Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Altran North America 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of September 30, 2021, and December 31, 2020, and the related statement of changes in net assets available for benefits for the nine-month period ended September 30, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of September 30, 2021, and December 31, 2020, and for the nine-month period ended September 30, 2021, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Altran North America 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

General – The Plan was a 401(k) salary deferral and profit sharing plan covering substantially all employees of Altran Solutions Corp., and was subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Altran Solutions Corp. (the Company) was the Plan's sponsor and served as plan administrator. As of October 1, 2021, the Company merged into Capgemini America, Inc. and all assets of the Pan were transferred to the Capgemini Safe Harbor 401(k) Plan on September 30, 2021.

Transfer out of plan – as of October 1, 2021, the Company merged into Capgemini America, Inc., and all assets of the Plan were transferred to the Capgemini Safe Harbor 401(k) Plan on September 30, 2021.

Eligibility – Employees of the Company, except nonresident aliens, interns, temporary, leased, co-op, per diem, and acquired employees (that fall under section (b)(6)(c)), were eligible to participate in the Plan and received matching contributions, as well as discretionary profit sharing contributions, immediately upon being hired.

Contributions

Participant contributions – Each year, participants could contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants could also elect to make Roth contributions utilizing after-tax contributions. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals were automatically increased annually by 1%, up to a maximum auto-deferral of 6%.

Employer match and profit sharing contributions – The Company could elect to make discretionary profit sharing contributions to the Plan. The Company matched 25% of employee contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the nine-month period ended September 30, 2021.

Contributions were subject to regulatory limitations.

Participant accounts – Each participant's account was credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions and plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	33%
2	66%
3 or more	100%

Notes receivable from participants – Participants could borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans were issued by the Plan and were secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time. Under the terms of the Plan Agreement, plan loans bore a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allowed for automatic lump-sum distributions of participant account balances that do not exceed $5,000.

Forfeitures – Forfeitures were the nonvested portion of a participant's account that was lost upon termination of employment. Forfeitures were retained in the Plan, must be used before year end. Forfeitures were first be used to pay the Plan's administrative expenses and applied to restore participant individual accounts, with any remaining amount used to reduce future Company contributions. As of September 30, 2021, and December 31, 2020, forfeited nonvested accounts totaled $0 and $12,761, respectively. For the period ended September 30, 2021, Company matching contributions were reduced by $0 from forfeited nonvested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's trustee, Vanguard Fiduciary Trust Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of September 30, 2021, and December 31, 2020.

Payment of benefits – Benefits are recorded when paid.

Expenses – The Plan's administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the plan participants.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through July 13, 2022, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at September 30, 2021, and December 31, 2020.

Registered investment companies (mutual funds) and money market fund – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2020:

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 51,147,016	$ -	$ -	$ 51,147,016
Money market funds	1,743,523	-	-	1,743,523
Total assets in the fair value hierarchy	$ 52,890,539	$ -	$ -	$ 52,890,539

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 4 – TAX STATUS

The plan document was a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on May 28, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks.

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as December 31, 2020.

- Net appreciation in fair value of investments, dividends, other income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the nine-month period ended September 30, 2021.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by The Vanguard Group, Inc., parent company of Vanguard Fiduciary Trust Company, trustee of the Plan, and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 8 – TRANSFER OUT OF PLAN

As of October 1, 2021, the Company merged into Capgemini America, Inc., and all assets of the Plan were transferred to the Capgemini Safe Harbor 401(k) Plan on September 30, 2021.

Altran North America 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Altran North America 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of September 30, 2021, and December 31, 2020, and the related statement of changes in net assets available for benefits for the nine-month period ended September 30, 2021, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of September 30, 2021, and December 31, 2020, and for the nine-month period ended September 30, 2021, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Altran North America 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of plan provisions.

General – The Plan was a 401(k) salary deferral and profit sharing plan covering substantially all employees of Altran Solutions Corp., and was subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Altran Solutions Corp. (the Company) was the Plan's sponsor and served as plan administrator. As of October 1, 2021, the Company merged into Capgemini America, Inc. and all assets of the Pan were transferred to the Capgemini Safe Harbor 401(k) Plan on September 30, 2021.

Transfer out of plan – as of October 1, 2021, the Company merged into Capgemini America, Inc., and all assets of the Plan were transferred to the Capgemini Safe Harbor 401(k) Plan on September 30, 2021.

Eligibility – Employees of the Company, except nonresident aliens, interns, temporary, leased, co-op, per diem, and acquired employees (that fall under section (b)(6)(c)), were eligible to participate in the Plan and received matching contributions, as well as discretionary profit sharing contributions, immediately upon being hired.

Contributions

Participant contributions – Each year, participants could contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants could also elect to make Roth contributions utilizing after-tax contributions. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant. Unless elected otherwise by the participant, deferrals were automatically increased annually by 1%, up to a maximum auto-deferral of 6%.

Employer match and profit sharing contributions – The Company could elect to make discretionary profit sharing contributions to the Plan. The Company matched 25% of employee contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no profit sharing contributions for the nine-month period ended September 30, 2021.

Contributions were subject to regulatory limitations.

Participant accounts – Each participant's account was credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contributions and plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	33%
2	66%
3 or more	100%

Notes receivable from participants – Participants could borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans were issued by the Plan and were secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time. Under the terms of the Plan Agreement, plan loans bore a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allowed for automatic lump-sum distributions of participant account balances that do not exceed $5,000.

Forfeitures – Forfeitures were the nonvested portion of a participant's account that was lost upon termination of employment. Forfeitures were retained in the Plan, must be used before year end. Forfeitures were first be used to pay the Plan's administrative expenses and applied to restore participant individual accounts, with any remaining amount used to reduce future Company contributions. As of September 30, 2021, and December 31, 2020, forfeited nonvested accounts totaled $0 and $12,761, respectively. For the period ended September 30, 2021, Company matching contributions were reduced by $0 from forfeited nonvested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's trustee, Vanguard Fiduciary Trust Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of September 30, 2021, and December 31, 2020.

Payment of benefits – Benefits are recorded when paid.

Expenses – The Plan's administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the plan participants.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through July 13, 2022, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at September 30, 2021, and December 31, 2020.

Registered investment companies (mutual funds) and money market fund – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2020:

	Fair Value Measurement at December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 51,147,016	$ -	$ -	$ 51,147,016
Money market funds	1,743,523	-	-	1,743,523
Total assets in the fair value hierarchy	$ 52,890,539	$ -	$ -	$ 52,890,539

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 4 – TAX STATUS

The plan document was a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service (IRS) on May 28, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks.

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as December 31, 2020.

- Net appreciation in fair value of investments, dividends, other income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the nine-month period ended September 30, 2021.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by The Vanguard Group, Inc., parent company of Vanguard Fiduciary Trust Company, trustee of the Plan, and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 8 – TRANSFER OUT OF PLAN

As of October 1, 2021, the Company merged into Capgemini America, Inc., and all assets of the Plan were transferred to the Capgemini Safe Harbor 401(k) Plan on September 30, 2021.
