Independent Auditors' Report

To the Participants and Plan Administrator of
b1BANK Employee Retirement Plan and Trust

Opinion on the 2021 Financial Statements

We have audited the financial statements of b1BANK Employee Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Form 550, Schedule H Line 4(i) – Schedule of Assets Held, as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Auditors' Report on 2020 Financial Statements

The 2020 financial statements of the Plan were audited by predecessor auditors whose report dated June 29, 2021, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2020 supplemental schedule were fairly stated in all material respects in relation to the financial statements as a whole.

EMPLOYEE RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1 – Description of Plan –

The following brief description of b1BANK Employee Retirement Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for more complete information.

Description of Plan

The Plan is a defined contribution plan which covers all eligible employees of b1BANK (the “Bank”) who are at least 21 years of age and meet the service requirements as defined in the Plan. The Plan includes an automatic enrollment and deferral provision in which, upon meeting the eligibility requirements, an employee is automatically enrolled in the Plan to defer 4% of compensation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During 2020, the Plan was amended for the optional relief items as permitted under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) which was signed into law on March 27, 2020. The provisions adopted by the Plan include coronavirus-related withdrawals and loans, the suspension of certain loan payments, and the waiver of required minimum distributions. See the respective disclosures below for more detailed explanations of the new provisions adopted.

On May 1, 2020, Business First Bancshares, Inc., parent bank holding company of b1BANK, the plan sponsor, acquired the outstanding stock of Pedestal Bancshares, Inc., the parent bank holding company of Pedestal Bank. Effective July 24, 2020, \$13,217,544 of plan assets from Pedestal Bancshares, Inc. 401(k) Plan were transferred to and merged into the Plan. Due to contractual obligations and the exercise of the put option, \$1,120,728 of funds remained in the Principal Fixed Account with Principal Life Insurance Company at December 31, 2020. Those funds were transferred on May 11, 2021.

As disclosed in Note 7, effective January 4, 2021, the Plan changed its custodian. Accordingly, the net assets of the Plan transferred from Massachusetts Mutual Life Insurance Company (“Mass Mutual”) to Great-West Trust Company, LLC (“GWI”), and Empower became the recordkeeper of the Plan.

Management and the Investment Committee of b1BANK oversee governance of the Plan, determine the appropriateness of the Plan’s investment offerings, and monitor investment performance.

Contributions

Participants may contribute an amount equal to a percentage of their compensation earned during the plan year not to exceed the limits imposed by Section 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Bank will make a safe harbor matching contribution to participants of the Plan equal to 100% of the participant’s elective deferral that does not exceed 4% of the participant’s compensation. The Bank may also make discretionary matching and profit-sharing contributions to all eligible participants of the Plan. For the year ended December 31, 2021, the Bank made safe harbor matching contributions which totaled \$1,819,299. No discretionary matching or profit-sharing contributions were made for the year ended December 31, 2021.

Participant Accounts

Each participant's account is charged or credited with the participant's contribution and the allocation of the Bank's contribution, the Plan's investment earnings or losses, certain Plan administrative costs paid by the Plan, and forfeitures of terminated participant's non-vested accounts. Allocations are based upon participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon and in the Bank's safe harbor matching contributions. Additionally, participants who transfer contributions from a prior employee's plan, retain the vesting schedule of their prior plan. The Plan provides a 6-year graded vesting for discretionary matching and profit-sharing contributions, with participants being 20% vested after 2 years and every year thereafter with 100% vested after 6 years.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50%, of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The loan interest rate is determined at two percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.

In accordance with the CARES Act, plan participants could request a one year delay of note repayments occurring between March 27, 2020 and December 31, 2020. The participants' notes were re-amortized and includes any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Additionally, the CARES Act permitted the Plan to temporarily increase the limit on participant loans to qualified individuals to \$100,000 or 100% of the participant's vested account balance, whichever is lower. This increase was permitted for loans granted during the period March 27, 2020 through September 22, 2020. In addition, repayment of these loans can be delayed in accordance with the provisions allowed under the CARES Act.

Payment of Benefits

Upon retirement or termination of service, participants are entitled to receive a lump sum payment equal to the value of their vested account balance. Benefits are recorded when paid.

In accordance with the CARES Act, participants who were receiving required minimum distributions were offered the option to waive their 2020 distribution and participants who were due to receive the first required distribution in 2020 had their required minimum distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act ceased as of December 31, 2020.

Additionally, the CARES Act permitted plan participants to request up to \$100,000 in coronavirus-related distributions, with repayment terms of up to three years. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$23,808 and \$59,901, respectively. These accounts may be used to reduce employer contributions or to pay plan expenses. During the year ended December 31, 2021, the forfeited non-vested accounts of \$48,659 were used to pay plan expenses.

Note 2 – Summary of Accounting Policies –

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. At December 31, 2021 and 2020, all assets of the Plan are participant directed.

Investment Contracts

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As discussed in Note 6, the Plan entered into a fully benefit responsive contract during 2020, however, participant accounts were not transferred into the contract until 2021. As of December 31, 2020, the Plan had no assets in fully benefit-responsive investments contracts.

Investment Valuation and Income Recognition

Investments are reported at fair value, except fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan sponsor determines the Plan's valuation policies utilizing information provided by the Plan custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net investment income (loss) includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates, particularly given the significant social and economic disruptions and uncertainties associated with the ongoing COVID-19 pandemic and the COVID-19 control responses, and such differences may be material.

b1BANK
EMPLOYEE RETIREMENT PLAN AND TRUST

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. For the year ended December 31, 2021, deemed distributions totaled \$2,821.

Risks and Uncertainties

The Plan provides for various investment options in any combination of selected funds held by the custodian. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is a least reasonably possible that changes in the values of these funds will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The COVID-19 outbreak in the United States and globally has caused an economic downturn on a global scale, disrupted global supply chains, and created significant uncertainty, volatility, and disruption across economies and financial markets. Therefore, uncertainty remains regarding the ongoing impact of the COVID-19 outbreak upon the Plan's net assets available for benefits, as well as upon the significant estimates and assumptions utilized in reporting certain assets and liabilities.

Expenses

The Bank may pay certain administrative expenses (i.e., custodian fees, fund fees, loan fees, recordkeeping fees, and other similar expenses) of the Plan. If such expenses are not paid by the Bank, they are paid out of Plan assets. Fees for certain transactions, such as withdrawals and loan processing, are charged directly to the account of the participant reporting such a transaction and included in administrative expenses. Investment related expenses are included in net investment income.

Reclassifications

Certain items in the 2020 financial statements may have been reclassified to conform to the presentation in the current year financial statements. Such reclassifications had no effect on the previously reported change in net assets available for benefits.

Note 3 – Plan Termination –

Although they have not expressed any intent to do so, the Bank has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

b1BANK
EMPLOYEE RETIREMENT PLAN AND TRUST

Note 4 – Tax Status –

The Plan sponsor has adopted a prototype plan which received a favorable determination from the Internal Revenue Service. The Plan itself has not separately applied for recognition of tax-exempt status. However, the Plan sponsor believes the plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2018.

Note 5 – Fair Value Measurements –

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that provides the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

Registered Investment Company Accounts: The registered investment company accounts ("RIAs") are valued at the net asset value ("NAV") of shares held by the Plan at year-end, based upon quoted market prices.

Common and Collective Trusts: The Common and Collective Trust accounts ("CCTs") are valued at the NAV held by the Plan at year-end, based upon quoted market prices, when available. Due to the unique investments that may be allowed in these funds, use of the NAV is a practical expedient for measuring these funds at fair value and the accounts are excluded from the Fair Value disclosure table below.

Pooled Separate Accounts: These accounts are valued daily as the number of units held multiplied by the accumulation unit value ("AUV"). The AUV is determined based on the quoted market prices of the underlying investments and the account charges.

Guaranteed Interest Accounts: These accounts are valued at fair value based on the amount Plan participants or Plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

b1BANK
EMPLOYEE RETIREMENT PLAN AND TRUST

Employer Stock: The employer stock is an account comprised of common stock of Business First Bancshares, Inc. and short-term cash investments. The fair value of the fund is derived from the fair value of the common stock based on quoted market prices in an active market and the short-term cash investments.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

- (a) These investments seek to provide high total investment return. The funds invest in a portfolio of equity, debt and money market securities.
- (b) These investments seek to maximize total returns from price appreciation and income. The funds pursue income opportunities from government, corporate, emerging market and high-yield sources. The investments may include United States ("U.S.") and non-U.S. corporate debt securities and sovereign debt securities.
- (c) These investments seek long-term growth of capital while providing current income. The funds invest primarily in common stocks of well-established companies located around the world, many of which have the potential to pay dividends. Under normal market circumstances, the funds invest a significant portion of its assets in securities of issuers domiciled outside the U.S., including those based in developing countries.
- (d) These investments seek long-term capital appreciation. The funds invest in equity securities of companies of any market capitalization that the adviser believes demonstrate promising growth potential.
- (e) These investments seek long-term capital appreciation. The funds invest a majority of its net assets in the common stock of small and mid-sized companies. They invest the majority of assets in U.S. companies, but also may invest in foreign companies in developed markets and in emerging markets.
- (f) These investments seek long-term growth of capital and current income. The funds invest a significant portion of its net assets in equity securities. Although the funds normally focus on securities on U.S. companies, they may invest a portion of net assets in securities of companies headquartered in foreign countries.

- (g) These investments seek to provide capital growth and appreciation. The funds seek to achieve the objective by investing a portion of its net assets in (1) equity securities of companies throughout the world that own, explore or develop natural resources and other basic commodities or supply goods and services to such companies, or (2) common stocks and other equity securities of real estate companies.

NOTE 6 - Fully Benefit-Responsive Investment Contract

In October 2020, the Plan entered into a benefit-responsive investment contract with Great-West Life & Annuity Insurance Company, specifically the Group Unallocated Fixed Deferred Annuity contract (the “Contract”). The Contract, a traditional guaranteed investment contract, maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by GWI. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed interest contract issuer is contractually obligated to repay the principal and interest earned at a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive, and as such contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The fair value of the investment contract was \$3,744,391 at December 31, 2021. The average crediting interest rate is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value of the investment. The separate account guaranteed interest contract does not allow the crediting interest rate below zero percent.

<u>Average Yields</u>	<u>2021</u>
Based on actual earnings	0.94%
Based on interest rate credited to participants	0.90%

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including offering a competing fund (a fund with similar investment strategies and assets as the Contract) without the approval of GWI. The guaranteed interest contract permits contract termination with sufficient notice or with other violations of the contractual terms. The Plan administrator does not believe that any events have occurred which would limit the Plan’s ability to transact at contract.

Note 7 – Party-In-Interest Transactions –

Certain Plan investments are held in guaranteed interest accounts (fixed accounts) held by Great-West Life & Annuity Insurance Company (GWI). Additionally, a portion of the Plan's assets are invested in Business First Bancshares, Inc. stock, the parent company of the Plan Sponsor, for which Reliance Trust serves as the independent fiduciary for the common stock fund. The Plan also holds notes receivable representing participant loans. Advised Assets Group, LLC is the investment manager for the Plan. Sentinel Pension and Payroll provides administration and accounting services to the Plan. The Plan Sponsor also pays directly, certain administrative expenses of the Plan. All of these transactions qualify as party-in-interest transactions. The Plan Sponsor believes that all of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 – Subsequent Events –

Effective March 1, 2022, the Company completed the acquisition of Texas Citizen's Bancshares, Inc. ("TCBI"), the holding company for Texas Citizens Bank, National Association, headquartered in Pasadena, Texas. Effective April 27, 2022, \$5,268,959 of plan assets from TCBI's retirement plan, Texas Citizens Bank, N.A. 401(k) Plan, were transferred to and merged into the Plan.

Management has evaluated subsequent events through June 27, 2022, the date on which these financial statements were available to be issued.
