Independent Auditor's Report

To the Plan Administrator of the
Quantum Corporation Employee Savings and Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Quantum Corporation Employee Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Quantum Corporation Employee Savings and Investment Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 – Description of the Plan

The following description of the Quantum Corporation (the “Company” or “Plan Sponsor”) Employee Savings and Investment Plan (the “Plan”) provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan, which went into effect July 1, 1985, that is generally available to employees of the Company and Participating Employers (collectively, the “Employer”). The Plan excludes nonresident aliens, collectively-bargained employees, leased employees, interns, and employees who are paid through an outside agency. Eligible employees may enter the Plan immediately upon meeting the eligibility requirements for each type of contribution offered under the Plan. There are no age or service requirements for participant contributions, however, there are service requirements for discretionary matching and discretionary nonelective Employer contributions as further discussed below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Plan Amendments. During 2021, the Plan document was amended as follows:

Effective January 1, 2021, the Plan document was amended as follows:

- To provide for 6 months of service in order to be eligible to participate in discretionary nonelective Employer contributions;
- To provide for a quarterly contribution period for discretionary nonelective Employer contributions; and
- To change the allocation provisions of the discretionary nonelective Employer contributions to a participant group allocation method whereas each eligible participant will be considered their own allocation group.

Effective April 1, 2021, the Plan document was amended to add Quantum Government, Inc. as a Participating Employer in the Plan.

Effective June 1, 2021, the Plan's definition of compensation was amended to exclude discretionary bonuses.

Effective July 1, 2021, the Plan document was amended as follows:

- To change the contribution period for discretionary Employer matching contributions to each payroll period; and
- In order to be eligible to receive a discretionary Employer matching contribution, a participant must be employed by the Employer on the last day of the calendar quarter.

Effective November 22, 2021, the Plan Sponsor adopted an FMR, LLC Non-Standardized Pre-Approved Profit Sharing Plan (“pre-approved plan”). In connection with the adoption of the pre-approved plan, the Plan document and the Plan’s trust agreement were amended and restated.

Note 1 – Description of the Plan (continued)

Contributions. The following types of contributions are allowable under the Plan:

- **Participant Contributions** – Participants may contribute up to 50% of their pretax compensation, as defined in the Plan document. Participants may also elect to make an after-tax Roth contribution to the Plan. If an eligible employee does not make a salary deferral election, the Plan has an automatic enrollment feature whereby such employee is automatically enrolled at a pre-tax salary deferral percentage of 6% of compensation, unless such employee elects out of the automatic enrollment after appropriate advance notice. Such percentage shall be auto-increased by 1% on July 15th of each year until a 10% deferral percentage is reached. A participant's total contribution cannot exceed \$19,500 (\$26,000 for participants age 50 or older) in calendar year 2021.
- **Discretionary Matching Employer Contributions** – The Employer may contribute matching amounts to eligible participants who have completed 6 months of service and who are employed by the Employer on the last day of the Plan year quarter. The contribution period for this contribution was quarterly for the period from January 1, 2021 through June 30, 2021, and each payroll period for the period from July 1, 2021 through December 31, 2021. During 2021, the Employer matched 50% of each eligible participant's contribution up to a maximum of 6% of a participant's compensation.
- **Discretionary Nonelective Employer Contributions** – The Employer may make a nonelective contribution on a quarterly basis to those eligible participants who have completed 6 months of service and are employed by the Employer on the last day of the Plan year quarter. This contribution is allocated to each eligible participant's account based on a participant group allocation method whereas each eligible participant will be considered their own allocation group. For the year ended December 31, 2021, the Employer did not make a discretionary Employer contribution.
- **Rollover Contributions** – Certain amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

Participant Accounts. Each participant's account is credited with the participant's contributions (pre-tax, Roth, and rollovers, if any) and an allocation of (a) the Employer's discretionary contributions (matching and nonelective), if any, (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participant's are 100% vested in their accounts.

Investment Options. Participants may direct their investments into various registered investment companies, a money market fund, a common collective trust, or any investment security offered through the self-directed brokerage accounts.

Quantum Corporation Employee Savings and Investment Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 – Description of the Plan (continued)

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 or (ii) 50% of their vested account balance. Loan terms range up to a maximum of 5 years (15 years if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a rate of interest equal to prime plus 1% at the date the loan is granted as determined by the Plan administrator. Principal and interest payments are paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum, installments, or partial withdrawals equal to the value of their vested account balance upon retirement, disability, death or termination of the participant. Additionally, participants may request in-service withdrawals of their rollover contribution account or certain portions of their accounts upon attainment of age 59½, for active military distributions, or upon incurring a financial hardship, as defined in the Plan document, if certain criteria are met.

Forfeitures and Participant Revenue Credit Accounts. When certain terminations of participation in the Plan occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan or are used to reduce Employer contributions. During 2021, forfeitures of \$10,649 were used to pay administrative expenses. As of December 31, 2021 and 2020, unutilized forfeitures were \$9,516 and \$19,068, respectively.

The Plan provides for a Participant Revenue Credit Arrangement. During 2021, \$1,767 of the revenue credit account was used to pay administrative expenses of the Plan. The balance in the revenue credit account as of December 31, 2021 and 2020 was \$1,370 and \$1,252, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates. The financial statements of the Plan are prepared using the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Quantum Corporation Employee Savings and Investment Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 2 – Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses and Revenue Credits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are record keeping, account maintenance, consulting, and other fees. Certain investment related expenses are included in net appreciation in fair value of investments.

The Plan calculates quarterly revenue credits for participants based on the Plan's average quarterly balances held by participants invested in eligible funds. Revenue credits are allocated back to participants' accounts on a pro-rata basis. For the year ended December 31, 2021, total administrative expenses and revenue credits netted to \$137,465, which consisted of \$170,785 in administrative fees and \$33,320 in revenue credits.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Quantum Corporation Employee Savings and Investment Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 3 – Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020. The following is a description of the valuation methodologies used for assets measured at fair value:

- Registered investment companies ("RICs") and money market funds ("MMFs") (including RICs and MMFs held in the self-directed brokerage accounts) are valued at the quoted net asset value ("NAV") of shares/units held by the Plan at year end;
- The common collective trust ("CCT") is valued at the NAV of units in a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.
- Common and preferred stocks held in the self-directed brokerage accounts are valued at the closing price reported on the active market on which the individual securities are traded;
- Corporate bonds held in the self-directed brokerage accounts are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings;
- Certificates of deposit held in the self-directed brokerage accounts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer; and
- Rights / warrants held in the self-directed brokerage accounts are valued using pricing models maximizing the use of observable inputs for similar securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

December 31, 2021 and 2020

Note 3 – Fair Value Measurements (continued)

- (a) The CCT has an opportunistic, diversified equity strategy with a large-cap growth bias.
- (b) For this CCT there is not a redemption notice period, however, significant cash flow policies may apply. If the Plan Sponsor notifies Fidelity of an upcoming event such as a plan termination, plan merger, or if they want to terminate or add a CCT pool to the Plan; an analysis to determine if the cash flow breaches the materiality threshold for the specific CCT pool will be calculated.

Note 4 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Investment amounts within the fair value tables, as shown in Note 3;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021; and
- The investment information presented in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown in the supplemental schedule.

Note 5 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>

Notes to Financial Statements

December 31, 2021 and 2020

Note 5 – Reconciliation to Form 5500 (continued)

The following is a reconciliation of Employer contributions and administrative expenses, net revenue credits per the financial statements to the Form 5500 for the year ended December 31, 2021:

	Employer Contributions	Administrative Expenses, net
Amounts per the financial statements	\$ 1,680,376	\$ 137,465
2020 receivables	366,491	(8,841)
2021 receivables	(418,109)	8,198
Amounts per the Form 5500 (unaudited)	\$ 1,628,758	\$ 136,822

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 7 – Tax Status

The Company has adopted an FMR, LLC Non-Standardized Pre-Approved Profit Sharing Plan (“pre-approved plan”). The pre-approved plan received an opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the Internal Revenue Code (“IRC”). Although the Plan and pre-approved plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2021 and 2020. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Related Party and Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 8 – Related Party and Party-In-Interest Transactions (continued)

Certain Plan investments are shares/units of registered investment companies, a common collective trust, and a money market fund offered by Fidelity. As Fidelity Management Trust Company is the trustee of the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

As of December 31, 2020, certain Plan participants had investments in the Company's common stock through the self-directed brokerage accounts. The fair value of the Quantum Corporation common stock held by these participants and the Plan at December 31, 2020, was \$40,019.

Note 9 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options in registered investment companies, a money market fund, a common collective trust, and various securities offered through the self-directed brokerage accounts. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2021 and 2020, there were two investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2021.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 10 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 12, 2022, which is the date the financial statements were available to be issued.
