INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
IPC Group 401(k) Plan
Sarasota, FL

Opinion

We have audited the financial statements of the IPC Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years ended December 31, 2021 and 2020, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**IPC Group 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020**

1 – Description of the Plan

The following description of the IPC Group 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the amended Plan document and Summary of Plan Description for a more complete description of the Plan’s provisions.

General

Intertape Polymer Corp. and its participating subsidiaries (the “Company” and the “Plan Administrator”) established the Intertape Polymer Group Inc. Employees’ Stock Ownership and Retirement Savings Plan effective January 1, 1994. As of January 1, 2001, the Plan was an Employee Stock Ownership Plan (“ESOP”). As of January 1, 2008, the Plan’s name was changed to Intertape Polymer Corp. USA Employees’ Stock Ownership and Retirement Savings Plan and as of May 1, 2017 the Plan’s name was changed to Intertape Polymer Corp. USA Retirement Savings Plan and the ESOP provisions of the Plan were removed. Effective December 1, 2019, the Plan’s name was changed to IPC Group 401(k) Plan.

Intertape Polymer Group Inc. (the “Parent Company”) is the parent company of Intertape Polymer Corp.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant notes. The provisions of the CARES Act were effective and operationalized immediately.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act was signed into legislation. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 31, 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020 or for plan years beginning after December 31, 2019 were operationalized accordingly. Any optional features within the SECURE Act are currently being assessed but have not been implemented to date.

Written amendments to the Plan document to reflect the operational changes from the CARES and SECURE Acts were adopted in accordance with applicable law and guidance.

Eligibility

Employees other than (i) employees covered under a collective bargaining agreement, (ii) non-resident aliens who do not receive any compensation from U.S. sources, (iii) leased employees, and (iv) individuals who are classified as students and/or interns are eligible to participate in the Plan for purposes of pre-tax salary deferrals and Roth deferrals (effective January 1, 2020) on the first day of the month coinciding with or next following the eligible employees’ attainment of age 18 and completion of three months of service, or for purposes of matching and Company contributions under the Plan, completion of six months of service.

Notwithstanding the foregoing, any individual who is classified on the payroll records of the Company as a part-time, seasonal or temporary employee who is credited with at least 1,000 hours of service during the 12-consecutive month period beginning on the employee’s date of hire (“Year of Service”) will be eligible to participate in all features of the Plan as of the first day of the month coinciding with or next following attainment of age 18 and one Year of Service.

Contributions

Participants may contribute 1% to 100% of their pretax annual compensation, subject to Internal Revenue Service (“IRS”) limitations. Within those limits, participants may also choose to make contributions to the Plan on an after-tax basis by designating salary deferrals as Roth deferrals. Generally, the Plan will accept a rollover contribution from another qualified retirement plan or IRA.

Effective January 1, 2013, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. For participants hired prior to March 1, 2014, the automatic deferral percentage is set at 1% of eligible compensation with no automatic increase. For employees hired on or after March 1, 2014, the automatic deferral rate is set at 2% of eligible compensation with an automatic deferral increase each year by 1% of eligible compensation up to a maximum of 4% of eligible compensation. Participant contributions are invested in the Plan's default fund until changed by the participant.

The Plan provides for a discretionary matching contribution to all eligible participants under the Plan and also applies to Roth deferrals. Matching contributions are generally based upon management's discretion, but cannot exceed 6% of compensation. For the 2021 and 2020 Plan years, the Company's management approved a matching contribution at a rate of 75% and 60%, respectively, of participants' contributions up to 6% of eligible compensation deferred. The Plan provides for a discretionary Company contribution to all eligible participants under the Plan. For the 2021 and 2020 Plan years, the Company's management approved a Company contribution in an amount equal to 1% of eligible participant's compensation.

The Company contribution was funded in 2022 and 2021, for the 2021 and 2020 Plan years, respectively, and was funded by forfeiture accounts totaling \$197,919 and \$71,500, respectively, and cash contributions by the Company, which are classified as employer contributions receivable (net of forfeiture amounts) in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.

Participant Accounts and Voting Rights

Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of the Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined by the Plan. Each participant is entitled to the vested portion of their account. Participants may direct the investment of their account balances into various investment options, including the Parent Company's stock, offered by the Plan.

Each participant is entitled to exercise voting rights attributable to the Parent Company's common stock allocated to his or her account and is notified by the Parent Company's trustee prior to the time that such rights are to be exercised. The Parent Company's trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant.

Vesting

Participants are immediately vested in their pre-tax and Roth deferrals plus actual earnings thereon. Vesting in the Company contributions portion of the participants' accounts plus earnings thereon is based on years of vesting service (12 continuous months of service beginning on the employee's date of hire). A participant is 20% vested after each year of vesting service and 100% vested after the earlier of five years of vesting service, upon reaching early retirement age (age 55), death, or becoming disabled while employed.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of the participant's account balance. During 2020, CARES Act provisions permitted qualified individuals per IRS Notice 2020-50, to obtain notes of up to 100% of their vested balance or \$100,000. However, in determining the availability of a note under the Plan, no note may be made from the Intertape Polymer Group, Inc. common trust fund (Note 3) during a closed period as defined in the Company's Insider Trading Policy applicable to employees. The notes are secured by the balance in the participant's account and bear interest at a rate of one point above the prime borrowing rate, defined in the Plan document as the prime rate of interest as published in the Wall Street Journal on the date of the note commitment. Principal and interest repayments are made ratably through payroll deductions over a period not to exceed five years, unless the note was used to purchase a primary residence in which case the note terms may exceed five years, up to a maximum note term of 15 years. Interest rates for notes outstanding at December 31, 2021 and 2020 range from 4.25% to 6.50%. The Plan Administrator will suspend note repayments for a military service leave of absence. The Plan allows for participants to have only one note outstanding at any one time.

Payment of Benefits

Upon separation of service due to death, disability, or retirement, a participant is entitled to receive their benefits as a lump-sum amount equal to 100% of the value of the participant's account. Participants who are at least age 59-1/2 may request in-service withdrawals from their vested accounts. In addition, participants may request a distribution of their vested account balance if

they incurred a hardship under the Plan (effective December 1, 2019, hardship withdrawals are permitted from matching contributions and employer contributions under the Plan). Rollover contributions may be withdrawn at any time.

Upon separation of service for reasons other than death, disability, or retirement, a participant shall be entitled to their benefit in the amount equal to the participant's vested interest in the balance of his or her account.

There are no distributions of the Intertape Polymer Group, Inc. common trust fund (Note 3) during a closed period.

During 2020, participants who met the definition of qualified individual per IRS Notice 2020-50 were permitted to obtain CARES Act related distributions.

Forfeited and Unallocated Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined in the Plan document, represents a forfeiture. Forfeitures are used to offset employer contributions and certain plan expenses.

At December 31, 2021 and 2020, forfeited non-vested accounts totalled \$312,002 and \$142,713, respectively. The Company used \$197,919 and \$71,500, respectively, in these accounts to reduce future employer contributions as noted above.

Accumulated amounts in an unallocated expense budget account were \$2,450 and \$17,290 at December 31, 2021 and 2020, respectively. Amounts in the account may be used to pay plan expenses or allocated to participant accounts. During 2021, \$102,240 from the expense budget account was used to reduce expenses.

COVID-19

There continues to be significant macroeconomic uncertainty, and the Company expects the COVID-19 pandemic may continue to have a materially negative impact on the global economy into the remainder of 2022 and perhaps beyond. While the Company has delivered positive financial results to date, the pandemic could yet materially impact the Company's ability to manufacture, source (including the delivery of raw materials to its facilities) or distribute its products both domestically and internationally and reduce demand for its products, any of which could have a significant negative impact on the Company's financial results in 2022 and beyond. Given the dynamic nature of the pandemic (including its duration and the severity of its impact on the global economy and the applicable governmental responses), the extent to which the COVID-19 pandemic impacts the Company's future results will depend on unknown future developments and any further impact on the global economy and the markets in which the Company operates and sells its products, all of which remain highly uncertain and cannot be accurately predicted at this time. In addition, the impact could have a material adverse effect on the Plan's financial position.

2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("US GAAP")

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain Plan administrative expenses are paid by the Company. Participant-related fees and expenses are paid by the Plan through charges to participant accounts.

Valuation of Investments, Notes Receivable from Participants and Income Recognition

The Plan's investments except for the Fixed Interest Fund (See Note 5) are stated at fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 6 for disclosures regarding fair value measurements.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are treated as distributions pursuant to the terms of the Plan document.

The Plan's investments are held by the trustee of the Plan and invested for the benefit of the Plan's participants. Reliance Trust Company is the trustee of the Plan.

Excess Contributions Payable to Participants

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants prior to March 15, 2021 (nil for Plan year 2021).

3 – Common Trust Fund

At December 31, 2021 and 2020, the Plan held 726,047 shares (average cost per share of \$7.83; market value per share of \$20.74) and 784,035 shares (average cost per share of \$6.44; market value per share of \$19.03), respectively, of the Parent Company's common stock in the common trust fund, all of which was allocated to participant accounts. The common trust fund had cash and short-term investments of \$682,550 and \$646,185 of December 31, 2021 and December 31, 2020, respectively.

4 – Plan Mergers and Amendments

Effective at the close of business December 31, 2019, the Polyair Corporation 401(k) Plan was merged into the Plan. Substantially all assets were in transit as of December 31, 2019 and were received by the Plan in January 2020. The remaining assets in the Polyair plan were received by the plan on December 30, 2020. Assets in transit of \$13,965,736, were included in the Plan's Form 5500 for the 2019 year.

Effective January 1, 2020, Polyair Corporation was added as a participating employer to the Plan. In addition, effective January 1, 2020, the Plan was amended to provide predecessor employer service for employees previously employed by Polyair Corporation for purposes of eligibility and vesting under the Plan.

Effective February 11, 2020, the Plan was amended to provide predecessor employer service for employees previously employed by Custom Assembly Solutions, Inc. and Nortech Packaging LLC for purposes of eligibility and vesting under the Plan.

5 – Fixed Interest Fund

Through a group annuity contract, the Plan offered a fixed interest fund ("Fund"). The objective of this fund was to maintain a competitive fixed interest rate and a minimum guaranteed rate of return. The Fund was invested in the general asset account of Massachusetts Mutual Life Insurance Company ("Mass Mutual") and was guaranteed by their claims paying ability. Mass Mutual credited the Fund with interest at a rate declared each calendar quarter, but not less than the minimum interest rate as specified in the contract. The contract had certain restrictions that impact the participants' ability to collect the full contract value. The Plan Administrator did not believe the occurrence of any event such as plant closings, plan termination or early retirement incentives which would limit the Plan's ability to transact at contract value with participants, was probable. The agreement did not allow transfers and surrenders from the Fund if the transactions in any 12-month period exceed one-sixth of the Fund values under the agreement as of the most recent month-end value from one year prior, unless Mass Mutual consented. Because the Fund was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed interest fund contract. The Fund is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants

ordinarily were able to direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan removed this Fund option during Plan year 2021.

6 – Fair Value Measurements

The FASB Accounting Standards Codification (the “Codification”) provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this guidance are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If an asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds/Bond funds: Valued at the quoted NAV of shares held by the Plan at year end.

Common trust fund: Valued at the fair value of the underlying assets of the fund, which includes short-term investments and the Parent Company's common stock valued at the closing price reported on the active market on which the common stock is traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2021 and 2020, respectively:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 167,223,717	\$ —	\$ —	\$ 167,223,717
Bond funds	5,848,572	—	—	5,848,572
Common trust fund	15,864,199	—	—	15,864,199
Total assets at fair value	<u>\$ 188,936,488</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 188,936,488</u>

	2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 117,940,943	\$ —	\$ —	\$ 117,940,943
Bond funds	6,766,022	—	—	6,766,022
Common trust fund	15,566,371	—	—	15,566,371
Total assets at fair value	<u>\$ 140,273,336</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 140,273,336</u>

7 – Related Parties and Parties-In-Interest Transactions

Transactions by the Plan with the common trust fund and notes receivable from participants qualify as parties-in-interest transactions. The fixed interest fund is managed by Mass Mutual and these transactions qualify as party-in-interest transactions.

8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

9 – Tax Status

The underlying volume submitter plan has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. The Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, in all material respects. As such, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10 – Risks and Uncertainties

The Plan invests in various securities including mutual funds, bond funds, and a common trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

11 – Reconciliation of Financial Statement to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	Year Ended December 31,	
	2021	2020
Net assets available for benefits per the financial statements	\$ 196,799,974	\$ 170,852,001
Employer contributions receivable	(5,766,709)	(5,168,331)
Participant contributions receivable	(207,264)	—
Excess contributions payable to participants	—	84,810
Total net assets per Form 5500	<u>\$ 190,826,001</u>	<u>\$ 165,768,480</u>

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the financial statements to Form 5500:

	Year Ended December 31,	
	2021	2020
Net increase in net assets available for benefits per the financial statements	\$ 25,947,973	\$ 19,263,582
Change in employer contributions receivable	(598,378)	(1,772,670)
Change in employee contributions receivable	(207,264)	—
Change in excess contributions payable to participants	(84,810)	(40,258)
Net income per Form 5500	<u>\$ 25,057,521</u>	<u>\$ 17,450,654</u>

12 – Subsequent Events

Plan management has evaluated subsequent events occurring through the date that the financial statements were available to be issued, for events requiring recording or disclosure in the December 31, 2021 financial statements.

On June 28, 2022, the Company's parent, Intertape Polymer Group Inc., was acquired by way of a plan of arrangement (the "Arrangement") by 1351693 B.C. Ltd., an affiliate of Clearlake Capital Group, L.P. (the "Purchaser"). Under the terms of the Arrangement, the Purchaser acquired all of the outstanding shares of the Company for CDN\$40.50 per share in an all-cash transaction valued at approximately US\$2.6 billion, including net debt. Upon completion of the transaction, the Company filed to become a privately held company and delist from the TSX.

The Arrangement has the following impacts on the Plan upon completion:

- The common shares of the Company's parent in the common trust fund were acquired and the fund will be liquidated.
- Participants investments in the common trust fund will be re-allocated to the Plan's designated qualified default investment alternative.
- There are no other expected changes to the Plan.

There were no other material events or transactions occurring during this period requiring recognition or disclosure.
