methods and relied on the market approach (guideline publicly traded company method and guideline merged and acquired method) and the income approach (discounted cash flow method).

Money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2020:

	Assets at Fair Value as of December 31, 2020			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Sponsor Company common stock	\$ 0	\$ 0	\$ 2,700,425	\$ 2,700,425
Money market funds	<u>12,164,893</u>	<u>0</u>	<u>0</u>	<u>12,164,893</u>
Total Assets at Fair Value	<u>\$12,164,893</u>	<u>\$ 0</u>	<u>\$ 2,700,425</u>	<u>\$14,865,318</u>

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2021:

	<u>Sponsor Company Common Stock</u>
Balance - beginning of year	\$ 2,700,425
Shares distributed to participants (88,121 shares)	(1,496,173)
Benefits paid to participants (70,928 shares)	<u>(1,204,252)</u>
Balance - end of year	<u>\$ 0</u>

NOTE F - PLAN TERMINATION

The governing body of the Plan approved the termination of the Plan effective December 23, 2020. All participant balances were distributed as of December 31, 2021.

NOTE G - ADMINISTRATION OF PLAN ASSETS

The Plan's assets were held by the Trustee of the Plan.

Company contributions were held and managed by the Trustee, which invested cash received, interest, and dividend income, and made distributions to participants.

Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Administrative expenses for the Trustee's fees were paid by the Company or the Plan.

NOTE H - INCOME TAX STATUS

The Plan obtained a favorable tax determination letter on April 10, 2017, in which the Internal Revenue Service (IRS) stated that the Plan, as amended and restated effective January 1, 2016, was in compliance with the applicable requirements of the Internal Revenue Code (IRC), and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date; therefore, no income taxes have been provided for in the financial statements. The Plan obtained a favorable tax determination letter on September 23, 2021, in which the IRS stated that the termination of the Plan, as amended, does not affect its qualification.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken that would require recognition of a liability (asset) or disclosure in the financial statements. Although terminated, the Plan may still be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invested in Sponsor Company common stock. These investments qualified as related party and party-in-interest transactions. As described in Note B, the Company paid a portion of the expenses of the Plan. The Plan had a number of service providers. Such parties are parties-in-interest under ERISA.

NOTE J - SUBSEQUENT EVENTS

Subsequent events were evaluated through July 8, 2022, which is the date the financial statements were available to be issued.
