INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of
The MCH Health System 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the MCH Health System 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the supplemental schedule as of and for the year ended December 31, 2021, as listed in the accompanying table of contents and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 4 and 5, which was certified by Union Bank and Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2021 and 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of or for the year ended December 31, 2021, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the MCH Health System (MCHHS) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan allowing all employees who are not leased or subject to a separate collective bargaining agreement to make contributions. Full-time employees who complete 1,000 hours of service in the first six months of employment and are age twenty-one or older are eligible to receive employer-matched funds. If an employee does not complete 1,000 hours of service in the first six months of employment, the employee may receive employer-matched funds by completing 1,000 hours of service in a year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is designed to enable eligible employees to contribute up to \$19,500 of their compensation. Participants who have attained age 50 before the end of the plan year may make an additional \$6,000 as a maximum catch-up deferral allowable under the Tax Code. Tax on the pre-tax amounts contributed is deferred until the funds are withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed fund contract as investment options for participants. For eligible employees, MCHHS makes a matching contribution equal to 100 percent of the first 3 percent and 50 percent of the subsequent 2 percent of an employee's aggregate salary contribution reduction to the extent the aggregate contribution does not exceed 4 percent of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) MCHHS's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Plan has adopted Safe Harbor provisions and participants are vested after 1,000 hours of service in MCHHS's contribution plus actual earnings thereon. Provisions also exist for participants to become fully vested upon death, disability, or reaching retirement age as defined in the plan documents.

Benefits Paid Directly to Participants

On termination of service, death, disability, or retirement, participants may elect to receive a lump sum payment. Upon retirement, participants may also elect to receive annual installment payments based on their life expectancy. Total disability and death benefits are determined in accordance with the

MCH HEALTH SYSTEM 401(k) PLAN

provisions of the Plan. Upon termination of services, if a participant's vested account is not greater than \$5,000, the vested portion of the account shall be distributed to the participant in a single lump sum payment or rollover.

Distribution Requirements

Distributions to a participant are required when the participant reaches age 72.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America and in accordance with the terms of the Plan Agreement.

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates (if applicable).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is measured at the end of the year if there is an active market for the investment. For investments with no quoted market price, fair value is determined based on the yields currently available on similar instruments. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and capital gains include the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by MCHHS. Expenses that are paid by MCHHS are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative functions

are performed by officers or employees of MCHHS. No such officer or employee receives compensation from the Plan.

Subsequent Events

The plan has evaluated subsequent events through June 29, 2022, the date the financial statements were available to be issued.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, MCHHS has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participant accounts would become 100% vested and non-forfeitable as of the effective date of complete termination of the Plan.

4. INFORMATION CERTIFIED BY CUSTODIAN

The following is a summary of Plan asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the custodian as of December 31, 2021 and 2020, and for the year ended December 31, 2021, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The custodian certified to the completeness and accuracy of \$20,730,581 and \$18,144,181 of total investments as of December 31, 2021 and 2020, respectively, \$2,001,497 of net appreciation in fair value of investments (including realized gains and losses on investments bought and sold, as well as unrealized gains and losses on investment held during the year), and \$582,020 of interest and dividend income from investments for the year ended December 31, 2021.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Boards (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Quoted market prices in active markets for identical assets or liabilities.

Level 2 Inputs to the valuation methodology include:

MCH HEALTH SYSTEM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Unobservable inputs that are not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: The shares of mutual funds are actively traded in a public exchange and the quoted prices at which these securities trade in the exchange are readily available. These quoted prices are used to determine the fair values of mutual fund shares held by the Plan at year-end. Mutual funds are classified as Level 1 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2021 and 2020.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Union Bank & Trust is the custodian of the Plan therefore these transactions qualify as party-in-interest transactions. The fees paid by the Plan for the years ended December 31, 2021 and 2020 to Union Bank & Trust were approximately \$49,000 and \$40,000 respectively. Separately, investment expenses paid to other fund managers through fund operating expense ratios amounted to approximately \$41,000 for the year ended December 31, 2021.

7. TAX STATUS

The Plan adopted a prototype plan of the custodian. The prototype plan has received an opinion letter dated March 31, 2008 informing them the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has since been amended, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities, including the IRS. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
