MicroStrategy 401(k) Savings Plan
Tysons Corner, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MicroStrategy 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i – Schedule of Assets (Held at End of Year)) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all

material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MICROSTRATEGY 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of MicroStrategy Incorporated's (the "Sponsor," "Plan Administrator," or "Employer") MicroStrategy 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees of the Sponsor. All employees, except nonresident aliens receiving no earned income, are eligible for participation and are automatically enrolled in the Plan at a default deferral/contribution rate of 6%, unless the employee specifically elects not to enroll or elects to defer another percentage. The Plan provides for annual automatic deferral increases for participants of 1% up to a maximum automatic deferral rate of 12% effective April 1, 2021 (note 1(h)). Prior to April 1, 2021, the maximum automatic deferral rate was 10%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The custodians of all investments for the Plan are The Principal Life Insurance Company, Inc. ("Principal") and Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) ("Delaware Charter"). Principal also serves as agent for, and certifies on behalf of, Principal Global Investors Trust Company, trustee of the Principal Stable Value Fund. Principal also provides recordkeeping services to the Plan.

(b) Participant Accounts

Each participant's account is credited with the participant's contributions, Employer's matching contributions, and allocations of Plan earnings, and charged with an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 19 mutual funds and 4 collective investment trusts as investment options for participants.

(c) Contributions

Participants are able to contribute up to 50% of their annual compensation, as defined by the Plan, not to exceed the statutory limits. The Plan further limits the amounts that can be contributed by highly compensated employees. Additionally, participants may contribute amounts representing distributions from other qualified plans (Rollover contributions). The Plan provides discretionary Employer matching contributions. For 2021 and 2020, the Employer matched 50% of participant contributions up to 12% of eligible compensation with an annual maximum match of \$5,000. The Sponsor made \$2,917,862 and \$3,308,313 in discretionary contributions, net of forfeitures, during the years ended December 31, 2021 and 2020, respectively.

(d) Vesting

Participants are vested immediately in their voluntary contributions, rollovers, and actual earnings thereon. Vesting of Employer contributions is based on the participant's years of service pursuant to a 4-year graded vesting schedule, with 25% vesting at the end of each year of service.

MICROSTRATEGY 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(e) Forfeited Accounts

The Plan uses forfeitures to pay Plan expenses and reduce future Employer contributions. The Sponsor used \$6,773 and \$6,790 to pay Plan expenses and \$862,892 and \$963,070 to reduce Employer contributions during the years ended December 31, 2021 and 2020, respectively. Forfeiture balances as of December 31, 2021 and 2020 were \$27,493 and \$40,110, respectively.

(f) Notes Receivable from Participants

Participants may borrow from their respective participant account provided that the participant executes a promissory note in the amount of the loan, which indicates the repayment period and rate of interest. A participant may borrow a minimum of \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of the vested amount of their balance reduced by any outstanding balances at the time the borrowing is made. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. A loan must be repaid within a five-year period. Principal and interest are paid ratably through payroll deductions. Interest rates were between 5.25% and 7.50% as of December 31, 2021.

Refer to Note 1(h) for certain limited-time amendments related to participant loans, effective for the Plan on April 20, 2020 in response to the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act").

(g) Payment of Benefits

Benefits under the Plan become distributable upon termination of employment, normal retirement at age 65, age 59½ and still working, death, or disability, as defined by the Plan document. A participant may elect to receive the value of the vested interest in his or her account balance as a lump-sum distribution upon retirement or termination or they may elect a direct rollover distribution. Upon the death of a participant, benefit payments will be to a surviving spouse or other designated beneficiary as appropriate.

The Plan allows for hardship withdrawals. Hardship withdrawals can be made for any event that constitutes an "immediate and severe financial need" as prescribed by current Internal Revenue Service ("IRS") guidelines.

Refer to Note 1(h) for certain limited-time amendments related to withdrawals and distributions, effective for the Plan on April 20, 2020 in response to the CARES Act.

(h) Plan Amendments

The CARES Act was enacted on March 27, 2020 in response to the pandemic caused by a novel strain of coronavirus ("COVID-19"). The CARES Act, among other things, included several relief provisions available to tax-qualified retirement plans and their participants. The Plan Administrator evaluated the relief provisions available to Plan participants under the CARES Act and implemented the following provisions, effective April 20, 2020:

- Special COVID-19-related withdrawals up to \$100,000, through December 31, 2020
- Increased the available loan amount as described in Note 1(f) to the lesser of \$100,000 or 100% of the participant's vested account balance, through September 22, 2020

MICROSTRATEGY 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

- Extended the period for loan repayments due from March 27, 2020 through December 31, 2020, up to one year
- Suspended required minimum distributions for 2020

Effective December 9, 2020, the Plan was amended to allow for in-service distributions up to \$5,000 for participants upon birth or adoption of a child, in accordance with the Setting Every Community Up for Retirement Enhancement Act (the “SECURE Act”). Such distributions may be repaid to the Plan in a manner permitted under the SECURE Act and related regulatory guidance.

Effective April 1, 2021, the Plan was amended to increase the maximum automatic deferral rate from 10% to 12%.

(2) Summary of Significant Accounting Policies

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to and in accordance with the terms of the Plan document. A summary of the Plan’s significant accounting policies follows.

(a) Basis of Accounting

The accrual basis of accounting is used for financial reporting purposes in accordance with GAAP.

(b) Use of Estimates

The preparation of the Plan’s financial statements in accordance with GAAP requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Such estimates include those regarding fair value. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Sales and purchases of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

(d) Benefit Payments

Benefits are recorded when paid. Plan assets allocated to participants who, at the financial statement date, had elected to withdraw from the Plan but had not been paid were \$188,590 and \$676,078 at December 31, 2021 and 2020, respectively.

MICROSTRATEGY 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

(f) Administrative Expenses

The Sponsor pays certain expenses of the Plan which are excluded from these financial statements. Certain administrative expenses are allocated to participant accounts. Fees that relate solely to a participant, such as loan maintenance fees and fees incurred when a participant changes investment allocation, are charged to the respective participant's account.

(3) Information Certified by the Plan Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Principal and Delaware Charter are the custodians of the Plan. Principal is also agent for, and certifies on behalf of, Principal Global Investors Trust Company. Accordingly, the custodians have certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Investment income and Interest income on notes receivable from participants, as shown in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2021 and 2020.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by the custodians. Therefore, these transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are also exempt party-in-interest transactions.

Certain Employees of the Sponsor serve as trustees to the Plan; these employees are also participants in the Plan. Trustees are approved by the Sponsor's Board of Directors. No such employee receives compensation from the Plan.

(5) Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants' account balances will

MICROSTRATEGY 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

reflect 100% vesting in all Employer contributions and will be distributed under the provisions of the Plan document until all assets have been distributed.

(6) Tax Status

The volume submitter plan document used by the Plan received an advisory letter from the IRS on August 8, 2014, which stated that the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has since been amended, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2021 and 2020, the Plan had no uncertain tax positions that would require recognition of a liability or disclosure in the financial statements.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(8) Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

MICROSTRATEGY 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value.

Mutual funds: Valued at quoted market prices which represent the net asset value ("NAV") of shares held by the Plan at year end.

Collective investment trusts: Valued at the NAV, as provided by the custodians, of the units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at fair value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 195,136,998	\$ —	\$ —	\$ 195,136,998
Collective investment trusts	—	49,124,827	—	49,124,827
Total assets at fair value	\$ 195,136,998	\$ 49,124,827	\$ —	\$ 244,261,825

Assets at fair value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 170,636,034	\$ —	\$ —	\$ 170,636,034

Total assets at fair value	\$ 170,636,034	\$ 49,438,127	\$ —	\$ 220,074,161

(9) Subsequent Events

The Plan evaluated subsequent events through July 6, 2022, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements except as noted below:

The Plan's recordkeeper is expected to change during 2022.
